Requests must be made two full business days before the start of the meeting. To place an item on the agenda, contact the office of the Clerk of the Board of Supervisors at (530) 749-7510.

**PUBLIC INFORMATION**

**PUBLIC COMMUNICATIONS**: Members of the public shall be allowed to address the Board of Supervisors on items not appearing on the agenda which are of interest to the public and are within the subject matter jurisdiction of the Board, provided that no action shall be taken unless otherwise authorized by law. The total amount of time allotted for receiving such public communication shall be limited to a total of 15 minutes and each individual or group will be limited to no more than 5 minutes.

**AGENDA ITEMS**: The opportunity of the public to be heard on an item shall be provided during the consideration of that item. In the interest of time, the Board has limited the length of such comment or input on each item to 15 minutes total, with a limit of no more than 5 minutes per person or group. The period for public comments on a particular item may be extended upon a majority vote of the Board. These time limits do not apply to applicants appearing before the Board on behalf of their applications.

**ACTION ITEMS**: All items on the Agenda under the headings “Consent,” “County Departments,” Ordinances and Public Hearings,” “Items of Public Interest,” and “Closed Session,” or any of them, are items on which the Board may take any action at this meetings.

**PUBLIC HEARINGS**: All members of the public shall be allowed to address the Board as to any item which is noticed on the Board's agenda as a public hearing. The Board has limited each person or group input to no more than 3 minutes. Any person or group may provide the Board with a written statement in lieu of or in supplement to any oral statement made during a public hearing. Written statements shall be submitted to the Clerk of the Board.

**ORDINANCES**: Ordinances shall not be passed within five days of their introductions, nor at other than a regular meeting or at an adjourned regular meeting. The Board of Supervisors will address ordinances at first readings. The public is urged to address ordinances at first readings. Passage of ordinances will be held at second readings, after reading the title, further reading is waived and adoption of the ordinance is made by majority vote. An urgency ordinance may be passed immediately upon introduction. The Board reserves the right to amend any proposed ordinances and to hold a first reading in lieu of a second reading.

**INFORMATIONAL CORRESPONDENCE**: The Board may direct any item of informational correspondence to a department head for appropriate action.

**SCHEDULED LUNCH BREAK**: Between the hours of 12:00 noon and 1:00 p.m. and at the discretion of the Chair, the Board will recess one hour for lunch.

**SPECIAL MEETINGS**: No public comment shall be allowed during special meetings of the Board of Supervisors, except for items duly noticed on the agenda.

**PUBLIC INFORMATION**: Copies of §6.7 shall be posted along with agendas.

Re: Farming Lease for the Airport

Recommendation

Approve the attached lease between the County of Yuba and Miller Farms / All Star Services to allow hay cultivation at the Yuba County Airport in exchange for tilling of a fire break.

Background

The County is constantly challenged with maintaining the grassy areas in and around the Yuba County Airport. It is a massive task to mow these areas and maintain the fire breaks.

Discussion

This agreement between Miller Farms and the County will allow Miller Farms to cultivate hay in much of these grassy areas in exchange for tilling a fire break perimeter around the airport fence line. It will also help the County to mitigate wildlife hazards by maintaining the area, keep weeds to a minimum, and should lessen our fire risk.

Committee Review

Due to the routine nature of this item, it was brought directly to the Board for review.

Fiscal Impact

This agreement involves no cost to either party; we believe it is a fair exchange of services between the entities.
LEASE FOR FARMING ACTIVITIES

THIS LEASE, made and entered into this _____ day of February, 2013, by and between the COUNTY OF YUBA, a political subdivision of the State of California, hereinafter designated "Lessor," and MILLER FARMS, a division of ALL STAR SERVICES, hereinafter called "Lessee."

WITNESSETH

Lessor hereby leases unto the Lessee certain land located on the Yuba County Airport for dry farming purposes only and for the consideration and subject to all of the terms and conditions hereinafter set forth, the premises as shown on Exhibit A, attached and made a part of this Lease. Additional areas may be mutually agreed upon.

1. **Term.** The term of this Lease shall commence on January 1, 2013, and terminate on December 31, 2017.

2. **Holding Over.** Unless the written consent of Lessor has been received by Lessee prior to the end of the Lease term, Lessee may not hold over after expiration of the Lease term. If Lessor does so consent, the tenancy thereafter shall continue upon the same rental, terms and conditions as set forth herein, until terminated as of any date by either party giving notice to the other party at least thirty (30) days before the effective date of such termination.

3. **Use of Premises.** Lessee shall use the land for the purpose of dry farming and for no other purpose. No irrigation is allowed. If Lessee attempts to use the land for any other
purpose without the consent of Lessor, Lessor may, at its option, terminate this Lease.

4. **Rent.** Lessor and Lessee agree that in order to prepare the land for dry farming, it will be necessary to perform work thereon. Lessee has carefully inspected the land and fully understands the scope of the work which will be required. Lessee hereby agrees that is shall be his sole responsibility to take any action and perform any work that may be required to prepare the land for dry farming. This Lease is an exchange for services as described in the work plan identified as Exhibit B, and will work with the Facilities Manager in support of both vegetation control and the airport's annual aviation event, specifically, clearing of brush, grass, debris as described in the work plan.

5. **Obligation with Respect to Maintaining the Premises.**
   
   a. Lessee will at all times farm and care for said land in a good workman like manner, and in accordance with good farming and soil conservation practices; will not commit or permit waste thereon, will carefully protect all improvements of every kind that are now on said premises or may be erected thereon during the continuance of this Lease; will promptly at the expiration of the term herein granted yield up possession of said premises, without notice, unto the Lessor in as good condition and repair as they now are or may be at any time during the continuance of this Lease, ordinary wear and tear excepted; will keep cultivated lands of said premises free from weeds and destroy all weeds along the fences and improvements before they ripen their seeds.
   
   b. It is understood and agreed that the Lessee will obtain approval from the Lessor for all crops to be raised on the leased area.
   
   c. It is further agreed that if the agricultural crops attract birds and other wildlife which may pose a hazard to aircraft, the Lessee will remove all designated crops as directed by the Lessor.
d. In addition, the Lessor reserves the right to demand possession of all or any portion of the leased premises at any time for any purpose. Whenever the agricultural operation is terminated, whether due to wildlife hazards or harvest, the Lessee shall plow under all crop residue and harrow the surface area, within safety areas, smooth. In such events, Lessor shall pay reasonable damage for growing crops taken, and an agreed value for work done on unplanted land.

e. It is further agreed that no crops will be grown within the primary surface of any runway; Object Free Area (OFA) of any runway, taxiway, taxi lane or apron; critical areas of localizers and Glide Slopes; nor in such a way as to obstruct or interfere with the Runway Visibility Zone, FAR Part 77 surfaces, Departure Obstacle Identification Surface, and NAVAIDS. Crops grown in approach areas, near the runway thresholds, shall be restricted to low growing varieties that will not penetrate FAR Part 77 approach surfaces or the Threshold Siting Surfaces of Advisory Circular 150/5300-13, as amended. Crops and cultivating may be limited in other specific areas to avoid dust, debris, weeds and etc., from being blown across operating areas.

f. It is understood and agreed that the Lessee will coordinate with the Lessor as to appropriate times for entering and working on the leased area and that all farming operations will be conducted in accordance with the operational rules and regulations of the airport. In addition it is agreed that the storage of farm equipment and crops will not be permitted within 1,500 feet of an Airport Surveillance Radar facility, 500 feet of a TVOR or 500 feet of an ILS Glide Slope antenna or within the runway safety area, or within the primary surface of an instrument runway.

g. It is understood and agreed that the rights granted hereunder will not be exercised in such a way as to interfere with or adversely affect the use, operation, maintenance, or development of the airport.
6. **Federal Regulation.** Lessee is aware that the land is subject to (i) recapture by the United States, and (ii) regulation by the Federal Aviation Administration. Any such recapture by the United States or regulation by the Federal Aviation Administration may render all or a portion of the land unusable for dry farming. If any such event occurs, Lessor shall have no liability or obligation to reimburse Lessee or any other person for any cost or expense incurred in the preparation of the land as required by Section 5 hereof.

7. **Indemnification.** Lessee agrees to be liable for and to indemnify and hold harmless Lessor against any and all claims, suits, and liability arising from any cause whatsoever arising out of the use, occupation and enjoyment of the land by Lessee or by any other person thereon with the express or implied consent of Lessee.

8. **Insurance.** Lessee shall, at all times during the lease term and any renewal or extension thereof, at his sole cost and expense, maintain the insurance coverage as specified in Exhibit C. The provisions of Exhibit C attached hereto are incorporated herein by the reference.

9. **No Assignment.** Lessee shall not transfer, assign, sublet, or hypothecate this Lease or Lessee’s interest in and to the land or any part thereof without first obtaining the written consent of Lessor, and any attempted transfer, assignment, subletting or hypothecation without such written consent shall be void and confer no rights upon any third person, and shall constitute a default by Lessee under this Lease, which, at the option of Lessor, will constitute grounds for terminating this Lease. Transfers and assignments by operation of law shall be deemed included within the provisions of the preceding sentence. Lessee’s consent to one such transfer, assignment, subletting or hypothecation shall not waive the foregoing provisions, nor be a consent to a subsequent transfer, assignment, subletting or hypothecation.

10. **Compliance with all Laws.** In all activities conducted on or in connection with the land and in all uses thereof, Lessee shall abide by and conform to all applicable laws, rules,
regulations resolutions and ordinances adopted or promulgated by any governmental agency or agencies having jurisdiction over the land or the operations and activities conducted thereon. Violation of any such law, rule, regulation, resolution or ordinance shall constitute a default by Lessee which, at the option of Lessor, will constitute grounds for terminating this Lease.

   a. Track Type Equipment. No track type equipment shall be allowed on asphalt paved areas in or about the land.
   b. Approved Routes. For the purpose of entering and leaving the Premises, automobiles, trucks and equipment shall use only those routes of travel designated by the Airport Manager.

12. Notices. Any notice, demand, request, consent, or approval that either party desires or is required to give to the other party pursuant to this Lease shall be in writing and either served personally or sent by prepaid, First-Class mail. Such matters shall be addressed to the other party at the following address:

APPROVED AS TO FORM
Angi Morris-Jones
County Counsel

CONSULTANT shall procure and maintain for the duration of the contract insurance against claims for injuries to persons or damages to property which may arise from or in connection with the performance of the work hereunder by the CONSULTANT, its agents, representatives, or employees.

MINIMUM SCOPE AND LIMIT OF INSURANCE

Coverage shall be at least as broad as:

1. **Commercial General Liability** (CGL): Insurance Services Office Form CG 00 01 covering CGL on an “occurrence” basis for bodily injury and property damage, including products-completed operations, personal injury and advertising injury, with limits no less than $1,000,000 per occurrence. If a general aggregate limit applies, either the general aggregate limit shall apply separately to this project/location or the general aggregate limit shall be twice the required occurrence limit.

2. **Automobile Liability**: Insurance Services Office Form Number CA 0001 covering, Code 1 (any auto), or if CONSULTANT has no owned autos, Code 8 (hired) and 9 (non-owned), with limits no less than $1,000,000 per accident for bodily injury and property damage.

3. **Workers’ Compensation** insurance as required by the State of California, with Statutory Limits, and Employer’s Liability Insurance with limit of no less than $1,000,000 per accident for bodily injury or disease.
   *(Not required if CONSULTANT provides written verification it has no employees)*

4. **Professional Liability** (Errors and Omissions) Insurance as appropriate to CONSULTANT’s profession, with limits no less than $1,000,000 per occurrence or claim, $2,000,000 aggregate.

If the CONSULTANT maintains higher limits than the minimums shown above, COUNTY requires and shall be entitled to coverage for the higher limits maintained by CONSULTANT.

Other Insurance Provisions

The insurance policies are to contain, or be endorsed to contain, the following provisions:

**Additional Insured Status**
COUNTY, its officers, officials, employees, and volunteers are to be covered as additional insureds on the auto policy with respect to liability arising out of automobiles owned, leased, hired or borrowed by or on behalf of CONSULTANT; and on the CGL
policy with respect to liability arising out of work or operations performed by or on behalf of CONSULTANT including materials, parts, or equipment furnished in connection with such work or operations. General liability coverage can be provided in the form of an endorsement to the CONSULTANT’s insurance (at least as broad as ISO Form CG 20 10, 11 85 or both CG 20 10 and CG 23 37 forms if later revisions used).

*Primary Coverage*

For any claims related to this contract, CONSULTANT’s insurance coverage shall be primary insurance as respects COUNTY, its officers, officials, employees, and volunteers. Any insurance or self-insurance maintained by COUNTY, its officers, officials, employees, or volunteers shall be excess of CONSULTANT’s insurance and shall not contribute with it.

*Notice of Cancellation*

Each insurance policy required above shall state that coverage shall not be canceled, except with notice to the COUNTY.

*Waiver of Subrogation*

CONSULTANT hereby grants to COUNTY a waiver of any right to subrogation which any insurer of said CONSULTANT may acquire against COUNTY by virtue of the payment of any loss under such insurance. CONSULTANT agrees to obtain any endorsement that may be necessary to effect this waiver of subrogation, but this provision applies regardless of whether or not COUNTY has received a waiver of subrogation endorsement from the insurer.

*Deductibles and Self-Insured Retentions*

Any deductibles or self-insured retentions must be declared to and approved by COUNTY. COUNTY may require CONSULTANT to provide proof of ability to pay losses and related investigations, claim administration, and defense expenses within the retention.

*Acceptability of Insurers*

Insurance is to be placed with insurers with a current A.M. Best’s rating of no less than A:VII, unless otherwise acceptable to the COUNTY.

*Claims Made Policies*

If any of the required policies provide coverage on a claims-made basis:

1. The Retroactive Date must be shown and must be before the date of the contract or the beginning of contract work.

2. Insurance must be maintained and evidence of insurance must be provided for at least five (5) years after completion of the contract of work.

3. If coverage is canceled or non-renewed, and not replaced with another claims-made policy form with a Retroactive Date prior to the contract effective date, CONSULTANT
must purchase “extended reporting” coverage for a minimum of five (5) years after completion of contract work.

Verification of Coverage
CONSULTANT shall furnish COUNTY with original certificates and amendatory endorsements or copies of the applicable policy language effecting coverage required by this clause. All certificates and endorsements are to be received and approved by COUNTY before work commences. However, failure to obtain the required documents prior to the work beginning shall not waive CONSULTANT’s obligation to provide them. COUNTY reserves the right to require complete, certified copies of all required insurance policies, including endorsements required by these specifications, at any time.

Subcontractors
CONSULTANT shall require and verify that all subcontractors maintain insurance meeting all the requirements stated herein.

Special Risks or Circumstances
COUNTY reserves the right to modify these requirements, including limits, based on the nature of the risk, prior experience, insurer, coverage, or other special circumstances.
To: Honorable Board of Supervisors, Yuba County

From: Louie B. Mendoza Jr., Agricultural Commissioner

Subject: CONSIDER APPROVAL OF RESOLUTION AUTHORIZING AGRICULTURAL COMMISSIONER TO EXECUTE SPECIFIC ONGOING/NEW CONTRACTS, AGREEMENTS, COOPERATIVE AGREEMENTS, GRANTS AND/OR MEMORANDUM OF UNDERSTANDING FOR FISCAL YEAR 2013/2014 OR MULTIYEAR AND AUTHORIZE CHAIRMAN TO SIGN RESOLUTION.

Date: March 12, 2013

Recommendation:

Consider approval of Resolution authorizing the Yuba County Agricultural Commissioner to execute specified ongoing/new contracts, agreements, cooperative agreements, grants and/or memorandum of understanding for Fiscal Year 2013/2014 or multi-year on behalf of the County of Yuba and authorize chairman to sign resolution.

Background:

Yuba County Administrative Policy & Procedures Manual, Policy Number A-1, procedure 3 states, “It is the general policy of the County that all external documents (contract, leases, agreements, etc.) are to be executed by the Chairman of the Board of Supervisors. Exceptions should be properly authorized by the adoption of a resolution by the Board of Supervisors prior to execution of specific contracts, leases, agreements, etc. by the respective department head.” In the past, the Agricultural Commissioner has been authorized through Resolution of the Board of Supervisors, to sign specific contracts and agreements.

Discussion:

The Agricultural Commissioner has historically sought out revenue sources to fund various activities of the department. These revenue sources typically require that Yuba County enter into contracts, agreements and cooperative agreements with the California Department of Food and Agriculture, Department of Pesticide Regulation, United States Department of Agriculture and other agencies/associations or private contractors. In the interest of efficiency the Yuba County Board of Supervisors has, in the past, authorized the Agricultural Commissioner to execute specified contracts and agreements on the behalf of Yuba County.
This is to request that the Yuba County Agricultural Commissioner be authorized to sign on behalf of Yuba County, specified revenue/expenditure contracts, agreements, cooperative agreements, grants and/or memorandum of understanding for Fiscal Year 2013/2014 or multi-year on behalf of the County of Yuba. Such documents shall be handled in accordance with Yuba County Administrative Policy & Procedures Manual, Policy Number A-1.

Fiscal Impact:

None - Authorizing the Agricultural Commissioner to execute ongoing/new contracts, agreements, cooperative agreements, grants and/or memorandum of understanding for Fiscal Year 2013/2014 or multi-year is an efficiency matter which will save time for both the Board of Supervisors and the Commissioner.

Committee Action:

None – this procedure has been in place and routine for over ten years and there are no changes except for dates from last year’s resolution.

Enclosure: Resolution
BEFORE THE BOARD OF SUPERVISORS
OF THE COUNTY OF YUBA

RESOLUTION AUTHORIZING THE AGRICULTURAL
COMMISSIONER TO EXECUTE CERTAIN CONTRACTS/
AGREEMENTS/COOPERATIVE AGREEMENTS/GRANTS/
MEMORANDUM OF UNDERSTANDING FOR FY 2013/2014
OR MULTI YEAR AS LISTED BELOW

WHEREAS, on a periodic basis certain governmental agencies request that the County Agricultural Commissioner sign Contracts, Agreements, Cooperative Agreements, Grants and/or Memorandum of Understanding for the provision of services to that governmental agency; and

WHEREAS, on a periodic basis certain private contractors/associations request that the County Agricultural Commissioner sign Contracts, Agreements, Cooperative Agreements, Grants and/or Memorandum of Understanding for the provision of services to that private contractor/association; and

WHEREAS, it is in the interest of efficient and effective county government for the Board of Supervisors to authorize the Yuba County Agricultural Commissioner to execute certain Contracts, Agreements, Cooperative Agreements, Grants and/or Memorandum of Understanding on behalf of Yuba County.

NOW, THEREFORE, BE IT RESOLVED that the Yuba County Agricultural Commissioner, be and hereby is authorized to execute on behalf of Yuba County certain Contracts, Agreements, Cooperative Agreements, Grants and/or Memorandum of Understanding for FY 2013/2014 or multi-year, as listed below and subject to approval of County Counsel and County Risk Management.
A copy of each executed Contract, Agreement, Cooperative Agreement, Grants and/or Memorandum of Understanding shall be filed with the Clerk of the Board of Supervisors of the County of Yuba.

Dear Honorable Supervisors,

The Yuba-Sutter Regional Arts Council wishes your support of the Resolution of the Board authorizing the application to the California Arts Council for grant funds for FY 2013-2014.

We are pleased and enthused about continuing to serve our community! The past year has been an exciting mix of new art programs and opportunities while continuing with our established programs. We have renamed our “Gallery 41” in downtown Marysville as “Art-O-Culture”; a venue gallery which continues to be a center for artists and art events and provides an opportunity to exhibit the works and talents of dozens of local artists. The Lee Burrows Center for the Arts is the home of On Stage performances, The Shakespeare Readers’ Theatre, Poetry Out Loud of Yuba County, and continues to offer monthly art exhibits. We are truly striving to share the gifts of local musicians, singers, dancers, poets, artists, and lecturers with our community.

We are enthusiastic about having partnered with the Live Oak Community Resource Center to provide an arts education program at the Luther and Encinal Elementary Schools. Additionally, we have also partnered with the Rotary Club of Marysville and the Marysville Joint Unified School District to provide musical instrument instruction at Covillaud and Kynoch Elementary Schools. We will again host MuzArt; the summer arts program for youths, ages 6-12, through which visual and performing arts classes are taught.

The Yuba-Sutter Regional Arts Council has served as the designated arts agency for the County of Yuba for over 30 years. This designation allows us to again apply for the California Arts Council’s State and Local Partnership Program grants and to receive partial funding from the California Arts Council. We truly appreciate your past support and hope that you will approve the Resolution of the Board for FY 2013-2014.

Most Sincerely,

RESOLUTION APPROVING THE
APPLICATION AND AUTHORIZING
EXECUTION OF A GRANT CONTRACT
WITH THE CALIFORNIA ARTS COUNCIL.

RESOLUTION NO.________

WHEREAS, the California Arts Council and the California State Legislature have established a State-Local partnership Program designed to encourage local cultural planning and decision-making and to reach previously underserved constituents; and

WHEREAS, the Yuba-Sutter Regional Arts Council has successfully delivered arts services as the County designated partner for over 30 years; and

NOW THEREFORE, BE IT PROCLAIMED that the Board of Supervisors of the County of Yuba does hereby approve of the FY 2013-2014 State Local Partnership Program Grant Contract to be submitted to the California Arts Council by the Yuba-Sutter Regional Arts Council and to designate the Yuba-Sutter Regional Arts Council to execute the contract with the California Arts Council, contingent upon approval of the application by the California Arts Council.

SUBJ: FINAL MAPS UNDER REVIEW PENDING APPROVAL

******************************************************************************

NOTICE
TO BOARD OF SUPERVISORS

As required by section 66458(d) of the California Government Code (Subdivision Map Act) and as authorized by Yuba County Subdivision Ordinance §11.15.440, notice is hereby given that the following tract map has been received by the County Surveyor and is in the process of being reviewed for final map approval:

This map, consisting of 3 sheets, encompasses a total of 3.23 acres and is a portion of Phase 2 of the conditionally approved Tentative Subdivision Tract Map 2003-16, The Orchard. Situated north of the previously filed Phase 1 and Phase 3, it consists of 17 single family residential lots lying along Riverbank Drive between Peach Tree Drive and Seedling Way.

This final map is in compliance with the “Conditions of Approval” of the conditionally approved Tentative Subdivision Tract Map 2003-16.

Note: Map copies of the above referenced project are available for review in the Clerk of the Board of Supervisors office or from the County Surveyor, Department of Public Works.

SUBJECT: Approval of Plans, Specifications and Estimate and Authorization for Advertisement of Bids for Hammonton - Smartsville Road Shoulder Project

RECOMMENDATION:

Approval of Plans, Specifications and Estimate and authorize the subject project for advertisement of bids, pending Caltrans approval, with a tentative bid opening date of March 20, 2013. The Specifications are available for review at Public Works.

BACKGROUND:

This project consists of widening paved roadway shoulders and placing an overlay on a 1.3 mile portion of Hammonton - Smartsville Road. The project widening is funded 90% through the Highway Safety Program (HSIP) with a 10% local match provided by the Road Fund. The overlay will be funded through Measure D.

DISCUSSION:

The work in general will consist of extending or replacing drainage culverts, constructing widened paved shoulders, overlaying the roadway and placing shoulder backing and striping along Hammonton-Smartsville Road from 0.7 miles west to 2.0 miles west of South Golden Parkway. The engineer’s estimate for construction and construction engineering costs is approximately $825,000. Of this amount, $645,000 is the HSIP widening portion and $180,000 is the Measure D overlay and striping portion. The project is expected to be completed by October 2013.

COMMITTEE ACTION:

The Land Use & Public Works Committee was bypassed as this project is included in the Public Works Budget.

FISCAL IMPACT:

The Widening portion of the project is funded with Federal-aid money through the HSIP Program ($585,500) with a 10% local match from the Road Fund ($64,500). The overlay portion of the project will be funded through Measure D ($180,000).

Re: APPROVE OUT OF STATE TRAVEL FOR SCOTT BRYAN, EMERGENCY OPERATIONS MANAGER
    AND RYAN MCNALLY, EMERGENCY OPERATIONS PLANNER FOR TRAINING

Recommendation

Background / Discussion
Requested travel is to attend a Basic Hazus course only offered at FEMA’s Emergency Management Institute (EMI) in Emmitsburg, Maryland from April 29, 2013 to May 02, 2013.

Hazus is FEMA’s applicable standardized platform which contains models for estimating potential losses from earthquakes, floods, and hurricanes. It uses Geographic Information Systems (GIS) technology to estimate the physical, economic and social impacts of disasters. It allows for the visualization for spatial relationships between populations and other more permanently fixed geographic assets or resources for the specific hazard being modeled, a crucial function in the pre-disaster planning process. Hazus is a platform which spans the breadth of emergency management, encompassing preparedness, response, recovery and mitigation.

This training coincides with the pending update of the Yuba County Multi Hazard, Multi Jurisdictional Hazard Mitigation Plan and would further the understanding of both Emergency Services personnel, ensuring better oversight in developing the plan as it pertains to the preparedness, response, recovery and mitigation of our local flood hazards.

Committee
No committee action was taken due to the routine nature of this request.

Fiscal Impact
There will be no fiscal impact to the general fund as both personnel have been accepted to participate in the course and all expenses are reimbursable through FEMA.

Re: HAZUS Training

The Office of Emergency Services has recently advertised a Request for Proposal for consultant services to update our Multi Hazard, Multi Jurisdictional Hazard Mitigation Plan with a $75,000 grant from FEMA. The review process will begin on April 2nd, 2013 with work to commence shortly thereafter with a target date of completion on December 1st, 2013. A major component of this plan, and the work involved toward its execution, begins with implementing a software platform called Hazus.

Hazus is FEMA's applicable standardized platform which contains models for estimating potential losses from earthquakes, floods, and hurricanes. It uses Geographic Information Systems (GIS) technology to estimate the physical, economic and social impacts of disasters. It allows for the visualization for spatial relationships between populations and other more permanently fixed geographic assets or resources for the specific hazard being modeled, a crucial function in the pre-disaster planning process. Hazus is a platform which spans the breadth of emergency management, encompassing preparedness, response, recovery and mitigation.

FEMA provides various degrees of training toward the proficiency of this software, including a "Basic Hazus" course. The EMI campus in Emmitsburg, Maryland is offering the four day course from April 29th through May 2nd, 2013. With the pending update of the plan, the course would further the understanding of both Emergency Services personnel, ensuring better oversight in developing the plan as it pertains to the preparedness, response, recovery and mitigation of our local flood hazards.

Although the course offering at the EMI campus is the only one available, the costs associated with it, including travel expenses, are completely reimbursable by FEMA, ensuring the investment in staff development comes at no cost to Yuba County.

RECOMMENDATION
Approve the recommendation to amend the Position Allocation and Classification System – Basic Salary Schedules as they relate to the Sheriff’s Department, effective February 1, 2013.

BACKGROUND
In August of 2012 the Human Resources Department conducted a classification study of the Building Maintenance Technician I/II allocated to the Sheriff’s Department.

DISCUSSION
The Sheriff’s Department would like to move forward with the recommendation to re-title their allocated position to Correctional Maintenance Technician I/II. This change will allow the department to tailor the duties and requirements of their classification to meet the more specific demands of their correctional facility and department operation.

The attached Resolutions update the County position allocation and salary schedule.

       Suzanne Nobles, Director of Health & Human Services

RECOMMENDATION
Approve the recommendation to amend the Position Allocation and Classification System – Basic Salary Schedules as they relate to the Health & Human Services Department, effective March 1, 2013.

BACKGROUND
Health Care Reform and the California Legislative Coordinated Care Initiative (CCI) will have drastic changes on the requirements of the In-Home Supportive Services (IHSS) program. In addition, the IHSS program is in the process of implementing a new statewide computer system for payroll and case management. Program and technical expertise is required for the complex implementation processes required to achieve successful implementation and administration of this new system.

DISCUSSION
The Adult Services Division of the Health and Human Services Department does not currently have a classification appropriate to perform the duties required to ensure compliance with Health Care Reform and CCI and implement and administer the new statewide systems. Health and Human Services would like to establish a classification to meet this vital need. Human Resources has recommended a Program Specialist Adult Services classification to work directly with the Program Manager to achieve these goals. The Program Specialist Adult Services will have the specific program knowledge to identify the changes necessary and have the ability to train staff on the changes in regulations, policies and system changes. This change will allow the department to remain compliant with the law, implement more efficient systems, and ensure continued funding for these important services.

The Honorable Andy Vasquez, Chair
Yuba County Board of Supervisors
915 8th Street, Suite 109
Marysville, CA 95901

SUBJECT: Vacancy/Appointment to A4AA Advisory Council

Dear Supervisor Vasquez and Members of the Board:

Area 4 Agency on Aging (A4AA) is a planning and funding agency (among other things) for programs serving persons aged 60 years and older. Our advisory and advocacy group the Advisory Council continues to lack full membership representation for Yuba County. There are two vacancies, one of which requires appointment by your Board.

In order to ensure that the interests of seniors in your county are represented, we respectfully request that the Yuba County Board of Supervisors appoint a representative to fill the vacancy.

The Advisory Council meetings are held monthly, generally the third Thursday of the month and alternate among various locations within A4AA’s seven county service area. An average of 7-10 hours of commitment per month is expected. This includes preparation, travel time, general meetings and committee work. Members are reimbursed for mileage at the current IRS business rate. All members must complete and sign a 700 conflict of interest form and must complete a mandatory two-hour ethics training course every two years.

If you have questions, please contact Tai Love, Office Administrator or me directly at (916) 486-1876. We look forward to your correspondence confirming your appointment.

Sincerely,

Deanna Lea
Executive Director

TO ALL INTERESTED AND AFFECTED PARTIES

This is to provide you with a copy of the notice of proposed regulatory actions relative to “Practice of Falconry,” in the sections identified in Title 14, California Code of Regulations, which appeared in the California Regulatory Notice Register on December 14, 2012. Proposed changes to text as set forth in Notice Register 2012, No. 50-Z, remain the same, except nonsubstantial and substantial modifications sufficiently related to the text of the regulations as originally proposed are now shown in double-underline and strikeout-underline. All documents as well as supporting documents are also made available on the Commission’s website at http://www.fgc.ca.gov.

The proposed language for Section 670 is updated to reflect stakeholder requests made via written comments as well as oral testimony made at the Commission’s February 6, 2013 meeting.

NOTE: Since the Commission is required to meet the transition schedule of the Falconry program from Federal to State regulations by September 1, 2013 it is exercising its powers under Section 202 of the Fish and Game Code “Regulations adopted pursuant to this article shall not be subject to the time periods for the adoption, amendment, or repeal of regulations prescribed in Sections 11343.4, 11346.4, 11346.8, and 11347.1 of the Government Code.”

Please note the dates of the public hearing related to this matter and associated deadlines for receipt of written and oral comments.

Dr. Eric Loft, Department of Fish and Game, phone (916) 445-3555, has been designated to respond to questions on the substance of the proposed regulations; and inquiries concerning the regulatory process may be directed to me, at (916) 653-4899.

Sincerely,

NOTICE OF FINDINGS

White Shark
(Carcharodon carcharias)

NOTICE IS HEREBY GIVEN that, pursuant to the provisions of Section 2074.2 of the Fish and Game Code, the California Fish and Game Commission, at its February 6, 2013, meeting in Sacramento, California, accepted for consideration the petition submitted to list the Northeastern Pacific Ocean population of white shark as a threatened or endangered species. Pursuant to subdivision (a)(2) of Section 2074.2 of the Fish and Game Code, the aforementioned species is hereby declared a candidate species as defined by Section 2068 of the Fish and Game Code.

Within one year of the date of publication of this notice of findings, the Department of Fish and Wildlife shall submit a written report, pursuant to Section 2074.6 of the Fish and Game Code, indicating whether the petitioned action is warranted. Copies of the petition, as well as minutes of the February 6, 2013, Commission meeting, are on file and available for public review from Sonke Mastrup, Executive Director, Fish and Game Commission, 1416 Ninth Street, Box 944209, Sacramento, California 94244-2090, phone (916) 653-4899. Written comments or data related to the petitioned action should be directed to the Commission at the aforementioned address.

Gold Rush Expeditions

Dear Yuba County Board of Supervisors,

You may not recognize the company name on the envelope, but we think it may become familiar to you. Our company is called Gold Rush Expeditions and we operate out of Nevada City, California.

Gold Rush Expeditions is an arm of Gold Rush, Inc., established in Salt Lake City, Utah in 2004. Our primary business is the discovery and investigation of abandoned mines across the western states. Our work includes underground mapping and testing, as well as on-site validation of the property where we feel there is value. We survey approximately 400 abandoned mines per month. Of these 400, we usually make about 200 sales.

The reason for this letter is three-fold; first, we wanted to emphasize the economic value of our presence. Here are a few facts:

1. A customer that purchases a mine from ORE usually spends about $3,700.00 on their initial trip to visit their mine. This is spent in fuel, food, supplies, tours, etc., and most is spent in the county that their mine is in.

2. An average customer visits their mine site 2 times per year. Their average expenses in county are $1,975.00 per trip. Again, this is in fuel, food, and supplies.

3. About 80% of our customers purchase in cash with the remainder using credit cards. These purchases account for an average of $3,700.00 per year in equipment, fuel, and parking. Our employees usually spend the majority of their pay raise in the county where they are stationed.

4. Small scale mining has little or no impact on the surrounding cities or their environment.

5. Small scale mining stimulates the growth of small towns and economies by bringing in new customers with new needs.

Sincerely, [Name]
Gold Rush Expeditions
6. GRS sells an average of 5 mining claims per week. If these claims are in your county, you should be receiving a letter similar to the one above to be selected directly by you or your community.

The second aspect of our business in your country is to make you aware of our presence. Occasionally, ranchers and sometimes other miners don't understand what we are doing. We have had our employees harassed and on one occasion even threatened.

We do operate to the letter of the law. Our employees are noted by bright orange vests, large white trucks, and they all have official GRS ID badges or state ID as required by law. Our employees respect private property and only perform explorations on public, unclaimed land.

Should you have any questions or require any further information, please do not hesitate to contact myself or any of my staff. We are in the office from 8am to 5pm Monday thru Friday.

We look forward to working in your county and exploring and documenting your mining heritage.

Sincerely,

Corey T. Shumard

To consider the acceptance of a U.S. Fish and Wildlife Service Recovery Land Acquisition grant and the approval to subgrant these federal funds to the California Department of Parks and Recreation (State Parks), for a cooperative project with the State Coastal Conservancy to acquire 64± acres, located adjacent to the Inglenook Fen-Ten Mile Dunes Natural Preserve – MacKerricher State Park in Mendocino County for the protection of sand dune habitat and several listed species, and to provide future public use opportunities. The purposes of this project are consistent with the authorized uses of the proposed funding source which allows for the acquisition, development, rehabilitation, restoration and protection of habitat to promote the recovery of threatened and endangered species, to provide corridors linking separate habitat areas to prevent habitat fragmentation, and to protect significant natural landscapes and ecosystems and other significant habitat areas. [California Clean Water, Clean Air, Safe Neighborhood Parks and Coastal Protection Fund (Proposition 40), Public Resources Code Section 5096.650(a)]

*9. Daugherty Hill Wildlife Area, Howard Hill Unit, Easement Exchange
Yuba County

This project is to exchange easements between the State and two separate property owners to provide clear title to the adjoining landowners and improved access to the Department of Fish and Wildlife's Daugherty Hills Wildlife Area (Howard Hill Unit). The purposes of this project are consistent with the authorized uses of the proposed funding source, which allows for the acquisition of habitat, including native oak woodlands, to protect deer and mountain lions. To consider the allocation for a grant to the Golden Gate National Parks
Conservancy for a cooperative project with the Golden Gate National
Recreation Area of the National Park Service and the Department of Parks
and Recreation to restore natural creek estuary function of Lower
Redwood Creek just upstream of Muir Beach in Marin County. The
purposes of this project are consistent with the authorized uses of the
proposed funding source, which allows for the acquisition, enhancement
or restoration of wetlands to protect or enhance a flood protection corridor
or bypass outside the Central Valley. [Habitat Conservation Fund

To consider the allocation for a grant to the Northern California Regional
Land Trust to acquire three conservation easements over 363± acres of
land to protect and preserve oak woodland habitat areas as well as
provide watershed protection benefits on property located approximately
seven miles northeast of the City of Chico in Butte County. The purposes
of the project are consistent with the proposed funding source that allows
for the preservation of native oak woodland habitat pursuant to the Oak
Woodlands Conservation Act (Fish and Game Code Section 1360 et

Daugherty Hill Wildlife Area, Howard Hill Unit,
Easement Exchange
Yuba County

$10,000.00

This proposal is to consider the exchange of easements between the California Department of Fish and Wildlife (CDFW) and two separate property owners to provide improved access and use for two adjoining landowners and improved access to CDFW's Daugherty Hills Wildlife Area (Howard Hill Unit). The easement received by CDFW will allow a less steep and safer access from a public road onto the Howard Hill Unit.

LOCATION
The two private properties are located in the Sierra Foothills, in northeastern Yuba County, specifically at the end of McGough Court, off of Scoff Forbes Road and Highway 20 near the community of Loma Rica. The Howard Hill Unit (Property) is approximately 2 miles east of the University of California Foothill Research and Extension Center and within the CDFW Daugherty Hill Wildlife Area.

The area where the Property is located provides excellent and essential deer winter range habitat, which over the last decade has been rapidly subdivided and developed. The Property is located along the migratory corridor for the Mooretown deer herd, comprising a portion of the lower elevation wintering grounds, providing important foraging habitat for the deer herd. CDFW has recognized the need to protect this area through development of CDFW Daugherty Hill Conceptual Area Protection Plan (CAPP). The Howard Hill Unit was previously acquired as a priority acquisition because of the Property's habitat values and location within the migration corridor for the wintering Mooretown deer herd.

PROJECT DESCRIPTION
Shortly after the acquisition of the Howard Hill Unit by CDFW, two private homes were built on adjoining lots at the end of McGough Court. During the course of construction, the shared driveway and joint utilities were inadvertently installed partially on CDFW property. It was near this time that the existing access point from McGough Court to the Howard Hill Unit was found to be too steep to provide a safe ingress and egress point, causing considerable damage to the terrain in the process. An alternate access to the Howard Hill Unit was needed, and the only viable entry point was to cross both private property parcels in a diagonal manner. In the interim, the private property owners have allowed CDFW staff to use an existing dirt roadway across their properties to access the Howard Hill Unit; however, CDFW does not have a formal easement at this time. A logical resolution to both concerns was to exchange like easements between the private landowners (Birch and Forde) and CDFW. Under the proposed exchange, Birch and Forde will each receive individual easements from CDFW for their existing
utilities and driveway. CDFW will receive an easement from Birch and another from Forde, for roadway access to the Howard Hill Unit. The easements were all appraised as having nominal value. Since this transaction must occur on a voluntary and cooperative basis, and CDFW has an urgent need for improved, safer access, all parties agree that the mutual benefit of the exchange is satisfactory, and no monetary compensation between the parties is necessary or being provided.

WCB PROGRAM
The proposed exchange is considered under the Wildlife Conservation Board’s (WCB) Land Acquisition Program with the support and recommendation from CDFW. The acquisition program is administered pursuant to the Board’s original enabling legislation, "The Wildlife Conservation Law of 1947" (Fish and Game Section 1300, et seq.) to acquire areas that can successfully sustain wildlife and provide for suitable recreation opportunities. Under this same authorization, the Board may also authorize the transfer or exchange of property, including easements across CDFW lands.

MANAGEMENT OBJECTIVES AND NEEDS
The access easement received by CDFW will improve and reduce the cost to operate and maintain the current access to the Howard Hill Unit. The easement areas provided by CDFW are next to McGough Court, in an unfenced area, and will not impact the utility and maintenance of the Howard Hill Unit.

TERMS
The individual easements have each been appraised as having a nominal fair market value of less than $1,000 each. The appraisals have been reviewed by WCB staff and reviewed and approved by the Department of General Services (DGS). The private property owners have agreed to exchange the easements for no monetary consideration. WCB staff will review and approve all title documents, preliminary title reports, documents for purchase and sale, escrow instructions and instruments of conveyance prior to acceptance and transfer of the proposed easements.

PROJECT FUNDING
The proposed funding breakdown for the project is as follows:

<td>TOTAL Easement Price</td>
<td>$0.00</td>

</tbody>
</table>
Other Project-Related Costs  $10,000.00

TOTAL WCB ALLOCATION  $ 10,000.00

It is estimated that an additional $10,000.00 will be needed to cover project-related expenses, including title reports, escrow fees and closing costs, bringing the total proposed allocation for this project to $10,000.00.

FUNDING SOURCE
The purposes of this project are consistent with the authorized uses of the proposed funding source, Habitat Conservation Fund (Proposition 117), Fish and Game Code Section 2786(a), which allows for the acquisition of habitat, including native oak woodlands, to protect deer and mountain lions.

ENVIRONMENTAL COMPLIANCE AND STATE RECOMMENDATION
This project is the grant of easements for utilities already in place and roadway use that is already occurring. These grants of easement will not lead to any new or additional use but instead provide each party with a legal right to continue its existing use. Because this project will not lead to any new or additional uses, it is exempt from the California Environmental Quality Act (CEQA) because it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment. (California Code of Regulations, Title 14, Chapter 3 ("CEQA Guidelines"), Section 15061(b)(3).) The project is also categorically exempt from CEQA under CEQA Guidelines Section 15301, Class 1, Existing Facilities, as the operation of existing public or private structures and topographical features, including streets and similar facilities. Subject to the approval of this proposal by the WCB, the appropriate Notice of Exemption will be filed with the State Clearinghouse.

STAFF RECOMMENDATION
Staff recommends that the Wildlife Conservation Board approve the project as proposed; allocate $10,000.00 from the Habitat Conservation Fund, (Proposition 117), Fish and Game Code Section 2786(a) for the acquisition and to cover internal project-related expenses; authorize staff to enter into appropriate agreements necessary to accomplish this project; and authorize staff and the California Department of Fish and Wildlife to proceed substantially as planned.
10. Marysville Ranch Conservation Easement
Yuba County

$265,000.00

This proposal is to consider the acquisition of a conservation easement over 1,277± acres of land by the California Department of Fish and Wildlife (CDFW) for a cooperative project with the U.S. Department of Defense (DOD), the California Department of Transportation, and the Trust for Public Land for the protection of oak woodland and grassland habitats, habitat linkages, and open space buffers between CDFW's Spenceville Wildlife Area (SWA) and Beale Air Force Base (BAFB) in Yuba County.

LOCATION AND SURROUNDING USES
The subject property (Property) is located approximately 15 miles east of Yuba City and approximately 5 miles southwest of Smartsville, in Yuba County and is situated in an L-shaped in-holding of unprotected lands. Surrounding the Property are the SWA located to the east, BAFB on its south and west, and the Yuba Highlands conservation easements, recently approved by the Wildlife Conservation Board (WCB) in two phases—on February 24, 2011 and August 23, 2012, to the north.

The Property is also located within the CDFW's Lower Yuba Watershed Conceptual Area Protection Plan (CAPP) area and identified as a priority site for protection. The CAPP and surrounding areas are located in the first series of rolling foothills rising up from the east side of the Sacramento Valley, comprised mainly of grasslands and oak savanna woodlands interspersed with riparian corridors habitat areas. One of the main goals of the CAPP is to protect open space, oak woodland areas and habitat linkages between the valley floor and foothills areas in the Lower Yuba River Watershed. Most of the surrounding uses include agricultural livestock grazing, rural residential development, and public open space.

In addition to habitat values, another compelling reason for encumbering the Property is its strategic location within a ring of protected lands and the threat from development. Somewhat of a more extreme example of this development threat is the planned community development of over 14,000 residential units, located on the State Highway 65 corridor just north of the Property. Prior to the recent decline in the real estate market, there were several other major residential developments planned for this foothill region of Yuba County. These development proposals demonstrate the potential high demand for more intensive development of these rolling foothill properties as the real estate market in the State begins to rebound.
PROJECT DESCRIPTION
The Property is unimproved, rural agricultural-zoned land and consists of rolling foothills, grasslands, oak woodlands, and a small riparian area. The 1,277 acres of the Property, combined with the 2,453 acres of the Yuba Highland conservation easements, will create a 3,730-acre block of conservation easements and buffer lands, managed by CDFW linking and protecting an expanse of land located between the SWA and BAFB. The proposed conservation easement will ensure that the wildlife linkages between SWA and BAFB are protected in perpetuity. Resident wildlife includes migratory and resident deer, raccoon, skunk, bobcat, woodpeckers and several raptor species, including prairie falcons, the red-tailed hawk and red-shouldered hawk.

The conservation easement will also protect the long-term sustainability of livestock grazing on the Property and prevent the conversion from open space agricultural grazing lands to nonagricultural uses. For BAFB, the open space qualities of the Property will enhance buffer lands around the base that help avoid disturbance and conflicts associated with more intensive developed lands that may occur around defense facilities.

WCB PROGRAM
The proposed acquisition is being considered under the WCB’s Land Acquisition Program (Program). The Program is administered pursuant to the Board’s original enabling legislation, "The Wildlife Conservation Law of 1947" (Fish and Game Section 1300, et seq.) authorizing the WCB to acquire real property or rights in real property on behalf of the CDFW, grant funds to other governmental entities or nonprofit organizations to acquire real property or rights in real property. Under the Program, the WCB acquires funds to facilitate the acquisition of lands and interests in land that can successfully sustain or be restored to support wildlife and, when practicable, provide for suitable wildlife-oriented recreation opportunities. These activities are carried out in conjunction with the CDFW, which evaluates the biological values of property through development of a Land Acquisition Evaluation/Conceptual Area Protection Plan (LAE/CAPP). The LAE/CAPP is then submitted to CDFW’s Regional Operations Committee (ROC) for review and, if approved, later transmitted to the WCB with a recommendation to fund.

MANAGEMENT OBJECTIVES AND NEEDS
According to the terms of the conservation easement, CDFW will take the primary role in monitoring and enforcing the terms of the conservation easement; however, the DOD shall at all times retain equal rights to monitor and enforce the terms of the easement. CDFW has determined that existing staff resources will be sufficient to monitor the conservation easement, which will be conducted in conjunction with activities at SWA. Since the conservation easement is on private land, public access will not be allowed absent landowner approval. Livestock grazing practices will be permitted to continue in perpetuity. The
conservation easement will also serve in providing a defense buffer for the Beale Air Force Base.

TERMS
The conservation easement has been appraised as having a fair market value of $2,040,000.00. The appraisal has been reviewed by WCB staff and reviewed and approved by the Department of General Services (DGS). The Property owner has agreed to sell the conservation easement for $1,620,000.00, less than the appraised value. TPL holds a purchase option agreement with the landowner to purchase the conservation easement. The conservation easement deed includes a provision for the assignment of TPL’s interest in the conservation easement to the DOD. The assignment of TPL’s interest to DOD would occur during the escrow process. Consequently, ownership interest in the conservation easement would be jointly held by both CDFW and DOD, similar to the ownership and management structure currently in place for the aforementioned Yuba Highlands conservation easements. WCB staff will review and approve all title documents, preliminary title reports, documents for purchase and sale, escrow instructions and instruments of conveyance prior to disbursement of funds directly into the escrow account established for the acquisition. This project is also subject to transaction review and approval by the DGS prior to disbursement.

PROJECT FUNDING
The proposed funding breakdown for the project is as follows:

<table>
<thead>
<tr>
<th>Wildlife Conservation Board</th>
<th>$250,000.00</th>
</tr>
</thead>
<tbody>
<tr>
<td>DOD</td>
<td>1,020,000.00</td>
</tr>
<tr>
<td>Caltrans EEMP</td>
<td>350,000.00</td>
</tr>
<tr>
<td>TOTAL Purchase Price</td>
<td>$1,620,000.00</td>
</tr>
<tr>
<td>Other Project-Related Costs</td>
<td>$15,000.00</td>
</tr>
<tr>
<td>TOTAL WCB ALLOCATION</td>
<td>$265,000.00</td>
</tr>
</tbody>
</table>

It is estimated that an additional $15,000.00 will be needed to cover project-related administrative costs, including DGS appraisal and transaction review.
FUNDING SOURCE
The proposed funding source is the Habitat Conservation Fund (Proposition 117), Fish and Game Code Section 2786(a) that allows for the acquisition and protection of native oak woodland habitat necessary to protect deer and mountain lion, which is consistent with this project.

ENVIRONMENTAL COMPLIANCE AND STATE RECOMMENDATION
The project has been reviewed for compliance with the California Environmental Quality Act (CEQA) requirements and is proposed as exempt under CEQA Guidelines Section 15313, Class 13, as an acquisition of land for wildlife conservation purposes, and Section 15325, Class 25, as a transfer of an ownership interest in land to preserve open space and existing natural conditions, including plant or animal habitats. Subject to authorization by the WCB, a Notice of Exemption will be filed with the State Clearinghouse.

STAFF RECOMMENDATION
Staff recommends that the Wildlife Conservation Board approve this project as proposed; allocate $265,000.00 from the Habitat Conservation Fund (Proposition 117), Fish and Game Code Section 2786(a) to cover the acquisition and pay internal project-related expenses; authorize staff to enter into appropriate agreements necessary to accomplish this project; and authorize staff and the California Department of Fish and Wildlife to proceed substantially as planned.

Yuba County Board of Supervisors
915 8th Street, Suite 109
Marysville, California 95901

Dear Honorable Supervisors,

The Yuba-Sutter Regional Arts Council continues to support, promote, encourage, and expand the arts in Sutter and Yuba Counties! During the past year we have:

- Renamed “Gallery 34” as “Art-O-Culture” and continued it as a venue gallery where local artists sell their artwork and public, arts-related events are held.
- Hosted MuzArt, the summer arts program for youths, ages 6-12, through which visual and performing arts classes are taught by highly qualified instructors.
- Featured local performers and talent through our On Stage series at the Lee Burrows Arts Center to bring diverse, live performances to our community.
- Connected local artists with schools to supplement arts education.
- Partnered with Live Oak Community Resource Center to bring the “Art Docent Program,” a fine arts experience well-balanced between application and appreciation, to the Luther and Elementary Schools.
- Partnered with the Rotary Club of Marysville and the Marysville Joint Unified School District to implement the “Marysville Every Child Can Project”, which provides musical instrument instruction at the Kynoch and Covillaud Elementary Schools.

All of these projects and programs will carry on into FY 2013-2014.

And we look forward to adding a variety of new projects, including:

- A month-long festival celebrating the short stories of significant 20th Century Mexican authors to encourage reading and inspire the imagination as well as promote cultural heritage and understanding within the community.
- Working directly with public schools and local artists to revive and supplement arts education.
- Installing artwork from emerging and existing local artists in our gallery to create new, thought-provoking exhibits.
- An assortment of free workshops for children and adults.
- Connecting landowners with artists to display art within empty storefronts to appeal to tourists and prospective tenants.
To sustain and build these programs and accomplishments in our region, we respectfully request $4,000 from Yuba County for Fiscal Year 2013-2014. We cannot express how much we appreciate the past support from Yuba County, nor can we stress enough its importance to our survival.

I will be happy to offer up more information as evidence, or to answer any questions or concerns about our organization. Additionally, I can provide statistics and research that proves the necessity of art within our lives and I can remind you that innovation stems from exposure to the Arts. But I encourage you to experience these truths for yourself – attend one of our gallery receptions and speak with an artist about their work; talk with a child currently enrolled in our summer arts program; listen to a live performance in our theatre. I dare say you will understand the importance of the Arts in our community and our role in providing it, if you were not already aware.

On behalf of the Yuba-Sutter Regional Arts Council Board of Directors, members, volunteers, and staff, I thank you for your consideration of our request. I look forward to speaking with each of you about the future of the Arts in Yuba County.

Respectfully,

Building Blocks to Making A Difference!

Area 4 Agency on Aging
Looking Back With Pride

Sometimes it's good and fun to look back, even way back. And that is exactly what I did. But first, I acknowledge our achievements for 2011-12 and can state, "We did make a difference." Fiscal year reports show 33,789 unduplicated clients received a service from Area 4 and our service providers—that's the official number, but the unofficial number is much higher.

Not surprisingly, Home Delivered Meals has been the most utilized service with 485,343 meals delivered in 2011-12. Aging in place and an increased life span have put an enormous demand on this service. Just think about that for a minute; those meals help an older, homebound individual remain at home; receive a nutritional meal; and a contact at the door, a gatekeeper. The story on page 3, "It was a Godsend" gives us insight as to the difference this can mean to a senior living alone.

Looking way back to forty years ago when Area 4 was established, we did not have Older American Act services, let alone computer tracking and reporting systems. And of course, costs were much lower i.e., $64,000 bought eight vehicles, one for each of the eight counties, including El Dorado County at that time. Today the Agency's fleet includes 35 transportation vehicles and meal delivery vans/trucks on the roads throughout seven counties. Over 75,300 transportation units of service were provided during 2011-12, an increase of 5,100 one-way rides over 2010-11.

In 2001 Congress added Caregiver Support to the array of Older American Act funded services. This allowed Area 4 to serve caregivers under 60 as long as the care receiver was 60 or older. In 2002 A4AA began funding respite services, providing caregivers a break from caring for their physically or memory impaired loved ones. Respite services consist of in-home homemaker assistance and personal care, and out-of-home day care and overnight respite. Drop-in respite was added later as another type of out-of-home care. These services help caregivers to keep their loved ones home and out of long-term care facilities. What Difference Did It Make stories on pages 3 & 4 reflect how meaningful drop-in respite can be, especially for long term and frail caregivers. Last year respite care of every type was provided to 540 clients, totaling 41,307 hours, a 9 percent increase from the prior year.

Another segment of caregiver services is Kinship Care, which can be grandparents raising grandchildren or any adult/child relative relationship. It was also recognized as a need and was included in the initial caregiver funding bill. A4AA's Ethnic and Cultural Concerns Committee was way ahead of Congress on this issue, as we were already providing training and support for those grandparents for years prior to the funding.

Not to be overlooked, more than 3,800 units (hours, contacts, and activities) of caregiver support services of Case Management, Assessment, Legal Resources, Community Education, and Information & Assistance were used in 2011-12.

Together, we have made many significant differences over 40 years. From the early years through today, our achievements have been great, and although the need has always been increasing, our desire to meet the need has grown with it. Those of you who work with older adults or care for them are all heroes in our eyes and by the clients you serve. Thank you for your dedicated and caring service in making a difference!
The following are brief glimpses of seniors who have benefitted by the services of Area 4 and its providers. Making a difference in the lives of older adults is one of the building blocks of all of Area 4’s programs. Success fosters trust in the program and its staff by the individuals who are being assisted and encourages them to reach out for help at another time.

Senior Companions by Mark Snaer, SCP
What happens when you bring a Yankees fan and a Giants fan together? In the Senior Companion Program (SCP) if one is a Senior Companion Volunteer and the other is a SCP client, you get a new friendship. Robert has been a senior companion for about three years and one of the first clients assigned to him was a gentleman named Charles. Robert works with Charles at the Sutter PACE Adult Day Center. Although Charles regularly attended the program three years ago, he didn’t benefit from all that Sutter had to offer. His vision was very poor and has diminished over time to the point that now he is blind. Robert noticed him because he tended to sit alone, away from the other clients.

Charles and Robert found that they have much in common beginning with a love of sports and movies, and they can spend hours talking about their mutual interests. When asked to describe their relationship, Charles quickly says, “I like him. He helps me. I depend on him.”

With Robert, Charles has become fully engaged in the activities at the center and received more assistance from Sutter’s PACE Program. Robert even helps Charles with basic things like having lunch or getting to the bathroom. Over the last three years, the friendship has grown to where Charles can recognize Robert’s mood from slight changes in the tone of his voice, and Robert would be the first one to tell you that the benefit of their friendship is mutual. It’s made a difference in both their lives.

One Caregiver’s Story by Michelle Nevins, Del Oro Caregiver Resource Center
Seldom do we think about the true meaning of the phrase “for better or for worse.” That’s what Dan had promised Karen in their wedding vows, but he never anticipated the hardship of providing care for her until she was diagnosed with multiple sclerosis just seven years into their 42 year marriage. There is no cure for MS and it is about management of the disease. After 35 years with the disease, Karen is now completely debilitated and requires total care. Karen has been dealing with depression since the onset of symptoms in 1976, and Dan describes this as the most heart wrenching part of his caregiving situation.

In 2008 Dan picked up the phone and called Del Oro Caregiver Resource Center. Dan shared that the respite care he has received through Del Oro, vis-à-vis funding from Area 4 Agency on Aging, has been of enormous relief. He has also attended a local caregiver support group that has been an outlet for him. Dan’s best tip for other caregivers is to know that self-care is important, not only for your own sake, but for the sake of the person you are caring for.

. . . It was a Godsend by Christine Wallace,
Meals on Wheels by ACC
At 75 years young and a retired elementary school teacher, Mrs. Tanner was enjoying life. She was cooking her own meals, taking care of chores around the house, and tending to her colorful garden. But in 2001, Henry, her beloved husband passed away and the following year Mrs. Tanner took a fall that put her into the hospital. That’s when everything changed.

“All of a sudden I had to change my habits,” Mrs. Tanner said. “I found Meals On Wheels and it was a Godsend.” Meals on Wheels has helped Mrs. Tanner stay in her own home and live independently with a nutritionally balanced, hot, ready-to-eat meal every day. “I can always count on a delicious meal. I love the macaroni and cheese. They have great chowders, and good soups. They taste wonderful.”  

Continued on page 4
Continued from page 3

Most of all Mrs. Tanner adores the drivers who deliver the meals. She says they always stop to say hello. Sometimes the drivers even give out special handmade cards which mean a lot to her. “It’s very rewarding to chat with them. I get a charge out of meeting them every day. Now I’m 85 going on 86, and it’s the little things that make life worthwhile,” says Mrs. Tanner.

Meals on Wheels by ACC provides nutritious meals, friendship, and lifesaving assistance to our elderly neighbors in the Sacramento area.

Ombudsman Services Intervene

by Joan Parks, Ombudsman Services of No. CA

A daughter placed her mother in an assisted living facility and promptly took over her finances. As her power of attorney agent, the daughter isolated her mother from other family members and from a boyfriend of over 30 years. No face to face contact or telephone calls were permitted. The facility honored the daughter’s wishes, which is common policy by many facilities. A friend of the resident became concerned about her situation and contacted the Ombudsman Services of Northern California. An Ombudsman was assigned to the case and was able to empower the resident by letting her know her rights. She also educated the daughter on her mother’s rights. As a result, her mother was able to move to a facility which promoted residents’ rights and encouraged her to have friends and family visitors once again. With her health improving, she was also able to regain control of her finances. The Ombudsman program intervened to improve the life of this senior who would have otherwise been lonely and estranged from her closest family and friends.

A woman who resided in a skilled nursing facility for over five years was involuntarily discharged (evicted) due to her high level of care needs. She was sent to an acute hospital with stage 3 and 4 bedsores. When the hospital attempted to discharge her back to the facility, they refused to take her. An Ombudsman quickly interceded and requested an immediate administrative hearing at the hospital. Attendees at hearings are normally the Department of Public Health hearing officer, facility management, hospital physicians, the discharge planner, the Ombudsman, the resident, and family members. The result of the hearing deemed the resident to be in stable condition, and that the facility must accept her back or be subject to civil penalties. Because of this intervention, the resident returned to her “home,” the facility.

A Success Story From Asian Community Center Drop-in Respite by Linda Revilla, ACC

Mr. N, a 74-year old caregiver for his wife with memory loss, was recently referred to Asian Community Center (ACC) by a primary care physician. Mr. N presented ACC with a number of concerns. As he works 70+ hours a week with three to four hours of sleep a night, he has minimal time to care for and support his wife. His primary concern was that during his absence, Mrs. N. wandered in search of socialization. Her memory loss of people, places, and events created a great source of anxiety for him. It was not uncommon for her to lose track of money, forget how she arrived at a location, and cause traffic accidents before she stopped driving altogether.

Mr. and Mrs. N made an initial visit to ACC and had follow-up interviews to develop trust in the program and people. Staff then linked them to an array of services available through their Bridge to Healthy Families program—ACC Rides, exercise classes, and Drop-in Respite. When Mr. N’s birthday was approaching, a staff member happened to talked to him about receiving ACC Respite services for free, and he was nearly brought to tears. He said, “Wow, what a great birthday present! Had I not called you, had I not come to ACC, I would have never been able to keep up this routine. I am tired, I am so tired, and I am an old man . . . thank you, thank you.”

Changing Lives One Job at a Time

by JoAnne Mahaney-Buehler, A4AA

Steve Curl was unemployed, recently divorced, and living with his sister when he heard about Area 4’s Senior Employment Program (SEP). When Steve met with SEP staff to discuss his goals, he indicated that he wanted to work at a storage facility as a customer service representative. He knew that this job would allow him the flexibility and time to achieve a lifelong dream of earning a college

How is Performance Measured?

Performance data is one of the key factors used for program planning—reductions and additions—and determining funding levels. Step #1 in measuring performance is the provider’s Scope of Service which is included in their contract. Scope of Service states the number of service units (hours, activities, contacts, etc.) the provider will complete for the year and how many unduplicated seniors they are going to serve.

Step #2 measures providers’ ongoing performance towards their Scopes. To accomplish that, Area 4 requires monthly data reports to be submitted. Every program has an assigned Area 4 program manager who reviews the monthly reports and checks for unsatisfactory performance and notable changes.

Step #3 is for A4AA to transmit the monthly reports to the California Department of Aging (CDA), as is done with quarterly and year-end reports. After filtering the data for errors or incompleteness, CDA forwards collective statewide statistics to the Administration on Aging at the federal level.

Step #4 involves extended evaluation of underperforming programs that achieve less than 95% in cumulative performance for a quarter. These reports are submitted to Area 4’s Joint Program Evaluation Committee (JPEC). The Committee has the authority to recommend to the Advisory Council and Governing Board that a sanction be imposed on a provider who has unsatisfactory performance over time. Sanctions may include withholding, suspension, or reduction of funds and termination. However, it is the intent of A4AA to work cooperatively with a service provider in order to prevent the need or imposition of a sanction.

Evaluating the Overall Program

Step #5: In addition to conducting monthly desk monitoring, the A4AA Program Manager conducts onsite evaluations of their assigned programs. An onsite visit is required every two years at a minimum. The primary purposes of the evaluation are: 1) To assure compliance with key requirements and regulations 2) To document any significant changes that have been made in the program and 3) To measure progress in meeting program goals and A4AA recommendations.

The evaluation tool covers administrative, program, and fiscal topic areas important to the successful delivery of services. During an onsite visit, performance is measured against Scope, questions and responses are discussed, more details are sought, suggestions made, acknowledgments given, and both parties come away with a clearer understanding of their operation’s overall status.

To wrap up the evaluation process, the program manager adds his or her findings and comments to the evaluation tool with any recommendations or corrective actions. The completed evaluation is sent to the provider with a copy to the chairperson of the county’s commission on aging.

Fiscal Monitoring

Several processes are used to monitor and assess service providers. A fiscal tracking report is used to monitor monthly expenditures against approved contract budgets to ensure spending patterns are appropriate. Annual inventories are required for property and equipment purchased by providers with A4AA funding. Fiscal onsite evaluations are performed in compliance with CDA requirements. Audits by independent CPA firms are required of all providers, including A4AA. Financial risk assessments are performed every two years.

In-House Review—Service providers submit annual program budgets for review and approval by program managers and fiscal staff. The budget includes line item cost categories, including matching requirements and income sources. Monthly expenditures and income are tracked to determine the status of spending patterns. If the levels are below or exceed variance levels, the providers are contacted to determine the reasons, and if necessary, budget amendments are required to realign the budget.

Onsite Visit—For evaluations at the provider's location, a standard fiscal monitoring tool is used for consistency to test financial transactions reported for a selected month. Supporting documentation is obtained during the onsite. Any issues or problems are discussed during the visit. Data collected is reviewed and a summary of the results is sent to the provider, together with a financial schedule of any differences. A comprehensive four-page checklist for each provider is also used to establish a procedural assessment of the financial system. It is updated when there is a significant personnel change, such as the director or fiscal employee.
Successful Advocacy

Area 4 Agency on Aging was deeply concerned that Governor Brown’s budget for the 2012-13 fiscal year called for the complete elimination of state funding for the California Caregiver Resource Centers (CRCs). Area 4 contracts with the Del Oro Caregiver Resource Center to provide a wide range of federally funded services to family caregivers throughout our service area. The loss of matching state funds would jeopardize the entire Del Oro program. Thanks to the efforts of all the CRCs, of all the Area Agencies on Aging, and of many other advocates in the aging services network, the legislature preserved this vital funding, and the Governor spared the CRCs from a line-item veto in the final budget agreement.

FY 2011-12 was also a turbulent year in California for supporters of Adult Day Health Care (ADHC) facilities and their clientele. In June of 2011, a lawsuit was filed in federal court to challenge and temporarily postpone the state legislature’s elimination of ADHC as an optional Medi-Cal benefit. At that time, more than half of all ADHC clients statewide were Medi-Cal recipients.

In November 2011, a settlement was reached in that case (Darling vs. Douglas) with the end result being the creation of a new Medicaid waiver program known as CBAS (Community-Based Adult Services). CBAS is very similar to traditional ADHC but with stricter criteria and more oversight by the state. On April 1, 2012 all eligible ADHC Medi-Cal clients transitioned to CBAS; those who were not eligible lost their day care services.

The Yolo Adult Day Health Center is to be commended for its strong advocacy on this issue. Fortunately, every one of its affected clients was ultimately retained under CBAS.

Finally, A4AA’s Legislative Committee and Advisory Council voted to support three bills this past legislative session. Following several amendments, all three bills were signed by the Governor and have become law:

AB 40: Elder Abuse Reporting (Yamada); Requires a mandated reporter to call the police whenever physical abuse of a person in a long-term care facility is suspected or alleged.

AB 1525: Elder Abuse, Money Transmitters (Allen); Requires companies that are licensed to wire funds to provide training to their staff on the financial abuse of elders and dependent adults.

SB 1047: Missing Persons, Silver Alert (Alquist); Authorizes the California Highway Patrol to activate a local Silver Alert (similar to an Amber Alert) if an older adult with dementia or some other mental impairment is reported missing.

251 Attend 2011 Fall Prevention Event

Being injured as a result of a fall in the home is a major reason many older adults lose their ability to live independently; therefore, preventing falls has been a priority for Area 4 Agency on Aging for many years now. On September 24, 2011 A4AA partnered for the second time with Kaiser Permanente South Sacramento Medical Center to organize the 2nd Annual Fall Prevention Community Event. Additional sponsors included City of Sacramento, Vice Mayor Bonnie Pannell, the Samuel C. Pannell Meadowview Community Center (which also hosted the event), Eskaton and AT&T. Altogether, $7,000 was raised to help make this event free for the public.

The day included presentations from local experts, health screenings, demonstrations from physical therapists and fire department personnel, and a large vendor faire. Feedback from the seniors and caregivers who participated in this interactive event was overwhelmingly positive. More importantly, 90% of the attendees indicated that what they learned at the event would help them reduce their risk of falling either Somewhat (20%) or Very Much So (70%). When asked what they planned to do to reduce their fall risk, the most popular answers were: Exercise More (35%), Be More Careful and Aware (29%), and Make Home Modifications (27%).
Area 4 Agency on Aging administered over $9.1 million in revenues for 2011-12, funding services to help seniors and caregivers. The Agency receives federal, state, and county funding. Grants and contributions are also received from organizations, private donors, and fundraising activities.

degree. Six weeks later, the SEP staff received a call from a storage facility owner who wanted to hire a trustworthy capable senior to live and work at his facility. The position provided an on-site, rent free, 2-bedroom apartment plus salary. Steve interviewed for the position and was hired. He currently lives in his new apartment and enjoys his work interacting with and helping customers. He recently enrolled in his first courses at a local community college. Steve says his job is absolutely fantastic, and he greatly appreciates the SEP services that have changed his life.
