TO: YUBA COUNTY BOARD OF SUPERVISORS
FROM: MICHAEL G. LEE, DIRECTOR OF PUBLIC WORKS
SUBJ: AMENDMENT NO. 2 OF PROFESSIONAL SERVICES AGREEMENT – BEALE AFB ACCESS (SMARTVILLE ROAD) PROJECT (CONTRACT # 2010-2209)

RECOMMENDATION:

That the Board approve the Professional Services Agreement Amendment #2 for Professional Geotechnical and Materials Testing Services for the Beale AFB Access (Smartville Road) Project and to authorize the chairman to execute the amendment. The Consultant for this project is Condor Earth Technologies, Inc.

BACKGROUND:

To comply with state and federal requirements for quality control, the consultant provided material testing and analysis for the cold foam pavement rehabilitation process for the Beale AFB access project. The contractor provided an estimated number of working days to complete the cold foam process. The consultant’s work scope and cost were based on this estimate. The contractor estimated 7 working days to complete the cold foam portion of the project. The actual number of workings days required was 12. The additional working days increased both the number of material tests and the number of days the consultant was required to be on the project site.

DISCUSSION:

The consultant contract amount is currently $54,526 and would be increased by $22,268 to cover the additional testing and days of labor required due to the increased time taken by the contractor to complete the cold foam process. The total consultant contract amount will be $76,794.

COMMITTEE ACTION:

The Land Use and Public Works Committee was bypassed as this project is included in the Public Works Budget.

FISCAL IMPACT:

The project is funded by 80% Federal Demonstration funds with a 20% local match of Proposition 1-B funds.
This is the SECOND amendment to the agreement, dated August 3, 2010, for Professional Geotechnical and Materials Testing services between the County of Yuba (COUNTY) and CONDOR EARTH TECHNOLOGIES, INC. (CONSULTANT). The reason for this amendment is to address the additional funds owed to the consultant for performing work that exceeded the base contract fee determined in amendment 1. The base contract fee of the original agreement was based on seven (7) working days to perform the cold foam operations but the actual number of working days to complete the cold foam process was twelve (12) days. The construction contractor underestimated the number of working days prior to the beginning of work.

Pursuant to Operative Provision D.22, “Modifications,” of the basic agreement, the following changes are hereby made:

(3) Attachment B, Payment, Section B.1 is changed to read:

**B.1 BASE CONTRACT FEE.** COUNTY shall pay CONSULTANT a contract fee not to exceed SEVENTY SIX THOUSAND SEVEN HUNDRED AND NINETY FOUR DOLLARS ($76,794); CONSULTANT shall submit requests for payment after completion of services or no later than the tenth (10th) day of the month following provision of services. In no event shall total compensation paid to CONSULTANT under this Provision B.1 exceed SEVENTY SIX THOUSAND SEVEN HUNDRED AND NINETY FOUR DOLLARS ($76,794) without a formal written amendment to this Agreement approved by the COUNTY.

All other terms and conditions remain unchanged.
In witness thereof, the parties hereto have executed this Amendment #2 to the Agreement on ____________, 20__.

To: Yuba County Board of Supervisors

From: Kevin Mallen, CDSA Director

Date: March 1, 2011

Subject: Acquisition of Single Family Residences APN 013-130-074, APN 014-494-011, APN 020-111-001, and APN 014-664-002 for the Neighborhood Stabilization Program

Recommendation:

Adopt the attached resolution authorizing the Community Development Director to complete the purchase of single family residences APN 013-130-074, APN 014-494-011, APN 020-111-001, and APN 014-664-002 as part of the Neighborhood Stabilization Program and execute all documents needed for completion of purchase, rehabilitation, and resale.

Background:

The goal of the County of Yuba Neighborhood Stabilization Program is to stabilize property values and homeownership rates in neighborhoods impacted by foreclosures. The County of Yuba has been awarded $1,709,395.00 under the Neighborhood Stabilization Program allocation per agreement 09-NSPI-6129 for acquisition, rehabilitation, and resale single family homes. The activities are to be performed in the census tract numbers 0401.00, 0402.00, 0403.00, 0404.00, 0405.00, 0406.00, and 0407.00, in the following areas: Marysville, Linda, Olivehurst and Plumas Lake.

Discussion:

The attached resolution is required for further implementation of the Neighborhood Stabilization Program. For each individual property approved for the program by the County, the Board must consider and approve the purchase of the property by resolution. Assuming Board approval, the County will hold title during the rehabilitation up to resale. CDSA will oversee all activities involving acquisition, rehabilitation, and resale. The Board has previously approved the Community Development Services Agency Director to make purchase offers to the current property owners which have been accepted.
Committee Action:

This item was previously discussed with the Board in order to make the initial offers to the current property owners and therefore is being presented directly to the full Board in order to formally move forward with the acquisition.

Fiscal Impact:

The purchase and rehabilitation costs will be covered by the Neighborhood Stabilization Program funds in accordance with the requirements established by the State of California Neighborhood Stabilization Program. The purchase price of the following APNs are estimated to be:

- APN 013-130-074 $83,000
- APN 014-494-011 $91,000
- APN 020-111-001 $90,000

WHEREAS, the Board has previously approved the Community Development Services Agency Director to make, and he has made, a purchase offer to the current property owner which has been accepted; and

TO: YUBA COUNTY BOARD OF SUPERVISORS

FROM: MICHAEL G. LEE, DIRECTOR OF PUBLIC WORKS

SUBJ: APPROVE COOPERATIVE AGREEMENT AND RELINQUISHMENT AGREEMENT WITH CALTRANS FOR RIGHT OF WAY PERTAINING TO THE FEATHER RIVER BOULEVARD INTERCHANGE AT SR 70

RECOMMENDATION:

Approve the attached Cooperative Agreement and Relinquishment Agreement with Caltrans outlining the State's and County's responsibilities pertaining to right of way for the Feather River Boulevard Interchange at SR 70 and authorize the Chair to execute the same.

BACKGROUND:

Yuba County is proposing to replace the existing at-grade signalized intersection of Feather River Boulevard and State Route 70 with an interchange. Since this is a project largely to be constructed on the State's facilities, a Cooperative Agreement is required between the County and State, outlining each agencies responsibilities for each phase of work. These agreements pertain to the right of way phase only, and a construction agreement will follow in the future. County staff is comfortable with the wording in the attached agreements and recommends approval. County Counsel has approved the agreements as to legal form.

DISCUSSION:

The Agreements essentially specify that Caltrans is responsible to perform all right of way activities necessary to acquire the remaining needed property for the interchange, including funding 100% of the acquisition and support costs. The County agrees to accept title to the property, and hold/maintain the property for purposes of the Interchange project.

COMMITTEE ACTION:

The Land Use and Public Works Committee was bypassed due to the routine nature of cooperative agreements.

FISCAL IMPACT:

None on County. Caltrans is responsible for remaining right of way acquisition capital and support costs. County previously contributed $950,000 to Caltrans for right of way acquisition pertaining to this project.

COUNTY, independent of Interchange Project, is responsible for any HM-1 found within Interchange Project limits outside existing SHS R/W. COUNTY will undertake, or cause to be undertaken, HM-1 management activities with minimum impact to Interchange Project schedule, and COUNTY will pay, or cause to be paid, all costs associated with HM-1 management activities.

SUBJ: APPROVE AGREEMENT WITH THE YUBA SUTTER TRAINING ZONE TO PERFORM RECREATION COORDINATOR SERVICES

RECOMMENDATION:

Approves the Agreement with the Yuba Sutter Training Zone to provide recreational programming targeted toward families with children aged 0 – 5 years, funded by a grant from First Five Yuba.

BACKGROUND:

In support of our recreation program, the Yuba Sutter United Way has done a commendable job serving as our contractor by providing recreational program services since May 2009. As we are approaching the end of our Agreement with the United Way however, the County recently initiated a Request for Proposal to determine who would succeed them as this program continues.

Surprisingly, the results of that RFP yielded only one responsive bidder, the Yuba Sutter Training Zone (formerly Pro Fitness Health Club). Other candidates that we felt were likely competitors either graciously declined or were unresponsive. As a result, staff has met with the Yuba Sutter Training Zone on several occasions to develop an understanding of their operation and their intent to become a contributing asset to the County.

DISCUSSION:

The proposal submitted by the Yuba Sutter Training Zone was comprehensive and met all of the requirements of the program as set by the Community Development and Services Agency. If awarded, they will continue the successful legacy of the United Way in nearly a seamless manner and even dramatically cut facility costs in the process by offering their newly expanded facility for programming. This will allow more grant funds to be invested in actual programming and create an opportunity for greater outreach.

The overall programming will remain the same but the overall convenience to the public will increase significantly. As a component of their proposal, the Yuba Sutter Training Zone offers web registration and credit card acceptance which has been a challenge to the County since the program’s inception.
COMMITTEE ACTION:

On February 01, 2010, the Land Use and Public Works Committee recommended approval by your full Board.

FISCAL IMPACT:

No fiscal impact as this is a budgeted item paid for by First Five Yuba grant funds.

County of Yuba
Recreation Program Services RFP
STATEMENT OF QUALIFICATIONS

When exploring the attributes of a happy and successful community, little compares to the impact of a fulfilling parks and recreation component. By their very nature, people long for what they consider fun and meaningful activities and it has been the tradition of local municipalities to answer that call. Over the past couple of years we have watched Yuba County transform this demand into reality and as a result, our community has benefited tremendously.

In response to the Recreation Department’s newest Request for Proposal, it is the intent of the Yuba-Sutter Training Zone to forge a partnership with Yuba County and endeavor to improve on a program which has been hailed a success on behalf of the Recreation Department and our predecessor, the Yuba Sutter United Way. Our proposal will undoubtedly streamline and improve existing processes, making them more efficient and cost effective to allow a maximum amount of revenue to be reinvested in the program. As you will see, though unconventional, our proposal will combine the accessibility of local government with the efficiency of private industry to develop a model that will certainly provide more return on investment than any other foreseeable option.

Organization

Located in downtown Marysville at 424 D Street, Yuba-Sutter Training Zone (formerly Pro Fitness) is Yuba County’s only full-service fitness facility with a member base of approximately 1,800 people and 85% of who are Yuba County residents. Our facility caters to all demographics and has something to offer everyone regardless of age or fitness levels. Since purchasing this facility in 2005, we have made tremendous improvements to coincide with our goal of helping people to lead a healthier lifestyle. We promote a family friendly atmosphere by offering various classes hereby establishing a foundation for a healthy lifestyle.

Our venture with Pro Fitness and the Yuba-Sutter Training Zone has been a proverbial “labor of love” with healthy lifestyle being a passion of ours and a critical cornerstone of our operation. Our dedicated staff of certified personal trainers, instructors, and I operate with a driving philosophy that we are here to help those who want to succeed and give them the tools necessary to do so. It is our mission to ensure that our community is given every opportunity to overcome obstacles and mindsets that often hinder their progress toward physical well-being.

To the dismay of many in our organization, it was recently published in the 2010 County Health Rankings that Yuba County ranked number 52 out of the 56 California counties. Yuba County ranked at an alarming 53 out of 56 for mortality rates and access to healthy foods at a lowly 42%. Due to the lack of improvement in recent years, we felt compelled to do our part in finding a solution. The first step toward a solution has been our regular involvement on the Yuba County Health and Wellness Committee. In addition, we have fostered an ongoing partnership with Yuba County Recreation in support of the “Kid Fit” program by offering our facility’s resources free of charge.

In the past year, our business model has proven to be a tremendous success and because our family is growing larger by the day, we have embarked on an aggressive expansion project by acquiring and developing the adjoining building to the north at 430 D Street. This expansion has increased our available operating space by 20,000 square feet. The 166% increase in size over our previous facility has dramatically enhanced our capacity for services.
Our organization employs 28 people who range from program managers to instructors and trainers to sales staff. In terms of this proposal, the person charged with managing this venture will be Debbi Goode. She has a Bachelor’s Degree in Fitness Management and a Master’s Degree in Education. She has almost 20 years experience in the Health and Fitness Industry. Debbi is currently the Fitness Director at the Yuba-Sutter Training Zone. Our organizational staff structure is as follows:

One of the central ideas for the Yuba-Sutter Training Zones is to collaborate with other community businesses and organizations and develop fun recreational programs and activities. The Yuba-Sutter Training Zone is affiliated with the Yuba-Sutter Chamber of Commerce, Marysville BID and IHRSA (International Health, Racquet, and Sports Association).

In the past year, we have assimilated the Extreme Sports MMA program, developed a quality Jiu-Jitsu program by affiliating with Cassio Werneck BJJ, and partnered with Studio B to offer dance classes for children and adults. We have organized a large Power Lifting and Fitness Challenge every year for the past five years. The event attracts participants and their families from the surrounding communities and acts as a fund-raising event for local charities.

Because much of the funding for this program is funded directly by the First Five Yuba Commission, it is important to know that the Yuba-Sutter Training Zone’s mission, programs and services coincide with three of the four outcome areas detailed by the First Five Yuba Commission’s Strategic Plan - Improved Family Functioning, Improved Child Development and Improved Child Health. We cater to people of ALL ages, including expectant mothers and children aged 0-5 by providing an atmosphere where families can exercise together. We have a staff nutritionist who can educate and encourage families to improve their nutritional habits. Physical fitness and proper nutrition have a huge impact on children’s learning abilities and school readiness.
Proposal

Personnel and Collaboration

Personnel expenses associated with private enterprises are exceedingly more competitive than public agencies and many non-profits. Therefore, we are certain we can exceed expectations with less expenses dedicated toward staff.

Although the Yuba-Sutter Training Zone is open to Yuba County staffs recommendations during a transition period, it is our belief that under the guidance of Debbi Goode, we can significantly reduce direct staff expenses in addition to reduced hours. Although a dedicated joint staff person will be necessary at the Recreation Department as well as our D Street location, our team’s combined work will reduce the need for a 40 hour work week position. The resulting cost savings will in turn be reinvested in the venture to offset cost overruns in programs which have difficulty achieving self sustainment.

As a team effort, our staff will work with County delegates to capitalize on existing resources. This would include your financial team, customer service and outreach partnerships. In addition, the Yuba-Sutter Training Zone is proud to be an e-commerce enterprise with the ability to accept all major credit cards and online registration. If awarded this opportunity, we would immediately propose to establish a relationship with your information technology team to create a ‘store front’ directed from your website which would allow registrants to access this online capability. All information would then be shared with the county for accurate and efficient record keeping. This will help afford Yuba County residents the utmost convenience in registering for programs with the flexibility of online credit card payments as well as two fixed locations for walk in registration.

Our staff is always required to dress in a professional manner to maintain a welcoming environment. They are required to wear collared shirts at the gym. Those assigned to your office would have even higher expectations as it is an office setting with professional public interactions. Our staff appointed to this position will be required to conform to all County policies and procedures and will be expected to report to your delegate as they would if employed by your agency.

Another key to success is establishing successful partnerships that allow for the efficient use of resources without duplicating services. As Yuba County's only comprehensive health club facility, our diverse membership, which includes many key personnel from various organizations, allows us to bond unconventional partnerships with other community providers. It is our intent to work with these, and other organizations to accomplish this milestone.

Collaboration may be the single most important component to this equation as self sustainment most likely will not occur without partnerships. Programs that create high overhead charges to this venture will require creative thinking and collaboration with existing providers. As you will see, our organization has the ability to host many programs at our facility, but there are other programs, especially aquatics, which will require special partnerships. Some of these partnerships may include:
Program providers who are not already employed by the Yuba-Sutter Training Zone or the Recreation Department will be hired as subcontractors to further reduce liability expenses. As accountability and safety are among our chief concerns, all providers will undergo a background check and fingerprinted via “live scan.”

**Programs**

At the Yuba-Sutter Training Zone, we have the ability to offer many existing programs in house and propose to work with the county to determine the demand and feasibility of new programs. In addition, many of the programs which have been successful under the Yuba Sutter United Way’s administration are mainstays of our current operation. One successful program in particular, “Zumba” and the new “Zumbatonic” for kids, are exclusive to our facility in Yuba County.

Our proposed program curriculum would be as follows:

</table>

The above highlighted classes are associated with children aged 0-5 and their families, and may be eligible for funding from the First-Five grant. A large part of the costs for these classes will be instructor wages. Most of the instructors will be retained as subcontractors thereby reducing the program’s insurance cost. Use of the Yuba-Sutter Training Zone location for classes will greatly reduce facility costs, which can be the majority of the expense associated with programming. Much of the equipment needed for these classes has either been purchased by the Yuba County Recreation Department or is currently owned by the Yuba-Sutter Training Zone. The First Five funding could be used to supplement class costs not covered by enrollment dues. The eventual goal for the Recreation Department would be to be self-sustaining and not require any grant funding.

To increase the impact of this program it is paramount to offer low cost and no cost programs. It is our understanding that scholarships are awarded to recipients based on established criteria and it will be a primary focal point to work with the County and First Five Yuba to ensure this critical opportunity continues.

We understand however that there is a fluid nature to this program, which will require a heightened awareness of costs to ensure the balance between affordability and sustainability. We propose to work with the County continuously to achieve this balance. We can certainly achieve steps toward self sustainability based on our business model, but this will require an in depth analysis of budget data and projected revenues. As a result, the above fees may be subject to change once we as a team, have a chance to reevaluate them.
Resources
To ensure the absolute best service available, Yuba-Sutter Training Zone proposes to leverage the funds from the First Five Yuba, registration fees and existing County resources with a multitude of our own internal resources in conjunction with this program.

As is the case with most ventures, facility costs are second only to personnel expenses. Our advantage comes with our recent expansion which allows us to dramatically reduce any facility costs you may have incurred to date. Included with this proposal is full access to the following resources which will not incur additional expenses:

- Indoor Basketball Court
- Dance Studio
- Children’s Workout Area
- MMA / Martial Arts Studio
- Rock Climbing Wall
- Multi-purpose Room

Outreach and Marketing
The Yuba-Sutter Training Zone currently utilizes a variety of marketing tools from local radio advertising to print ads to social media. The Yuba-Sutter Training Zone can minimize advertising costs for the Yuba County Recreation Department by including Recreation Department programming along with Yuba-Sutter Training Zone advertising. It would be comparatively inexpensive to advertise Recreation Department programs with Yuba-Sutter Training Zone print media such flyers, facility brochures, mailers and door hangers. Recreation Department programming information can be extended to the Yuba-Sutter Training Zone’s current and past membership base via e-mail blasts, Facebook and a website link between the Yuba-Sutter Training Zone website and the Yuba County Recreation Department website. The Yuba-Sutter Training Zone has almost four hundred members per day attend our facility. A bulletin board advertising Recreation Department programming in a strategic position within the club can provide immense exposure at a minimal cost.

The Yuba-Sutter Training Zone participates in numerous community events. These events include the Peach Festival, National Night Out, Relay for Life, Winter Stroll, Christmas Parade, local running races and several health fairs throughout the year. These events will be an excellent outreach opportunity to spread the word about the Recreation Department programming to citizens throughout Yuba County again at little or no cost.

One of the most important outreach programs is to the Yuba County Schools. As previously mentioned, physical activity has an enormous impact on children's learning abilities and school preparation. Sending information home with students is a great way to let parents know about Recreation Department programming. This is especially important for lower-income families who perhaps do not have access to the internet or other print media. The Yuba-Sutter Training Zone would like to offer NO cost fitness classes for preschool children and their families at rotating school sites. The classes could be held outside, weather permitting, and indoors with the approval of MJUSD. Our depth of staff with experienced and knowledgeable instructors give us the necessary resources to take recreational programming to low-income families who may not have the transportation nor the means to otherwise access these programs.
Budget

Although it is our intent to work with the Recreation Department and First Five Yuba in creating a budget after we develop goals and strategies, attached are preliminary figures as a starting point:

YEAR ONE

<table>

<tr>

</tr>
<tr>

</tr>
</tbody>
</table>

YEAR TWO

<table>
<thead>
<tr>
<th>ITEM</th>
<th>AMOUNT</th>
</tr>
</thead>
<tbody>
<tr>
<td>Salary and Benefits</td>
<td>$36,000.00</td>
</tr>
<tr>
<td>Instructor Fees</td>
<td>$12,500.00</td>
</tr>
<tr>
<td>Outside Facilities <em>(Includes $8,000 for Aquatics)</em></td>

</tr>
<tr>
<td>Equipment</td>
<td>$4,000.00</td>
</tr>
<tr>
<td><strong>YEAR TWO TOTAL</strong></td>
<td><strong>$75,500.00</strong></td>
</tr>
</tbody>
</table>

The above budget reflects our total proposal cost of $100,000.00 and although it is somewhat unconventional to propose the full budgeted amount in an RFP, our belief in this particular circumstance is that no funds should be left on the table because any cost savings should be reinvested in the success of this program as we have demonstrated.

We are living in a new economic era where public and private partnerships are becoming the “think outside the box” solution to rising costs and unsustainable programs. Forging ahead with this partnership will create a winner’s circle where the community basks in the success of our endeavor and achieves our mutual goal toward a happier, healthier society.

Thank you for your consideration.

Sincerely,

Chris Gill

In the event that COUNTY, in its sole discretion, at any time during the term of this Agreement, desires the removal of any person or persons assigned by CONTRACTOR to perform services pursuant to this Agreement, CONTRACTOR shall remove any such person immediately upon receiving written notice from COUNTY of its desire for removal of such person or persons.

For all purposes of compliance by COUNTY with Section 107.6 of the California Revenue and Taxation Code, this recital shall be deemed full compliance by the COUNTY. All questions of initial determination of possessory interest and valuation of such interest, if any, shall be the responsibility of the County Assessor and the contracting parties hereto. D.11.3 COUNTY shall pay CONTRACTOR the reasonable value of services rendered by CONTRACTOR to the date of termination pursuant to this Agreement not to exceed the amount documented by CONTRACTOR and approved by COUNTY as work accomplished to date; provided, however, COUNTY shall not in any manner be liable for lost profits which might have been made by CONTRACTOR had CONTRACTOR completed the services required by this Agreement. In this regard, CONTRACTOR shall furnish to COUNTY such financial information as in the judgment of the COUNTY is necessary to determine the reasonable value of the services rendered by CONTRACTOR. In the event of a dispute as to the reasonable value of the services rendered by CONTRACTOR, the decision of the COUNTY shall be final. The foregoing is cumulative and does not affect any right or remedy which COUNTY may have in law or equity.

CONTRACTOR may terminate its services under this Agreement upon thirty (30) days written notice to the COUNTY, without liability for damages, if CONTRACTOR is not compensated according to the provisions of the Agreement or upon any other material breach of the Agreement by COUNTY.

D.15 WAIVER. A waiver by any party of any breach of any term, covenant or condition herein contained or a waiver of any right or remedy of such party available hereunder at law or in equity shall not be deemed to be a waiver of any subsequent breach of the same or any other term, covenant or condition herein contained or of any continued or subsequent right to the same right or remedy. No party shall be deemed to have made any such waiver unless it is in writing and signed by the party so waiving.

SUBJECT: Revalidate of the transportation tax swap

Recommended Action: Authorize Chair to sign letters supporting Governor’s proposal to revalidate the transportation tax swap.

Background & Discussion: Proposition 26 approved by voters last November will invalidate the 17.3-cent excise tax on gasoline and 1.75 percent sales tax rate on diesel, both of which were enacted to replace Proposition 42 revenues eliminated in the gas tax swap adopted by the Legislature and signed by the Governor in March of 2010. Further, Proposition 22 limits the use of gas taxes or Highway User Tax Account (HUTA) funds for bond debt and general fund relief as agreed to in the swap.

Loss of this funding would severely hamper the County’s efforts to maintain our vast network of roads. If the state fails to find a way to replace these funds, Yuba County could see a 50 percent reduction in its Public Works road crew.

The proposed solution by the Governor would retain replacement revenues and also provide nearly $1 billion in state General Fund relief by paying transportation bond debt with truck weight fees.

Committee Action: Due to time constraints, this matter was not presented at the committee level.

Fiscal Impact: None

RE: Revalidation of transportation tax swap

Dear Assembly Member Logue:

I am writing on behalf of the Yuba County Board of Supervisors and residents of Yuba County to urge your support of Governor Brown’s budget proposal to re-validate the transportation tax swap. The Legislature needs to act now to avoid the loss of $2.5 billion in vital transportation funding statewide, which in Yuba County would translate to the loss of half our road crew and further deterioration of our roads. The funding is necessary to maintain one of the most basic responsibilities of government to provide a safe and effective transportation system.

Proposition 26 approved by voters last November will invalidate the 17.3-cent excise tax on gasoline and 1.75 percent sales tax rate on diesel, both of which were enacted to replace Proposition 42 revenues eliminated in the gas tax swap adopted by the Legislature and signed by the Governor in March of 2010. Further, Proposition 22 limits the use of gas taxes or Highway User Tax Account (HUTA) funds for bond debt and general fund relief as agreed to in the swap.

Yuba County strongly supports the proposed solution to retain these replacement revenues and also provide nearly $1 billion in state General Fund relief by paying transportation bond debt with truck weight fees. Passage of these two elements together is critical not only to maintain the parameters of the agreement in the transportation swap, but to preserve a bare bones revenue stream that is already meeting less than half of annual state and local maintenance and safety improvement project needs.

The Yuba County Board of Supervisors asks you to support this comprehensive fix, which includes validating the replacement taxes at no additional cost to the taxpayer and shifting the truck weight fees for general fund relief.

Sincerely,

Roger Abe, Chairman  
Board of Supervisors

SUBJECT: Assembly Bill 434 – Use of excess DNA Identification Funds

**Recommended Action:** Authorize Chair to sign letters supporting AB 434, a bill allowing the use of excess DNA Identification Funds for related DNA sample collection, identification, and administrative work.

**Background & Discussion:** Last year Yuba County sponsored AB 2009, a bill that would have allowed local law enforcement to use excess dollars in the DNA Identification Fund to pay for private labs to conduct testing on time sensitive samples. Up to that point, the Fund was to be used for samples sent to the Department of Justice Lab. Back when language for the bill was being developed, the DOJ lab had some problems with backlogged cases and delayed results. AB 2009 passed through both houses but was vetoed by the governor, who voiced concerns over use of labs that may not adhere to protocols to place information into a national database.

Over the past year, the DOJ lab turnaround times have improved dramatically. AB 434 language is a result of discussion between Yuba County DA and state officials, and the bill offers a sensible solution to utilizing the excess dollars in the DNA Investigation Fund. The bill allows the Board of Supervisors to pass a resolution to apply some of those funds to related law enforcement investigative activities locally.

This bill fits with earlier Board direction to support bills that assist in the reduction or control of overall costs to local programs.

**Committee Action:** Due to time constraints, this matter was not presented at the committee level.

RE: Assembly Bill 434 – Funding for DNA Analysis

Dear Senator LaMalfa:

I am writing on behalf of the Yuba County Board of Supervisors to express our sponsorship and support for Assembly Bill 434, a measure introduced at the request of Yuba County. This important bill will establish some flexibility in the use of available funds for DNA testing to streamline vital DNA testing results.

Yuba County law enforcement officials abide by the DNA Fingerprint, Unresolved Crime and Innocence Act. This act calculates monies made available to the state to support DNA testing and made available separately to county law enforcement agencies to reimburse their local costs related to mandated DNA collection. Currently, Yuba County’s local DNA trust fund monies are under-utilized and the available balance grows each year.

Local law enforcement agencies currently have forensic DNA work done either through a county-funded public crime lab or through the state Department of Justice Bureau of Forensic Services laboratories, which service a majority of the Northern California counties. AB 434 proposes to expand the permissible use of any local trust fund balance by allowing counties that do not have a local crime laboratory to use, upon approval of the Board of Supervisors, those funds for expedited DNA testing and analysis from a DOJ lab servicing that county.
AB 434 provides a unique opportunity for local law enforcement agencies to facilitate rapid DNA testing work without sacrificing the integrity of the results. Public safety and the rights of those accused of crime would be served by such expedited analysis.

With this letter, Yuba County goes on the record as fully supporting Assembly Bill 434. Please feel free to contact our District Attorney Pat McGrath with any questions.

SUBJECT: Agreement with Yuba College for Services for the Independent Living Program (ILP)  

RECOMMENDATION: Board of Supervisors approval of the Agreement between Yuba County, on behalf of its Health and Human Services Department, and Yuba Community College for services for the ILP program in the amount of $58,645.00 for the term of July 1, 2010 through June 30, 2011 is recommended.  

BACKGROUND: ILP provides services to youths in foster care between the ages of 16 years to 18 years of age and can be extended to youths up to 21 years of age who were in foster care at the time of their 18th birthday. These services, which train and assist these youths in successfully transitioning into adulthood and out of the foster care living environment include: training in employment preparation and attainment, securing housing, money management, and instruction on computer assembly as well as use of various computer applications. Additionally, the services provided focus on increasing and supporting the self-image and self-esteem of participating youths and providing them with the opportunity to connect with activities they may not have had exposure to, such as community services, the arts, and other positive avenues. Since July 2000, Yuba County has contracted with Yuba College to provide these services for ILP. This is a renewal of that Agreement.  

DISCUSSION: The ILP program is designed for youths to participate in weekly training activities, which cover a wide range of areas to meet the goals of the program, as well as attend a computer camp. The activities, incentives, and training areas are developed through the collaborative efforts of foster parents with youth in ILP, Child Welfare Services staff of Sutter and Yuba Counties, Yuba Community College staff and emancipated youth who have participated in the ILP program.  

COMMITTEE: The Human Services Committee recommended approval on February 22, 2011.  

FISCAL IMPACT: Approval of this agreement with Yuba Community College for services for the ILP program will not impact County General Funds. The $58,645 in costs for these services will be funded through the ILP Service allocation.
AGREEMENT FOR PROFESSIONAL SERVICES

THIS AGREEMENT for services ("Agreement") for the Independent Living Program (ILP) is made as of the Agreement Date set forth below by and between the County of Yuba, a political subdivision of the State of California ("the COUNTY"), on behalf of its Health and Human Services Department ("YCHHSD"), and Yuba College ("CONTRACTOR").

The purpose of this Agreement is to set forth the respective responsibilities between both parties relative to the Independent Living Program. An ILP Allocation is provided by the State to counties to provide services to foster care youth between the ages of 16 years to 18 years old. Such services can be extended up to the age of 21 to youths who were in foster care at the time of their eighteenth birthday. The purpose of the program is to provide services that will train and assist the youth in successfully transitioning into adulthood and out of the foster care environment; such as employment preparation and skills necessary to secure a job, how to secure housing, how to develop a monthly budget which shows both expenses and income, and knowledge of local resources in their community which they may access. The ILP program is further intended to increase and support the youth’s self-esteem and provide them with activities to which they may not otherwise have exposure, such as community service, the arts, and other positive venues that they may use to enhance their life while living on their own.

In consideration of the Services to be rendered, the sums to be paid, and each and every covenant and condition contained herein, the parties hereto agree as follows:

OPERATIVE PROVISIONS

Termination Date: June 30, 2011

COUNTY

DEPARTMENTS
TO:   Board of Supervisors  
Yuba County

FROM:  Suzanne Nobles, Director  
Health and Human Services Department

DATE:  March 1, 2011

SUBJECT:  Authorization for the Director of the Health and Human Services  
Department (HHSD) to provide 30-day notice to stop payment for  
services provided by residential treatment facilities under Assembly Bill  
(AB) 3632

RECOMMENDATION:  The Yuba County Board of Supervisors is requested to  
authorize the Director of HHSD to provide 30-day notice no later than March 1, 2011, to  
stop payment for services provided by residential treatment facilities to students who  
were placed in these facilities under AB 3632, and to notify all affected school districts in  
Yuba County and the parents of students impacted by this action. The discontinuance of  
AB 3632 funding for placement and mental health services shifts the responsibility for  
providing special education students back to the school districts. The 30-day notice will  
provide adequate time to arrange for the alternative placement and services for these  
children.

BACKGROUND:  In 1984, California mandated that county mental health agencies  
provide mental health services to students with serious emotional disabilities when these  
services are required as part of an individualized educational plan (IEP) developed  
jointly with the involvement of parents, school districts, and mental health agencies. AB  
3632 became Chapter 26.5 of the California Government Code and these services are  
frequently referred to as “26.5 services”. Most 26.5 services are provided on an  
outpatient basis, however, some students require inpatient services. The board and  
care portion of the inpatient services have been funded by social services departments  
through the Foster Care program at an average cost of approximately $8,900 per month  
per child in Yuba County. On October 8, 2010, Governor Schwarzenegger used his line-  
item veto to eliminate all funding that would reimburse counties for 40 percent of Foster  
Care residential placement costs retroactive to July 1, 2010, and declared the mandate  
suspended. This action makes county social service departments responsible for 100%  
of the residential placement costs for the current fiscal year.

DISCUSSION:  Currently, there are five (5) Yuba County children in placement through  
the AB 3623 mandate. In the past, the County’s 60 percent of the placement costs were  
paid through realignment funds. The remaining 40 percent was the state’s share.  
Elimination of the State’s share, as a result of the Governor’s line item veto and  
discontinuance of AB 3632 funding, puts a burden on the County of an additional  
$232,036.00 this fiscal year.
In light of the elimination of the AB 3632 mandate, HHSD recommends that effective March 31, 2011, Yuba County will no longer fund the residential placement costs for the five (5) children currently identified as 26.5 eligible.

**COMMITTEE:** This item was reviewed and approved by the Human Services Committee on February 22, 2011.

**FISCAL IMPACT:** There will no impact on the General Fund. During the first three (3) quarters of Fiscal Year 2010/2011, Yuba County is projected to expend 100 percent of the costs, or approximately $448,653.00 for residential placement of identified AB 3632 children through social services realignment funds.

LETTER OF MAP REVISION
determination document (continued)

community information

applicable nfip regulations/community obligation

We have made this determination pursuant to Section 206 of the Flood Disaster Protection Act of 1973 (P.L. 93-234) and in accordance with the National Flood Insurance Act of 1968, as amended (Title XIII of the Housing and Urban Development Act of 1968, P.L. 90-448), 42 U.S.C. 4001-4128, and 44 CFR Part 65. Pursuant to Section 1361 of the National Flood Insurance Act of 1968, as amended, communities participating in the NFIP are required to adopt and enforce floodplain management regulations that meet or exceed NFIP criteria. These criteria, including adoption of the FIS report and FIRM, and the modifications made by this LOMR, are the minimum requirements for continued NFIP participation and do not supersede more stringent State or local requirements to which the regulations apply.

community reminders

We based this determination on the 1-percent-annual-chance flood discharges computed in the FIS for your community without considering subsequent changes in watershed characteristics that could increase flood discharges. Future development of projects upstream could cause increased flood discharges, which could cause increased flood hazards. A comprehensive restudy of your community’s flood hazards would consider the cumulative effects of development on flood discharges subsequent to the publication of the FIS report for your community and could, therefore, establish greater flood hazards in this area.

Your community must regulate all proposed floodplain development and ensure that permits required by Federal and/or State law have been obtained. State or community officials, based on knowledge of local conditions and in the interest of safety, may set higher standards for construction or may limit development in floodplain areas. If your State or community has adopted more restrictive or comprehensive floodplain management criteria, those criteria take precedence over the minimum NFIP requirements.

We will not print and distribute this LOMR to primary users, such as local insurance agents or mortgage lenders; instead, the community will serve as a repository for the new data. We encourage you to disseminate the information in this LOMR by preparing a news release for publication in your community’s newspaper that describes the revision and explains how your community will provide the data and help interpret the NFIP maps. In that way, interested persons, such as property owners, insurance agents, and mortgage lenders, can benefit from the information.

This revision involves an accredited levee system. Your community is responsible for maintaining and disseminating information, such as the estimated level of protection provided (which may exceed the base flood level) and Emergency Action Plan, for the levee system(s) shown as providing protection. To mitigate flood risk in residual risk areas, property owners and residents are encouraged to consider flood insurance and floodproofing or other protective measures. For more information on flood insurance, interested parties should visit the FEMA Website at http://www.fema.gov/business/nfip/index.shtm.

This determination is based on the flood data presently available. The enclosed documents provide additional information regarding this determination. If you have any questions about this document, please contact the FEMA Map Information eXchange (FMIX) toll free at 1-877-336-2627 (1-877-FEMA MAP) or by letter addressed to the LOMC Clearinghouse, 7390 Coca Cola Drive, Suite 204, Hanover, MD 21076. Additional Information about the NFIP is available on our website at http://www.fema.gov/nfip.
We have designated a Consultation Coordination Officer (CCO) to assist your community. The CCO will be the primary liaison between your community and FEMA. For information regarding your CCO, please contact:

STATUS OF THE COMMUNITY NFIP MAPS

We are processing a revised countywide FIRM and FIS report for Yuba County, California and Incorporated Areas. The revised countywide FIRM, which includes flood hazard information for your community, will become effective on February 18, 2011. Because the effective date has already been established, we will not incorporate the modifications made by this LOMR into the countywide FIRM before they become effective. However, the modifications made by this LOMR will supersede the countywide FIRM after it becomes effective.

This determination is based on the flood data presently available. The enclosed documents provide additional information regarding this determination. If you have any questions about this document, please contact the FEMA Map Information eXchange (FMIX) toll free at 1-877-336-2627 (1-877-FEMA MAP) or by letter addressed to the LOMC Clearinghouse, 7390 Coca Cola Drive, Suite 204, Hanover, MD 21076. Chairman Roger Abe
Yuba County Board of Supervisors
915 8th Street, Suite 109
Marysville, CA 95901
Faxed: 530-749-7353

Dear Chairman Abe:

A. Teichert & Son, Inc., one of California’s oldest and most respected construction companies, has been working with the Yuba Watershed Protection and Fire Safe Council, UC Davis Agricultural Extension, and various local governmental agencies to protect the forest and generate “green” energy. The proposed Hammonton Biomass Energy Plant will have the capacity to generate up to 20 MW of electricity using a mix of forest waste, agricultural waste, and urban green waste. To further our research into the feasibility of this project we are applying for a federal grant from the US Department of Agriculture Forest Service. The grant funding is critical to completion of more detailed engineering and feasibility studies and will be important to securing project financing.

After a thorough preliminary study, the Yuba Fire Safe Council selected the Teichert site (located on Hammonton Smartville Road in Marysville) as a prime location for more detailed analysis. The Teichert site offers a number of benefits, including proximity to electrical transmission lines, ease of access, and proper land use designations. The project itself will provide a number of benefits to the local community while simultaneously contributing to our nation’s pursuit of cleaner and renewable energy sources.

A few of the benefits include:

1. Creation of 20-30 primary, and 20-40 secondary jobs in an area with unemployment of 20.7%
2. Consumption of local green waste materials that would otherwise end up in landfills
3. Reduction of pile and burn activities by local farmers
4. Reduction of fire risk by consuming organic debris removed from National and private forestland
5. Stimulation of local economy with multi-million dollar construction project
6. Generation of “green” energy and reduction of overall carbon footprint

The Forest Service 2011 Woody Biomass Utilization Grant (WBU Grant) offers funding to programs that focus on National Forests, fuels reduction, and produce renewable energy. The amount of the grant being requested is $250,000.

The success of our application benefits greatly from the support of stakeholders such as yourself and I am writing to request a letter of support from your office. In order to ensure that the application deadline is met, I am requesting letters by February 21st. I have attached a sample letter of support for your use or reference. Should you have any questions or need more information please do not hesitate to contact me. Please address your letter to me in c/o Mr. Bill Quiroz.

Sincerely,

Dana Davis
Senior Vice President of A. Teichert & Son, Inc.
Dear Ms. Gauthier:

I am writing in support of Teichert's request for grant funding for further study of a biomass cogeneration plant near Marysville, Ca.

Teichert, one of California's oldest and most respected construction companies, has been working with various stakeholders in the Yuba County area to identify a suitable location for a 20MW biomass cogeneration plant. The Yuba Watershed Protection and Fire Safe Council recently completed a preliminary study suggesting the site owned by Teichert on Hammonton-Smartville road meets or exceeds initial selection criteria.

In order to continue studying the site and project, Teichert is applying to your agency for a $250,000 federal grant (The Forest Service 2011 Woody Biomass Utilization Grant) to fund next step engineering and feasibility.

Some of the benefits of the proposed project include:

1. Creation of jobs in an area with unemployment of 20.7%
2. Consumption of local green waste materials
3. Reduction of pile and burn activities by local farmers
4. Consumption of organic debris removed from National and private forestland
5. Stimulation of local economy with multi-million dollar construction project
6. Generation of "green" energy and reduction of overall carbon footprint

I support Teichert's grant funding request and urge you to approve their application.

Sincerely,

(Your name and position title)

TO:       Human Services Committee  
           Yuba County

FROM:    Suzanne Nobles, Director  
           Health & Human Services Department

DATE:    February 22, 2011

SUBJECT: Memorandum Of Understanding (MOU) with Sutter-Yuba Mental Health Services for therapeutic services

RECOMMENDATION: Board of Supervisors approval of the attached two original copies of the MOU between Sutter-Yuba Mental Health Services and the County of Yuba, on behalf of its Health and Human Services Department, for therapeutic services provided under the Supportive and Therapeutic Options Program (STOP) is recommended.

BACKGROUND: Health and Human Services is annually allocated State General funds for the STOP program, which provides funding for therapeutic treatment and services for at risk children and their families who are unable to access needed services through other existing funding mechanisms.

DISCUSSION: Since 2001, the Health and Human Services and Probation Departments of Yuba County have joined in a collaborative arrangement with Sutter-Yuba Mental Health Services for the provision of therapeutic treatment and services to youth incarcerated in the Yuba-Sutter Bi-County Juvenile Hall under the STOP program. This MOU is a two-year renewal of that agreement for the term of July 1, 2010 through June 30, 2012. The STOP allocation for fiscal year 2010/2011 is $21,392.00 and the same amount of allocation is anticipated for fiscal year 2011/2012. Funding for STOP is shared at 70 percent state and 30 percent matching county funds. Sutter-Yuba Mental Health will invoice Yuba County Health and Human Services for the entire cost of services provided and Sutter-Yuba Mental Health will be reimbursed the amount claimable (70 percent) to STOP funding. The 30 percent county match is met by the unreimbursed costs for services provided by Sutter-Yuba Mental Health Services. By utilizing the STOP funds in this manner, the County is providing needed therapeutic services to children who would not otherwise have access to these services.

FISCAL IMPACT: Approval of this MOU will not impact County funds. Through STOP funding, this MOU will allow Sutter-Yuba Mental Health Services to be reimbursed 70 percent of its costs for providing therapeutic treatment services.
MEMORANDUM OF UNDERSTANDING BETWEEN
YUBA COUNTY HEALTH AND HUMAN SERVICES DEPARTMENT
AND SUTTER-YUBA MENTAL HEALTH SERVICES

This Memorandum of Understanding (hereafter "MOU") is effective as of July 1, 2010, by and between the Yuba County Health and Human Services Department, (hereafter "YCHHSD") and Sutter-Yuba Mental Health Services (hereafter "MENTAL HEALTH") for the provision of therapeutic services under the Supportive and Therapeutic Options Program ("STOP").

RECITALS

WHEREAS,

a. YCHHSD is a department of the County of Yuba and is overseen by the Yuba County Board of Supervisors; and

b. MENTAL HEALTH is a Bi-County Program operated under a Joint Powers Agreement between Yuba and Sutter Counties and overseen by Sutter County; and

c. YCHHSD is responsible for the administration of its STOP program pursuant to its STOP County Plan approved by the California Department of Social Services; and

d. MENTAL HEALTH has the experience and the expertise to provide therapeutic services under the STOP program.

THEREFORE, YCHHSD and MENTAL HEALTH hereto mutually agree as follows:

1. TERM

Commencement Date: July 1, 2010

Termination Date: June 30, 2012

Notwithstanding the term set forth above, and unless this MOU is terminated by either party prior to its termination date, the term of this MOU shall be automatically extended for ninety days. The purpose of this...
automatic extension is to allow for continuation of services, and to allow YCHHSD time in which to complete a novation or renewal agreement for MENTAL HEALTH and YCHHSD approval.

MENTAL HEALTH understands and agrees that there is no representation, implication, or understanding that the services provided by MENTAL HEALTH pursuant to this MOU will be purchased by YCHHSD under a new agreement following expiration or termination of this MOU, and MENTAL HEALTH waives all rights or claims to notice or hearing respecting any failure to continue purchase of all or any such services from MENTAL HEALTH.

2. DESIGNATED REPRESENTATIVES

Suzanne Nobles is the representative of YCHHSD and will administer this Agreement for YCHHSD. Brad Luz is the authorized representative for MENTAL HEALTH. Changes in designated representatives shall occur only by advance written notice to the other party.

3. MENTAL HEALTH shall:

A. Provide therapeutic services to youth incarcerated in the Yuba-Sutter Bi-County Juvenile Hall either with MENTAL HEALTH staff or through a separate agreement with a subcontractor. Under this MOU, two therapists will provide a combination of assessment, crisis intervention, and individual, group and family counseling services to these youth in compliance with the program requirements of the STOP program.

B. MENTAL HEALTH agrees to collect, compile and provide all statistical data on the youths served pursuant to this MOU, as required under the STOP program for reporting purposes. This data shall include but may not be limited to:
   - The number and ages of children that received “aftercare” services;
   - The number and ages of children that received “prevention” services;
   - The living arrangement of the children served at the time services began; and
   - The types of services provided.
C. To provide this data, MENTAL HEALTH agrees to complete and submit the Quarterly Statistical Report (Attachment A) for each fiscal quarter for which MENTAL HEALTH submits an invoice for STOP funding. This Quarterly Statistical Report shall include all of the data requested for the children that MENTAL HEALTH provided therapeutic services to during the report period. The report period for the Quarterly Statistical Report shall coincide with the fiscal quarter invoiced.

4. FISCAL PROVISIONS

A. Upon receipt of proper claims, YCHHSD agrees to reimburse MENTAL HEALTH for the cost of services provided in accordance with the following schedule:

1) The maximum initial reimbursement from YCHHSD to MENTAL HEALTH in accordance with this schedule shall be 70 percent of the amount invoiced. The maximum initial amount reimbursed by YCHHSD to MENTAL HEALTH shall not exceed the amount of $21,392.00 (Twenty-One Thousand Three Hundred Ninety Two Dollars) allocated YCHHSD for the STOP program by the California Department of Social Services for each fiscal year during the term of this MOU. By mutual agreement, at the beginning of the second fiscal year in which this MOU is in effect, the maximum initial amount payable under this MOU may be reviewed, renegotiated and amended as agreed upon by both parties.

2) MENTAL HEALTH shall submit detailed invoices, with copies of back-up documentation and a completed Quarterly Statistical Report attached, for payment after completion of services on a quarterly basis. Such invoices shall be submitted no later than the fifteenth (15th) day of the month following the end of the fiscal quarter in which services were provided (i.e. Fiscal Quarter: July through September; invoice due by 10/15).

3) Once the maximum initial reimbursable amount of $21,392.00 (Twenty-One Thousand Three Hundred
Ninety Two Dollars) has been paid to MENTAL HEALTH for any fiscal year in which this MOU is in effect, MENTAL HEALTH shall continue to submit detailed invoices for services, which YCHHSD shall report to the California Department of Human Services. In the event that, as a result of an annual audit closeout, the California Department of Human Services allocates additional unspent funds for any fiscal year in which this MOU is in effect, YCHHSD shall utilize these funds to reimburse MENTAL HEALTH 70 per cent of the costs of services invoiced but unpaid by the initial allocation, to the extent covered by the additional funds made available for that particular fiscal year.

4) MENTAL HEALTH agrees and understands that in order to receive reimbursement through STOP funding, the costs of services provided by MENTAL HEALTH must be funded by other than state or federal funds.

B. Services performed by MENTAL HEALTH and not authorized in this MOU shall not be paid for by YCHHSD. Payment for additional services shall be made to MENTAL HEALTH by YCHHSD if, and only if, this MOU is amended by both parties in advance of performing additional services and the amendment is approved by both the Yuba and Sutter Boards of Supervisors.

C. This MOU is valid and enforceable only if sufficient funds are made available to YCHHSD from state and federal sources for the purpose of this program. In addition, this MOU is subject to any additional restrictions or conditions enacted by Congressional or Legislative process which affect the provision or terms of this MOU in any manner.

D. YCHHSD shall be held harmless from any State disallowance resulting from payments made to MENTAL HEALTH pursuant to this MOU. If MENTAL HEALTH has received payments, it shall be liable for any State disallowance made with respect to those payments. MENTAL HEALTH shall reimburse the
YCHHSD for any such disallowance in the manner authorized by applicable laws and regulations.

5. GENERAL PROVISIONS

A. This MOU constitutes the entire agreement between the parties with respect to the subject matter and supercedes all prior and contemporaneous agreements and understandings of the parties. This MOU may be amended only by the written, mutual consent of both parties.

B. It is understood that the parties shall be subject to examination and audit of any records associated with the provision of services, claims to obtain funding and payment records for a period of four (4) years after final payment under this MOU. Therefore, the parties agree to retain such records for the recited four (4) year period.

C. MENTAL HEALTH agrees to adhere to all health and safety standards as set forth by the State of California and/or the County of Yuba, including standards set forth in the Injury and Illness Prevention Program.

D. MENTAL HEALTH warrants that it is knowledgeable of the provisions of the Child Abuse and Neglect Reporting Act (Penal Code section 11164 et seq.) and the Elder Abuse and Dependent Adult Civil Protection Act (Welfare and Institutions Code section 15600 et seq.) requiring reporting of suspected abuse. MENTAL HEALTH agrees that its employees will execute appropriate certifications relating to reporting requirements.

E. MENTAL HEALTH warrants that it is knowledgeable of the provisions of Government Code section 8350 et seq. in matters relating to providing a drug-free work place. MENTAL HEALTH agrees that its employees will execute appropriate certifications relating to Drug Free Workplace.

F. This MOU reflects the contributions of both parties and accordingly the provisions of Civil Code section 1654 shall not apply to address or interpret any uncertainty.
6. TERMINATION

Notwithstanding any other provision of this MOU, this MOU may be terminated by either party without cause upon thirty (30) days written notice to the other party.

7. ENITRE AGREEMENT

This MOU supersedes any and all agreements, either oral or written, between the parties hereto with respect to the rendering of services by MENTAL HEALTH and contains all the covenants and agreements between parties with respect to the rendering of such services in any manner whatsoever. This MOU may be modified only by written agreement executed by all of the parties to this MOU.

8. NOTICES

Any notice required or permitted to be given under this MOU shall be in writing and shall be served by certified mail, return receipt requested, or personal service upon the other party. When service is by certified mail, service shall be conclusively deemed complete three (3) days after deposit in the United States mail, postage prepaid, addressed to the party to whom such notice is to be given as hereafter provided.
