

Yuba County Library Local History Archives Mission and Vision statement

Mission:

The Local History Archives strives to inspire Yuba County residents to make its' past a meaningful part of their lives. Independently and in partnership with others in the California historical community, the Local History Archives room collects, preserves, documents and makes accessible to the public our state's continuing heritage, with emphasis on the rich history of Yuba County. The collection represents the social, political, economic, agricultural and cultural heritage of the area.

Vision:

We envision an ever increasing awareness of the rich history of Yuba County, and to endeavor to revitalize the study of local history within the local community. The Local History Archives strives to be the recognized repository for written and audio materials dealing with the history of Yuba County.
