A) Scope of Work

**Brief Project Description:** Yuba County is looking for professional services for exceptionally well-qualified contractors to provide on-call plumbing maintenance and repair services at multiple County facilities. Work will primarily include labor, supervision, equipment, parts and supplies for plumbing maintenance, repair, and/or installation services at various Yuba County locations.

**Objectives:** County is looking to award multiple contracts, for a term of one (1) year, with two, 1-year extensions. Multiple awards will allow for an on-call rotation as project sites and needs vary. Since schedule for services cannot be clearly defined, the rotation will be an on-call, as-needed basis. Contractors shall be listed and contacted in order to ensure a fair distribution of work. County reserves the right to ‘first-come, first-serve basis’ for projects deemed high priority. Rotation will be clearly defined in the professional services agreement to ensure all contractors are utilized in a fair manner. However, County reserves the right to advance in rotation based on contractor capabilities.

The term plumbing services is to include the following, but not limited to: maintenance, alteration, and/or for the removal, repair and or replacement of all piping, plumbing fixtures, plumbing appliances, boiler and plumbing appurtenances in connection with any of the following: sanitary drainage, storm facilities, venting systems, public or private water supply, boiler and heating systems within and/or adjacent to County facilities. Further, the practice and materials used in the installation, maintenance, extension, alteration or removal of storm water, liquid waste, sewage and water supply of any premises to their connection with the water supply system, or to an acceptable sewer disposal facility. This condition includes “snaking out” sewer lines at any/all County facilities. Repair or maintenance services may be requested at non-County facilities, and County-owned travel trailers, due to COVID-19 efforts and County services.

‘Service Work’ hours are defined as any hours worked between 8:00 a.m. and 5:00 p.m., Monday through Friday. ‘Emergency Work’ hours are defined as any work performed outside of ‘service work’ hours; which may include holidays. If Contractor’s pay regular hours on weekends, please specify.

**Contractor Responsibilities:**

- **Maintain capacity and personnel for on-call work during service work hours and emergency work hours.**
- **Provide County with proof of insurance on an annual basis.**
- **Provide all Contractor personnel with the right tools, equipment and materials necessary for work to be completed.**
- **All equipment and tools which shall be the appropriate type for the task and shall be well maintained, calibrated, and in proper working order before use in the performance of the work.**
- **Personnel must be proficient in all phases of repairs to building components to domestic water supply, drain lines and sewer lines.**
- **Contractor shall guarantee all work against any defects in workmanship; and shall satisfactorily correct, at no cost to the County, any such defect that may become apparent within a period of one year after completion of work.**
Contractor Deliverables:
- Perform routine plumbing maintenance to ensure Yuba County facilities’ plumbing systems are working correctly.
- Perform planned and unplanned services and repairs to the Yuba County facilities’ plumbing systems.
- Perform all work in compliance with laws, regulations, and ordinances.

13. Confidential Bid Information. No part of the Bid response is to be marked as ‘confidential.’ County may refuse to consider any bid response marked as such. County shall not be liable in any way for disclosure of any such records. All bid responses shall become the property of Yuba County. County reserves the right to make use of any information or ideas contained in submitted bid responses. This provision is not intended to require the disclosure of records that are exempt from disclosure under the California Public Records Act (Government Code Section 6250, et seq.) or of “trade secrets” protected by the Uniform Trade Secrets Act (Civil Code Section 3426, et seq.). Each bid received, with the name of bidder, shall be recorded, and records will be open to public inspection after award of Contract.

14. Activities on Premises and County Confidentiality. Site-walks and pre-bid conferences are subject to a Confidentiality Agreement. Bidders will be required to accept and sign before execution of bid. Bidder must meet all County facility safety and security guidelines. Bidder must maintain compliance with all Federal, State, and local confidentiality regulations. At no time shall Bidder’s employees, agents, or representatives in any manner, either directly or indirectly, use for personal benefit or divulge, disclose, or communicate in any manner, any County information that they come across in the performance of the Bid.

15. Time is of Essence. All deadlines non-negotiable and are as set in Solicitation, unless otherwise adjusted in Addendum form. County reserves the right to reject bids that do not comply with any deadline.

16. Conflicts of Interest. Bidder, its officers, partners, associates, agents, and employees, shall not make, participate in making, or in any way attempt to make any governmental decision in which he or she knows or has reason to know that he or she has a financial interest under California Government Code Section 87100, et seq. or other.

17. Safety and Security Guidelines. Supplier must meet all County facility safety and security guidelines including but not limited to background checks through the County Sheriff’s Department at Supplier’s expense.

Upon receipt of written notice, supplier shall immediately cease all work as directed by the notice, notify all subcontractors of the effective date of termination and take appropriate actions to minimize further costs to the County. In the event of termination under this paragraph, all documents, data, and reports prepared by the contractor under the contract shall become the property of and be promptly delivered to the County. The contractor shall be entitled to receive just and equitable compensation for work in progress, work completed and materials accepted before the effective date of the termination.
