

Alternatives Considered Restricted Materials Permit

Please complete the following, and include this information with your restricted material permit application. This information is necessary in order for your application to be deemed complete. The CAC's office will not process incomplete permit applications. For each restricted material requested, please list the feasible alternatives that you considered before applying for a restricted material permit, including:

Permit Name _____ **Date** _____

Applicant (if different than above) _____

The following information applies to the crop(s) listed on my permit: Almond Kiwi Peach Prune Rice Walnut Other _____

Restricted Material listed on permit (permit page 2, pesticides list):

- 2,4-D Aluminum Phosphide Carbaryl (sevin) Cyhalofop-butyl (clincher) Paraquat Propanil Bispyribac-Sodium (Regiment)
 Strychnine Thiobencarb (Bolero) Other _____

1. Which of the non-chemical pest management practices listed below, are currently included in your IPM program?

- Mechanical weed control
 Removal of insect hosts (mummy nuts or fruit)
 Habitat modification
 Predator rodent control

2. In an effort to assist you with completing the alternatives and mitigation requirement, the list below includes commonly used non-CA Restricted Materials (RM) in Yuba County. Prior to the use of a RM, do you utilize any of the "reduced risk" chemical alternatives such as, but not limited to, non-restricted pesticide products, certified organic or FIFRA section 25(b) exempt/minimum risk pesticide products listed below?

Herbicide

- 2-Pyraflufen ethyl (Venue)
 Benzobicyclon (Butte)
 Carfentrazone-ethyl (Shark H2O)
 Clomazone (Cerano 5 WG)
 Indaziflam (Alion)
 Glufosinate-ammonium (Reckon 280 SL, Rely 280)
 Glyphosate (Roundup, Accord XRT, Cornerstone)
 Oryzalin (Surflan)
 Oxyfluorfen (Goal, Oxystar)
 Rimsulfuron (Matrix)
 Pendimethalin (Satellite)
 Sethoxydim (Poast)
 Triclopyr (Garlon, Grandstand)
 Other, please list _____

Insecticide

- Abamectin (Abba, Agri-Mek, Abacus)
 Acetamprid (Assail 30 SG)
 Bifenazate (Acramite 50 WS)
 Bifenthrin (Bifen, Bifenture)
 Chlorantranilprole (Altacor)
 Clothianidin (Belay)
 Esfenvalerate (Asana)
 Lambda-Cy (Warrior)
 Lambda-Cy Chlorinrilprole (Besiege)
 Permethrin (Perm-up)
 Other, please list _____

Rodenticide

- Chlorophacinone (Rozol Ground Squirrel Bait)
 Diphacinone (Gopher Getter)
 Cholecalciferol (Selontra)
 Other, please list _____
