SHARE YOUR STORY!

Everyone has a story, and many of our senior citizens are anxious to tell theirs for future generations. Yuba County Library is looking for participants to share life in old Marysville and Yuba County. We will set you up with a Video Technician who will video as you tell your story. He will then transfer the video to DVD, so that your story is available at the Yuba County Library California Room, for others to watch and enjoy.

He will also make a copy for you to share with your family.

The Library DVD will remain in the California Room, and the property of the Yuba County Library. It will not be sold or used in any way other than by individuals doing private research.

To participate, please fill out this page, tear off and return to the Library. We'll set you up with our Video Technician!
