Re: Request for Qualifications for Architectural Services

Recommendation

Recommend the Board of Supervisors authorize the Director of Administrative Services to release the attached Request for Qualifications in order to solicit an Architectural Consultant to support the design and construction of the new facility for the Yuba County Sheriff.

Background

The County has acquired the building located at 720 Yuba Street in Marysville. In order to build out a new facility for the County Sheriff Administration and Operations, the first step is to select an architectural consultant to program and design the new space.

Discussion

The County Purchasing and Contract Policy Manual states it is the Board’s decision to make the final selection of the contract award. This Request for Qualifications will begin the process of accepting documents outlining the qualifications of area architectural firms. The documents submitted will be reviewed by an evaluation committee comprised of members from the Sheriff, Administrative Services, and County Administration who will 'short list' the proposals, entertain presentations from the short list, and make a recommendation to the Board. The Board will make the final decision. Upon the Board’s decision, Administrative Services will begin contract negotiations with the selectee.

Yuba County Administrative Services 749-7880
Committee Action

The Public Facilities Committee has approved bringing this forward for review by the full Board of Supervisors.

Financial Impact

When we do engage an architect and incur fees, they will be funded by Law Enforcement Impact Fees. We do not anticipate impact to the general fund at this time.

2. SCOPE OF SERVICES

2.1 INTRODUCTION

The County of Yuba is accepting qualifications from firms to provide Architectural Design Services. The County of Yuba will select the consultant firm based on their qualified expertise to perform the Architectural Design Services in their specialized field. This is for a specific project with unique features and needs. The County prefers a partner firm with experience in design of a public safety, police, sheriff, or similar municipal facility but will certainly consider prospective partners with other experiences of a similar size and/or scope. Re: Applied Forest Management Contract Extension

Recommendation
Consider and authorize the Chair to sign the attached Agreement extension to our contract with Applied Forest Management.

Background
Applied Forest Management (AFM) is the timber manager for the County's 4H property in Dobbins/Oregon House. They are preparing to submit the Timber Harvest Plan on the County's behalf to the State in preparation for a timber harvest on Camp property when market conditions are most appropriate.

Discussion
Our contract has expired with AFM but there continues to be work to do. The original value of the current contract, $30,000, has not yet been fully expended and thus it was deemed most appropriate to extend the current agreement in order to complete the timber harvest plan and to submit it to the State.

Committee Action
The Public Facilities Committee has recommended this be brought forward to the Board with their approval.

Financial Impact
We do not anticipate impact to the general fund at this time. Invoices from Applied Forest Management are paid from the 4H Holding Fund.

WHEREAS, there has been a larger than expected harvest volume creating a need for additional reseeding under that Agreement, circumstances not anticipated by the parties when the agreement was made.

NOW, THEREFORE, Owner and AFM hereby agree to amend paragraph four of the Agreement to provide that compensation to AFM under this Amended Agreement shall not exceed $30,000 without written authorization from the Yuba County Board of Supervisors.

Except as expressly set forth above, all remaining provisions of the Agreement, including the remaining provisions of paragraph four shall remain in full force and effect.

In Witness Whereof, the parties have executed this Amended Agreement by their duly authorized representatives this _______day of _______ 2011

SUBJECT: Approval of Resolution to apply for the Waste Tire Enforcement Grant

Date: March 22, 2011

Recommendation: Authorize the Chair of the Board of Supervisors to approve a resolution authorizing the County of Yuba to apply for and enter into agreement with the Department of Resources Recycling and Recovery (CalRecycle) for a grant to implement the Waste Tire Enforcement Program in Yuba and Sutter Counties.

Background: CalRecycle offers the Waste Tire Enforcement Grant Program to provide funding to solid waste Local Enforcement Agencies (LEAs) and city and county agencies in California for waste tire enforcement activities per Section 42889(d) of the Public Resources Code (PRC). A fee on new tires sold in California provides funding for the Waste tire Enforcement Grant Program. The Environmental Health Department has applied for and successfully completed all Grant requirements every year since 1997.

Discussion: This Grant provides funds to develop and implement the Waste Tire Enforcement Program as defined in PRC 42889(d). The Grant further provides funds to the LEA for equipment, training, administration and activities related to implementation of Waste Tire Program pursuant to PRC section 42872(a). This section further allows for the awarding of grants to entities involved in activities and applications that result in reduced landfill disposal or stockpiling of waste tires.

Fiscal Impact: The Environmental Health Department proposes to enter into an agreement with CalRecycle to receive a grant which provides funding to implement the Waste Tire Enforcement Program. This is a reimbursement type Grant and the hours spent by the LEA staff enforcing the Waste Tire Program will be reimbursed during the same fiscal year by CalRecycle.

WHEREAS, funds are allocated and available from the CalRecycle for Grants to cities, counties and counties with regulatory authority within the city and county government to perform enforcement/compliance and surveillance activities at waste tire facilities; and

WHEREAS, CalRecycle has been delegated the responsibility for the administration of the grant program within the State; and

WHEREAS, in furtherance of this authority, CalRecycle is required to establish necessary procedures governing the application, awarding and management of the Grants; and

WHEREAS, procedures established by the State and CalRecycle require each Applicant’s governing body to certify by resolution its approval of the submittal of Grant Application[s] to CalRecycle; and

WHEREAS, if awarded, the County of Yuba for itself and on behalf of the participating jurisdictions will enter into a Grant Agreement with the CalRecycle for implementation of a regional waste tire enforcement program;
NOW, THEREFORE, BE IT RESOLVED that the Yuba County Board of Supervisors authorizes the submittal of a Collaborative Application on behalf of the Participating Collaborative Jurisdictions (as shown by the attached authorizing Resolutions and Letters of Permission) to the CalRecycle for all available Grants for which the County of Yuba is eligible for the period of fiscal years beginning with 2010-2011 through 2015-2016.

BE IT FURTHER RESOLVED that the County Administrator, or the Director of Environmental Health, or his/her designee, is hereby authorized and empowered to execute in the name of the County of Yuba all Grant-related documents, including but not limited to, Applications, Agreements, Amendments and requests for payment, necessary to secure Grant funds and implement the approved Grant project.

BI-COUNTY SOLID WASTE INDEPENDENT HEARING PANEL
PROCEDURES MANUAL
MARCH 14, 2011

1. BACKGROUND

Assembly Bill (AB) 939 was signed into law on September 29, 1989. AB 939 requires that all cities and counties have Integrated Waste Management Plans and created the California Integrated Waste Management Board (CIWMB). The role of the CIWMB is to oversee and coordinate all solid waste issues throughout the State, including implementation of enforcement and permitting activities at solid waste facilities. A Local Enforcement Agency (LEA) can be certified by the CIWMB to implement certain permitting and enforcement activities within a jurisdiction.

Since 1992, the Yuba Sutter Solid Waste Local Enforcement Agency has been designated by the Yuba County Board of Supervisors as the Local Enforcement Agency (LEA) for Yuba County. The Yuba County Environmental Health Department within the Community Development and Services Agency implements all LEA duties. The LEA enforces State solid waste laws and regulations pertaining to permitting and enforcement at solid waste facilities.

In order to become certified, the Public Resources Code requires the LEA have a Hearing Panel or hearing officer in place to act as the local appeals body for solid waste permitting and enforcement issues. The Yuba County Board of Supervisors has established a Bi-County Solid Waste Independent Hearing Panel as the local hearing body. Independent Hearing Panel policy and procedures are to be developed individually at the local level within the requirements established in the Public Resources Code. Therefore, each hearing panel may operate somewhat differently.

Many of the individuals who are chosen to be Hearing Panel members may not have previous experience conducting or participating in public hearings. Furthermore, new members may not be familiar with LEA duties. This procedure manual is provided to assist the Bi-County Solid Waste Independent Hearing Panel in understanding its roles and responsibilities and to familiarize it with LEA duties and level of responsibility. It will attempt to provide information about the laws affecting the Solid Waste Independent Hearing Panel and the procedures commonly followed in a public hearing.

2. OVERVIEW of the LEA

A. Introduction

The LEA issues, denies, revokes, suspends, and modifies Solid Waste Facilities Permits. According to the Public Resources Code Section 40194, a "Solid, Waste Facility" includes a solid waste transfer or processing station, a composting facility, a transformation facility, and a disposal facility. The LEA regulates solid waste facilities by performing compliance inspections.

The LEA enforces the following laws and regulations:
- Public Resources Code (PRC), Divisions 30 and 31
- Title 14 of the California Code of Regulations (CCR), Division 7
- Title 27 of the California Code of Regulations (CCR), Division 2
Typical LEA duties include:

- **Solid** waste facility inspections
- Permitting of solid waste facilities
- Closure/post-closure activities for solid waste landfills
- Investigation and inspection of closed, illegal and abandoned disposal sites
- Five-year permit reviews and review of solid waste facility plans
- Response to complaints against solid waste facilities

**B. The LEA and the Hearing Panel**

Each solid waste facility must comply with the requirements in the laws and regulations, and any conditions or requirements of any Solid Waste Facilities Permit issued by the LEA for a given solid waste facility. Compliance is usually obtained by the LEA via inspection reports and compliance schedules. As long as the affected party shows a good faith effort toward correction, the LEA will work with the party involved.

If a solid waste facility operator fails to meet the requirements as provided in the laws and regulations, then the LEA will issue a written Notice of Violation. Failure to comply within the timeframes prescribed in the Notice of Violation will result in the LEA issuing an enforcement order (Stipulated Order, Notice and Order, or Cease and Desist Order). Non-compliance with an enforcement order can result in initiating the required procedures to revoke, suspend, or modify the Solid Waste Facilities Permit. In addition, the LEA may also pursue assessing civil penalties against a recalcitrant owner or operator. It is expected that disputes will be discussed in good faith for dispute resolution before filing an appeal with the Hearing Panel.

The Hearing Panel may be convened for any of the following reasons:

- before the LEA can take action to deny, suspend, or revoke a Solid Waste Facilities Permit, or
- to hear appeals regarding enforcement actions (requested by the facility subject to the action, "action" generally being an enforcement order;) or
- to hear appeals to permit conditions deemed inappropriate by the applicant after the permit has been issued; or
- to contest administrative civil penalties issued by the LEA; or
- upon a petition to the enforcement agency from any person requesting the enforcement agency to review an alleged failure of the LEA to act as required by law or regulation.

The Hearing Panel will review the LEAs actions or proposed actions based on the facts as well as the applicable laws and regulations as they apply to each specific case brought before them.

**3. HEARING PANEL**

**A. Introduction**

The Hearing Panel consists of 3 members: at least one member of the Hearing Panel is a technical expert with knowledge of solid waste management methods and technology, one member is a representative of the public at-large and one member is from the Yuba County Board of Supervisors. The members of the Hearing Panel are selected for their legal, administrative or technical abilities in areas relating to solid waste management. The members of the Hearing Panel are selected based on their ability to evaluate the information presented to them and to make an informed decision based on their evaluation.
B. Selection of a Hearing Panel

The County Board of Supervisors appoints the members of the Hearing Panel after receiving recommendations from the LEA.

C. Length of Term of the Hearing Panel Member

Hearing Panel members serve for a term of four years. They may serve more than one term, but no more than two consecutive terms. If a member does not complete his or her term, the Board of Supervisors may appoint a new member to the Independent Hearing Panel to fill the seat vacated. The replacement selected will serve for four years, and may, if selected, serve one more consecutive term or additional nonconsecutive terms.

Any member who requests to be relieved from the duties of the Solid Waste Independent Hearing Panel shall continue to fulfill the duties as a member until a successor has been authorized by the Yuba County Board of Supervisors.

D. Compensation of Independent Hearing Panel Members

Public Resource Code section 44308(c) allows members of the Independent Hearing Panel to receive per diem and reasonable compensation for activity associated with the Solid Waste Independent Hearing Panel. Panel members will serve gratis unless the Board of Supervisors approves a per diem compensation.

E. Actions

All actions taken by the hearing panel shall be decided by a simple majority vote.

F. Chairperson of the Independent Hearing Panel

The Hearing Panel Chairperson will be the panel member from the Yuba County Board of Supervisors unless determined otherwise through a majority vote by the Solid Waste Independent Hearing Panel. It is the responsibility of the Chairperson to preside at the hearings ensure that each hearing proceeds according to protocol. The Chairperson will also control the Solid Waste Independent Hearing Panel's calendar, sign letters for the Solid Waste Independent Hearing Panel and assign tasks to panel members.

G. Staff for the Hearing Panel and Their Duties

Staffing for the Solid Waste Independent Hearing Panel is provided by the LEA, except when the LEA’S actions is the subject of the hearing and in such case the Clerk of the Board of Supervisors shall serve as staff for the Hearing Panel. Duties include:

- Scheduling the hearing and meetings
- Accepting and filing petitions
- Sending out Notice of Hearings
- Preparing and posting announcements: Agenda, Notice of Adjournment, Notice of Continuance
- Ensuring minutes are recorded
- Draft findings for the hearing panel
4. **TYPES OF CASES**

   **A. Introduction**

Division 30 of the Public Resources Code deals with solid waste facilities. It sets forth the types of cases which involve the LEA and Solid Waste Independent Hearing Panel and provides the authority for the LEA regarding denial, suspension or revocation of permits and administrative enforcement. It also provides for review of LEA actions by the Solid Waste Independent Hearing Panel.

   **B. Permit Denial**

Permit denial is outlined in Public Resources Code, section 44300 and is initiated by the LEA. Before a permit is denied, the Solid Waste Independent Hearing Panel must be convened to hear the reasons and to decide that permit denial is warranted. Reasons to deny a permit are:

1. Incomplete permit application.
2. The permit will not comply with CEQA.
3. The proposed facility will not meet minimum regulatory standards for operating a solid waste facility.
4. The application contained significant false or misleading information or significant misrepresentations.
5. The applicant was, during the past three years, convicted of or issued a final order for recurring and or uncorrected violations of the Integrated Waste Management Act (Public Resources Code) or the regulations promulgated under the Act (Title 14 and Title 27) or the terms and conditions of a solid waste facility permit and:

   a. The violation demonstrates a chronic pattern of non-compliance that posed or may pose a significant risk to public health and safety or the environment; and
   b. Violation has not been corrected or reasonable progress toward correction has not been achieved.

   **C. Revocation of a Solid Waste Facilities Permit**

Permit revocation is outlined in Public Resources Code, section 44306 and is initiated by the LEA. If a permit is to be revoked, the Solid Waste Independent Hearing Panel must be convened prior to revocation to hear and decide that it is warranted. Reasons to revoke a permit are:

1. The permit was obtained by a material misrepresentation or failure to disclose relevant factual information.
2. The operator has, during the previous three years, been convicted of, or been issued a final order for, one or more violations of Division 30 of the Public Resources Code, regulations adopted pursuant to Division 30 of the Public Resources Code division, or the terms and conditions of the permit, and the violation meets both of the following criteria:

   a) The violation demonstrates a chronic recurring pattern of noncompliance that has posed, or may pose, a significant risk to public health and safety or to the environment.
   b) The violation has not been corrected or reasonable progress toward correction has not been achieved.
   c) The operator has failed to pay in full any monetary penalty imposed pursuant to section 45000 et seq. of the Public Resources Code within 90 days from
the date when the penalty is required to be paid and after expiration of the
time period during which the operator may appeal the ruling or after the
denial of the operator's timely appeal, up to, and including an appeal to the
superior court.

D. **Suspension of a Solid Waste Facilities Permit**

The procedure for suspending a Solid Waste Facilities Permit is outlined in PRC Section 44305. A Solid Waste Facilities Permit may be suspended by the LEA under one of two circumstances:

1. If the LEA determines that a condition exists that represents a significant threat to public health and safety or the environment. In this case, the LEA shall initiate review by the Solid Waste Independent Hearing Panel prior to suspension of the permit; or

2. If the LEA determines that there is an imminent and substantial threat to public health and safety or the environment. The Solid Waste Independent Hearing Panel must meet within three days of the LEA's suspension or Notice of Intent to Suspend the Solid Waste Facilities permit, if requested by an aggrieved party, when a permit is suspended due to an imminent and substantial threat.

E. **Change of Solid Waste Facility Design**

PRC Section 44004 outlines the requirements of all parties when a change to a solid waste facility is proposed. The Solid Waste Independent Hearing Panel may be convened by request of an operator who disagrees with a decision made by the LEA to disallow a change at a solid waste facility or to require a Solid Waste Facilities Permit revision. In such cases, the operator may request the Solid Waste Independent Hearing Panel to hear the facts of the case and render a decision regarding the LEA's actions.

F. **Enforcement Actions or Permit Conditions**

PRC section 44307 allows a hearing to be requested for the following:

1. Applicant contesting permit conditions imposed by the LEA after the permit has been issued;
2. Operator contesting LEA enforcement actions;
3. Allegations by any person that the LEA has failed to act as required by law or regulation.

5. **THE BROWN ACT AND ADDITIONAL PROVISIONS UNDER THE PRC FOR PUBLIC NOTICE**

A. **Introduction**

All portions of the hearing, including presentation of issues, deliberations, and voting of the Panel members shall be open and public. Public Resources Code, section 44305 provides that the Brown Act is applicable to these proceedings.

B. **Notice of Hearings**

At least 15 days prior to a hearing, except for suspensions, notice shall be sent to the applicant or permittee and the LEA telling them of the time, date and location of the hearing. Public notice shall also be provided a minimum of 72 hours prior to the hearing and state the date, time and
place of the hearing and such other information as may be necessary to reasonably apprise the
nature and purpose of the hearing.

The LEA may collect a reasonable charge for the sending of this notice based on the estimated
cost of the service (Government Code Section 54954.4).

C. Posting of an Agenda

An agenda, specifying the time and location of the hearing and a brief description of each item,
shall be posted at least 72 hours before a regular hearing. It must be posted in a location that
is accessible to the public, and action may be taken only on those action items appearing on
the agenda.

D. Notice of Adjournment and Continuance

When a hearing is adjourned to another date, time or place, a copy of the order of
adjournment must be posted within 24 hours on or near the door of the place where the
hearing was held.

If an order or notice of continuance is given for less than 24 hours, then the order or notice
shall be posted immediately at the location where the hearing was held.

E. Closed Sessions

All members of the public can be excluded from the hearing, under certain specific
circumstances. For example, a closed session may be held to discuss documents that are
exempt from disclosure under provisions of the Public Records Act, such as trade secrets
exempted under Government Code, Section 6254.7(d).

6. PROCEDURES FOR HEARINGS

A. Initiation of Proceedings

The Solid Waste Independent Hearing Panel shall meet only on an as needed basis, after a
request for a hearing by the LEA, the applicant for a Solid Waste Facilities Permit, the entity
subject to an enforcement action, or petition by any person as provided in the Public Resource
Code.

B. Absence of Person (applicant, operator, individual or business) requesting the
   Hearing

The hearing will proceed as normal whether the person requesting the hearing is present or not. A
person's failure to appear at the hearing will forfeit their opportunity to present information to the
Independent Hearing Panel. The Solid Waste Independent Hearing Panel may act without taking further
evidence,

C. Scope of Hearing

The scope of the hearing will consist of:

1. The elements required by statute for the LEA to deny, suspend or revoke a permit; or
2. The issues raised by the applicant or operator contesting conditions in a permit it deems
   inappropriate or the terms of an enforcement action or order, including civil penalties; or
3. The issue statement provided by the person, entity or organization, as required by PRC 44310 alleging the failure of the LEA to act as required by law or regulation.

D. Burden of Proof

The party requesting relief has the burden of proof. That party must prove by a preponderance of the evidence every fact necessary to support its claim for relief. Merely supplying a larger quantity of witnesses is not sufficient. The panel measures the quality of witnesses, documents, exhibits, etc., and the focus should be on that which is more credible and convincing.

E. Conduct of the Hearing

The hearing does not need to be conducted with a strict adherence to the technical rules relating to evidence and witnesses. The panel shall consider any relevant information to the issues raised in the petition or by the person requesting the hearing. Relevant information can include the authority and action of the LEA, written and oral arguments submitted by the parties, and any other relevant information that, in the judgment of the panel, should be considered to effectuate and implement the laws and regulations of the state and county pertaining to solid waste for which the LEA has authority to implement relevant to the issues before the panel.

The hearing should flow in an orderly fashion. The Solid Waste Independent Hearing Panel may require a list of witnesses to be provided to the panel and all parties in advance of the hearing.

As an option, the following may be used as a guideline by the Solid Waste Independent Hearing Panel should a less formal procedure not meet the needs of the panel. The following guidelines demonstrate the flow of an individual case. In most cases, the party seeking relief (normally, the operator or the party petitioning the hearing) will present evidence first, followed by the LEA. In some cases, the LEA may need to present evidence first. Additionally, in some instances, the parties will reach agreements (stipulations) to evidence, (in most cases, documents,) that will be submitted to the panel to review and consider.

1. To begin each pending case, the party requesting the hearing will present the facts of its case, including its testimony and documents.

2. Each witness must swear or affirm to the members of the Independent Hearing Panel to tell the truth. This can be done collectively before any testimony is taken. Witnesses testify to the facts or lay a foundation for the introduction of evidence, or the opinions of an expert witness. The process by which the party elicits this testimony is called direct examination. It takes the form of questions to, and answers from, each witness.

3. After each witness has been questioned on direct examination, the other parties (including the LEA and the operator/permittee (when the real party in interest)) are permitted to question the witness regarding statements or answers given during direct examination. This process is known as cross-examination.

4. After cross-examination of a witness, the panel members may, with the permission of the Chairperson, ask questions of the witness.

5. In some instances, the party initiating the hearing may ask the witness additional questions relating to the questions asked during cross-examination. This is known as redirect examination. The other parties may ask additional questions relating to the answers given to the redirect examination. This is known as re-cross examination.

6. The process may continue in this manner until there are no more questions or until the Chairperson curtails the questioning as repetitive and unproductive.
7. After the party initiating the hearing has presented all of its witnesses and exhibits, it will rest its case. Then, the other party or parties, one at a time, will follow the same procedures.

8. The parties will be given an opportunity to present a closing statement that highlights the important facts and testimony of the case.

9. Findings and Decisions

The matter is then considered closed and the panel will discuss the item and make a decision in the open. The decision of the panel is based on a majority of panel members approving a motion to grant or deny relief to the party requesting such action, in making its decision, the Solid Waste Independent Hearing Panel must consider only the evidence received during the proceeding. Solid Waste Independent Hearing Panel members may not go on their own fact-finding mission without affording all parties the right to accompany them. Similarly, Hearing Panel members may not engage in off-the-record, private communications with parties or witnesses regarding the matter under consideration. Such communication gives the impression of unfairness and may result in a decision based on information not on the record of proceeding.

Pursuant to Public Resources Code Section 44310, a decision must be issued within 5 days after conclusion of the hearing. The decision shall be in writing and shall contain findings of fact, a determination of the issues presented and the penalty amount, if any. Copies of the decision shall be sent to all parties and to the CIWMB.

F. Date Decision Becomes Effective

The decision becomes effective immediately upon service, unless the executive director of the CIWMB issues a stay under PRC section 45017.

7. APPEALS OF HEARING PANEL DECISIONS

A. Reason for Appeal:

PRC section 45030 outlines the appeal process. Any party to the Hearing Panel may appeal to the CIWMB or the Superior Court to:

1. Review the written decision of the Independent Hearing Panel.
2. Review the request or petition for a hearing if the Independent Hearing Panel failed to render a decision or hold a hearing with 45 days.
3. Review a decision by the governing body not to direct the Independent Hearing Panel to hold a public hearing.

B. Appeal Request Deadline:

1. Within 10 days from the date of a written decision by a Hearing Panel.
2. Within 45 days from the date of written request for a hearing if the Independent Hearing Panel fails to render a decision or consider a petitioner’s request.

TO: Board of Supervisors  
Yuba County

FROM: Suzanne Nobles, Director  
Health and Human Services Department

DATE: March 22, 2011

SUBJECT: Requests For Authorization to Solicit Proposals for Yuba County’s Child Abuse Prevention Intervention and Treatment (CAPIT), Community Based Child Abuse Prevention (CBCAP) and the County Children’s Trust Fund (CCTF) funds for Differential Response

RECOMMENDATION: Board of Supervisors approval authorizing the Health and Human Services Department to solicit proposals for Yuba County’s Child Abuse Prevention Intervention and Treatment (CAPIT), Community Based Child Abuse Prevention (CBCAP) and the County Children’s Trust Fund (CCTF) funds for Differential Response is recommended.

BACKGROUND: The County of Yuba has $90,000.00 of CAPIT/CBCAP/CCTF funds available for distribution. These funds are for the provision of community based child abuse and neglect prevention, intervention and treatment services. The Board of Supervisors delegated responsibility of these funds to the Yuba County Child Abuse Prevention Council (CAPC) in Resolution #2011-005 on January 11, 2011. On March 2, 2011 the CAPC recommended the release of the RFP.

DISCUSSION: On July 6, 2010, the Board of Supervisors of Yuba County approved the System Improvement Plan (SIP) for State Fiscal Years 2010-2013. The guidelines of this plan require collaboration and input from the community and other agencies for the implementation of CAPIT/CBCAP/CCTF. The SIP included plans to release an RFP using CAPIT/CBCAP/CCTF to invite proposals from community-based organizations to implement Differential Response services. The Health and Human Services Department has created an RFP to obtain responses from community-based organizations interested in providing Differential Response services. The CAPC will make recommendations to the Board of Supervisors for awards to responsible applicants whose proposals are determined to be the most responsive to the requirements of the RFP and the SIP.

FISCAL IMPACT: The CAPIT/CBCAP/CCTF RFP provides a maximum award of $90,000.00 for the provision of Differential Response. The cost is funded by state and federal dollars and there is no County Match requirement.

INTRODUCTION

Yuba County, through the Health and Human Services Department, is inviting qualified public or private-nonprofit agencies and organizations (including faith based and institutions of higher education) with recognized expertise in child welfare to submit proposals for the provision of child abuse and neglect prevention, intervention services and activities in accordance with Welfare and Institutions Code (W&I C), Sections 18960 - 18967. This is summarized in pertinent part as follows;

1. Priority shall be given to primary prevention programs through non-profit agencies, including, where appropriate, programs that identify and provide services to isolated families, particularly those with children five (5) years of age or younger, high quality home visiting programs based on research-based models of best practice, and services to child victims of crime. Applicants must provide leadership roles for the meaningful involvement of parents in the development, operation, evaluation, and oversight of programs and services.

2. Services provided shall be culturally and linguistically appropriate to the population served.

3. Services may include, but not be limited to, family counseling, day care, respite care, teaching, and demonstrating homemakers, family workers, transportation, temporary in-home caretakers, psychiatric evaluations, multidisciplinary teams services and special law enforcement services.

4. Applicants shall demonstrate the existence of a 10 percent cash or in-kind match, other than funding provided by this RFP, that will support the goals of child abuse and neglect prevention and intervention.

5. Priority for services shall be given to children who are at high risk, including children who are being served by county welfare departments for being abused and neglected and other children who are referred for services by legal, medical and social services agencies.

6. Services to minority populations shall be reflected in the funding projects.

7. Projects shall be related to the needs of children, especially those 14 years and under.

(Excerpt W&I Section 18961)

---

1 The W&I Code does not include a specific definition for "primary prevention," a survey completed by Child Abuse Prevention Councils in spring of 2000 provided the following definition for primary prevention: Any activities that prevent abuse or neglect from occurring at all.
The proposal will be for the provision of Path #1 and Path #2 Differential Response (DR) services including child abuse and neglect prevention, intervention services and activities.

A brief description of DR Services follows:

Every year, California county child welfare agencies receive more than one-half million reports of suspected child abuse and neglect. Of these referrals, the vast majority of the cases receive no services, despite assessments that indicate families would benefit from services and support to prevent child abuse and neglect.

Differential Response offers additional services for ensuring child safety – which include engaging families whenever possible to help identify solutions to the challenges that they may be facing and that are posing risks to a child’s safety and wellbeing. The outcome for Yuba County is that child abuse and situations of risk in the home will be reduced, and more children and families will get the support they need to help keep children safely in their homes. The children served by this program are potential candidates for out-of-home placement unless these preventive services are provided.

**Path #1: Community Response.** This path is chosen when allegations do not meet statutory definitions of abuse or neglect, yet there are indications that a family is experiencing problems that could be addressed by community services. Under California's traditional child welfare system, more than one-third of all cases are re-referalls from the previous year, indicating that there are continued challenges facing these families and their children. With Differential Response, these families are linked to services in the community through expanded partnerships with local organizations.

**Path #2: Child Welfare Services (CWS) and Community Response.** This path is chosen when reports meet statutory definitions of abuse and neglect, and assessments indicate that with targeted services a family is likely to make needed improvements to improve child safety. Assessments determine a child’s risk is low to moderate. In this situation, families work with representatives of county child welfare agencies, other county agencies and community based organizations to identify their risks and strengths and to participate in services for improving child and family well-being. The focus of this path is on a family’s willingness to make needed improvements. If a family situation deteriorates and a child’s safety is in danger, child welfare officials intervene as needed.

**SCOPE OF SERVICES**

A. **Differential Response (DR) Program Description**

The purpose of the DR program is to identify families where there is an early risk of possible child abuse or neglect, but insufficient risk to require a CWS investigation. The DR Provider will offer neighborhood-centered services to families referred for DR by Yuba County CWS. In a neutral, strength-based manner, services will be designed to help families identify problems, access services, strengthen the family unit, and promote the safety and well-being of children.

   a. The family lives in the geographic area served by the Contractor.
   b. Any previous CWS history has been reviewed and the referral is determined appropriate for Differential Response services.

BUDGET FORMAT

The Proposal Budget shall be submitted using the following format. The Cost Justification Worksheet is a tool used to identify and support the individual expenses included in determining the cost of providing a unit of services. The Sample Cost Justification displays an example of an in-depth cost justification worksheet.

Please create and complete an operating budget utilizing the Cost Justification Worksheet format shown in Attachment 5 showing the individual costs of expenses necessary to provide services, the methodology used in determining the costs of these expenses, the total cost of services provided, and the calculated service unit amount.

COMPLETION OF THE COST JUSTIFICATION WORKSHEET

1. Personnel Expense
   Salary: Show the salary cost for each staff member performing services, based on actual salary and the expected time to be spent performing services. Staff should be identified by name, as well as position/classification title.

   Benefits: Show cost of benefits paid by type of benefit for each staff member performing services. If the benefits are for employees whose time spent performing services are at different percentages, the benefits should be broken out by individual staff. Benefits can only include those benefits that are paid by the employer on behalf of the employee, such as Health Insurance, Worker's Compensation, Unemployment Insurance, etc.

2. Operating Expense:
   Under Operating Expense, show the costs of individual expenses directly associated with providing services. For costs such as office supplies, postage, educational materials, and communication, best estimates based upon the activities and services to be performed should be shown. For operating expense costs such as rent, more detail and/or methodology should be shown. For example:

   Rent - if the rent is based upon office space plus common space of 150 sq. ft. per person for the staff listed in Exhibit I – Sample Cost Justification Worksheet, the methodology and cost would be estimated as follows:

   Counselor II: 150 sq ft x $1.00 per sq ft x 80% x 12 mos. = $1,440
   Interv. Coord: 150 sq ft x $1.00 per sq ft x 50% x 12 mos. = $900
   Total Rent $2,340

   For the above example, the methodology, "150 sq. ft. $1.00 x Prorated Share or FTE %x 12 mos." would be shown on the Cost Justification Worksheet.

3. Subcontractors:
   Identify and show the cost of services provided through a sub-contractual agreement, including the methodology used for determining these costs. A copy of the subcontract must be provided. The subcontract must specify the means by which the actual costs of activities or services rendered are determined and paid.
Payment under a subcontract cannot be based on a flat rate nor paid incrementally on the basis of a flat rate.

4. **Indirect Expense:**
Indirect expenses are those costs not directly identified with the performance of activities or services and whose costs cannot be specifically identified. The amount of Indirect Expense shown on the Cost Justification Worksheet cannot exceed 10 percent of the Total Personnel Expense. A brief summary of costs should be shown under methodology.

5. **Direct Expenses / Service Costs:**
Direct Expenses/Service Costs are those costs directly identified with the delivery of activities or services that are not personnel related. A brief summary of estimated costs should be shown under methodology.

*For example:*
- Transportation – Bus passes or gasoline vouchers to attend counseling.
- Food – Temporary food assistance.
- Housing – Assistance with cleaning supplies or renting a carpet cleaner or a dumpster to make a place habitable.

6. **Cost Per Service Unit:**
The cost per service unit is the rate to be charged for the cost of providing service. The methodology applied to the Total Amount to Service Cost to determine this rate should be described and the service of unit identified under “methodology”. *For example: in the Sample Cost Justification Worksheet, the service unit is the cost of providing monthly counseling services to one family, based upon an average of 10 families per month.*

7. **Audit:**
An audit of the costs for services rendered and claimed will not be required. However, contractors will be required to provide a copy of the report for the most recent annual audit performed for their organization. The audit must have been made by an independent auditor in accordance with generally accepted auditing standards and must include the entire organization.

8. **Invoice:**
Contractors will be required to submit a summary invoice for payment on a monthly basis by the specified deadline and in the format specified (Attachment 6). The summary invoice will contain a certification statement to be signed by the Authorized Representative specified by the contractor. Payment will be issued within thirty (30) days of receipt complete and accurate summary invoices. Advance payment will not be made; payments will only be made in arrears for the actual costs of services provided.

9. **Other:**
Any contractor awarded a contract as a result of this RFP and who is also funded from multiple contracts, directly or indirectly, must demonstrate that the funds are
used for the sole purpose of the specific contracted services for which intended. The contractor's request for reimbursement from multiple contracts cannot exceed 100 percent of the cost incurred for employees, overhead, or operating costs.

STAFF REPORT

TO: The Honorable Roger Abe, Chairman
Members of the Yuba County Board of Supervisors

FROM: Jackie Slade, Officer
Yuba-Sutter Economic Development Corporation

SUBJECT: Community Development Block Grant (CDBG)
2010/2011 Enterprise Fund Application
Application Submittal Phase

DATE: March 22, 2011

BACKGROUND

The County of Yuba is eligible to submit a grant application to the State of California Department of Housing and Community Development (HCD) for participation in the Enterprise Fund Community Development Block Grant (CDBG) program for economic development in the amount of $300,000. This is a competitive process, these funds, if awarded, can be used to make loans to Yuba County businesses to purchase land and buildings, machinery and equipment, an existing business, working capital for purchase of inventory, supplies, payment of wages, marketing and advertising or start-up costs.

The County of Yuba has applied for and received ten (10) grants totaling $4,100,000 from HCD under the same program from 1993 through 2010.

The primary purpose of the Loan Fund program is to create and/or retain jobs. Consequently, every business that participates in the program must agree to create at least one (1) full time job for every $35,000 borrowed. Additionally, fifty-one percent (51%) of the jobs created must be filled by individuals from low to moderate-income families (households earning less than 80% of the Yuba County median income), commonly referred to as the "Targeted Income Group.

The demand for these loans remains high as traditional financing is increasingly more difficult to obtain in these economic times.

CDBG loan funds are not intended to take the place of private sector lending, they are intended for use by those businesses unable to obtain total project financing through private sector debt or equity sources alone.

This application will be submitted in response to HCD’s “Notice of Funding Availability” (NOFA) for fiscal year 2010/2011. Based on HCD required percentages, the application will request a grant fund allocation as follows:

- $235,875 for business assistance lending.
- $ 41,625 for activity delivery expenses.
- $ 22,500 for general administration expenses.

(A copy of the grant application is available for review in the office of the Clerk of the Board of Supervisors)

Before the grant application can be submitted to the Department, two (2) public hearings must be held to solicit comments from the public. This is required as part of the County’s “Citizen Participation Plan”. To meet this requirement, a public hearing was properly noticed and held at the Yuba-Sutter Economic Development Corporation on Wednesday, February 16, 2011 to receive public comment with regard to program design. This is the second of the two required public hearings. A “Notice of Public Hearing” was published at least ten (10) days prior to this date and this time. The deadline for submission of the application to HCD is Monday, March 28, 2011.

Fiscal Impact

We anticipate no fiscal impact as a result of this agenda item.

Subject: Fiscal Year (FY) 2009 Single Audit Desk Review – County of Yuba

Dear Board of Supervisors:

We have completed our desk review of the single audit performed by Gallina, LLP, which included Federal assistance programs administered by the County of Shasta, California, for the fiscal year ended June 30, 2009. We obtained the report from the Federal Audit Clearinghouse (FAC).

Our review was limited to an examination of the audit reporting package. We did not examine the related audit documentation to evaluate the adequacy of the audit work performed. In our opinion, the audit report did not meet Federal reporting requirements. As such, corrective action, as discussed below in Recommendation 1, is required.

**Issue 1:** The *Independent Auditor's Report* stated other auditors audited First Five Children and Families Yuba Commission and Yuba County Water Authority. However, the *Report on Internal Control Over Financial Reporting and On Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards* and the *Report on Compliance with Requirements Applicable to Each Major Program and on Internal Control Over Compliance in Accordance with Office of Management and Budget (OMB) Circular A-133* both stated that other auditors audited the Yuba County Housing Authority and Yuba County Water Authority. We confirmed with Gallina, LLP that the language in the *Independent Auditor’s Report* was correct.

**Recommendation 1:** The audit firm needs to revise and reissue the *Report on Internal Control Over Financial Reporting and On Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards* and the *Report on Compliance with Requirements Applicable to Each Major Program and on Internal Control Over Compliance in Accordance with OMB Circular A-133* to properly reflect what work was performed by other auditors. In addition, the corrected report needs to be submitted to the FAC.

3-3-11/CC: Yuba County Auditor/County Administrator/rf
Issue 2: The data collection form (SF-SAC) and Schedule of Expenditures of Federal Awards (SEFA) both improperly identified Catalog of Federal Domestic Assistance (CFDA) 10.553 and 10.555 as direct awards. According to the U.S. Department of Agriculture Food and Nutrition Service, these awards are pass-through awards, not direct.

Recommendation 2: No corrective action is required for FY 2009. However, since resubmission of your audit reporting package is required to address Recommendation 1, you may, at your discretion, revise and resubmit your SF-SAC. In subsequent years, please ensure that all awards are properly classified on the SEFA and SF-SAC.

Issue 3: The audit reporting package was not timely submitted to the FAC. In accordance with OMB Circular A-133, section .320(a), the audit reporting package should be submitted no later than 9 months after the end of the audit period. This would have required the audit be submitted by March 31, 2010. However, the audit was not submitted to the FAC until April 7, 2010.

Effective in FY 2010, this will result in the auditee being ineligible for “low-risk auditee” status, as defined by OMB Circular A-133, section .530(a). The 2010 Compliance Supplement further explains this in appendix VII, section III.

Recommendation 3: No corrective action is required for FY 2009, however, under the new guidance, the County of Yuba should not be considered a “low-risk auditee” for FYs 2010 and 2011.

Instruction for submitting a revised report to the FAC may be found at http://harvester.census.gov/fac/collect08/main_instruct.pdf, page 52. Once the report has been revised and resubmitted to the FAC, please notify Marbie Baugh, National Single Audit Coordinator for the U.S. Department of Agriculture at the email address in the following paragraph.

A copy of this report is being provided to the auditor who conducted this audit and to each Federal funding agency that was identified on the SEFA to make them aware of the results of our review. All audit opinions were unqualified. There was one financial statement finding that was a material weakness. There were also four findings related to Federal awards, three of which were material weaknesses and one was a significant deficiency. These compliance findings were all associated with Health and Human Services programs, CFDA 93.563, 93.778, and 93.558. Additionally, two
of these material weaknesses were repeat findings, previously reported in FY 2007. If you any questions regarding this letter, please contact Marbie Baugh, National Single Audit Coordinator for the U.S. Department of Agriculture, at (404) 730-3763, or via email at marbie.baugh@oig.usda.gov.

Project Identifier: Bear River North Levee Rehabilitation Project

Flood Source: Bear River

FIRM Panel Affected: 06115C0440D, 0445D, 0475D, 0485D and 0505D

We have completed our review of the submitted data and determined that this request should be processed as a Physical Map Revision (PMR). As a result of this PMR, the flood hazard information will be revised for areas along the Bear River from approximately 6,700 feet downstream of Pleasant Grove Road to approximately 12,500 feet upstream of Southern Pacific Railroad.

The Federal Emergency Management Agency (FEMA) is programming funds to process a larger map revision that will update the FIRM and FIS report for Yuba County, California and Incorporated Areas. We will incorporate the modifications required by this PMR into the map revision.

A separate Letter of Map Revision (LOMR) (Case No. 11-09-0886P), requested by Mr. Nowlan which became effective on February 22, 2011 to incorporate a portion of the effects of this project into the February 18, 2011 FIRM, that affects the City of Wheatland and the unincorporated areas of Yuba County. As a result of the LOMR request, the flood hazard information on FIRM panels 06115C0440D, 0445D, 0475D, and 0505D was revised along the Bear River, from approximately 1,200 feet northeast of the intersection of Wheatland Road and Baxter Avenue to approximately 11,200 feet southwest of the intersection of Camp Far West Road and Wintun Way, and along Grasshopper Slough from approximately 1,220 feet upstream of Spenceville Road to approximately 8,000 feet upstream. The LOMR had superseded the flood hazard information shown on the February 18 FIRM panels for the revised area.
Because this revision request also affects the unincorporated areas of Sutter County and Placer County, and the City of Wheatland, separate letters for those communities were issued on the same date as this letter.

If you have general questions about this case, the review and revision process, FEMA policy, or the National Flood Insurance Program, please call the FEMA Map Information eXchange (FMIX), toll free, at 1-877-FEMA MAP (1-877-336-2627). If you have specific questions concerning the PMR, please contact Mr. Eric Simmons, FEMA Regional Engineer by e-mail at eric.simmons@dhs.gov or at (510) 627-7029.

Re: Residential Care Facilities – Joshua House

Several months ago residents from the “Brophy Farming Community” spoke at a Board meeting to share their concerns related to a sober living facility (Joshua House) being operated by Crossroads Church on Hammonton Smartville Road. Several issues were raised including but not limited to: personal safety, property values, types of residents that will be living at the facility, state license requirements, and county zoning and land use regulations. County staff has remained in contact with this group to keep them informed of the status of the facility as well as researching their concerns related to land use and state licensing.

Staff met several times with representatives of Crossroads Church to gather information regarding the facility. Based on the information submitted, it appears Joshua House is a residential substance abuse treatment program requiring a license to operate. However, licensing of such facilities is solely within the jurisdiction of the State. Based on this information, Planning was directed to submit a complaint to the State Alcohol & Drug Program. The complaint was submitted on August 31, 2010. County staff, the residents of the Brophy Farming Community and staff from Assemblyman Logue’s office have made several inquires to the State regarding the status of the complaint. The State Alcohol & Drug Program has indicated that they cannot provide any information until they have completed their investigation and they do not have a time frame of when the investigation will be completed. Once we have received a response from the State it will be forwarded to the Board and the residents of the Brophy Farming Community.

Planning staff has been working with County Counsel to address concerns related to County zoning & land use and what authority we have to regulate small residential care facilities such as Joshua House. Below is a summary of our findings.
In the event that the State determines that Joshua House is exempt from licensure then County Counsel has indicated that the facility must operate within the definition of “family” in order to be located within the Exclusive Agriculture (AE) zone district. While the County’s definition of “family” states

“an individual or two or more persons related by blood, marriage, or adoption, or a group of not more than five persons (excluding servants) who need not be related by blood, marriage, or adoption, living together in a dwelling unit.”

This definition was called into question when the County’s Housing Element was updated. Housing Element Action H-3.1.4 requires the County, when updating the Zoning Ordinance, to either eliminate the definition of family or modify it to be consistent with state law. County Counsel has also confirmed that our definition of “family” is outdated.

Further, under the Fair Housing Act, individuals in recovery from drug and alcohol addiction are defined as disabled, and therefore arguably Joshua House and similar types of facilities could be considered housing in which some services are provided for persons with disabilities. Because housing in which some services are provided for persons with disabilities can operate in some instances legally without a license, Counsel has indicated that we should proceed with caution in regard to any attempts at regulating Joshua House or similar facilities with six or fewer residents in a manner different from any other single family residence. Specifically, County Counsel has provided the following items for consideration in regulating Joshua House or any other type of small residential care facility with six or fewer residents (excludes staff):

1. Under present California law, licensed facilities with six or fewer residents must be treated as single family homes.

2. Efforts to pass legislation in California to allow for different treatment of unlicensed facilities have been unsuccessful.

3. Presently California law prohibits discrimination in zoning and land use actions based on, among other categories, familial status and disability.

4. While there are no California cases that deal directly with this issue, other jurisdictions have held that unlicensed homes are not to be treated differently than licensed homes.

5. Restricting residence on the basis of disability (i.e., not allowing a residence with six or fewer occupants, all of whom are recovering drug/alcohol abusers) places the County at risk of being held to have violated the federal Fair Housing Act and equal protection requirements. Although, as mentioned above, there is no California case directly on point, in other jurisdictions courts have looked with particular disfavor at local decisions that appear to have been influenced by neighborhood opposition to the types of persons residing in the residence.

6. There may be specific behaviors that the community in general would like to restrict in the area where Joshua House is located. Parking is an example of such a behavior. Parking can be regulated by ordinance but it is important to remember that any such ordinance must be for a public purpose/good and any such regulation by ordinance would have to apply "neutrally" to all residents or the zoning area of the regulation would be considered discriminatory.

The property at 4004 Hammonton Smartville Road has historically been used as a small residential care home for the elderly (Ursula’s Care Home & Christina’s Care Home). Based on
the information provided above, staff recommends that the Board classify Joshua House and any other small residential care home serving six or fewer residents (regardless of the clients served or requirement of a State license) as a single family residence that should be allowed in any zone district that allows such use.

Therefore, unless directed otherwise, staff will regulate Joshua House and any of the other existing and future small residential care facilities located in the unincorporated area of the County as a single family residence.

SUBJ: CONSIDER RESOLUTION TO APPLY FOR THE SECOND ROUND OF CALIFORNIA STATEWIDE PARK PROGRAM GRANT FUNDS.

RECOMMENDATION:

Consider the attached resolution to apply for the second round of the California Statewide Park Program Grant Funds for the acquisition and development of a community park in East Linda.

BACKGROUND:

On November 7th 2006, California voters passed Proposition 84, known as the “Safe Drinking Water, Water Quality and Supply, Flood Control, River and Coastal Protection Bond Act of 2006.” Of this $5.4 billion initiative, the “Sustainable Communities and Climate Change Reduction” chapter allocated $368 million for competitive grants for the creation of new parks and recreation opportunities in proximity to the most critically underserved communities across California, with priority given to the creation of new parks in existing neighborhoods.

This grant is unique in that it allows for the acquisition AND development for projects resulting in a new recreational opportunity. Virtually all recreational features are eligible, including athletic fields, gymnasiums, trails, picnic areas, playgrounds, skate parks, sprayparks, swimming pools, and all the support amenities including restrooms and landscaping. This grant opportunity allows its recipients to develop and bring to fruition a comprehensive, turn-key park facility for the community with a maximum $5 million application.

Public Works previously applied for the first round of this program on July 1st, 2010 and although considered competitive, was ultimately unsuccessful. However, the State has since encouraged us to solicit additional public input, which is a major criterion, and re apply July 1st, 2011.
DISCUSSION:

After reviewing the grant requirements and favorable criteria, staff seeks to apply for the maximum amount of $5 million with the intent to develop a 30+ acre community park on Hammonton Smartsville Road adjacent to a school site proposed by the Marysville Joint Unified School District. This site meets all the criteria detailed by the grant and is identified in the Parks Master Plan as well as the East Linda Specific Plan. Based on the Community Fact Finder database (www.parkinfo.org/caparks/grantee) as required by the grant itself, the proposed location is described to have zero acres of park space within a one half mile radius, with 2,665 residents and 778 families living below the poverty line in the same radius. In terms of parks, this proved to be the most underserved community per capita in the County, thus improving our competitiveness for the grant.

Consistent with the State’s recommendation, Public Works participated in the East Linda Reinvestment Advisory Committee meeting held on February 10, 2010 and has planned an additional park planning workshop scheduled on the evening of Thursday, April 28, 2011.

FISCAL IMPACT:

As is often the case with grant projects, this program requires the project expenses to be financed by the applicant, to be reimbursed by grant funds at completion. This project requires a minimum request of $100,000 to a maximum of $5,000,000. There is no match requirement.

If successfully awarded, this grant has no provisions for operations and maintenance and once the park is completed, the burden of those subsequent costs will become that of the County’s. By using historical park maintenance costs at nearby 8 acre POW/MIA Park, we can extrapolate that the operations and maintenance expenses for this new park may be around approximately $150,000 per year.

Funds from CSA 52 and possibly the Gledhill Landscaping District may be used to cover some of the O&M costs, but will not likely be adequate to cover them in full. If we are successful and awarded the grant, staff will come back to the Board with an O&M funding program prior to grant acceptance.

TO: Honorable Board of Supervisors, Yuba County
   Protective Inspection Committee

FROM: Louie B. Mendoza Jr., Agricultural Commissioner

SUBJECT: COMMITTEE APPROVAL OF RESOLUTION AUTHORIZING AGRICULTURAL COMMISSIONER TO EXECUTE SPECIFIC ONGOING CONTRACTS, AGREEMENTS AND COOPERATIVE AGREEMENTS

Recommendation:

Approve Resolution authorizing the Yuba County Agricultural Commissioner to execute specified ongoing contracts, agreements and cooperative agreements for Fiscal Year 2011/2012 or multi-year on behalf of the County of Yuba.

Background:

Yuba County Administrative Policy & Procedures Manual, Policy Number A-1, procedure 3 states, “It is the general policy of the County that all external documents (contract, leases, agreements, etc.) are to be executed by the Chairman of the Board of Supervisors. Exceptions should be properly authorized by the adoption of a resolution by the Board of Supervisors prior to execution of specific contracts, leases, agreements, etc. by the respective department head.” In the past the Agricultural Commissioner has been authorized through Resolution of the Board of Supervisors to sign specific contracts and agreements.

Discussion:

The Agricultural Commissioner has historically sought out revenue sources to fund various activities of the department. These revenue sources typically require that Yuba County enter into contracts, agreements and cooperative agreements with the California Department of Food and Agriculture, Department of Pesticide Regulation, United States Department of Agriculture and other agencies or private contractors. In the interest of efficiency the Yuba County Board of Supervisors has in the past authorized the Agricultural Commissioner to execute specified contracts and agreements on the behalf of Yuba County. In Fiscal Year 2010/2011 the Board of Supervisors made such authorization through their approval of Resolution No. 2010-04.
This is to request that the Yuba County Agricultural Commissioner be authorized to sign on behalf of Yuba County, specified revenue generating contracts, agreements and cooperative agreements for Fiscal Year 2011/2012 or multi-year. Such contracts and agreements shall be handled in accordance with Yuba County Administrative Policy & Procedures Manual, Policy Number A-1, procedure 5. Specifically the Agricultural Commissioner will comply with procedure 5 prior to execution by the Agricultural Commissioner and procedure 6 upon execution.

Fiscal Impact:

Authorizing the Agricultural Commissioner to execute ongoing contracts, agreements and cooperative agreements is an efficiency matter which will save time for both the commissioner and the Board of Supervisors.
