Re: Budget Transfer

Recommendation

Authorize budget transfer in the amount of $23,350 from various Administrative Services accounts into 101-0900-417-6200 Buildings & Grounds - Fixed Assets for the purposes of completing a security camera project the Government Center.

Background

Administrative Services has been working for several years to add security cameras at the Government Center facility. This spring, in partnership with our Office of Emergency Services, a matching Homeland Security grant has identified that can help us to fund 50% of a camera project if we match the value.

Discussion

Administrative Services has reviewed our accounts and identified our share of the funding for this project. But due to it being an 'addition' to the fixed asset of the building, the funds must be transferred to and spent from our fixed asset account.

Committee Action

Due to the routine nature of this request, this request has brought directly to the Board for review and approval.

Financial Impact

These funds are already appropriated in Administrative Services accounts; they are just being reallocated into a fixed asset account. Thus there is no net increase to the General Fund.

TO: Board of Supervisors

FROM: Wendy Hartman, Planning Director
       Debra J. Phillips, Housing and Community Services Manager

SUBJECT: APPROVAL OF FUNDING RECOMMENDATIONS FOR 2012 COMMUNITY SERVICE BLOCK GRANT PROPOSALS

Recommendation:

Approve the funding recommendations of the Yuba County Community Services Commission (YCCSC) for use of 2012 Community Service Block Grant (CSBG) monies. (YCCSC approved funding recommendations on 10/06/11)

Background:

The Yuba County Community Services Commission (CSC), designated as the authorized Community Action Agency for Yuba County in May of 1988, advises the Board of Supervisors on the distribution of the CSBG funds received from the California State Department of Community Services and Development (HCD). On June 28, 2011 the Board of Supervisors approved the 2012/13 Community Action Plan, which set forth the local needs and priorities. CSC recommends allocating $52,144 to Administration, making the $196,800 balance of the $248,944 minimum funding available for distribution to community based organizations through a competitive Request for Proposal process. Each year, contracts are executed with the community-based organizations that have been allocated funds under the CSBG guidelines.

Discussion:

Notice of Funding Availability was sent to interested parties and the news media, as well as published in the Appeal Democrat, and a Bidder’s Conference held. A total of 46 Request for Proposals were distributed, and a total of 22 applications were submitted for consideration. Staff reviewed the applications for completeness and adherence to stated guidelines. Nineteen (19) applications were rated and ranked by eight Commissioners and then submitted to an evaluation committee composed of six Community Services Commission members.
The Evaluation Committee rated each proposal, based on the responsiveness to instructions, past performance, and priority areas. Thus, the scoring method afforded an objective decision making process and also considered responsiveness to the identified needs of the community. Scores were then finalized and listed on the attached chart for visual comparison. Further consideration was given to duplication of services among the applications submitted, multiple applications submitted among agencies and priority areas of service listed in the 2012-2013 Community Action Plan.

The Community Service Commission approved the following distribution on 10/06/11. The attached funding recommendation and summary illustrates the process used and reflects the distribution submitted for approval.

TO: Board of Supervisors

FROM: Wendy Hartman, CDSA Planning Director
Debra J. Phillips, Executive Director of Community Services Commission

SUBJECT: Authorize Contract for 2012 CSBG Program and Execution of all Documents

Recommendation:

It is recommended that the Yuba County Board of Supervisors approve and authorize execution of contract 12F-4453 between the Department of Community Services and Development (CSD) and the Yuba County Community Services Commission for the 2012 Community Services Block Grant (CSBG) program and authorize and empower the Executive Director of the Community Services Commission to execute all necessary documents in connection with this program.

Background:

The Yuba County Community Services Commission is approved to receive and administer $248,944 in Community Services Block Grant funds for 2012. The State is operating under a continuing resolution and has authorized an initial allocation in the amount of $36,668. The remainder of the allocation will be released under contract amendments as the funds become available. The Board has approved prior agreements for calendar years 1989 through 2011. It is the general policy of the County that the Chairman of the Board of Supervisors executes contracts. The CSD contract requires a resolution specific to this contract.

The Board of Supervisors previously authorized, empowered, and designated the Executive Director of the Community Services Commission to execute all necessary documents and act in all matters in connection with the CSBG programs in Resolution No. 1990-15. The 2012 CSD contract requires that a new resolution specific to contract 12F-4453 be submitted. This does not alter the action previously taken by the Board of
Supervisors, but satisfies this requirement.

**Discussion:**

The attached contract contains many provisions, including budget information reflecting the 2012 distribution of funds previously approved by the Board.

**Committee Recommendation:**

The Yuba County Community Services Commission approved the attached contract on February 3, 2012.

**Fiscal Impact:**

These activities are at no cost to the General Fund.

A complete copy of the contract is on file in the Clerk of the Board’s office for review.

B. Contractor shall submit a justification for all projected expenditures in the budget, including a detailed budget narrative justifying expenditures in connection with budget support personnel and related non-personnel costs. The justification must be appended to the CSD 425.S.

C. Administrative Expenses

For the purpose of administrative expenditures, Contractor shall use funds allocated under this Agreement in an amount not to exceed twelve percent (12%) of the total operating funds of its community action program(s). Contractor shall not use funds provided under this Agreement to cover administrative costs.
EXHIBIT B
(Standard Agreement)

incurred in the Low-Income Home Energy Assistance Program (LIHEAP) in excess of the LIHEAP contractual limitations.

D. To the extent that 22 CCR § 100715(a) requires prior approval by CSD for any change that exceeds ten percent (10%) of an originally approved budget line item, CSD’s execution of this Agreement hereby constitutes that prior approval, and the Contractor may make discretionary changes to the Budget Summary that exceed 10% for any line item, subject to all other applicable federal and State law and regulation and generally accepted standards of accounting. (See Exhibit D.1 Travel/Per Diem and Exhibit D.12(B) Modification for special terms and conditions).

3. ADVANCE PAYMENTS

A. Upon execution of this Agreement or any Amendments thereto, CSD shall issue an advance payment to Contractor not to exceed one hundred percent (100%) of the Maximum Amount of this Agreement. In no case, however, shall the advance payment exceed twenty-five percent (25%) of the total consideration payable to Contractor per the final Amendment to this Agreement in accordance with CA Gov. Code Section 12781(b). In the event that Contractor has already received (an) advance payment(s) totaling twenty-five percent (25%) of the Maximum Amount of this Agreement, no further advance payments will be issued.

B. In the event the Maximum Amount of this Agreement is increased through subsequent amendments based on a notice of grant award for FFY 2012, a subsequent advance payment of the advance amount plus any previous advances already allowed shall not exceed twenty-five percent (25%) of the total estimated allocation as set forth in Exhibit B, Attachment IV, Contract Year 2012 CSBG Allocation Spreadsheet.

C. “Maximum Amount of this Agreement” is defined as the amount set forth on the Std. 213, Standard Agreement, item 3.

D. CSD will initiate and pro-rate the repayment process of advanced funds beginning with the seventh monthly (or fourth bimonthly) reporting period of the contract term and ending with the twelfth month of the contract term.

E. CSD will initiate repayment of advance payments outstanding whenever seventy-five (75%) of the contract allocation has been expended. As applicable to the funding contract term, CSD shall begin applying approved expenditures to the outstanding advance balance thereby offsetting any subsequent reimbursements. CSD shall determine amounts to be offset by applying the balance of the advance equally into the remaining expenditure reporting periods. An exception may occur if the expenditure reports submitted are less than the applied settlement
EXHIBIT B
(Standard Agreement)

formula (as described immediately above). In that case, CSD shall apply the entire reimbursement amounts against the outstanding advance balance.

F. If the Contractor will not fully expend the full allocation on or before December 31, 2012, the Contractor must complete a CSD 425b, requesting a contract term extension, and submit it to CSD no later than forty-five (45) days prior to the end of the Agreement term.

4. BUDGET CONTINGENCIES

2) This Agreement is valid and enforceable only if sufficient funds are made available to the State by the United States Government for the federal fiscal year 2012 for the purpose of this program. In addition, this Agreement is subject to any additional restrictions, limitations, or conditions enacted by the Congress or to any statute enacted by the Congress that may affect the provisions, terms, or funding of this Agreement in any manner.

Goal 1: Low-income people become more self-sufficient.

NPI 1.1: Employment

Problem Statement: There is a great need for legal aid, nutrition services and independent living skills for seniors and individuals with disabilities. Legal issues include: substandard/safe housing, consumer fraud/financial abuse. Access to healthy nutrition is a major challenge to seniors as they often do not cook or shop for themselves/or they are housebound and are unable to cook for themselves due to illness or other disabilities. Legal assistance is often not affordable and individuals with disabilities.

Program Activities and Delivery Strategies: 5.2 Financial Assistance/Loan Vouchers-Provide aquatic exercises prescribed by a medical professional to low-income residents of Yuba County. 5.4 Crisis Intervention/Crisis Management I. Provide 24 hour emergency shelter, counseling, assistance to residents who homeless due to domestic violence. 2. NPI 1.2: Employment Supports

Problem Statement: (If additional space is needed, please attach a separate sheet.) Yuba County needs case management case programs to assist low-income families in becoming self-sufficient. Yuba County has a variety of services and programs in place which offer services to address specific needs. However, once the need is met, agencies are unable to continue with other needed services either through mandate or lack of personnel. A large number of Yuba County residents participate in these programs and continue to depend on government assistance programs for their financial needs. Many of those involved in programs are not able to move on, because they lack various skills needed to overcome barriers that block their path to self-sufficiency such as drug addiction, homelessness, family violence, lack of education and transportation, child care problems, job retention skills, and personal hygiene.

Program Activities and Delivery Strategies: (If additional space is needed, please attach a separate sheet.)
8.2 Child Care/Development- Provide childcare while parents achieve defined program goals. 8.13 Employment Services- Provide vocational counseling including job search skills, resume writing, job and career assessment and referral to Yuba County adults. 8.14 Income Opportunities- Provide assistance to Yuba County families to obtain at least minimally adequate income while working towards stability and self-sufficiency.

Goal 4: Partnerships among supporters and providers of services to low-income people are achieved.

NPI 4.1: Expanding Opportunities through Community-Wide Partnerships

Problem Statement: (If additional space is needed, please attach a separate sheet.)
Yuba County Community Services Commission is a governmental organization that administers CSBG funds. Without CSBG funding, Yuba County would lack the necessary resources to provide the following services: financial assistance, legal aid, nutrition services, information and referral services, hot meals, independent living assistance, transportation, child care development, substance abuse services/violence programs, employment services, and independent skills for seniors services to low income residents of Yuba County.

Program Activities and Delivery Strategies: (If additional space is needed, please attach a separate sheet.)
To continue in providing basic necessities for low-income persons of Yuba County, CSBG funding is required for the YCCSC to release a NOFA and a RFP in July, review CSBG applications in August and September, making funding decisions in October, and finally make contracts in November.

CSBG/NPI Programs Workplan and Report Instructions

Purpose

The CSBG/NPI Programs Report (CSD 801) is used as a Community Action Plan (CAP) workplan, contract workplan and progress reporting form. This form is used to establish performance expectations and goals over the contract term. The Progress Report will capture the agency’s success in achieving the goals. The goals and National Performance Indicators (NPI) used in the CSD 801 form are National Goals and Indicators, which CSD is required to annually track and report the outcomes to the U.S. Health and Human Services Agency (HHS), Office of Community Services (OCS), and the National Association of Community Service Programs (NASCSP).

There are six (OCS) Goals and under each goal is a list of indicators that pertain to that goal. The listed indicators were created and taken from the OCS Guide to Organizing and Reporting National Indicators of Community Action Performance, which was created in collaboration within the Community Services Network.

Format of Document

This format is created in an Excel template and designed to be completed and submitted electronically. The CSD 801 is one (1) workbook, broken down into 9 worksheets. At the bottom of the Excel screen are tabs labeled for each goal (1-6), as well as instructions and an explanations section.

- The initial tab, “NPI Guide”, contains the NASCSP Instructional Manual. Please read the guide in order to understand what should be reported on the OCS Goals. This manual is useful when completing the NPIs.
- The second tab, “Instructions” contains these instructions as a reference.
- The subsequent tabs are labeled Goals 1 through 6 Workplan and Goals 1 through 6 Reporting.

The entire workbook must be submitted electronically by the due date to CSBGRewports@csd.ca.gov. In the subject line, please indicate the agency name the report is being submitted for and contract number. (Example: CAP CSD, 11F-XXXX.)

Completing the NPI Workplan (CAP and Contract Workplan)

- At the beginning of the “Goal 1 Workplan” tab provide your contract number, report period, contractor's name, contact person and title, phone number, fax number and e-mail address. This information will only need to be provided once. The data will automatically populate into all other tabs from the "Goal 1" tab.
- Put an X in the upper right hand box, indicating CAP, Workplan, and the for the Workplan and. Indicate the contract number is next to the Contract Workplan Number.
- **Problem Statement:** In this section you should clearly and
thoroughly describe the problems facing low-income individuals in your community as it relates to achieving each goal. This information should be detailed and include who is effected, what specifically is the problem, where the problem exits and why it exists.

- **Program Activities and Delivery Strategies**: In this section, provide a detailed description of the programs or activities undertaken in order to alleviate the barriers to self-sufficiency identified in the problem statement.

- **Number of Participants/Units Expected to Achieve Outcome in Reporting Period**: This column will be filled out on the Workplan for Goals 1 through 6. Provide the number of participants/units Expected to Achieve for the mid-year and annual reporting period for each indicator. The Workplan numbers will be automatically populated into the Reporting tabs for Goals 1 through 6.

- **ALL DATA FIGURES should be NUMERICAL.** If the indicator does not apply to your agency’s work, or data pertaining to that question is not available, leave the cell blank. Do not use percentages, fractions, abbreviations or alpha text.

**Sample NPI Workplan**

**Goal 1: Low-income people become more self-sufficient**

**NPI 1.1: Employment**

**Problem Statement**: (If additional space is needed, please attach a separate sheet.)

Young women and men in Sacramento County have a difficult time finding gainful employment due to a lack of skills and education. When employed, this population commonly is employed in minimum wage jobs that do not provide health benefits.

**Program Activities and Delivery Strategies**: (If additional space is needed, please attach a separate sheet.)

The Youth into Jobs program will provide job search and placement assistance in the Young People to Work Program. This program will track individuals in the program to ensure they are in employment that will be maintained and increase their wages.

- Do not use characters such as N/A, if the data is unavailable or not applicable to your agency, leave the cell blank.
- Please note that zeros should not be used to indicate that you do not collect that information, but rather used to indicate the null value (0).

Printing the form for your records:
- When printing the 295 for your records, the form should be already formatted. However some printers, have different defaults that can alter the settings set by CSD. Therefore if you are experiencing the following problems here are some solutions to try:
  - One or more columns are printing on a separate page:

To see the comment place the mouse in that cell and the message will pop up. Another option is to right click in the cell with a comment and choose show comment and the comment will appear permanently. To hide the comment, right click in the cell again and choose hide comment and it will disappear.
- If any of the TOTAL boxes turn red in any section, then you will need to check the footnotes to verify that the values were entered correctly. The value must be corrected prior to submitting this form to CSD. Below is the list of footnotes that are on the CSD 295 form.
  ✓ * The sum in this category should not exceed the value of Section 2.
  ✓ ** The sum in this category should not exceed the value of Section 7e-h.
  ✓ *** The sum in this category should not exceed the value of Section 4.
  ✓ **** The sum in this category should be greater than or equal to Section 13.a.
  ✓ ***** Reminder, September 30, 2010 was the cutoff date for reporting CSBG clients served up to 200% of the Federal Poverty Guidelines.

Sections 2, 3, and 6-10 collect INDIVIDUAL demographic data.

Sections 4, 5 and 11-16 collect FAMILY demographic data.

Both Individual AND Family demographic data should be collected on all clients.

1 client = 1 individual and 1 family.
4 clients from same family = 4 individuals and 1 family.
“Family” is self-defined by the client(s) being served.

Section 1:
- Enter contractor name, preparer’s name, phone number, contract number, reporting period, and email address.

Sections 2, 3 and 6 – 10 Collects Demographics on INDIVIDUALS

Section 2 - Total unduplicated number of persons about whom one or more characteristics were obtained:
- To the extent possible, agencies should attempt to report unduplicated counts.
- To obtain unduplicated counts, an agency will need to have a system to distinguish each individual so the number of services the individual is provided can be assigned to that individual.

  ✓ For example: if a person enters an agency and receives seven different services, an unduplicated count would record one person, not seven services.

Section 3 – Total unduplicated number of persons about whom no characteristics were obtained:
- Enter the total number of persons for whom characteristics were not obtained.
  ✓ Please note: This would include any clients that were served, however demographics were not collected.

Section 6 – Gender:
- Report the Gender on individuals receiving services.
- Make sure that the total of this section does not exceed the value in Section 2. See Asterisk Note * on the bottom of CSD 295.

  ✓ If the total box of this section is red then the total exceeds the value in section 2. This data will need to be corrected prior to submitting this form to CSD.
Section 7—Age:
• Report the age of the individuals receiving services.
• Make sure that the total of this section does not exceed the value in Section 2. See Asterisk Note * on the CSD 295.

✓ If the total box of this section is red then the total exceeds the value in section 2. This data will need to be corrected prior to submitting this form to CSD.

Section 8 – Ethnicity and Race:
• Report one ethnicity AND one race for each individual receiving services.
• Ethnicity and Race are determined by self-identification: Ethnicity and Race shall not be limited to being biologically or genetically determined, it can also be thought of in terms of social and cultural characteristics as well as ancestry.
• Make sure that the total of this section does not exceed the value in Section 2. See Asterisk Note * on the CSD 295.

✓ If the total box of this section is red then the total exceeds the value in section 2. This data will need to be corrected prior to submitting this form to CSD.

Section 9 – Education Level of Individuals 24 years or older:
• Only collect the education level of those individuals receiving services that are 24 years or older.
• The total of this section cannot exceed the sum of Section 7e-7h. See Asterisk Note ** on the CSD 295.

✓ If the total box of this section is red then the total exceeds the value in section 2. This data will need to be corrected prior to submitting this form to CSD.

Section 10 – Other Characteristics:
• Report the number of individuals receiving services that were surveyed about their health insurance or disability. All individuals that are asked about each of the two items should be reported in the # Surveyed column. Of those surveyed, the number that report having no health insurance and/or disabled should be reported in the # of Persons column. If an individual receiving services has any form of health insurance, including Medicare or Medicaid, they should be included in the # surveyed column only. Do not count any other family members.
• The definition of “disabled” used in this form is taken from the Americans With Disabilities Act of 1990: “The term disability means, with respect to an individual (a) a physical or mental impairment that substantially limits one or more of the major life activities of such individual, (b) a record of such an impairment, (c) being regarded as having such an impairment.” Any individual who responded to this question but is not disabled should be included in the # Surveyed column only.
• The number reported under the column # of Persons should not exceed the number reported under # Surveyed for that line item.
• Make sure that the total of this section does not exceed the value in Section 2. See Asterisk Note * on the CSD 295.

✓ If the total box of this section is red then the total exceeds the value in section 2. This data will need to be corrected prior to submitting this form to CSD.

Section 4 – Total Unduplicated number of families about whom one or more characteristics were obtained:
• To the extent possible the numbers reported here should be unduplicated.
• This requires that a similar system of unique identifiers be in place, which, in addition to identifying an
individual, also identifies a family.
  ✓ For example: if a family member comes in and receives four services and another family
member comes in and receives six services, an unduplicated count would record one
family, and two individuals.

Section 5 – Total unduplicated number of families about whom no characteristics were obtained:
• Enter the total number of families for whom characteristics were not obtained. Please note: This
number would include clients that were served, but demographics were not collected on the family.
• To the extent possible the numbers reported here should be unduplicated.

• Report the number of persons in the client’s family.
• Make sure that the total of this section does not exceed the value in Section 4. See Asterisk Note ***
on the CSD 295.
  ✓ If the total box of this section is red then the total exceeds the value in section 4. This data
will need to be corrected prior to submitting this form to CSD.

this Section we are attempting to collect an unduplicated count of families who indicated
that the household receives one or more sources of income.
  ✓ Item 13.b: Unduplicated # of Families Reporting No Income: This section attempts to
collect an unduplicated count of families who indicate that the household has no income.
  ✓ Item 13.c: TANF: Enter the unduplicated number of families who receive funds from the

- Make sure the values reported in Item 13.a and 13.b do not exceed the value in Section 4. See Asterisk Note *** on the CSD 295
  - If the total box of this section is red then the total exceeds the value in section 4. This data will need to be corrected prior to submitting this form to CSD.

- The value in items 13.c-k should be greater than or equal to the value reported in Item 13.a. See Asterisk Note *** on the CSD 295
- For all the items you will report the number of families receiving that source, not the number of individuals in the family receiving the source.

  For example: A family of four, where both parents are employed and the mother is receiving SSI, and the father and mother has 2 types of investments would be reported as follows:
  - Item 13.a = 1
  - Item 13.d = 1
  - Item 13.i = 1
  - Item 13.k = 1
  Each item they have would be reported as 1, even though both parents are working because they are 1 family.

- Report the housing situation of the family:
  - Item 15.a: Own: Enter the number of families that own their home.
  - Item 15.b: Rent: Enter the number of families that rent their housing. Rent can be considered as money or services exchanged for housing and payment of a portion of rent in units shared with others.
  - Item 15.c: Homeless: Enter the number of families that were homeless. The definition of the term "Homeless" used for this form, taken from the Stewart B. McKinney Homeless Assistance Act, follows: "Homeless" or "homeless individual" includes: (1) An individual who lacks a fixed, regular, and adequate nighttime residence; and (2) An individual who has a primary nighttime residence that is: A supervised, publicly or privately operated shelter designed to provide temporary living accommodations (including welfare hotels, congregate shelters, and transitional housing for the mentally ill); An institution that provides a temporary residence for individuals intended to be institutionalized; A temporary, makeshift arrangement in the accommodations of other persons or a public or private place not designed for, or ordinarily used as, a regular sleeping accommodation for human beings." The term "homeless" or "homeless individual" does not include any individual imprisoned or otherwise detained pursuant to an Act of the Congress or a State law.
  - Item 15.d: Other: If neither Items 15.a, 15.b nor 15.c describe the family's housing situation record them here.
• Make sure that the total of this section does not exceed the value in Section 4. See Asterisk Note *** on the CSD 295.

✓ If the total box of this section is red then the total exceeds the value in section 4. This data will need to be corrected prior to submitting this form to CSD.

Section 16 – Other Family Characteristics:

• Report families that are farmworkers in the categories below:

✓ Item 16.a: Farmer: Enter the number of families served who are farmers. The value of this item should not exceed the value in Section 4.

✓ Item 16.b: Migrant Farmworker: Enter the number of families served who are migrant farm workers. The value of this item should not exceed the value in Section 4.

✓ Item 16.c: Seasonal Farmworker: Enter the number of families served who are seasonal farm workers. The value of this item should not exceed the value in Section 4.

• Make sure that the value of each item in this section does not exceed the value in Section 4. See Asterisk Note *** on the CSD 295.

If you need further training and technical assistance, please contact your assigned Field Representative.
CSD 295 - Client Characteristics Report  
Quick Check 

✓ Is item 4 greater than item 2? It should not be.  
  ✗ For example: one family of 4 comes in for services. This would mean that 4 individuals are  
  receiving service (Item 2) and 1 Family is receiving services (Item 4).  
  ✗ The numbers reported in items 2 & 4 should be comparable (item 2 will probably always  
  be greater). Since every individual is a family of one- it should not happen where an  
  agency serves 10,000 individuals and only 500 families. This should tell you that the  
  agency is collecting families. this should tell you that the agency is collecting family  
  information on all clients.  
  ✗ This information also applies to item 3 & 5. 

✓ Is the total in item 6 greater than item 2? It should not be.  
  ✗ The agency should not report the ages of more people than they report serving. 

✓ Is the total in item 8 greater than item 2? It should not be.  
  ✗ the agency should not report the ages of more people than they report serving. 

✓ Is the total in Item 8 greater than Item 2? It should not be.  
  ✗ The agency should not be reporting the ethnicity of more people than they report serving.  
  ✗ Common Error: Often the total reported in item 8-1 is far below the number reported in  
  Item 2-- this is not necessarily wrong. However, if this happens it does tell you that the  
  agency is not collecting the ethnicity of all their clients. 

✓ Is the total in Item 9 greater than the total of Item 7.e-h? It should not be.  
  ✗ Item 9 is collecting the education level of adults only (individuals 24 years old or older).  
  Therefore, you add up the totals reported in Item 7e-h only. The total in Item 9 cannot be  
  greater than this total. 

✓ Is each total in Item 10 greater than Item 2? It should not be.  
  ✗ The agency should not be reporting health insurance of more than they reported serving.  
  ✗ The agency should not be reporting disable persons of more than they reported serving. 

✓ Is the total in Item 11 greater than the total in Item 4? It should not be.  
  ✗ The agency should not be reporting the family type of more families than they report  
  serving 

✓ Is the total in Item 12 greater than the total in Item 4? It should not be.  
  ✗ the agency should not be reporting the family size of more families than they report  
  serving. 

✓ Is the total in Item 13a greater than item 4? It should not be.  
  ✗ The total numbers of families reporting one or more sources of income should not be  
  greater than the total number of families the agency report serving
√ Is the total in Item 13b greater than Item 4? It should not be.
   ✗ The total numbers of families reporting no income should to be greater than the total
   number of families the agency reports serving.

√ Look at each total in Item 13c-13k. Are any of these individual line item totals greater
   than 13a? They should not be.
   ✗ Each family reports each source of income only once (even if two family members receive
   SSI, they would only report the source once). So, the total number of families reporting
   each source of income cannot be greater than the total number of families the agency is
   reporting the collected sources of income on.
   ✗ Note: the total 13c-13k should be greater than or equal to the total number of families the
   agency reports serving in 13a.

√ Is the total in Item 14 greater than Item 4? It should not be.
   ✗ The total number of families reporting their family income should not be greater than the
   total number of families the agency reports serving.

√ Is the total in Item 15 greater than Item 4? It should not be.
   ✗ The total number of families reporting their housing type should not be greater than the
   total number of families the agency reports serving.

√ Is the total in Item 16 greater than Item 4? It should not be.
   ✗ The total number of families reporting their other characteristic should not be greater than
   the total number of families the agency reports serving.

7. SPECIAL CONDITIONS FOR ENTITIES NOT MEETING TERMS OF THE AGREEMENT

A. In addition to CSD's authority to terminate, suspend, or deny funding or refunding under federal and State laws and regulations, CSD has authority to establish fiscal control and accounting procedures to fulfill its oversight responsibilities and ensure that CSBG funds are appropriately expended. The roster shall include contact information for each member of the governing body at a location other than the office of the NAI Contractor, and shall identify how low-income individuals are represented in the organization’s governance. Either a specific or current general resolution must be on file with CSD prior to CSD’s final execution of this Agreement.

SUPPLEMENTAL AUDIT GUIDE

Introduction

The purpose of this 2009 Supplemental Audit Guide is to provide further instructions for the independent auditor and/or CPA firms that perform audits of agencies that contract with the California Department of Community Services and Development (CSD) to deliver programs. As specified in each program contract, all independent auditors and CPA firms must follow this Supplemental Audit Guide if the Contractor being audited is funded totally or in part by CSD contracts. This guide is not intended to be an auditing procedure manual but rather to further instruct the independent auditor and CPA firm in testing certain costs identified by CSD as needing more detailed disclosure.

The primary focus of this guide is auditing and reporting on specific items of costs funded by CSD contracts. The procedures outlined in this guide either clarify and complement or, exceed the requirements of Office of Management and Budget (OMB) Circular A-133.

Auditor's Judgment

Auditors performing the work according to this Supplemental Audit Guide must continue to exercise professional judgment. The auditor shall follow the procedures included in this audit guide unless, in the exercise of his or her professional judgment, the auditor determines that other procedures are more appropriate in particular circumstances. The auditor, however, must justify in writing any change from the audit procedures suggested by this Supplemental Audit Guide. The audit report must contain assurances that a review for compliance with OMB Circulars A-87 and A-122 was conducted.
Supplemental Audit Guide

Selected Items of Cost

Inventory System (All Contracts)

1. The independent auditor or CPA firm must gather evidence to validate the inventory listed as an asset on the balance sheet.

2. The closeout report on CSD contracts requires an inventory listing on all items purchased with CSD contract funds.

3. Inventories listed on the balance sheet and on the CSD closeout reports must be verified that they physically exist, are owned (not leased), and are in operable condition.

4. Inventory listings must be accurately compiled in the inventory accounts. Inventories are to be properly stated at cost (except when the market rate is lower).

Subcontracts (All Contracts)

1. Subcontracts must be arms-length agreements and free of actual or apparent conflicts of interest. Validate and report to CSD. CSD-funded agencies should be aware that contracting with wholly owned subsidiaries might not be considered arms-length agreements. This is especially true where both boards have similar members.

2. Contractors are required to substantiate that all costs expended under subcontracts are allowable and allocable to the particular program pursuant to the same standards as the costs expended directly by the Contractor under the specific CSD contract. Document the Contractor's system of ensuring this level of accountability, and report to CSD.

Weatherization Crew Hours (LIHEAP and DOE Contracts)

Document the methodology the Contractor uses to capture the actual hours each weatherization worker spends on each house, specific work performed and address. If this data is maintained in an automated system, obtain and review system documentation.

1. Verify that the monthly report summaries used to report weatherization crew hours provide accurate information by selecting and testing a representative sample.

2. Trace the monthly closeout report totals for weatherization labor hours to the Contractor's monthly report summaries and reconcile this to the supporting source documents.
Supplemental Audit Guide

Prohibition on Lobbying

The independent auditor shall verify that no CSD contract funds were used to influence or attempt to influence an officer or employee of a state or federal government agency, or a member of Congress or the State Legislature, in connection with the awarding of any contract, grant, loan, or cooperative agreement.

System of Internal Control

Audits must include an examination of the systems of internal control. Internal control systems must be established to ensure compliance with laws and regulations affecting the expenditure of State and/or Federal funds, financial transactions and accounts, and the agency’s process for submission of Contractor billings submitted to CSD for the performance of the contract.

The Contractor’s accounting system must provide for accumulating and recording of expenditures by cost category (budget line items) shown in the approved budget. The independent auditor or CPA firm must give an opinion on the internal controls of the Contractor being reviewed.

Administrative Cost Cap

CSD contracts have an administrative cost cap. Administrative costs charged to each CSD contract must not exceed this cost. In addition, other Federal funds must not be used to exceed the total administrative cost cap charged to the CSD contract, unless specifically allowed by Federal statute.

Use of Indirect Cost Rates or Other Indirect Cost Methodology

1. A Federally Approved Indirect Cost Allocation Rate may be used for selected items of costs up to the maximum allowed by the CSD contract’s administrative cost rate. Costs claimed for a specific line item in the budget cannot be reported as direct costs and also as indirect costs.

2. Validate the indirect cost rate or methodology and the application of the rate used by the Contractor.

3. Ensure compliance with OMB Circulars A-87 and A-122.

Basis for Allocation of Costs

1. The independent auditor or CPA firm must identify the Contractor’s basis for allocating costs to CSD contracts. Costs charged to CSD contracts must be allocable, allowable, and based on actual expenses incurred by the Contractor for the CSD contract. Costs charged to the CSD contract must also have an approved contract budget line item.

2. Ensure Compliance with OMB Circulars A-87 and A-122.
Supplemental Audit Guide

Going Concern and Subsequent Events

The independent auditor or CPA firm must provide a “positive assurance” statement that any (significant) subsequent events, related directly or indirectly, that occurred after the final closeout report and single agency-wide audit are submitted to CSD do not materially affect the closeout report, as submitted by the Contractor. Additionally, the independent auditor or CPA firm must provide “positive assurance” whether or not the Contractor will continue as a going concern. Some examples are litigation settlement, bankruptcy, mergers, large loans, cash flow problems, etc.

Representation Letter

A Representation Letter between the independent auditor or CPA firm and the Contractor must be forwarded to CSD. The Representation Letter must be signed by the Contractor’s controller (or equivalent) and either the Chair of the Audit Committee if it exists or the Executive Director.

Engagement Letter

In the event a Contractor is more than one month late in submitting the required independent audit report, the Contractor shall submit one copy of the finalized, signed Engagement letter between the Contractor and the Contractor’s independent auditor or CPA firm.

Supplemental Statements

Beginning with the 1994 program year, CSD contract provisions have required the financial and compliance audit to include supplemental statements. These supplemental statements must be included as part of the package submitted to CSD with the single agency-wide audit for each fiscal year. CSD uses the above information to reconcile the audited costs to the costs reported by the Contractor.

The supplemental statements should be based on the budget line items contained in the contract. The supplemental statement must include the contract budget line items, expenditures for each budget line item by fiscal year, total audited costs and total reported expenses by budget line item.

Auditing Standards and Reports

The financial and compliance audit report shall contain the following supplemental financial information: a combined statement of revenue and expenditures for each contract that presents, by budget line item, revenue and expenditures for the audit period and a description of the methodology used to allocate and claim indirect costs and any administrative cost pools.
Supplemental Audit Guide

Testing of Transactions

A sufficient number of items should be selected for review that represent all material costs categories. The audit should determine whether:

a. Contractor's internal control over the contract is effective and working as intended;

b. Reported program expenditures are allowable and allocable;

c. Reported expenditures conform to funding or program limitations or exclusions;

d. Reported expenditures are not charged to, or reimbursed by, other programs or funding sources;

e. Transactions are properly approved, reported, and supported by source documents;

f. Reported expenditures were incurred within the appropriate contract term; and

g. Contractor complied with applicable laws, regulations, and contract requirements.

American Recovery and Reinvestment Act of 2009 (ARRA) Funds

ARRA IDENTIFICATION

Contractors covered under the Single Audit Act and OMB circular A-133 must specifically identify ARRA funds on the SEFA by CFDA number, contract number, and by attaching the prefix “ARRA:” to the Federal program name. This information may be used by CSD to monitor the Contractor’s expenditures of ARRA funds. In addition, the Contractor should maintain documentation to identify sub-award and project funded through the ARRA.

SEPARATE ACCOUNTING

Contractors must segregate the obligations and expenditures related to funding under the Recovery Act. Financial and accounting systems should be revised as necessary to segregate, track and maintain these funds apart and separate from other revenue streams. No part of the funds from the Recovery Act shall be commingled with any other funds or used for a purpose other than that of making payments for costs allowable for Recovery Act projects. Recovery Act funds can be used in conjunction with other funding sources as necessary to complete projects, but tracking and reporting must be separate to meet the reporting requirements of the Recovery Act and OMB Guidance.

PREVAILING WAGE
Supplemental Audit Guide

Determine if there is a designated payroll person to certify, on a weekly basis, that the Contractor is paying residential prevailing wage in accordance with the wage determinations as set forth in the ARRA contract.

2. PROCUREMENT

A. Contract Administration

1) Contractors shall administer this Agreement in accordance with all federal and

   including Office of Management and Budget (OMB) Circulars and
   amendments thereto, consistent with the general OMB compliance
   requirement in Exhibit A to this Agreement. Contractors shall establish,
   maintain, and follow written procurement procedures consistent with the
   procurement standards in OMB Circulars A-102 and A-110 and all additional
   provisions in this Agreement, including but not limited to a code of conduct
   for the award and administration of contracts and a procedure that provides,
   to the maximum extent practical, open and free competition.

2) Contractor shall not permit any organizational conflicts of interest or
   noncompetitive practices that may restrict or eliminate competition or
   otherwise restrain trade. In order to ensure objective subcontractor
   performance and eliminate unfair competitive advantage, individuals, or
   firms that develop or draft specifications, requirements, statements of
   work, invitations for bids, and/or requests for proposals shall be excluded
   from competing for such procurements. Contractor shall award any
   subcontract to the bidder or offeror whose bid or offer is responsive to the
   solicitation and is most advantageous to Contractor when considering
   price, quality, and other factors. Contractor’s solicitations shall clearly set
   forth all requirements that the bidder or offeror shall fulfill in order for the
   bid or offer to be evaluated by the recipient.

3) Contractor assures that all supplies, materials, equipment, or services
   purchased or leased with funds provided by this Agreement shall be used
   solely for the activities allowed under this Agreement, unless a fair market
   value for such use is charged to the benefitting program and credited to this
   Agreement.

4) In addition to adhering to all OMB requirements and the Contractor's
   established procedures for all procurement transactions of any amount, for
   each purchase, lease, or subcontract for any articles, supplies, equipment,
   or services obtained from vendors or subcontractors where the per-unit
   cost or total value of contract exceeds $5,000, three competitive quotations
   shall be obtained or adequate justification documented and maintained as
   to the absence of bidding. In cases of a bona fide emergency where
   awarding a subcontract is necessary for the immediate preservation of
EXHIBIT E
(Standard Agreement)

public health, welfare, or safety, documentation of the emergency will be sufficient in lieu of the three-bid process.

5) To ensure that significant procurement transactions are conducted in an open and freely competitive manner, Contractor shall comply with the following requirement:

a. Contractor shall prepare and submit a Request for Purchase/Lease Pre-Approval (CSD 558) to CSD at least fifteen (15) calendar days prior to executing the subcontract for each of the following procurement transactions:

i. Any articles, supplies, equipment or services having a per-unit cost in excess of $5,000; or

ii. Any articles, supplies or equipment where the total contract amount exceeds $100,000.

6) Noncompliance with any of the provisions in this Section 2 shall result in a disallowance of the costs of the procurement transaction.

7) Contractor assures that it shall exercise due care in the use, maintenance, protection, and preservation of state-owned property in Contractor's possession or any other property or equipment procured by Contractor with State funds. Such care shall include, but is not limited to, the following:

SUBJECT: AUTHORIZE EXECUTIVE DIRECTOR OF COMMUNITY SERVICES COMMISSION TO EXECUTE 2012 COMMUNITY SERVICES BLOCK GRANT CONTRACTS WITH AGENCIES

Recommendation:

Authorize the Executive Director of Community Services Commission to execute 2012 Community Services Block Grant contracts with the agencies previously approved to receive funding. (Approved by the Yuba County Board of Supervisors on February 28, 2012.)

Background:

The Yuba County Community Services Commission (YCCSC), designated as the authorized Community Action Agency for Yuba County in May of 1988, advises the Board of Supervisors on the distribution of the CSBG funds received from the California State Department of Community Services and Development. On June 28, 2011 the Board of Supervisors approved the 2012/13 Community Action Plan, which set forth the local needs and priorities, and allotted approximately $52,144 to Administration, making the $196,800 balance of the $248,944 minimum funding available for distribution to community based organizations through a competitive Request for Proposal process. Each year, contracts are executed with the community-based organizations that have been allocated funds under the CSBG guidelines.

Discussion:

The Yuba County Community Service Commission approved the following distribution on October 6, 2011, as did the Yuba County Board of Supervisors on February 28, 2012.

TO: Yuba County Board of Supervisors

FROM: Doug McCoy, Director of Administrative Services

SUBJECT: Approve request for transfer or revision of appropriation, estimated revenue or funds in the amount of $16,110 as it relates to the administration of the Yuba-Sutter enterprise zone

Recommendation:

It is recommended that the Board approve the subject "Request for Transfer or Revision of Appropriation, Estimated Revenue or Funds" in the amount of $16,110.

Background:

The budget appropriation is necessary to return the Administrative Technician position to full time for the period January 1 to June 30, 2012. The position was reduced to 50 percent at the start of the fiscal year due to a lack of general fund dollars available that previously assisted in funding a portion of the position.

Discussion:

The Administrative Technician position assists the Yuba-Sutter Enterprise Zone Manager with the 6-jurisdiction State Tax Hiring Tax Credit Program that provides state tax credits for the local business community as well as with administrative support of airport operations. The additional funds for the increased expenditure are available in Fund 126 from the local funds generated as part of the State Tax Credit Voucher Program.

Committee Action:

This item was not presented to the Public Facilities Committee due to the routine nature of the request and to complete the process in conjunction with the mid-year budget adjustments. This item was not included in the mid-year request as the revenue source was still being determined at the time the request was being prepared.

Fiscal Impact:

There are no costs associated with this agenda item that would impact the General Fund.

RE: Repayment Agreement between the County of Yuba and the City of Marysville regarding a Traffic Fine Audit for Fiscal Years 04/05 – 08/09
DATE: February 28, 2012

RECOMMENDATION

It is recommended that the Board of Supervisors approve the attached repayment agreement between the County of Yuba and the City of Marysville related to the State Controller’s Audit of Traffic Fines for Fiscal Years 2004-2005 through 2008-2009 and authorize the Chairman to execute the agreement.

BACKGROUND

The State of California as well as the federal government routinely audits services or functions that counties provide on their behalf. County departments are audited on an annual basis with some audits covering a period of several years.

In August of 2010, the State Controller reviewed findings of a traffic fine audit with County and Court staff and subsequently produced the final draft report in December 2010. The findings indicated the County had over-remit approximately $161,000 to the State of California. It was also discovered that the City of Marysville and the City of Wheatland were over-remit approximately $222,000 and $6,000 respectively. In addition, there appears to be additional amounts owed to the County for Fiscal Year 2009-2010 (which was a year not covered in the audit), however potential over-remitance amounts have yet to be identified.

At a recent meeting with the City of Marysville, City representatives proposed a 10 year pay back of the amount owed to Yuba County.
DISCUSSION

Subsequent to the audit findings, the over-remittance amounts from the City of Wheatland and the State of California were paid the County. Recognizing the amount over-remitted to Marysville and economic considerations facing all local governments as a result of the recession, discussions occurred with City and County representatives to determine a method of repayment that would occur over time.

A draft agreement has been presented to the City of Marysville on February 14, 2012 and it was approved by their City Council on February 21, 2012. The agreement provides for the following:

- Repayment is over a ten year period beginning in the current fiscal year.
- Principal repayment is proposed to be $22,238.60 per fiscal year, recovered monthly by the Auditor-Controller through the fine distribution process.
- No interest rate.

FISCAL IMPACT

As stated in the narrative of the staff report and agreement.
REPAYMENT AGREEMENT BETWEEN
THE COUNTY OF YUBA AND THE CITY OF MARYSVILLE

This Agreement is hereby made and entered into by and between the COUNTY
OF YUBA (hereinafter referred to as "COUNTY") and the CITY OF MARYSVILLE
(hereinafter referred to as "CITY").

A. Background/History: In 2010 the Office of the California State Controller,
Audit Division, conducted an audit for traffic fines collected in fiscal years
2004-2005 through 2008-2009 by the Yuba County Superior Court. Through
the audit, it was determined that several government entities, including the
State of California were owed a portion of the total fines collected or needed
to pay back amounts from fines inappropriately credited to their respective
agency.

B. Purpose of Agreement: The purpose of this agreement is to establish a
repayment plan for the CITY to pay the COUNTY the amount owed due to
misallocation of court fines from Fiscal Year 2004/2005 through Fiscal Year

In addition, the Office of the California State Controller has recommended that
amounts owed for fiscal year 2009-2010 also be determined and remitted to
the appropriate agency(ies). That amount is still to be determined and IS NOT
part of this agreement. The COUNTY will notify the CITY of the amount for
2009-2010 as soon as it is determined. Both parties agree the 2009-2010
amount owed will be "in addition to" the amount covered by the audit report
identified in this agreement and paid to the COUNTY within the term of this
agreement and under the same methodology.

C. Amount Owed: Due to the misallocation of court issued fines, the CITY
currently owes the County of Yuba $222,386 for fiscal years 2004-2005
through 2008-2009.

D. Repayment: Repayment will be based on the following terms:

a. Interest Rate: None.

b. Annual Payment: The CITY will make an annual payment of twenty
two thousand, two hundred thirty eight dollars and sixty cents
($22,238.60) to the COUNTY each year, for ten (10) years, beginning
in Fiscal Year 2011-2012.
c. **Method of Repayment:** The CITY agrees to have the Yuba County Auditor-Controller’s Office withhold the agreed upon annual payment amount of twenty two thousand, two hundred thirty eight dollars and sixty cents ($22,238.60) in monthly installments from the CITY’s monthly fine distribution.

d. **Payment Schedule:** The CITY agrees to repay the amount owed to the COUNTY according to the attached payment schedule (Attachment A). The repayment schedule reflects a monthly payment / withholding over a period of ten (10) years beginning in Fiscal Year 2011-2012.

   i. The CITY and COUNTY agree the actual monthly payment / withholding will occur once a month and not necessarily on the first of the month as indicated on Attachment A.

e. **Notification of Payment / Withholding:** The COUNTY agrees to report monthly to the CITY, in writing, the payment / withholding amount.

f. **Additional Payments:** Additional payments during the course of this agreement may be made by the CITY at their discretion. These payments will be sent and addressed as follows:

   County of Yuba  
   Attention: Yuba County Auditor-Controller  
   915 8th Street, Suite 105  
   Marysville, CA 95901

E. **Prepayment:** The CITY OF MARYSVILLE has the right to prepay the outstanding amount at anytime during the course of this agreement.

F. **Default:** If for any reason the CITY OF MARYSVILLE fails to make any payment on time, the CITY OF MARYSVILLE shall be in default. The COUNTY can then demand immediate payment of the entire remaining unpaid balance without giving further notice.

G. **Modification:** Modifications within the scope of this agreement shall be made by mutual and written consent of all parties. All modifications must be made in writing and agreed upon by all parties as evidenced by their signature.
H. Notices: Any notice required or permitted to be given under this Agreement shall be in writing and shall be served by certified mail, return receipt requested, or personal service upon the other party.

Notices shall be addressed as follows:

If to the COUNTY: County of Yuba
C. Richard Eberle, Auditor-Controller
915 8th Street, Suite 105
Marysville, CA 95901

If to the CITY OF MARYSVILLE: City of Marysville

RE: Midyear Budget Review for Fiscal Year 2011-12

Recommendation

2. Approve Proposed Mid-Year Budget Transfers.
3. Approve Proposed Mid-Year Personnel Requests.
4. Approve Proposed Mid-Year Fixed Asset Requests.

Background

Annually, the County Administrator’s Office prepares a mid-year status report on the current year’s budget for the Board of Supervisors along with recommendations regarding appropriation changes requested by departments. Typically, these changes are routine in nature to either correct or adjust budget estimates provided at the beginning of the fiscal year.

Discussion

The attached documents identify requested changes in the County’s budget for the second half of the fiscal year. The following is a summary of the requested changes.

Budget Transfer Requests – A total of $6,713,392 in budget transfers is being requested. Of this amount, Public Works is requesting $3,650,000 in budget transfers and Health and Human Services is requesting approximately $1,500,000 in budget transfers. A total of $180,576 is being requested from General Fund Contingency by the following departments:

- The Public Guardian is requesting $6,823 for costs associated with the move to the Government Center as well as corrections to salary budget line items.
- Animal Care Services is requesting $15,000 for additional costs associated with cleaning supplies, animal food, and vaccinations at the Animal Shelter.
- Administrative Services is requesting $32,136 to cover additional court facility expenses owed to the State of California based on an annual true-up of actual expenses for FY 10/11.
- The Auditor-Controller is requesting $126,617 for additional costs related to contract services to assist the Auditor-Controller during the management transition period, layoff extension, and corrections to salary budget line items.
**Personnel Change Requests** – Health & Human Services is requesting to restore funding to two positions that were originally unfunded for FY 11/12. One is an Office Assistant position and the other is a Program Assistant position. Both positions are funded by federal and state dollars and will be covered by salary savings due to attrition.

**Fixed Asset Requests** - $511,372 in fixed assets are being requested by various departments. No additional funding is being requested by any of the departments for these requests. Departments have re-allocated appropriations within their current budget to cover the costs.

**Committee**

This item is traditionally presented to the full Board for consideration.

**Fiscal Impact**

The recommended actions will decrease the County’s General Fund Contingency balance from $558,936 to $378,360.
General Fund Discretionary Revenue

General fund discretionary revenue is general fund revenue that is not a direct reimbursement revenue source for a department. The funds are thus "discretionary" and approved by the Board of Supervisors for the general fund needs of the County. The major discretionary general fund revenue sources that make up this revenue include property and sales taxes, franchise fees, general fines, interest, triple flip, and tipping fees.

The total discretionary general fund revenue budgeted for FY 11/12 is $24,707,982. The following chart displays the major discretionary general fund revenue sources, the amounts budgeted, the amounts received and percent received in 2nd quarter FY 11/12, as well as a comparison to the amounts received in 2nd quarter FY 10/11.

2nd Quarter Major Revenue Source Trends

- General Fine revenue traditionally exhibits a negative amount received in the first quarter due to an annual "true-up" that is performed between the County and the State. All fines categories with the exception of General Fines are currently on track in comparison to last year at this time.
- The largest share of franchise fees is historically received in the third quarter.

General Fund Expenditures

General Fund expenditures were $868,523 more than the same period last year. The majority of the increase is attributed to department's efforts to administer grants and reimbursable programs more efficiently by scheduling the expenditures and associated reimbursement requests in a timely manner. Total percent expended through the end of December was 46.60%.

Departmental Revenue and Expenditure Reporting

County departments have been reporting their revenues received and expenditures made on a monthly basis. Reports are being distributed to the County Administrator, Auditor and Treasurer. Through the end of the second quarter of this fiscal year, there were eight (8) departments in the General Fund that exhibited
shortfalls for a total amount of ($639,318). The shortfalls are primarily attributed to timeliness of grant and program reimbursements. Each department affected is working on finding ways to shorten the time between work performed and reimbursement received.

In the Non-General Fund departments, there were fifteen (15) departments that exhibited shortfalls for a total amount of ($820,066). The bulk of this shortfall is attributed to timing of budget transfers for workers compensation reimbursement. The full premium is paid in July and transfers are usually processed at the end of each quarter by the Auditor's Office.

Total permits issued were up 14.11% compared to 2nd quarter of FY 10/11.

**Single Family Dwelling Permits (SFD)** The total SFD building permits issued for the second quarter was 8 compared to 5 in the same period last year. This represents an increase of 60.00%.

### Foreclosure Activity

There were 162 foreclosed homes in the second quarter (Oct/Nov/Dec) of FY 2011-12 compared to 148 in the same period last year which represents a slight increase of 9.46%. The total foreclosed homes for 2011 was 741 compared to 755 in the previous calendar year.

### CalWORKS Employment Activity

The goal of the CalWORKS program is to assist and empower families to become self-sufficient, contributing members of the community through employment. An average of 65 new CalWORKS participants per month entered into employment in the second quarter of FY 2011-12 compared to 62 in the same period last year.

Often, participants who enter the work force are still eligible for a portion of their cash aid as they accept entry level jobs to gain skills and experience. Participants are encouraged to apply for higher paying jobs after gaining work experience to help them meet their goal of self sufficiency.

During the 2nd quarter, 6 CalWORKS participants graduated from Yuba College. 2 with AA/AS degrees and 4 with Vocational Education certificates. These participants achieved their goals set by their individual Welfare to Work plans to attend Yuba College to work towards a degree or vocational certificate to enhance their employment skills to become self-sufficient. Tuition was covered by student grants with supportive services including childcare and books subsidized by the CalWORKS Welfare to Work program.

### CalFresh (Food Stamp) Activity

Health & Human Services reported that a total of 1963 applications for the CalFresh program were received in the second quarter of FY 2011-12. This represents an 18.83% increase compared to the same period last year where 1652 applications were received. Health & Human Services staff has indicated that the increase is most likely attributed to federal extensions to unemployment benefits coming to an end as well as changes to eligibility criteria which does not count resources as a factor when qualifying applicants for CalFresh program benefits.

SUBJECT: A Resolution Adopting the East Linda Reinvestment Plan as a Visioning Guide for the Redevelopment of the East Linda Community

DATE: February 28, 2012

Recommendation:

Approve the resolution adopting the East Linda Reinvestment Plan visioning document.

Background:

The Yuba County Community Development & Services Agency applied for and was awarded an Environmental Justice grant from Caltrans for the East Linda Reinvestment Plan (ELRP). The contract with Caltrans was approved by the Board in April 2010. The ELRP is intended to be the next step in revitalization efforts following the North Beale Road Revitalization Plan. Using the information gathered through earlier planning efforts, this project was designed to look at changes to land use and connectivity, design standards to increase safety and mobility for area residents, and to spur economic revitalization in the East Linda community. Information from this project will be instrumental in the completion of the updated Zoning and Development codes following completion of the 2030 General Plan.

The East Linda Reinvestment Plan is a visioning document, which means it is not a regulatory document. Instead, it is intended to provide guidance on land use, transportation, infrastructure, community design and other issues for the future development of the County’s Development Code Update. Further vetting and feasibility determinations may be necessary when incorporating ideas and concepts into the County’s Development Code Update.

A workshop was held before the Board of Supervisors on the Draft ELRP on February 14, 2012 to solicit comments and suggestions for changes to be considered before final adoption. Those changes were prepared for consideration by the Board of Supervisors.

Discussion:

Proposed changes to the Draft ELRP are as follows:

County Goals / Funding Consistency:

The Implementation section was modified to better communicate the County’s desire to ensure that outside funding opportunities are consistent with the County’s goals and do not undermine its decision making authority.
Infrastructure Funding / Fees:

A greater emphasis was made on finding ways to ensure fees and costs for development do not create an impediment to economic investment. Examples are provided to show how savings could be achieved in cooperation with other outside agencies.

Existing Businesses:

A section was added to discuss the County’s options for programs or concepts which could assist existing businesses and property owners in spurring economic investment in the East Linda community.

Environmental Review:

The ELRP is not subject to California Environmental Quality Act (CEQA) in that CEQA Guidelines section 15262 exempts feasibility and planning documents from environmental review.

Committee Action:

A workshop was held before the Planning Commission on January 18, 2012 and the Board of Supervisors on February 14, 2012. Proposed changes to the Draft Plan are provided.

Fiscal Impact:

This workshop is consistent with the scope of work in the contract between Yuba County and Caltrans. No additional general fund dollars beyond that which was approved in the grant contract are required.

THE EAST LINDA COMMUNITY )

WHEREAS, the Board of Supervisors has considered the East Linda Reinvestment Plan (the ELRP) for the East Linda community which sets forth design concepts for Opportunity Areas identified as potential catalyst sites for economic reinvestment, identifies potential routes and opportunities to increase connectivity throughout East Linda, and proposes a possible implementation strategy to achieve the goals identified in the ELRP; and

WHEREAS, the ELRP was funded by a Caltrans Environmental Justice: Context-Sensitive Planning Grant that was awarded based upon the needs of the community of Linda which has a large minority population with relatively low incomes; and

WHEREAS, the Community Development and Services Agency Planning Department contracted with AECOM, Inc. to assist with development of the ELRP document; and

WHEREAS, there was significant community participation in community workshops during the preparation of the ELRP; and

WHEREAS, an advisory committee was convened which held several meetings to receive input from various community stakeholders; and

WHEREAS, community participation and information gained from the ELRP will contribute to the current Development Code Update; and

WHEREAS, East Linda is a targeted community in the 2030 General Plan for revitalization efforts and is an important link to Beale Air Force Base, and

WHEREAS, revitalization efforts in East Linda are consistent with 2030 General Plan Goals CD2, CD5, CD6, CD7, CD8, CD19 and CD20 which encourage improved circulation and promote vibrant, high quality neighborhoods; and
WHEREAS, following the public workshop on January 18, 2012, the Planning Commission provided feedback and suggestions for the Board of Supervisors to consider when reviewing the ELRP; and

WHEREAS, following the public workshop on February 14, 2012, the Board of Supervisors provided additional feedback and suggestions which were incorporated into the ELRP; and

WHEREAS, the ELRP is not subject to California Environmental Quality Act (CEQA) in that CEQA Guidelines section 15262 exempts feasibility and planning documents from environmental review.

NOW, THEREFORE, BE IT RESOLVED, The Yuba County Board of Supervisors finds:

1. The foregoing recitals are true and correct.

2. East Linda is an important community within the County as the home of Yuba College, an important link to Beale Air Force Base, and identified in the 2030 General Plan for revitalization efforts.

3. The East Linda Reinvestment Plan is consistent with the General Plan Goals CD2, CD5, CD6, CD7, CD8, CD19 and CD20 and will assist with the County’s Development Code Update.

4. The East Linda Reinvestment Plan identifies key opportunity sites and guidelines that incorporate guiding principles for the transformation of East Linda into a targeted area for reinvestment; creation of a safe, multifunctional circulation network for users of all types and abilities; and shall be used as a guide for the development and revitalization of East Linda and the Development Code Update.

California Oak Report

Sierra Foothills Vigil

The following articles regarding El Dorado County and Tuolumne County oak woodlands demonstrate the lengths that some local officials will go to in disregarding local and state environmental laws in order to accommodate development interests. These oak woodland stories also show that the only antidote to environmental malfeasance on the part of local officials is the vigilance and resolve of local citizens.

El Dorado County

Three justices of California’s Third District Court of Appeal have unanimously ruled that El Dorado County’s nefarious Oak Woodland Management Plan (OWMP) violated the California Environmental Quality Act. Lead plaintiffs in the case were the Center for Sierra Nevada Conservation, El Dorado County Taxpayers for Quality Growth and California Oak Foundation. The lawsuit was filed in 2008.

To settle a 1996 lawsuit the 2004 El Dorado County General Plan included provisions for an oak woodland management plan. County planners initially produced a draft OWMP that proposed to create wildlife corridors by connecting large properties north and south of Highway 50, and a program for on/off site mitigation for the loss of oak woodland resulting from development. Instead, the Board of Supervisors adopted a plan that deleted all the wildlife corridors and "protected" large parcels far removed from Highway 50 that are at low risk of development. The Board’s OWMP completely ignored the conservation of important oak woodlands nearer to the Highway 50 area where habitat fragmentation has already occurred. The Board’s off site mitigation fee ("Option B") was based on the costs of conserving these remote parcels, rather than the more expensive parcels along Highway 50. The Board’s adopted plan would have created more fragmentation of oak woodland habitat and limited wildlife mobility.

The County’s Option B also included a dubious formula using tree canopy cover alone for measuring oak woodlands, rather than including the space between trees, thus significantly decreasing total oak woodland habitat to be protected. The appellate court expressed skepticism regarding the virtue of relying solely on oak canopy cover to delineate oak woodlands.

Rejection of the County’s OWMP eliminates the ability for developers to utilize the Option B mitigation, which permitted clearing of oaks in exchange for a fee paid into a conservation fund. Now, developers will be limited in the amount of oak woodlands they can remove on a parcel, pursuant to the Option A part of the General Plan.

The case is Center for Sierra Nevada Conservation v. County of El Dorado.

Tuolumne County

The State Board of Forestry defines “forest land” as that which has 10 percent tree canopy cover within the project boundaries. The Board has jurisdiction over all California private forestlands. If local jurisdictions want to design an alternative oak woodlands delineation that substitute must be functionally equivalent to the state standard. California Environmental Quality Act (CEQA) functional equivalency must be demonstrated in an environmental impact report (EIR), which would compare the environmental effects of the state oak woodland standard to the local alternative or other relevant methodologies.

Tuolumne County has developed a Biological Resources Review Guide designed to mitigate impacts to biological resources resulting from land development projects including direct/cumulative impacts to wildlife, plants, wetlands and oak woodlands – without the benefit of an EIR. Here is California Oaks’ response to Tuolumne County’s attempt to create a CEQA waiver for biological resources without environmental review:

Re: Tuolumne County Biological Resources Review Guide

Dear Mr. Laird:

California Oaks (CO) appreciates the opportunity to submit Biological Resources Review Guide (BRRG) public comments. CO disagrees with Tuolumne County’s assertion that the Biological Resources Review Guide (BRRG) action “does not constitute a project and is not subject to CEQA environmental review.” This claim is particularly perplexing given that a stated purpose of the BRRG is to “establish consistent mitigation for potential impacts to biological resources pursuant to the California Environmental Quality Act”. BRRG implementation will clearly have potentially significant environmental effects and it therefore requires an environmental impact report (EIR). Further, we believe the BRRG should recognize that it in no way addresses the necessity for CEQA greenhouse gas (GHG) analysis/mitigation regarding impacts to oak woodlands and other terrestrial biological resources.

CEQA requires public agencies to prepare an EIR for any action they intend to carry out or approve whenever it can be fairly argued on the basis of substantial evidence that the action may have a significant environmental effect. That the BRRG may have a potentially significant effect on the environment is irrefutable. For example, the BRRG oak woodlands definition represents a discretionary action that will have significant environmental effects on biological resources.

Oak woodland areas may be measured by tree canopy cover or by total area that includes the space between canopies. The BRRG has adopted its own hybrid definition for oak woodlands. The measurement methodology used for the BRRG oak woodland definition may make a substantial difference in the amount of habitat to be preserved because oak woodlands range in structure from open savannah to dense forest. Whether preservation of oak woodlands is governed by canopy measurement, by habitat including the area between oaks or a hybrid standard is a significant factor that will affect mitigation. Moreover, the BRRG measurement methodology may also have a large effect on how much developers must pay to mitigate the loss of oak woodlands on their parcels.

Tuolumne County adoption of the measurement methodology used for the BRRG oak woodland definition is the type of discretionary choice that must be informed by an EIR.

The California Air Resources Board’s AB32 Scoping Plan recognizes the significant contribution that terrestrial carbon storage will make in meeting the state’s GHG emissions reduction goals: “This plan also acknowledges the important role of terrestrial sequestration in our forests, rangelands, wetlands, and other land resources.” The Scoping Plan has set a no net loss goal for forestland sequestration and stretch targets of increasing forestland carbon storage by 2 million metric tonnes (MMT) by 2020 and 5 MMT by 2050. Additionally, CEQA specifically addresses vegetation and land greenhouse gas emissions due to the conversion of forestland to non-forestland use (CEQA Guidelines, Appendix G, Forest Resources). The BRRG does not address the conversion of oak woodlands and other biological resources in the context of meeting AB32 emission reduction goals and CEQA GHG review standards.

Conclusion
Accepting comments from the BRRG Ad Hoc Committee, referring the Draft BRRG to jurisdictional agencies for comment and opening a public comment period for the Draft BRRG is not a substitute for environmental review. Discretionary actions like the BRRG require an EIR to inform the County of the environmental consequences before it adopts the plan. As the California Supreme Court has emphasized, the EIR requirement’s “purpose is to inform the public and its responsible officials of the environmental consequences of their decisions before they are made. Thus, the EIR ‘protects not only the environment but also informed self-government.’”

EXECUTIVE DIRECTOR'S MESSAGE

Deanna Lea

For a third consecutive year, budget pressures have led to further damage to California's faltering aging network.

At the federal level, funding was cut for the Corporation for National Service, including a 20% reduction to the Retired & Senior Volunteer Program (RSVP). As a result, Area 4's Nevada County RSVP office is now closed on Fridays, and staff hours have been reduced.

At the state level, FY 2010-11 began with the longest budget stalemate in California's history (100 days), putting tremendous stress on our service providers who could not receive their dedicated, federal funding until the budget was passed. The organizations providing in-home care for frail elders and respite care for family caregivers were forced to either reduce services or suspend services altogether for the first four months of the year.

When the state budget finally was signed on October 8th, it came as a mixed blessing because the agreement brought cuts to Medi-Cal, IHSS, MSSP, and SSI/SSP, and because it included one-time accounting maneuvers that may accentuate next year's deficit.

The fiscal year brought new leadership to the Capitol, but the results have been familiar. This spring, Governor Brown's administration canceled the federal waiver to support Adult Day Health Care (ADHC) with Medicaid (Medi-Cal) dollars, effectively ending state support of that vital program. The Governor also surprised many advocates by vetoing AB 96, which would have established a transitional program to support displaced ADHC clients.

At the local level, the city of Sacramento closed numerous community centers and further reduced hours to those remaining open, including the Ethel McLeod Hart Senior Center, the city's flagship facility for senior activities.

Remarkably, California did pass the 2011-12 budget on time. Although there are no initial reductions to critical services for older adults, the budget does contain "trigger cuts" that, if enacted, will result in further cuts to IHSS and Medi-Cal. As a cost-cutting measure, the budget agreement also eliminates the State Department of Mental Health; the remaining required functions are being transferred to the Department of Health Care Services.

The recent federal deficit reduction agreement creates serious concerns about potential funding cuts to Medicare, Social Security and the Older Americans Act, to be followed by long-term spending caps on those programs. Future federal support for RSVP, the Foster Grandparent Program and the Senior Companion Program also remains uncertain.
Legislative Highs and Lows

Advocacy is an important function of all area agencies on aging. To facilitate advocacy, Area 4’s Advisory Council was established as an independent body that has the freedom to take positions on aging issues as it sees fit. When it comes to the narrower subject of legislative advocacy, the Council relies on recommendations from its Legislative Committee.

The A4AA Legislation Committee is currently comprised of the five California Senior Legislature (CSL) members who sit on the Advisory Council (AC), five additional AC members, and two Governing Board members. The Committee generally meets each month to review the status of proposed state and federal legislation. More specifically, the members discuss: 1) bills that are being supported or opposed by A4AA, 2) CSL-sponsored bills, and 3) other bills of interest to the aging services network. The meetings are open to the public.

As usual, the 2010-11 fiscal year brought a mixture of legislative victories and defeats. Area 4 strongly supported Assembly Bill (AB) 533 which would have secured the timely receipt of our dedicated, federal Older Americans Act funds each year, regardless of whether a State budget has been passed. That bill, introduced by former A4AA Governing Board member and current Assemblywoman Mariko Yamada, stalled in the Assembly Appropriations Committee.

A second bill of great interest to Area 4 was AB 96. In March of 2011, the California Legislature approved Governor Brown’s proposal to discontinue Medical funding for Adult Day Health Care (ADHC) facilities. AB 96 would have redesigned the ADHC model and assured some continuity of services. To the surprise of many, AB 96 was vetoed by the Governor, and now the next step in the fight to preserve ADHC will take place in the courts.

On a more positive note, Area 4 was pleased to see the following four CSL-sponsored bills become law this year:
- AB 138 (Assemblymember Jim Beall) was proposed by A4AA’s own Lola Young. It requires area agencies on aging to utilize the Elder Economic Security Standard Index in their planning activities (something Area 4 has voluntarily done for several years).
- AB 332 (Assemblymember Betsy Butler) amends existing law regarding identity theft and elder abuse and prescribes penalties for violations thereof.
- AB 1090 (Assemblymember Bob Blumenfield) establishes the County Deferred Property Tax Program for Senior and Disabled Citizens.
- SB 33 (Senator Joe Simitian) amends provisions of the Elder Abuse and Dependent Adult Protection Act.
NEW ACTIVITIES

A4AA Welcomes a New Partner in Preventing Falls

On September 25, 2010 Area 4 collaborated with Kaiser Permanente to host a special, day-long program called To Fall, or Not to Fall: A Fall Prevention Community Event. The event was so successful that a 2nd Annual Event was done in 2011, and a 3rd Annual Event is being planned for 2012.

Falls represent one of the greatest threats to older adults’ ability to live independently. Since 2006, fall prevention has been a top priority at Area 4 Agency on Aging. We have developed our own prevention program (Live Strong and Safe), we have trained our contracted service providers and other professionals, and we have played a leading role in the Northern California Fall Prevention Coalition.

For all of these reasons, in 2010 we were approached by the Kaiser Permanente South Sacramento Medical Center about a potential partnership. They were very interested in prevention efforts because injuries from falls are the second leading reason patients of any age are brought to Kaiser South’s Trauma Center – second only to motor vehicle accidents.

The goal of our first Fall Prevention Community Event was to teach people how to reduce their chances of having a serious fall. The content was grounded in Area 4’s Live Strong & Safe Fall Prevention Program; therefore, it covered the four main subject areas of exercise, home modifications, medication management and nutrition. In addition to presentations from local experts, resource tables and a group walk, participants were able to assess their own fall risk by taking advantage of several free screenings. The event was held on the Kaiser South campus and was attended by 125 local seniors.

Exploring Strategies for Working Caregivers

Family members have always provided the great majority of at-home care that is received by older Americans. Today, most of these family caregivers are also in the workforce. By definition, working family caregivers have conflicting responsibilities and little time, both of which generate high levels of stress and disruptions on the job.

To help address these particular issues in a more direct way, Area 4 Agency on Aging has developed a pilot project called Strategies for Working Caregivers. The goal of this project is to empower employees to respond to personal and elder care issues more effectively and more efficiently through the provision of key resource information at the workplace.

NEW ACTIVITIES

Cont. from page 4

Thanks to the support of Supervisor Jim Provenza, in 2010 the County of Yolo agreed to partner with Area 4 on this pilot project. We also garnered support from two of our key contracted service providers in the area: Senior Link of Yolo County (a Legal Services of Northern California program offering free Title III-B Senior Information & Assistance and senior legal services) and the Yolo Adult Day Health Center (a Catholic Healthcare West program offering Title III-E caregiver case management services). In essence, A4AA simply acts as a medium between the County Human Resources Department and these local service providers, facilitating direct access to the workforce.

Through this partnership, the County of Yolo stands to benefit from increased productivity among participating workers, the service providers benefit from additional client contacts, and A4AA benefits from the ability to relay important information to over 1,000 families in our service area through the County’s internal e-mail and internet systems. Considering the minimal, indirect costs involved (in staff coordination time), the agreement is truly a win-win-win scenario for all parties involved.

On February 2, 2011, Supervisor Jim Provenza and Executive Director Deanna Lea were on hand to launch Strategies for Working Caregivers with an introductory “brown bag” session. Thirty-three County of Yolo caregivers attended the lunchtime program to learn about the project, to hear about some of the common challenges all working caregivers face, to meet the local service providers, and to connect with one another.

First Financial Fair Held in Sacramento County

A4AA presented its first Financial Survival Fair for Seniors at the Samuel C. Pannell Meadowview Community Center in South Sacramento in April 2011. The purpose was to provide seniors with financial resources to help them get through these tough economic times. About 50 participants attended the event from 8:00 a.m. to 2:30 p.m. The fair presented workshops on Budgeting and Money Management, Understanding Your Credit Report and Repairing Your Credit, Protecting Yourself From Fraud, Planning for Long Term Care, Healthy Nutrition and Stretching Your Food Dollar, Job Search Basics, and Medicare and Health Care Reform. Professionals in the community with expertise in the above subject areas led the workshops and answered attendees’ questions.

There were also 21 exhibitors, providing additional valuable community resources. Council member Bonnie Pannell presented welcoming remarks.
Transportation Ranks as a Top Need

Mobility through transportation is an essential quality-of-life issue for all older adults. Access to transportation increases feelings of independence, provides connection with the community, and links older adults to destinations that are both life-sustaining (healthcare, grocery stores) and life-enriching (social and recreational outings). Unfortunately, many older adults have limited transportation options due to physical and/or financial restrictions and are considered to be “transportation disadvantaged.”

In the 2008-09 Needs Assessment done by Area 4, transportation was found to be the #1 need by seniors in five of our seven counties. A4AA funds special transportation programs in six counties to assist “transportation disadvantaged” older adults. These contracted services are designed to meet the particular physical, psychological, and economical needs of older adults and help them remain mobile and living independently.

Several of these programs provide their riders with direct access to multiple destinations including doctors’ offices, grocery stores, businesses, senior centers, and other recreational stops. The rides may be provided by a paid driver in an agency van or by a volunteer driving their own car. These multi-purpose transportation programs are Gold Country Telecare’s Sunday Service (Nevada County), Seniors First (Placer County), Asian Community Center, Stanford Settlement, and South County Services (all Sacramento County).

Two transportation programs provide older adults with direct access to their organization’s special programming. The Asian Community Center (Sacramento County) provides older adults with access to nutritious hot lunches at its congregate nutrition sites. Yolo Adult Day Health Center (Yolo County) operates a transportation service that brings its clients to the center for caregiver support services and case management.

Finally, three programs make transportation more affordable for their clients by providing them with tickets or vouchers redeemable for transportation services offered by public transit operators. These programs are Gold Country Telecare (Nevada County), FREED Center for Independent Living (Sutter & Yuba Counties) and Yolo Adult Day Health Center (Yolo).

Area 4 extends its thanks and appreciation to the hardworking staff and volunteer drivers of the transportation service providers, who make such an important difference in the lives of the seniors they serve.
DIRECT SERVICE PROGRAMS

CarFit Helps Mature Drivers

CarFit is a hands-on program to check how adults fit safely in their car. A4AA’s trained staff (CarFit technicians) go through a 12-point checklist with older drivers as they are seated in their vehicles. Such items as seat belt placement, rear view and side mirror settings, body to steering wheel distance, neck restraint position, and correct use of car devices are included in the 20-minute session. An occupational therapist is also on hand to offer possible adaptations for seniors with physical disabilities to increase their driving safety.

In 2010-11, Area 4 held three CarFit events. On October 13, 2010, Samuel C. Pannell Meadowview Community Center hosted the program where 28 drivers were screened. A week later, Eskaton co-sponsored the event in Fair Oaks with 15 drivers attending. In May, A4AA repeated the program at Carmichael’s Mission Oaks Community Center where 32 seniors drove away with a greater awareness of what they can do to be safer in their cars.

Thank you to the co-sponsors and volunteers who assisted Area 4 staff at the CarFit events. A special acknowledgement is given to Eskaton, which played an active role in both the Fair Oaks and Carmichael CarFit activities.

HelpLine Links Seniors to Services and Much More

HelpLine Senior Information and Assistance (I&A) Program in Nevada County provides help in linking individuals to community services. A direct service of A4AA, HelpLine staff and ten volunteers answer health service and social service questions, conduct an assessment of need, provide in-depth assistance, make referrals to services, and do follow-up calls. During 2010-11, the program received 3,862 calls from 2,462 unduplicated seniors.

HelpLine also assists seniors by scheduling appointments for the Health Insurance Counseling and Advocacy Program (HICAP), the AARP Tax Aide, and for Premier West Bank which helps seniors with balancing checkbooks, paying bills, and more.

Helping seniors with online applications is another free service that the I&A program offers. In conjunction with HICAP, HelpLine does online enrollments for the Medicare Part D Subsidy Program which can save eligible seniors up to $4,000 in prescription costs, lower co-payments, and has no gap in coverage.

FINANCIAL MANAGEMENT

A 4AA administered almost $9.5 million in revenues for the year to fund senior services in seven counties. The Agency receives federal, state, and county funding. Grants and contributions are also received from organizations, private donors, and fundraising activities. 4AA conducts fiscal monitoring and requires annual independent audits of its subcontractors. The Agency also engages a CPA firm to audit its financial operations and has qualified as a low-risk auditee for the past six years.

HelpLine’s Telephone Reassurance Program benefits seniors who live alone. Staff and volunteers offer reassurance to older adults that someone will be checking on them on a regular basis. In FY 2010-11, 1,671 telephone reassurance calls were made to 145 unduplicated clients.

In a community collaboration, A4AA’s HelpLine Program and 2-1-1 Nevada County partnered with FREED Center for Independent Living and other agencies to implement an Aging and Disability Resource Connection (ADRC). This provides consumer-centered “No Wrong Door” access into the long-term support services system. The goal is to streamline access to information and services for seniors and persons with disabilities in a comprehensive, compassionate, and cost effective manner.

**Senior Employment Program Sees 50% Growth in New Clients**

The Senior Employment Program (SEP) was implemented in 2003 and continues to meet the goal of assisting seniors to find employment. The program experienced a record 50% growth in new clients from FY 2009-10 to FY 2010-11. This growth is attributed to expanded outreach and marketing efforts by the SEP staff along with more seniors looking for work to supplement dwindling retirement accounts, increased costs of living, and lower home values.

Older workers are the fastest growing segment of the U.S. workforce. The Senior Employment Program offers intensive job search preparation and support to seniors facing unprecedented challenges in today’s job market. Individuals enrolled in the SEP program orientation learn how to write an effective résumé and cover letter, how to navigate job search and computer application processes, and they learn valuable guidelines for interviewing. After orientation, seniors receive personalized job search assistance and support.

The top 5 job titles for newly employed seniors were administrative assistant, clerical assistant, customer service representative, caregiver, and driver. Recently the SEP program was awarded a small grant from the United Auburn Indian Community to provide “Tech Talk” workshops to seniors in Placer County. The four senior-friendly classes exposed participants to the benefits of computer technology and included hands-on elements covering e-mailing, navigating the internet, understanding social media, and cell phone usage.

TITLE 14. Fish and Game Commission
Notice of Proposed Emergency Changes in Regulations

NOTICE IS HEREBY GIVEN that the Fish and Game Commission (Commission), pursuant to the authority vested by sections 200, 202, 205, 210, 220, 240, 5521 and 7149.8 of the Fish and Game Code (FGC) and to implement, interpret or make specific sections 200, 202, 205, 220, 5521, 7145 and 7149.8 of said Code, re-adopted Section 29.15, Title 14, California Code of Regulations (CCR), relating to the recreational take of abalone. The objective of this re-adoption is to repeal the closure of the abalone fishery along Sonoma County before April 1, 2012, the historic opening day of the abalone fishery.

Informative Digest/Policy Statement Overview

Existing Laws and Regulations directly related to the proposed action
Under existing regulations (Section 29.15, Title 14, CCR), red abalone may only be taken for recreational purposes north of a line drawn due west magnetic from the center of the mouth of San Francisco Bay. Current regulations also specify: season, hours, daily limits, special gear provisions, measuring devices, abalone report card requirements, and sizes. There are no existing comparable federal regulations or statutes.

Effect of the Regulatory Action
The proposed emergency regulations will prohibit the take of abalone along the coast of Sonoma County until March 30, 2012.

Policy Statement Overview
The Department of Fish and Game (DFG) has confirmed a significant die-off of red abalone along the coast of Sonoma County. The cause has been determined to be an unusual red-tide event that occurred during late August and early September, 2011, although the specific mechanism that is responsible for the abalone mortality is still under investigation. Fishery regulations currently in place were not designed to provide conservation safeguards for this unexpectedly large increase in natural mortality. Furthermore, surviving abalone may have an intrinsic resistance to the underlying cause of this mortality, and it is therefore necessary to provide additional protection at this time so that the surviving animals will have an increased opportunity to reproduce and rebuild the population with potentially resistant offspring. Consequently, the Commission determined that abalone fishing must be closed along Sonoma County to protect the abalone resource.

Section 240 Finding
Pursuant to the authority vested in it by FGC Section 240 and for the reasons set forth in the attached “Statement of Emergency Action,” the Commission expressly finds that the adoption of this regulation is necessary for the immediate conservation, preservation, or protection of fish and wildlife resources. The Commission specifically finds that the adoption of this regulation is necessary for the immediate conservation, preservation, or protection of the abalone resource.
Public Comments on Proposed Emergency Regulations

Government Code section 11346.1(a)(2) requires that, at least five working days prior to submission of the proposed emergency action to the Office of Administrative Law, the adopting agency provide a notice of the proposed emergency action to every person who has filed a request for notice of regulatory action with the agency. After submission of the proposed emergency to the Office of Administrative Law, the Office of Administrative Law shall allow interested persons five calendar days to submit comments on the proposed emergency regulations as set forth in Government Code section 11349.6.

In order to be considered, public comments on proposed emergency regulations must be submitted in writing to the Office of Administrative Law (OAL), 300 Capitol Mall, Room 1250, Sacramento, CA 95814; AND to the Fish and Game Commission, 1416 Ninth Street, Room 1320, Sacramento, CA 95814, or via fax to (916) 653-5040 or via e-mail to fgc@fgc.ca.gov. Comments must identify the emergency topic and may address the finding of emergency, the standards set forth in sections 11346.1 and 11349.1 of the Government Code and Section 240 of the Fish and Game Code. Comments must be received within five calendar days of filing of the emergency regulations. Please refer to OAL’s website (www.oal.ca.gov) to determine the date on which the regulations are filed with OAL.

Impact of Regulatory Action

The potential for significant statewide adverse economic impacts that might result from the emergency regulatory action has been assessed, and the following determinations relative to the required statutory categories have been made:

(a) Costs/Savings in Federal Funding to the State:

The Commission has determined that the amendment of Section 29.15, Title 14, of the California Code of Regulations (CCR), as an emergency regulation will not result in costs or savings in federal funding to the State.

(b) Nondiscretionary Costs/Savings to Local Agencies:

The Commission has determined that amendment of Section 29.15, Title 14, CCR, as an emergency regulation will not result in any costs or savings to local agencies.

(c) Programs Mandated on Local Agencies or School Districts:

The Commission has determined that the amendment of Section 29.15, Title 14, CCR, as an emergency regulation does not impose a mandate on local agencies or school districts.

(d) Costs Imposed on Any Local Agency or School District that is Required to be Reimbursed Under Part 7 (commencing with Section 17500) of Division 4, Government Code; and

(e) Effect on Housing Costs:
(e) **Effect on Housing Costs:**

The Commission has determined that the amendment of Section 29.15, Title 14, CCR as an emergency regulation will not result in any cost to any local agency or school district for which Government Code sections 17500 through 17630 require reimbursement and will not affect housing costs.

(f) **Costs or Savings to State Agencies**

The Commission has determined that amendment of Section 29.15, Title 14, CCR as an emergency regulation will not change any cost or savings to state agencies.

**Effect on Small Business**

It has been determined that the adoption of these regulations may affect small business. The Commission has drafted the regulations in Plain English pursuant to Government Code sections 11342.580 and 11346.2(a)(1).

**Consideration of Alternatives**

In view of information currently possessed, no reasonable alternative considered would be more effective in carrying out the purposes for which the regulation is proposed, would be as effective and less burdensome to affected private persons than the proposed regulation, or would be more cost-effective to the affected private persons and equally effective in implementing the statutory policy or other provision of law.

STATEMENT OF EMERGENCY ACTION
FOR RE-ADOPTION OF EMERGENCY REGULATIONS

Emergency Action to Re-adopt Subdivision (a) of Section 29.15, Title 14, CCR, Re: Abalone

I. Request for Approval of Re-adoption of Emergency Regulation

The Fish and Game Commission (Commission) requests to re-adopt the amendment to subdivision (a) of Section 29.15, Title 14, California Code of Regulations (CCR) [Office of Administrative Law (OAL) file number 2011-0927-02 E] without modification, and to repeal the emergency changes on March 31 2012. The Findings of Emergency for this file (Attachment A), which contain the following information: Statement/Finding of Emergency; Authority and Reference Citations; Informative Digest; Fiscal Impact Statement; and Standard Form 399 are incorporated by reference.

The abalone fishery is normally open during the months of April, May, June, August, September, October and November in all areas north of a line drawn due west from the center of San Francisco Bay; however, a recent rulemaking (OAL file number 2011-1219-08S) closed the Fort Ross area to the take of abalone for the months of April and May. The objective of this re-adopt is to repeal the closure of the abalone fishery along Sonoma County before April 1, 2012, the historic opening day of the abalone fishery.

II. Emergency Regulation in Effect to Date

On September 15, 2011, the Commission adopted an emergency regulation to close the abalone fishery along the Sonoma County coast in response to a large scale die off of the species along the Sonoma County coast caused by an unusual red tide event. (Cal. Reg. Notice Register 2011, No. 41-Z, p. 1687 (October 14, 2011)). The emergency regulation was approved by OAL and became effective on October 4, 2011. Pursuant to Government Code (GC) sections 11346.1(e) and (h), emergency regulations are effective for 180 days. OAL may approve two re-adoptions, each for a period not to exceed ninety days. In the absence of re-adoption, the current emergency regulation will expire on April 3, 2012.

III. Statement of Emergency

The Commission has prepared this Emergency Action Statement under the Administrative Procedure Act (APA) (Gov. Code, § 11340 et seq.) in connection with its request to OAL to approve the re-adoption of the amendment to subdivision (a) of Section 29.15, Title 14, CCR. The Commission’s adoption, and requested re-adoption, of subdivision (a) of Section 29.15, Title 14, CCR, as an
emergency action under the APA is based, in part, on authority provided by FGC section 240.

As set forth above, the Commission found that the amendment of subdivision (a) of Section 29.15, Title 14, CCR, pursuant to FGC section 240 constituted a necessary emergency action by the Commission under the APA. However, the emergency circumstances that necessitated the amendment have ended and the Commission finds that reopening the abalone fishery on the historic opening date is appropriate.

A Harmful Algal Bloom (HAB) also known as a “Red Tide” was documented along the Sonoma County coast coincident with a large die off of invertebrates in late August 2011. Most phytoplankton (microalgae) blooms are harmless but in some cases the algal species can produce toxins thus creating a HAB event. The nearshore phytoplankton bloom extended from approximately Bodega Bay north to Anchor Bay. The invertebrates affected by the bloom were reported from many taxa including mollusks (including abalone), echinoderms (i.e. sea urchins) and crustacean but fish deaths were not observed. By October the bloom had run its course and was no longer contributing to increased invertebrate mortality.

Water samples collected during the bloom revealed a number of phytoplankton species with the most abundant being the dinoflagellate, *Gonyaulax spinifera*. Standard tests for Paralytic Shellfish Poisoning and Domoic Acid biotoxins were negative during the bloom. Tests of tissue samples from dead abalone showed trace quantities of Yessotoxin, which can be produced by this *Gonyaulax* species. Little is known about the potential of this class of toxins to cause invertebrate mortality therefore other causes have not been ruled out.

Surveys of abalone and sea urchin populations conducted immediately after the HAB event along the Sonoma coast revealed significant mortality levels. Survey results were provided to Commission which lead it to approve the emergency closure of the red abalone fishery in Sonoma County for the remainder of the season (OAL File number 2011-0927-02 E).

This type of dinoflagellate has a complex life cycle with a resting cyst stage. The concern about these dormant cysts is that they may re-bloom at some time in the future when ocean conditions are optimal. A re-bloom of this toxic dinoflagellate could again cause invertebrate mortality in northern California. More work is being conducted to determine the long term impacts as well as the causes of this significant and novel abalone and sea urchin mortality event.
IV. Re-adoption Criteria

1) Same or Substantially Equivalent

Pursuant to GC section 11346.1(h), the text of a re-adopted regulation must be the "same or substantially equivalent" to the text of the original emergency regulation. The proposed language for the re-adopted regulatory amendment is substantially the same as the language of the original emergency regulation. A sentence will be added to the regulatory text which specifies that the special closure is in effect from October 4, 2011 through March 30, 2012, and is repealed on March 31, 2012. As the regulatory text is substantially the same as the original emergency regulation, this requirement has been met.

(2) Substantial Progress

GC section 11346.1(h) specifies that the emergency rulemaking agency must demonstrate that it is making "substantial progress and has proceeded with due diligence" to comply with the standard rulemaking provisions. The Commission has not technically complied with this requirement because a standard rulemaking is not necessary in this particular circumstance. More work is being conducted to determine the long term impacts as well as the causes of the mortality event; however, the emergency circumstances that necessitated the original emergency regulation have ended and the Commission finds that reopening the abalone fishery on the historic opening date is appropriate in that the current season, minimum size limit, daily bag limit and yearly trip limit are sufficient to maintain a sustainable fishery.
FISH AND GAME COMMISSION
STATEMENT OF EMERGENCY ACTION

Emergency Action to Re-adopt Amendments to Section 29.15, Title 14, CCR,
Re: Abalone

I. INTRODUCTION

The Fish and Game Commission ("Commission") as established by the Constitution of the State of California has exclusive statutory authority to manage abalone (Fish and Game Code Section 5520). Pursuant to Fish and Game Code 240, if the Commission is made aware of a situation where the immediate conservation, preservation, or protection of birds, mammals, reptiles, or fish (abalone) requires the adoption or repeal of a regulation (pursuant to Section 11346.1 of the Gov. code), it may do so after at least one hearing where such a finding can be made.

On September 9, 2011, the Commission was briefed by Department of Fish and Game (DFG) staff as to the potential impacts of an apparent large scale death of abalone along the Sonoma County coast during the last part of August 2011. The event appears to have been caused by a red tide event that produced toxins or deleted oxygen, killing a significant portion of the population.

The scope of the potential impact was not determined until after the deadline for publishing the notice for the September 2011 commission meeting. This combined with the necessity to protect the resource activates the authority for an abbreviated notice requirement under 11125.3 (a)(1) of the Gov. Code.

On September 15, 2011, the Commission determined that abalone fishery must be closed along Sonoma county to protect the sustainability of the species. The Commission has prepared this Emergency Action Statement under the Administrative Procedure Act (APA) (Gov. Code, § 11340 et seq.) in connection with its subsequent amendment of section 29.15 of Title 14 of the California Code of Regulations.

Closing Sonoma County to the take of abalone constitutes a necessary emergency action by the Commission under the APA. In the absence of this emergency regulation, take would continue on populations that may no longer be able to sustain a fishery and could harm future recovery. The Commission finds it is imperative to protect the surviving abalone until a more thorough assessment of the impacts can be completed. This situation constitutes an emergency under Fish and Game Code section 240 and the APA requiring immediate action.
II. BACKGROUND

The Department issued a press release on September 12, 2011 detailing the situation:

Closure of Abalone Fishery Under Consideration

The California Fish and Game Commission will consider emergency action on Thursday, Sept. 15 to possibly close the abalone fishery along the northern California coast. This action is being considered in the wake of confirmed reports of dead red abalone and other invertebrates on beaches and inside coves along the coast in Sonoma County.

The Department of Fish and Game (DFG) is currently attempting to assess the impact of the situation and will provide the Commission with information at this Thursday's meeting. Based on the DFG’s report, the Commission may take emergency action to close the abalone season along all or parts of the Sonoma coast.

There was an abalone die-off along the Sonoma coast beginning Aug. 27 as a result of a red tide-induced poisoning and/or lack of oxygen. According to DFG biologists, these abalone deaths coincided with a local red tide bloom and calm ocean conditions. Although the exact reasons for the abalone deaths are not known, invertebrate die-offs have occurred in the past along the northern California coast when similar weather and bloom conditions existed.

The number of dead and dying abalone is not known but DFG divers are assessing the damage this week via underwater transect surveys. Reports of dead abalone and a variety of invertebrates have come from Bodega Bay, Russian Gulch, Fort Ross, Timber Cove and Salt Point State Park. Other DFG biologists and game wardens have collected abalone, mussels and water samples since the beginning and are continuing to document reports from the public.

Abalone fishermen are advised to contact a physician immediately if they feel sick, and to report symptoms to the local county health department (www.sonoma-county.org/health/about/publichealth.asp). The latest red tide updates from the California Department of Public Health are also posted online at www.cdph.ca.gov/programs/Pages/DDWEM.aspx.

III. FACTS CONSTITUTING THE NEED FOR EMERGENCY ACTION

The APA defines an “emergency” to mean “a situation that calls for immediate action to avoid serious harm to the public peace, health, safety, or general welfare.” (Id. § 11342.545.) To make a finding of emergency, the agency must describe the specific facts supported by substantial evidence that demonstrate the existence of an emergency and the need for immediate adoption of the proposed regulation. (Id., § 11346.1, subd. (b)(2).) Some of the factors an agency may consider in determining whether an emergency exists include: (1) the magnitude of the potential harm, (2) the existence of a crisis situation, (3) the immediacy of the need, i.e., whether there is a substantial likelihood that serious harm will be experienced unless immediate action is taken, and (4) whether the anticipation of harm has a basis firmer than simple speculation. DFG field surveys in recent days have provided preliminary data that show the level of mortality from this event is significant, and it is clear that fishery regulations currently in place were not anticipated to provide conservation safeguards for this unexpected increase in natural mortality. Furthermore, surviving animals may have an intrinsic resistance to the underlying cause of this mortality, and it is therefore necessary to provide additional protection at this time so that the surviving animals will have an increased opportunity to reproduce and rebuild the population.

The Commission has considered all of these factors and the definition of an emergency provided in the APA, as well as pertinent authority in Fish and Game Code section 240. Under this latter authority, notwithstanding any other provision of the Fish and Game Code, the Commission may adopt an emergency regulation where doing so is necessary for the immediate conservation, preservation, or protection of fish and wildlife resources, or for the immediate preservation of the general welfare. The Commission finds that such necessity exists in the present case.

IV. Express Finding of Emergency

Pursuant to the authority vested in the Commission by Fish and Game Code section 240, and for the reasons set forth above, the Commission expressly finds that the amendment of this regulation is necessary for the immediate conservation, preservation, or protection of the abalone resource.
V. Authority and Reference Citations

Authority: FGC sections 200, 202, 205, 210, 220, 240, 5521 and 7149.8.

VI. Informative Digest

Existing Laws and Regulations directly related to the proposed action
Under existing regulations (Section 29.15, Title 14, CCR), red abalone may only
be taken for recreational purposes north of a line drawn due west magnetic from
the center of the mouth of San Francisco Bay. Current regulations also specify:
season, hours, daily limits, special gear provisions, measuring devices, abalone
report card requirements, and sizes. There are no existing comparable federal
regulations or statutes.

Effect of the Regulatory Action
The proposed emergency regulations will prohibit the take of abalone along the
cost of Sonoma County until March 30, 2012.

Policy Statement Overview
DFG has confirmed a significant die-off of red abalone along the coast of
Sonoma County. The cause has been determined to be an unusual red-tide
event that occurred during late August and early September, 2011, although the
specific mechanism that is responsible for the abalone mortality is still under
investigation. Fishery regulations currently in place were not designed to provide
conservation safeguards for this unexpectedly large increase in natural mortality.
Furthermore, surviving abalone may have an intrinsic resistance to the
underlying cause of this mortality, and it is therefore necessary to provide
additional protection at this time so that the surviving animals will have an
increased opportunity to reproduce and rebuild the population with potentially
resistant offspring. Consequently, the Commission determined that abalone
fishing must be closed along Sonoma County to protect the abalone resource.

Benefits of the Regulation
The original emergency regulation closed the recreational abalone season along
the Sonoma County coast in response to a die-off as a result of an unusual red-
tide event. The closure was intended to last through the remainder of the 2011
season. Repealing the special closure prior to the historic opening day of the
abalone season allows for appropriate utilization of the abalone resource.

VII. Specific Agency Statutory Requirements

The Commission has complied with the special statutory requirements governing
the adoption of emergency regulations pursuant to Fish and Game Code
section 240. The Commission held a public hearing on this regulation on
September 15, 2011, and the above finding that this regulation is necessary for the immediate conservation, preservation, or protection of fish and wildlife resources meets the requirements of section 240.

VIII. Impact of Regulatory Action

The potential for significant statewide adverse economic impacts that might result from the emergency regulatory action has been assessed, and the following determinations relative to the required statutory categories have been made:

(a) Costs/Savings in Federal Funding to the State:

The Commission has determined that the amendment of Section 29.15, Title 14, of the California Code of Regulations (CCR), as an emergency regulation will not result in costs or savings in federal funding to the State.

(b) Nondiscretionary Costs/Savings to Local Agencies:

The Commission has determined that amendment of Section 29.15, Title 14, CCR, as an emergency regulation will not result in any costs or savings to local agencies.

(c) Programs Mandated on Local Agencies or School Districts:

The Commission has determined that the amendment of Section 29.15, Title 14, CCR, as an emergency regulation does not impose a mandate on local agencies or school districts.

(d) Costs Imposed on Any Local Agency or School District that is Required to be Reimbursed Under Part 7 (commencing with Section 17500) of Division 4, Government Code; and

(e) Effect on Housing Costs:

The Commission has determined that the amendment of Section 29.15, Title 14, CCR as an emergency regulation will not result in any cost to any local agency or school district for which Government Code sections 17500 through 17630 require reimbursement and will not affect housing costs.

(f) Costs or Savings to State Agencies

The Commission has determined that amendment of Section 29.15, Title 14, CCR as an emergency regulation will not change any cost or savings to state agencies.

TITLE 14. Fish and Game Commission
Notice of Proposed Changes in Regulations

NOTICE IS HEREBY GIVEN that the Fish and Game Commission (Commission), pursuant to the authority vested by sections 200, 202, 205, 220, 240, 316.5 and 2084 of the Fish and Game Code and to implement, interpret or make specific sections 200, 202, 205, 316.5 and 2084 of said Code, proposes to amend Section 27.80, Title 14, California Code of Regulations, relating to ocean salmon sport fishing after April 30, 2012.

Informative Digest/Policy Statement Overview

The Pacific Fishery Management Council (PFMC) coordinates west coast management of recreational and commercial ocean salmon fisheries in the Federal fishery management zone (three to 200 miles offshore) off Washington, Oregon and California. The annual PFMC ocean salmon regulation recommendations are subsequently implemented in federal regulation by the National Marine Fisheries Service (NMFS) by May 1 of each year.

The Fish and Game Commission (Commission) adopts regulations for the ocean salmon recreational fishery in State waters (zero to three miles offshore) which are consistent with these Federal fishery management goals and regulations each year.

PFMC Regulatory Outlook

On March 7, 2012, the PFMC will propose a suite of ocean salmon fishery regulatory options. These options will go out for public review and the final PFMC recommendations for federal waters will be made on April 6, 2012. The federal regulations will go into effect on or after May 1, 2012 and may include:

1. the minimum size of salmon that may be retained;
2. the number of rods anglers may use (e.g., one, two, or unlimited);
3. the type of bait and/or terminal gear that may be used (e.g., amount of weight, hook type, and type of bait or no bait);
4. the number of salmon that may be retained per angler-day or period of days;
5. the definition of catch limits to allow for combined boat limits versus individual angler limits;
6. the allowable fishing dates and areas; and
7. the overall number of salmon that may be harvested, by species and area.

Commission Regulatory Outlook

Although there are no PFMC regulatory options to consider until March, the 2012 ocean salmon sport regulations could range from no fishing in all areas off California to limited salmon fishing for varied areas and dates to be determined between May 1, 2012 and November 11, 2012.

Present Regulations

Current regulations authorized recreational ocean salmon fishing north of Horse Mountain including Humboldt Bay from May 14 to September 5, 2011. Between Horse Mountain and
Pigeon Point, fishing was authorized from April 2 to October 30, 2011. All areas south of Pigeon Point had an ocean salmon recreational fishing season from April 2 to September 18, 2011. For all areas in 2011, the bag limit was two fish per day (all species except coho) and the minimum size limit was 24 inches total length. All recreational fishing for ocean salmon is currently closed until further action by the PFMC and/or the Commission.

The ocean salmon sport fishing regulations for April 1-30, 2012 are being considered in a separate rulemaking package, as described in OAL Notice No. Z-2011-1227-03.

**Proposed Regulations**

For public notice purposes and to facilitate Commission discussion, the Department is proposing three regulatory options which encompass all possible actions that would, or would not allow for salmon fishing on or after May 1 in various areas of California for Commission consideration:

**Option 1 – Varied season dates and regulations in all areas**

The date ranges in the following areas are proposed to encapsulate all possibilities that might be considered for Federal ocean salmon regulations in effect on or after May 1, 2012. This approach will allow final State ocean salmon recreational fishing regulations to conform to those in effect in federal ocean waters.

1. For the all waters of the ocean north of Horse Mountain and in Humboldt Bay: The season, if any, may occur within the range of May 15 through September 15, 2012.

2. For the area between Horse Mountain and Point Arena: The season, if any, may occur within the range of May 1 to November 11, 2012.

3. For the area between Point Arena and Pigeon Point: The season, if any, may occur within the range of May 1 to November 11, 2012.

4. For the area between Pigeon Point and Point Sur: The season, if any, may occur within the range of May 1 to October 7, 2012.

5. For the areas south of Point Sur: The season, if any, may occur within the range of May 1 to October 7, 2012.

For all areas, the proposed bag limit will be from one to two fish and the proposed minimum size will be from 20 to 26 inches total length. The exact opening and closing dates, along with bag limit, minimum size, and days of the week open will be determined in April and may be different for each sub-area.

**Option 2 - No fishing in all areas**

If adopted, the regulatory text of Option 2 would specifically establish 2012 closed areas.

**Option 3 - A possible combination of Option 1 and 2 may be developed after more information is available from the NMFS and PFMC.**

This may include different opening and closing dates, bag limits, size limits, days of the week open and periodic closures among areas.
The benefits of the proposed regulations are concurrence with Federal law, sustainable management of ocean salmon resources, and promotion of businesses that rely on recreational ocean salmon fishing.

The Commission does not anticipate non-monetary benefits to the protection of public health and safety, worker safety, the prevention of discrimination, the promotion of fairness or social equity and the increase in openness and transparency in business and government.

The proposed regulations are neither inconsistent nor incompatible with existing state regulations.

NOTICE IS GIVEN that any person interested may present statements, orally or in writing, relevant to this action at a hearing to be held in the Mission Inn Hotel, 3649 Mission Inn Avenue, Riverside, California, on Wednesday, March 7, 2012 at 8:30 a.m., or as soon thereafter as the matter may be heard.

NOTICE IS ALSO GIVEN that any person interested may present statements, orally or in writing, relevant to this action at a hearing to be held in the Red Lion Hotel, 1929 4th Street, Eureka, California, on Wednesday, April 11, 2012, at 8:30 a.m., or as soon thereafter as the matter may be heard. It is requested, but not required, that written comments be submitted on or before April 6, 2012 at the address given below, or by fax at (916) 653-5040, or by e-mail to FGC@fgc.ca.gov. Written comments mailed, faxed or e-mailed to the Commission office, must be received before 5:00 p.m. on April 9, 2012. All comments must be received no later than April 11, 2012, at the hearing in Eureka, CA. If you would like copies of any modifications to this proposal, please include your name and mailing address.

The regulations as proposed in strikeout-underline format, as well as an initial statement of reasons, including environmental considerations and all information upon which the proposal is based (rulemaking file), are on file and available for public review from the agency representative, Sonke Mastrup, Executive Director, Fish and Game Commission, 1416 Ninth Street, Box 944209, Sacramento, California 94244-2090, phone (916) 653-4899. Please direct requests for the above mentioned documents and inquiries concerning the regulatory process to Sonke Mastrup or Sherrie Fonbuena at the preceding address or phone number. Ms. Marija Vojkovich, Regional Manager, Marine Region, Department of Fish and Game, telephone (805) 588-1246, has been designated to respond to questions on the substance of the proposed regulations. Copies of the Initial Statement of Reasons, including the regulatory language, may be obtained from the address above. Notice of the proposed action shall be posted on the Fish and Game Commission website at http://www.fgc.ca.gov.

Availability of Modified Text

If the regulations adopted by the Commission differ from but are sufficiently related to the action proposed, they will be available to the public for at least 15 days prior to the date of adoption. Circumstances beyond the control of the Commission (e.g., timing of Federal regulation adoption, timing of resource data collection, timelines do not allow, etc.) or changes made to be responsive to public recommendation and comments during the regulatory process may preclude full compliance with the 15-day comment period, and the Commission will exercise its powers under Section 202 of the Fish and Game Code. Regulations adopted pursuant to this section are not subject to the time periods for adoption, amendment or repeal of regulations prescribed in Sections 11343.4, 11346.4 and 11346.8 of the Government Code. Any person
interested may obtain a copy of said regulations prior to the date of adoption by contacting the agency representative named herein.

If the regulatory proposal is adopted, the final statement of reasons may be obtained from the address above when it has been received from the agency program staff.

**Impact of Regulatory Action**

The potential for significant statewide adverse economic impacts that might result from the proposed regulatory action has been assessed, and the following initial determinations relative to the required statutory categories have been made:

(a) **Significant Statewide Adverse Economic Impact Directly Affecting Businesses, Including the Ability of California Businesses to Compete with Businesses in Other States:**

The proposed action will not have a significant statewide adverse economic impact directly affecting business, including the ability of California businesses to compete with businesses in other states. The proposed changes are necessary for the continued preservation of the resource and therefore the prevention of adverse economic impacts.

(b) **Impact on the Creation or Elimination of Jobs Within the State, the Creation of New Businesses or the Elimination of Existing Businesses, or the Expansion of Businesses in California; Benefits of the Regulation to the Health and Welfare of California Residents, Worker Safety, and the State’s Environment:**

The Commission does not anticipate any impacts on the creation or elimination of jobs, the creation of new business, the elimination of existing businesses or the expansion of businesses in California. The proposed regulations range from no salmon fishing in 2012 to a normal ocean salmon season; therefore, the potential impacts range from 0 to 1,400 jobs depending on which option is ultimately adopted by the Commission. The impacted businesses are generally small businesses employing few individuals and, like all small businesses, are subject to failure for a variety of causes. Additionally, the long-term intent of the proposed action is to increase sustainability in fishable salmon stocks and, subsequently, the promotion and long-term viability of these same small businesses.

The Commission anticipates benefits to the health and welfare of California residents. Providing opportunities for an ocean salmon sport fishery encourages consumption of a nutritious food.

The Commission does not anticipate any non-monetary benefits to worker safety.

The Commission anticipates benefits to the environment by the sustainable management of California’s ocean salmon resources.

(c) **Cost Impacts on a Representative Private Person or Business:**

The agency is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.
(d) Costs or Savings to State Agencies or Costs/Savings in Federal Funding to the State:
None.

(e) Nondiscretionary Costs/Savings to Local Agencies:
None.

(f) Programs Mandated on Local Agencies or School Districts:
None.

(g) Costs Imposed on Any Local Agency or School District that is Required to be Reimbursed Under Part 7 (commencing with Section 17500) of Division 4, Government Code:
None.

(h) Effect on Housing Costs:
None.

Effect on Small Business

It has been determined that the adoption of these regulations may affect small business. The Commission has drafted the regulations in Plain English pursuant to Government Code sections 11342.580 and 11346.2(a)(1).

Consideration of Alternatives

The Commission must determine that no reasonable alternative considered by the Commission, or that has otherwise been identified and brought to the attention of the Commission, would be more effective in carrying out the purpose for which the action is proposed, would be as effective and less burdensome to affected private persons than the proposed action, or would be more cost-effective to the affected private persons and equally effective in implementing the statutory policy or other provision of law.

Subject: Resignation from the Yuba County Fish and Game Advisory Commission  

Due to other commitments, of far greater consequence, I find myself unable to devote the personal time necessary to adequately fulfill the duties of a Commissioner on the Yuba County Fish and Game Advisory Commission. Therefore, I must submit my resignation, as of this date.

However, I do understand that Mr. Dale Whitmore has a request for a Commission appointment. My Commission appointment was an “at Large” position, so Dale would be eligible. I have known Mr. Whitmore for over 20 years, his integrity is without question and his knowledge of Fish and Game activities in Yuba County are extensive. I highly recommend his appointment to the Yuba County Fish and Game Advisory Commission.

I wish to thank the Yuba County Board of Supervisors for the support they have given the Commission during my tenure.

Respectfully submitted;

Subject: Medical Marijuana Cultivation Ordinance

Recommendation:

Adopt the attached Ordinance creating Chapter 7.40, Medical Marijuana Cultivation Ordinance.

Background:

In 1996, the voters of the State of California approved Proposition 215, “The Compassionate Use Act”. In 2004, the State enacted SB 420 to clarify the scope of The Compassionate Use Act. As a result of these statewide approvals, there has been an exponential growth in recent years of residents in Yuba County cultivating medical marijuana. This increase has created the need for the County to take action to reduce conditions that create public nuisances through enacting regulations governing the number and location of marijuana plants cultivated by qualified patients and their caregivers within the County’s jurisdiction.

Discussion:

Subsequent to the Board’s December 13, 2011 workshop on this subject, CDSA, the Sheriff’s Office, the District Attorney and County Counsel took the public input and Board direction obtained at the workshop and reviewed how other jurisdictions throughout the State are handling this issue, along with review of recent court actions and federal law enforcement actions, and created the attached Ordinance, Chapter 7.40 for the Board’s consideration.

Chapter 7.40 establishes limitations on the location and quantity of medical marijuana being cultivated and declares a public nuisance when the limitations are exceeded. Chapter 7.40 declares it to be a public nuisance when any of the following exist:

- Any person owning, leasing, occupying or having charge or possession of any parcel of land within the unincorporated area of the County to cause or allow such parcel of land to be used for the cultivation of marijuana in violation of the provisions contained herein or any provisions set forth in Division 10 of the California Health and Safety Code.
- The outdoor cultivation of marijuana on any parcel less than one (1) acre in size.
- The indoor or outdoor cultivation of marijuana on a parcel that does not have an active legally established residence in conformance with the Yuba County Ordinance Code.
• The cultivation of marijuana on a parcel by anyone other than a qualified patient or a primary caregiver who occupies the parcel as their primary place of residence.
• Marijuana plants visible from public view.
• Marijuana plants not reasonably secured in a manner to keep out of reach of children.
• The improper use, storage and/or disposal (per the manufacturer’s instructions and/or any law that governs same) of chemicals, fertilizers, gas products (CO2, butane, etc.) or any other products or equipment associated with the cultivation of marijuana.

Chapter 7.40 also provides exemptions to the ordinance for the following circumstances:

• 6 or less plants cultivated within a legally constructed/permitted residence on any size parcel will not be considered a public nuisance so long as:
  o The area of cultivation is not located within the kitchen and the dwelling has one operable bathroom,
  o The cultivation is screened from public view and secured in a manner to keep it out of reach of children,
  o The residence has not been altered for the cultivation in a way that creates a fire-life-safety hazard, and
  o The cultivation is performed by the qualified patient or primary care giver who resides in the residence.
• In addition to the 6 plants cultivated within a residence:
  o No additional plants on parcels less than 1 acre in size.
  o On parcels between 1 acre and 2.5 acres in size, 6 additional plants. The plants may be grown indoors and/or outdoors so long as:
    ▪ Indoor plants are grown in a properly constructed and permitted structure, screened from public view and secured to keep out of reach of children, with no more than 6 plants total grown within the inhabited portion of a residence.
    ▪ Outdoor plants are in a secure fenced area, screened from public view, at least 50’ from another residence, and at least 1,000 feet from youth areas.
  o On Parcels larger than 2.5 acres but not greater than 20 acres in size, 12 additional plants. The plants may be grown indoors and/or outdoors so long as:

GENERAL PROVISIONS

7.40.100 Authority
Pursuant to authority granted by Article XI Section 7 of the California Constitution, Section 11362.83(c) of the California Health and Safety Code and Section 25845 of the California Government Code, the Yuba County Board of Supervisors does hereby enact this Chapter.

7.40.110 Purpose & Intent
The purpose and intent in adopting this Chapter is to acknowledge State law as it relates to medical marijuana and to reduce conditions that create public nuisances through enacting these regulations governing the number and location of marijuana plants cultivated by qualified patients and their caregivers within the Board’s jurisdictional limits.

7.40.120 Findings
a. The Federal Controlled Substances Act, 21 U.S.C. §§ 801 et seq., classifies marijuana as a Schedule I Drug, which is defined as a drug or other substance that has a high potential for abuse, that has no currently accepted medical use in treatment in the United States, and that has not been accepted as safe for use under medical supervision.

b. The Federal Controlled Substances Act makes it unlawful, under federal law, for any person to cultivate, manufacture, distribute or dispense, or possess with intent to manufacture, distribute or dispense, marijuana. The Federal Controlled Substances Act contains no exemption for the cultivation, manufacture, distribution, dispensation, or possession of marijuana for medical purposes.

c. Division 10 of the California Health and Safety Code, Uniform Substance Control Act, makes it unlawful, under State law, for any person to cultivate, manufacture, distribute or dispense, or possess with intent to manufacture, distribute or dispense, marijuana.

d. In 1996, the voters of the State of California approved Proposition 215, "the Compassionate Use Act", (codified as Health and Safety Code Section 11362.5) which was intended to decriminalize cultivation and possession of medical marijuana by a seriously ill patient, or the patient's primary caregiver, for the patient's personal use, and to create a limited defense to the crimes of possessing or cultivating marijuana. The Act further provided that nothing in this section shall be construed to supersede legislation prohibiting persons from engaging in conduct that endangers others, or to condone the diversion of marijuana for non-medical purposes.

e. The State enacted SB 420 in 2004 (known as the "Medical Marijuana Program Act", codified as Health and Safety Code Section 11362.7 et seq.) to expand and clarify the scope of The Compassionate Use Act of 1996 by creating the medical marijuana Identification Card system, creating reasonable regulations for cultivating, processing, transporting and administering marijuana, as well as limiting the amount marijuana a
qualified individual may possess. The Medical Marijuana Program Act defines a "primary caregiver" as an individual who is designated by a qualified patient or by a person with an identification card, and who has consistently assumed responsibility for the housing, health, or safety of that patient or person and is further defined in the California Supreme Court decision People v. Mentch (2008) 45 Cal.4th 274.

f. The County's geographic and climatic conditions, which include dense forested areas receiving substantial precipitation, provide conditions that are favorable to outdoor marijuana cultivation, thus growers can achieve a high per-plant yield. The Federal Drug Enforcement Administration reports that various types of marijuana plants under various planting conditions may yield averages of 236 grams, or about one-half (1/2) pound, to 846 grams, or nearly two (2) pounds.

g. The strong distinctive odor of marijuana plants may create an attractive nuisance, alerting persons to the location of the valuable plants, and creating a risk of burglary, robbery and/or armed robbery.

h. The strong and distinctive odor of marijuana plants creates a need to ensure that smells that disrupt the use of adjacent properties are minimized, much in the same way that the County has ordinances currently in place to minimize the smells associated with raising livestock.

i. The unregulated cultivation of marijuana in the unincorporated area of Yuba County can adversely affect the health, safety, and well-being of the County, its residents and environment. Comprehensive civil regulation of premises used for marijuana cultivation is proper and necessary to avoid the risks of criminal activity, degradation of the natural environment, malodorous smells, and indoor electrical fire hazards that may result from unregulated marijuana cultivation, and that are especially significant if the amount of marijuana cultivated on a single premises is not regulated and substantial amounts of marijuana are thereby allowed to be concentrated in one place.

j. The immunities from certain prosecution provided to qualified patients and their primary caregivers under State law to cultivate marijuana plants for medical purposes does not confer the right to create or maintain a public nuisance. By adopting the regulations contained in this Chapter, the County will achieve a significant reduction in the complaints of odor and the risks of fire, crime and pollution caused or threatened by the unregulated cultivation of marijuana in the unincorporated area of Yuba County.

k. Nothing in this Chapter shall be construed to allow the use of marijuana for non-medical purposes, or allow any activity relating to the cultivation, distribution, or consumption of marijuana that is otherwise illegal under State law. No provision of this Chapter shall be deemed a defense or immunity to any action brought against any person by the County of Yuba, Yuba County District Attorney, the Attorney General of State of California, or the United States of America.

l. Children are particularly vulnerable to the effects of marijuana use and the presence of marijuana plants is an attractive nuisance for children, creating an unreasonable hazard in
areas frequented by children (including schools, parks, churches and other similar locations).

7.40.130 Scope
The provisions of this Chapter shall apply generally to all property throughout the unincorporated area of the County of Yuba.
