SUBJ: FORMATION OF UNDERGROUND UTILITY DISTRICT ALONG OLIVEHURST AVENUE FROM MCGOWAN PARKWAY TO 8TH AVENUE

RECOMMENDATION:

Consider the formation of an Underground Utility District along Olivehurst Avenue between McGowan Parkway and 8th Avenue, and recommend that the Board of Supervisors consider the Resolution to form Underground Utility District 2012-1.

BACKGROUND:

Pacific Gas & Electric (PG&E) annually allocates funds for the conversion of overhead utilities to underground facilities. The funds are allocated under the company’s Rule 20, Section A (Rule 20A) which is based on the number of overhead service meters within the community. The funds are carried over to following years until the County commits to the conversion of overhead utilities to underground facilities. If the money is not committed to a project within 5 years of its allocation, then other governmental agencies with committed projects may claim portions of the funds for their projects.

Olivehurst Avenue is classified as an urban minor arterial and is the main corridor bisecting the community of Olivehurst. Significant improvements are slated for this segment of Olivehurst Avenue in the near future, including road widening, bike lanes, curbs, gutters, sidewalks, drainage improvements, and transit stops. To accommodate the proposed improvements, the existing power poles will need to be relocated. If the utilities are kept on poles, significant right of way impacts would occur, whereas undergrounding the utilities can be accommodated within the existing road right of way. Additionally, the aesthetic value of eliminating overhead powerlines helps showcase the proposed complete street project.
DISCUSSION:

Section 11.30.020 of the Yuba County Ordinance states that the Board of Supervisors may call for a public hearing to discuss the conversion of overhead utilities to underground facilities. After the public hearing, the Board of Supervisors may adopt a Resolution to designate an area an Underground Utility District.

We are requesting PG&E and other utility companies to underground their facilities prior to our proposed road improvements. The passage of a Resolution to create an Underground Utility District is the first step in the process to use Rule 20A funds. The Resolution forming an Underground Utility District needs to be adopted prior to PG&E performing any design work to underground its facilities.

The Rule 20A funds would also be used to fund trenching on the first 100 feet of private property and to fund the conversion of electrical panels on dwellings up to a maximum amount of $1,500 each. This amount will cover the cost to convert the electrical panels in most cases. The typical cost for electrical panel conversion is $600 for residential and $900 for commercial.

The attached Resolution delineates the proposed boundary limits of the Underground Utility District. The Resolution also sets a timeline for conversion to underground facilities and for when utility poles are to be removed.

The Public Works Department recommends that a public hearing be held for discussion pertaining to the formation of the proposed Olivehurst Avenue Underground Utility District.

FISCAL IMPACT:

None. PG&E has approximately $5,290,000 in reserve in Yuba County’s Rule 20A account for overhead utility conversion to underground facilities.

NOW, THEREFORE, BE IT RESOLVED, by the Board of Supervisors of the County of Yuba that:

Section 1. activities authorized herein, and ground operations on, at, or near the Airport in accordance with
proper rules and regulations of all authorities having jurisdiction over such operations and
activities.

10. USE OF COMMON AREAS:

A. Lessee shall be entitled, in common with others so authorized, to the use
of all facilities and improvements of a public nature which are or may hereafter be connected
with or appurtenant to the Airport, including the use of landing areas, runways, taxiways,
navigational aids, terminal facilities, and aircraft parking designated by Lessor.

B. Lessor reserves the right to take any action it considers necessary to
protect the aerial approaches of the Airport against obstruction, together with the right to prevent

constitute a hazard to aircraft.

11. USE OF PREMISES: Except as otherwise specifically limited herein, the

premises, that (i) will increase the premiums (unless Lessee pays such increase) or cause
cancellation or any insurance on the building, (ii) is prohibited by any insurance on the building,
(iii) would invalidate or be in conflict with the insurance coverage on the building, (iv) would invalidate any liability insurance of Lessor, or (v) may be in nuisance or menace to other tenants or users of the Airport provided. If Lessee is prohibited from using the leased premises for the permitted uses and purposes set forth in this paragraph 11 in order to comply with the covenants of this paragraph (other than payment of increased premiums), Lessee may terminate this Lease and Use Permit upon written notice thereof given to Lessor within thirty (30) days of such prohibited use. Lessee agrees to pay for any additional premiums on Lessor's fire and liability insurance policies charged by reason Lessee's use of or operations on the leased premises. No spray painting using inflammable paints or liquids will be done within the building without proper fire prevention and suppression equipment approved by Lessor.

12. **SIGNS:** During the term of this Lease, Lessee shall have the right, at Lessee's expense, to place in or on the premises a sign or signs identifying Lessee. Said sign or signs shall be of a size, shape, and design, and at a location or locations, approved by the Airport Manager and in conformance with any overall directional graphics or sign program established by Lessor. Notwithstanding any other provision of this Lease, said signs(s) shall remain the property of Lessee. Lessee shall remove, at its expense, all lettering, signs, and placards so erected on the premises at the expiration of the term of this Lease.

13. **INSURANCE:** Lessee shall throughout the existence of this Lease, at its own cost and expense, procure and maintain in full force and effect comprehensive general liability insurance in the minimum amounts of ONE MILLION DOLLARS ($1,000,000.00) combined single limit as follows:

   A. See Exhibit C attached hereto.

   B. Full Worker's Compensation and Employers' Liability Insurance covering all employees of Lessee as required by law in the State of California.
C. Additional Insureds: The insurance required shall include the County of Yuba, its officers and employees, as additional insureds except with regard to occurrences that are the result of their sole negligence.

D. Cancellation Notice: The insurance required shall provide that no cancellation or material change in any policy shall become effective except upon thirty (30) days' prior written notice to the County of Yuba.

E. Proof of Insurance: Lessee shall furnish proof of coverage satisfactory to the Yuba County Risk Manager as evidence that the insurance required above is being maintained.

14. INDEMNITY: Lessee shall indemnify and defend the County and its officers, agents, and employees against and hold it harmless from any and all loss, damage, and liability for damages, including attorneys' fees and other costs of defense incurred by County, whether for damage to or loss of property, or injury to or death of person, including properties of County and injury to or death of County's officers, agents, and employees, which shall in any way arise out of or be connected with Lessee's operations hereunder, unless such damage, loss, injury or death shall be caused solely by the negligence of County.

15. MAINTENANCE AND REPAIR:

Lessee shall be responsible for the maintenance and repair of the premises and shall keep and maintain the premises in good condition, order, and repair, and shall surrender the same upon the expiration of this Lease in the condition in which they are required to be kept, reasonable wear, tear, and damage by the elements not caused by Lessee's negligence excepted.

16. TAXES: Under this Lease, a possessory interest subject to property taxation may be created. Notice is hereby given pursuant to California Revenue and Taxation Code Section 107.6 that such property interest may be subject to property taxation created, and that the party to whom the possessory interest is vested may be subject to the payment of
property taxes levied on such interest. Lessee shall pay all taxes of whatever character that may be levied or charged upon Lessee’s operations hereunder and upon Lessee’s right to use Airport.

17. **UTILITIES:** Lessee shall have sole and exclusive responsibility for obtaining all electricity, gas, water, telephone, sewer, or other utility services and for the payment of all rates or charges levied, assessed, or charged against said premises in the operation thereof for such services. Lessee will furnish its own heat, light, and power for the operation of said premises, including but not limited to any service charges, connection or installation fees, related thereto.

18. **ASSIGNMENT OR SUBLEASE:**

A. Lessee shall not assign or transfer in whole or in part by operation of law or otherwise this Lease or any of the Lessee’s rights, duties, or obligations hereunder nor sublet any portion or all of the premises leased hereunder or the hangar constructed upon said premises without Lessor’s consent to assignment of this Lease, and the Lessor shall not unreasonably withhold his consent to assignment. Lessor retains the right at time of proposed assignment to terminate Lease and renegotiate a new Lease with proposed assignees at Lessor’s option.

B. Lessee shall have the right to sublease up to 100 percent of his leasehold with the approval of the Airport Manager, but sublessee’s will be required to pay appropriate use and fees or charges as established from time-to-time by the County. Any sublease of this Lease shall also contain the above provision prohibiting further subleasing by sublessee’s.

C. If Lessee, without securing prior written approval of Lessor, attempts to effect such a transfer, assignment, sublease, or if a transfer occurs by operation of law, Lessor may terminate this Lease upon thirty (30) days’ notice to Lessee without further liability to Lessee and such assignment, transfer, or sublease shall be void.
19. **DEFAULT:** In the event Lessee is in default in the payment on any amount due under the terms of this Lease or defaults in the performance of any of the covenants or conditions on Lessee's part to be performed, then Lessor, at its option, may terminate this Lease and re-enter upon the premises. Lessor shall have the right to retain all rents and any other sums owing and unpaid to the date of termination hereunder.

20. **BANKRUPTCY:** In the event of bankruptcy, either voluntary or involuntary, or any assignment for the benefit of creditors made by Lessee, Lessee's interest hereunder shall automatically terminate.

21. **FIRE DAMAGE:** It is mutually understood and agreed between the parties hereto that in the event any portion of the demised premises be destroyed by fire and the same cannot be repaired within ninety (90) days, then Lessee may elect to terminate this Lease. In the event such restoration can be made within ninety (90) days, County agrees to restore said premises provided further that during the period of non-occupancy by Lessee, the rent for said premises shall not be the responsibility or obligation of Lessee.

22. **BREACH OR NONCOMPLIANCE:** The waiver of any breach or noncompliance with any terms, covenants, conditions, or provisions of this Lease or any rules, regulations, or decisions adopted pursuant thereto shall not constitute the waiver of any subsequent breach thereof whether such breach or noncompliance be the same or of a different kind or character.

23. **ATTORNEY’S FEES:** In case Lessor, without fault on its part, be made a part to any litigation commenced by or against Lessee, Lessee shall pay all costs, reasonable attorney’s fees, and expenses which may be incurred or imposed on Lessor by or in connection with such litigation. Should either party hereto bring any action at law or in equity to enforce any of the rights hereunder, the prevailing party in such action shall be entitled to recover attorney’s fees and any other relief that may be granted by the court, whether or not the party prevailing in such action be the party who instituted the same.
24. **COMPLIANCE WITH SPONSOR'S FEDERAL GRANT ASSURANCES:**

To the extent applicable, Lessee shall comply with all Federal Aviation Administration (FAA) assurances as shown on Exhibit B, attached hereto and made a part hereof.

14. The Lessee by accepting this Lease agrees for itself, its successors and assigns that it will not make use of the permitted premises in any manner which might interfere with the landing and taking off of aircraft from the Yuba County Airport or otherwise constitute a hazard. Subject: Acquisition of Single Family Residence APN 021-220-046 for the Neighborhood Stabilization Program

Recommendation:

Adopt the attached resolution authorizing the Community Development Director or his designee to complete the purchase of single family residence APN 021-220-046 as part of the Neighborhood Stabilization Program and execute all documents needed for completion of purchase, rehabilitation, and resale.

Background:

The goal of the County of Yuba Neighborhood Stabilization Program is to stabilize property values and homeownership rates in neighborhoods impacted by foreclosures. The County of Yuba has been awarded $4,265,711 under the Neighborhood Stabilization Program allocation per agreement 11-NSP3-8112 for acquisition, rehabilitation, and resale single family homes. The activities are to be primarily performed in census tract number 0403.00 in the areas of Marysville and Linda.

Discussion:

The attached resolution is required for further implementation of the Neighborhood Stabilization Program. For each individual property approved for the program by the County, the Board must consider and approve the purchase of the property by resolution. Assuming Board approval, the County will hold title during the rehabilitation up to resale. CDSA will oversee all activities involving acquisition, rehabilitation, and resale. The Board has previously approved the Community Development Services Agency Director to make purchase offers to the current property owners which have been accepted.
Committee Action:

This item was previously discussed with the Board in order to make the initial offers to the current property owners and therefore is being presented directly to the full Board in order to formally move forward with the acquisition.

Fiscal Impact:

The purchase and rehabilitation costs will be covered by the Neighborhood Stabilization Program funds in accordance with the requirements established by the State of California Neighborhood Stabilization Program. The purchase price of for APN 021-220-046 is estimated to be $88,000.

DATE: October 2, 2012
TO: Board of Supervisors
FROM: Russ Brown, Legislative Affairs Coordinator
SUBJECT: Resolution to Opt In to RCRC/CSAC Memorandum of Agreement with U.S. Forest Service and Bureau of Land Management

Recommended Action: Approve resolution to opt in to Memorandum of Agreement between RCRC, CSAC, the U.S. Forest Service and the Bureau of Land Management that will enhance mutual communications; appoint Board Chair as representative.

Background & Discussion: Yuba County shares a long partnership with the U.S. Forest Service and the Bureau of Land Management in the stewardship of federal public lands and national forests. Similar partnerships can be found among counties throughout the state, and in virtually every case the greatest struggle has been in maintaining clear communications between local and federal entities.

In an effort to improve interagency relationships, CSAC and RCRC entered into a Memorandum of Agreement with the USFS and BLM to facilitate early and frequent communications between these federal agencies and counties. The MOA is intended to establish enhanced mutual communications between USFS, BLM, and county governing bodies to assure consistency in process and outcomes among all parties. Through this agreement, regular and consistent communications is intended to build positive working relationships, while maximizing trust and minimizing misunderstanding and potential conflicts.

The key to making this MOA work is for counties to designate a contact – a consistent position in the county – that would be the ongoing contact for the USFS and BLM. These federal agencies will each designate a contact from their field offices that serve Yuba County. The county contact will then meet separately with the USFS and BLM contacts to discuss the MOA and lay the groundwork to discuss and resolve issues related to overall land management, as needed.

To participate in the MOA, the Board of Supervisors must approve a resolution and designate someone to be the point of contact for each of the two federal entities. The Board Chairman, as lead representative for the full Board, is the recommended assigned county representative to both federal entities.

Committee Action: The Administration & Finance Committee heard this item on September 18, 2012 recommended approval.

Fiscal Impact: None

WHEREAS, Yuba County wishes to improve/enhance the working relationship between the United States Forest Service, the Bureau of Land Management and the County; and

RECOMMENDATION
Approve the recommendation to amend the Position Allocation and Classification System —
Basic Salary Schedules as they relate to the Sheriff’s Department, effective October 1, 2012.

BACKGROUND
In July of 2008 the Sheriff's Department initiated a transition in titles for their correctional
division. The Sheriff's Sergeant — Corrections was properly re-titled to Correctional
Sergeant at that time.

DISCUSSION
The Sheriff’s Lieutenant — Corrections is currently vacant. The Sheriff’s department is
anticipating the need to fill this position during this fiscal year. During previous union
negotiations it was agreed that the department would re-title the position to Correctional
Lieutenant before filling the vacancy. This administrative action is in anticipation of that
need.

The attached Resolutions update the County position allocation and salary schedule.

COMMITTEE
This item has bypassed committee as it is administrative in action only.

FISCAL IMPACT

SPECIAL PRESENTATIONS
Living History Camp
The Medieval Life Experience

Lee Scicchetti

Property is located at: 7986 Highway 20
Smartsville, CA 95977
To Whom it May Concern:

We at Knight2Day, Inc. wish to provide an enjoyable and entertaining educational experience for children and adults of all ages about life in Medieval Europe. We wish to make Medieval history come alive!

Why the Middle Ages? The Middle Ages happened a very long time ago, on a continent we don’t even live on. Knowledge of medieval history provides a context for understanding the modern world in which we live. There are many institutions, concepts, ideas, and values that are derived from the past, and are not really new ideas and values.

Stage One: We plan to do this by constructing a ‘Walk Through Time’ village in a Bailey, with examples of different periods from the Stone Age to the 14th century demonstrating clothing, weaponry, housing and living conditions. These will be uninhabited structures that are made in the tradition of their time.

Stage Two: Next we plan to construct a wooden Medieval fort in the style of a Motte and Keep. This will be an uninhabited structure that is a small wooden castle on a dirt and rock mound.

Stage Three: We will build a demonstration village recreating actual crafts, village life and activities that took place in Medieval Times. This will bring crafters and customers of those crafts to the village

By the time of construction of the third stage, both villages and the keep would be surrounded by a wooden palisade (fence). Construction of the villages will consist of cottages built using primarily wattle and daub on wooden frames. They will be constructed without using interior plumbing, heating or electrical as these structures are for demonstration only; they are not intended for human habitation. It is our intent to stay as true to actual medieval construction techniques as possible, while maintaining environmental, health and safety standards.

Temporary or overnight visitor stays shall be in a medieval style encampment in tents we set up for that purpose to give visitors a greater experience of medieval life. Portable sanitary facilities will be provided. At a later date we will wish to construct permanent restrooms and a gift shop.

We intend also to provide options for such medieval life experiences as knight training, husbandry, farming, cooking and herbs, and crafting.

A longer term goal would be the construction of a stone castle demonstrating one or two later versions of the early medieval wooden fort, such as a shell keep and then the classic stone castle.

We believe this project will not only provide a valuable learning experience and educational opportunity, but will also bring revenue into the County in the form of additional tourism, publicity, promotional and other opportunities including, but not limited to, film location projects, sales tax on educational items, souvenirs and more. We are planning to have heritage animals for the FFA and 4H clubs to work and lean with as well as heritage agricultural crops. A medieval faire 1-2 weekends a year, and the village will be open to the public on a limited basis.

We are intending this camp to be the ‘7th grade’ field trip. In 4th grade students go to Coloma and Sutter’s Fort. In the 5th grade students from all over California go to a Mission, in 6th grade students go to ‘Science Camp’ and in 8th grade students go to Washington DC. There is nothing at this time for the seventh graders of California. We are hoping to bring the schools to this village and to our county.
Thank you for your consideration.

SUBJECT: Selection of CSAC Board of Directors Members

Under provisions of the CSAC Constitution, members of the Board of Directors and alternates are elected by their respective boards of supervisors to one-year terms of office commencing with the first day of the CSAC annual conference. DATE: October 2, 2012
TO: Board of Supervisors
FROM: Martha Wilson, Human Resources Director
       Suzanne Nobles, Director of Health and Human Services

RECOMMENDATION
Approve the recommendation to amend the Basic Salary Schedule as it relates to the Health and Human Services Department, effective October 1, 2012.

BACKGROUND
The Public Health Nursing Division of the Health and Human Services Department is currently suffering an ongoing and critical nursing shortage which is threatening the ability to retain current levels of funding and service to the County residents. Human Resources conducted a review of the organizational structure and salary of the Health and Human Services Department Public Health Nursing Division, as well as a comparison of the same within the four surrounding counties of Butte, Nevada, Sutter and Yolo. In addition, as the result of recent turnover comments, Human Resources reviewed comparable salaries for Placer and Sacramento County. Finally, Human Resources also reviewed the recruitment and retention history of the Public Health Nursing classifications.

DISCUSSION
The Public Health Nursing Division currently has allocated nine (9) Public Health Nurse I/II, three (3) Senior Public Health Nurse, two (2) Supervising Public Health Nurse and one (1) Director of Nurses, in addition to various support staff. Of these there are currently four (4) Public Health Nurse I/II and one (1) Public Health Nurse III vacancies, representing a total vacancy rate of 33%. Human Resources has conducted an ongoing Open Until Filled recruitment on both of these positions, which has produced a limited pool of qualified candidates, the vast majority of which have no prior public health nursing experience. Additionally, of those qualified several have declined appointment due to a non-competitive salary. Finally, the department has experienced a severe retention issue over the last several years. Since January 2011, the Public Health Division has had eighteen (18) public health nurses leave County employment, fourteen (14) of which stayed with the County for only a year, gaining enough experience to qualify for higher paid positions at other agencies who typically will not hire nurses without prior public health nursing experience.

After a complete review of the current salaries it is Human Resources' finding that Yuba County would greatly benefit from an increase in base salary to be more competitive with surrounding counties.

The attached Resolution updates the County basic salary schedule.
COMMITTEE
This item has bypassed committee due to an immediate need to address recruitment and retention issues and comes directly to the Board.

FISCAL IMPACT
There is no fiscal impact to the general fund. The increase to the non-general fund is $70,178 for the remainder of this fiscal year.

INDEPENDENT AUDITOR'S REPORT

Board of Trustees
Browns Valley Cemetery District
Browns Valley, California

We have audited the accompanying financial statements of the Browns Valley Cemetery District as of and for the years ended June 30, 2005 and June 30, 2004, as listed in the Table of Contents. These financial statements are the responsibility of Browns Valley Cemetery District's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the State Controller's Minimum Audit Requirements for California Special Districts, and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amount and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the Browns Valley Cemetery District’s internal control over financial reporting. Also reported are our findings on the District’s compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of the audit performed in accordance with Government Auditing Standards and should be read in conjunction with this report in considering the results of the audit.

BOS CORRESPONDENCE   A
The District has not presented the Management Discussion and Analysis that the government Accounting Standards Board has determined is necessary to supplement, although not required to be part of the basic financial statements. The supplementary information on pages 17 and 18 are not a required part of the basic financial statements, but are supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the supplementary information. However, we did not audit the information and express no opinion on it.

Evaluation of the Municipal and Domestic Supply Beneficial Use (MUN) in Agriculturally Dominated Water Bodies

Notice of Public Workshops and

California Environmental Quality Act Public Scoping Meetings

October/November 2012

NOTICE IS HEREBY GIVEN that staff from the Central Valley Regional Water Quality Control Board (Central Valley Water Board) will hold three public workshops and California Environmental Quality Act (CEQA) scoping meetings to discuss and solicit comments and suggestions from the public regarding a proposal to:

- Evaluate appropriate application of the Municipal and Domestic Supply (MUN) beneficial use in receiving waters of four Publicly Owned Treatment Works (POTWs) in the Sacramento River Basin

- Amend the Water Quality Control Plans for the Sacramento River and San Joaquin River Basins and the Tulare Lake Basin (Basin Plans) to incorporate a framework for evaluating the appropriate MUN beneficial use designation as well as water quality objectives and implementation requirements to protect the use in agriculturally (Ag) dominated water bodies.

This MUN beneficial use project is the initial phase of a larger effort to evaluate appropriate protection of all applicable beneficial uses in Ag dominated water bodies.

BACKGROUND: By way of the Sources of Drinking Water Policy (Resolution 88-63), the Central Valley Regional Water Quality Control Board Basin Plans (Basin Plans) designate MUN beneficial use to all water bodies unless they are specifically listed in a Basin Plan as water bodies that are not designated with MUN. During permit adoptions for the National Pollution Discharge Elimination System (NPDES) program, there have been challenges to protecting the MUN beneficial use designation in constructed agricultural drains due to the stated exception in Resolution 88-63. The Central Valley Salinity Alternatives for Long-Term Sustainability (CV-SALTS) initiative has also identified the need to evaluate the level of protection of MUN beneficial uses in constructed agricultural drains as well as other agriculturally dominated water bodies. The receiving waters of four POTWs in the cities of Willows, Colusa, Biggs and Live Oak will serve as case studies for the development of a framework to evaluate the appropriate level of MUN beneficial use protection in Ag dominated water bodies. This framework will be expanded upon to include other beneficial uses in later phases of the evaluation.

Preliminary surveys indicate that the MUN beneficial use in the receiving waters of the four POTWs is not an existing use and its protection would require costly measures that are more stringent than required under the Clean Water Act.

Additional information regarding the proposed amendment is available at the Central Valley Water Board's Internet website at:
http://www.waterboards.ca.gov/centralvalley/water_issues/salinity/mun_beneficial_use/index.shtml

A staff report describing the project will be available on the website by 28 September 2012. Copies of these documents can also be obtained by contacting or visiting the Central Valley Water Board's office at 11020 Sun Center Drive, #200, Rancho Cordova, California 95670-8114 weekdays between 8:00 a.m. and 5:00 p.m.

PUBLIC SCOPING/EARLY CONSULTATION MEETING PURPOSE: These meetings will provide participants with: (1) Background on previous work conducted evaluating appropriate beneficial uses for agriculturally dominated water bodies and application of the Drinking Water Policy (88-63); (2) an overview of conditions in the four POTW archetype study areas and potential to use case study results as a template for the Central Valley; (3) an opportunity to comment on a methodology for characterizing and defining Ag dominated water body categories; and (4) an opportunity to comment on the appropriate scope and content of the proposed amendments and environmental documents to be prepared pursuant to CEQA (Public Resources Code section 21000 et seq.) and the Central Valley Water Board’s certified regulatory program for basin planning (California Code of Regulations, Title 14, section 15251, subdivision (g); and Title 23, section 3775 et seq.).

Written comments should be submitted to Anne Littlejohn no later than 15 November 2012 (contact information provided below). Written comments and comments provided at the workshops will be reviewed and considered to draft recommendations for basin plan amendments and a draft staff report for Central Valley Water Board consideration in 2014. All comments will be included in the final administrative record.

Central Valley Regional Water Quality Control Board

Notice of Public Workshops
concerning
The 2013 Joint Triennial Review of the Water Quality Control Plans for the
Sacramento River and San Joaquin River Basins
and the
Tulare Lake Basin

The Central Valley Regional Water Quality Control Board (Central Valley Water Board) is
beginning the process of reviewing its Water Quality Control Plans for the Sacramento River
and San Joaquin River Basins and for the Tulare Lake Basin (Basin Plans). The Basin Plans
cover all the watersheds of the Central Valley from the Oregon state border to the northern tip of
Los Angeles County. The Basin Plans identify beneficial uses of surface water and
groundwater, establish water quality objectives to protect beneficial uses, and describe an
implementation plan to achieve water quality objectives.

The Central Valley Water Board will hold two public workshops to receive comments on basin
plan elements that may need amendment. The purpose of the triennial review is to identify high
priority basin planning issues that the Central Valley Water Board will direct basin planning
efforts over the next three years. Amendments to the basin plan may occur as a result of the
triennial review priorities but are not part of the triennial review process. The triennial review
process does not include consideration of waste discharge requirements, waivers of waste
discharge requirements, National Pollutant Discharge Elimination System permits, or other
regulatory matters.

The public workshops will be held before the Central Valley Water Board. No action will be
taken on the triennial review during these workshops; however, the Central Valley Water Board
may provide direction to staff. Time limits may be imposed on interested persons. The public
workshops are scheduled as follows:

Date: 24 October 2012
Time: 1:00 pm
Place: Central Valley Water Board office
1685 E Street
Fresno, CA 93706

Date: 6/7 December 2012 (please contact
the Regional Water Board office
two weeks prior to the meeting for
the exact date)
Time: 8:30 am
Place: Central Valley Water Board office
11020 Sun Center Drive, Suite 200
Rancho Cordova, CA 95670

The workshop facilities will be accessible to persons with disabilities. Individuals requiring
special accommodations are requested to contact Ms. Betty Yee at (916) 464-4643 at least 5
working days prior to the meeting. TTY users may contact the California Relay Service at
1-800-735-2929 or voice line at 1-800-735-2922.
In order to have comments summarized by staff during the public workshop, the public is encouraged to submit written comments by 10 October 2012 on basin planning issues for the Central Valley Water Board to consider in this triennial review. Comments should be submitted to Betty Yee, Regional Water Quality Control Board, Central Valley Region, 11020 Sun Center Drive, #200, Rancho Cordova, CA 95670 or to Bethany Soto, Regional Water Quality Control Board, Central Valley Region, 1685 E Street, Fresno, CA 93706. In the comments, please provide a detailed description of the issue, a brief statement of reasons for the addition or deletion of an issue, and recommendation on the priority that should be given to that particular issue. At the workshops, interested persons will be provided the opportunity to present oral comments to the Central Valley Water Board. Comments on either Basin Plan may be presented at either workshop.

Following the workshops, staff will review oral and written comments and prepare final recommendations in work plans for Central Valley Water Board consideration at a future public hearing. Staff will identify which issues are expected to be addressed in the next three years with existing resources and which require additional resources. The work plans will be available for comments prior to the hearing.

Additional information regarding the triennial review is available in PDF format from the Central Valley Water Board’s Internet website at:
