DATE: April 19, 2016

SUBJECT: Board of Supervisors Authorization to Solicit Proposals for Individuals and/or Organizations to Complete a Community Health Assessment (CHA) and Community Health Improvement Plan (CHIP)

RECOMMENDATION: It is recommended that the Board of Supervisors authorize the Health and Human Services Department (HHSD), Public Health Division, to solicit proposals to conduct a baseline comprehensive Community Health Assessment (CHA) and to develop a Community Health Improvement Plan (CHIP).

BACKGROUND: The Public Health Division is pursuing public health department accreditation through the Public Health Accreditation Board. Initial requirements of accreditation include the development of a CHA and a CHIP. HHSD will be soliciting proposals from qualified individuals and/or organizations to conduct a baseline county-wide community based health assessment and thereafter to develop a community health improvement plan.

DISCUSSION: The selected bidder will use the National Association of County and City Health Officials’ (NACCHO’s) Mobilizing for Action through Planning and Partnerships (MAPP) model. Using this model the selected bidder will manage the implementation of this process and development of these documents while working closely with Yuba County Public Health. The primary goal of this process is to incorporate community feedback into the County’s CHA and CHIP, prerequisite documents in applying for Public Health Department Accreditation.

FISCAL IMPACT: Approval of this authorization will not impact County General Funds.

INTRODUCTION

The Yuba County Health and Human Services Department, Public Health Division is soliciting proposals to conduct a baseline comprehensive Community Health Assessment (CHA) and to develop a Community Health Improvement Plan (CHIP). The selected bidder will use the National Association of County and City Health Officials’ (NACCHO’s) Mobilizing for Action through Planning and Partnerships (MAPP) model. Using this model the selected bidder will manage the implementation of this process and development of these documents while working closely with Yuba County Public Health.

The primary goal of this process is to incorporate community feedback into the County's CHA and CHIP, prerequisite documents in applying for Public Health Department Accreditation.

This RFP outlines the scope of services, information necessary to understand the competitive selection process, and the required documentation necessary for the submission of proposals. Please review the document carefully to ensure you are familiar with the County’s requirements.

We are seeking a proposal to conduct a county-wide community based assessment and planning process that includes:

1. Vision Sessions

2. Four assessments combined into a comprehensive CHA (for details see Attachment 2):
   a. Community Strengths and Themes
   b. Community Health Status
   c. Local Public Health System
   d. Forces of Change

3. Identifying Strategic Issues

4. Formulating Goals and Strategies

5. CHIP – a community driven strategic plan (for details see Attachment 3)

6. Meeting requirements for Public Health Accreditation – CHA & CHIP as delineated by the Public Health Accreditation Board

7. Maintaining adequate files and data

MAPP is a method to help communities prioritize public health issues, identify resources for addressing them, and take action. Our goal is to create a report containing the details of each step of the MAPP process and to provide a comprehensive CHA and CHIP.
BACKGROUND INFORMATION

Yuba County
Yuba County is located in the Northern Sacramento Valley, approximately 40 miles north of the State Capitol, Sacramento. The boundaries stretch from the farms and orchards of the valley to the timberlands of the Sierras. Yuba County Public Health serves residents living in the two incorporated cities of Marysville and Wheatland, 12 unincorporated communities, and on the Air Force Base housed within the county.

With an estimated population of 73,966, Yuba County has a diverse population that includes 50.8% male and 49.2% female with a racial composition of 79.4% White, 7.3% Asian, 4% Black, 3% American Indian, and 0.5% Native Hawaiian and other Pacific Islander. The County Public Health serves as the local health jurisdiction providing essential programs and services to help protect and improve the health of the county’s five districts. Yuba County has unique health needs, related to its population demographics, including high rates of poverty and low educational attainment.

Statement of Commitment — we are dedicated to providing responsive, innovative and sustainable services that enhance the quality of life and uphold the public trust and interest.

Public Health Accreditation
Yuba County Public Health Division is pursuing public health department accreditation through the Public Health Accreditation Board (PHAB). Accreditation includes internal and external processes that enhance Public Health’s ability to identify community health issues, identify vulnerable populations, and prioritize health priorities. Initial requirements of accreditation include the development of a Community Health Assessment and a Community Health Improvement Plan. The accreditation process provides a means for public health departments to identify performance management opportunities, enhance management, develop leadership, and strengthen relationships with members of the community. Accreditation through PHAB consists of adoption of a set of standards, a process to measure health department performance against those standards, and recognition for those departments that meet the standards.

For more information related to PHAB, visit their website at http://www.phaboard.org/

CHA and CHIP definitions, as provided by PHAB are as follows:

Community Health Assessment (CHA)
- Purpose is to learn about the health status of the population the health entity serves.
- Describes the health status of the population, identifies areas for improvement, determines factors that contribute to health issues, and identifies assets and resources that can be mobilized to address population health improvement.
- Is developed through a participatory, collaborative process with various sectors of the community (See Attachment 2 for a CHA detailed requirements list)
Community Health Improvement Plan (CHIP)

- Purpose is to describe how the health department and the community will work together to improve the health of the population that it serves.
- Based on the CHA.
- Community-driven with participation of public health system partners and process to set priorities.
- More comprehensive than roles and responsibilities of health department alone; includes community partners' roles and responsibilities. (See Attachment 3 for a CHIP detailed requirements list)
I. **SCOPE OF WORK**

In order to accomplish the stated objectives, the selected bidder will be expected to complete several activities, outlined below:

1. **Meeting Planning**
   A. Plan community meetings and develop materials in conjunction with Public Health Department Staff. Community meetings will:
      i. Be at geographically variant locations (the five supervissorial districts)
      ii. Vary in number of participants.
   B. Make logistical arrangements (locations, times, food, participation incentives, etc.)
      i. Arrangements include attaining resources to offer translation services at all community meetings in Spanish and Hmong at a minimum

2. **Facilitation of Community Meetings**

         1. Handouts
         2. Posters
         3. Electronic
   B. Facilitate health issue prioritization process
      i. Assist community members in identifying most important health issues amongst presented health concerns
      ii. Follow MAPP general guidelines available here:
          http://www.naccho.org/topics/infrastructure/mapp/, or similar community engagement guidelines
      iii. Flexible facilitation method to stimulate community engagement
   C. Provide short surveys to be completed by participants at the meetings

3. **Community Engagement/Marketing**
   A. Advertise community meetings to encourage robust participation
      i. Creation of marketing materials and organizing participation incentives, when applicable
   B. Marketing materials available in formats used for:
      i. Soliciting information from community members during existing community events (e.g. fairs, farmer’s markets)
      ii. Engaging people in passing
iii. Accommodating different languages through translation, Spanish and Hmong at a minimum.

4. Reporting
   A. Create detailed timelines for MAPP process and delivery of CHA and CHIP outcomes
   B. Summary of prioritization process and ranked list of health/environment outcomes
      i. Summary is well-defined and transparent
   C. Delivery of final report summarizing:
      i. Facilitation process used
      ii. Brief summaries of meetings
      iii. Priorities identified at each meeting
      iv. Any regional or demographic differences in identified priorities

5. Deliverables include:
   A. Overall coordination and project management of the MAPP process including monitoring timelines and providing direction to the MAPP Committee. (See Attachment 4 for a draft anticipated timeline for the MAPP process.)
   B. Facilitation of focus groups and committees for: visioning sessions, assessments, strategic issues, and goals and strategies.
   C. Identify reliable existing data sources, development of quality primary data, data collection and conduct data analysis, and Public Health System partner identification and engagement in alignment with all Public Health Accreditation Board (PHAB) Domain 1, Standards 1.1 through 1.4 and Domain 5, Standard 5.2, Measure 5.2.1 through 5.2.4.
   D. An Executive Summary report outlining the health issues and priorities identified for Yuba County through the MAPP process that can be distributed to key stakeholders and decision makers.
   E. A one-page overview that can be distributed for educational purposes.
   F. A detailed report of how the MAPP process was implemented and progressed in Yuba County.
   G. A comprehensive written report on the results of the four assessments (CHA).
   H. A written Community Health Improvement Plan (CHIP).
   I. Identify strategic issues; formulate goals and strategies as a foundation for a Department Strategic Plan (DSP) in a short summary.
   J. Electronic copies of all written reports and all original data shall be submitted in PDF format.
   K. An electronic copy of the CHA & CHIP in a reusable document format.
   L. Copy of all the original data, agendas, and meeting notes/summaries.

1. SUBMISSION OF PROPOSAL

It is the bidder’s responsibility to check the County solicitation Website (see address below) or to contact the RFP point-of-contact identified in the RFP for any addenda issued to this RFP. The County shall not be responsible for any incomplete proposal submitted as a result of missing addenda, attachments or other information regarding the RFP.

The County’s website will be the official notification posting place of all Amendments and Addenda’s to the RFP. Go to: http://www.co.yuba.ca.us/departments/admin%20services/purchasing%20solicitations.aspx.

One (1) original signature page (Attachment 1), wet-signed in blue ink and five (5) complete copies of the bid packet must be received and date stamped by County no later than 4:00 p.m. (PST) on May 27, 2016. Faxed proposals will not be accepted.

Proposals must be in sealed envelopes and clearly labeled: Comprehensive CHA & CHIP – MAPP Project on the outside and delivered to the Main reception area at:
Yuba County Health and Human Services Department
Attn: Cyndi Journagan Finance & Administrative Supervisor
5730 Packard Avenue, Suite 100
Marysville, California

It is the bidder's responsibility to assure that its proposal is delivered and received at the location specified herein, on or before the date and hour set. Proposals received after the specified date and time will NOT be considered.
III. PROPOSAL RESPONSE

Proposals must include the information that is specifically requested herein as well as additional information the Applicant deems relevant to the process. Additional information may be provided but should be succinct and relevant to the goals of this RFP. Proposals must be developed in accordance with the described format.

FORMAT: All documents must be submitted in PDF format, and meet the following formatting requirements:

8.5" x 11" paper, 1" margins, 12 pt. font, double-spaced. Submit narratives as indicated below identifying each segment by corresponding number in addressing the following components. (The number of pages noted does not include requested attachments, i.e., Application, Attachments, Proof of Insurance, Board Resolution, Letters of Support, licenses/certificates, etc.) Proposals that deviate from this format will not be considered.

The proposal should include components in the order described below. Use forms where provided. A proposal lacking any of the following information may be deemed non-responsive:

1. Signature Page
Bidder must complete and return the enclosed Signature Page (Attachment 1 – "SIGNATURE PAGE"). The Signature Page must be signed in blue ink by the officer or officers legally authorized to submit the proposal and thereby commit the agency to the obligations contained in the RFP response. Further, the signing and submission of a response shall indicate the intention of the Applicant to adhere to the provisions described in this RFP and a commitment to enter into a binding contract.

2. Table of Contents
The Table of Contents must be a comprehensive listing of the contents included in your proposal. This section must include a clear definition of the material, exhibits, and supplemental information identified by sequential page numbers and by section reference number.

3. Executive Summary (no longer than 1 page)
The Executive Summary shall condense and highlight the contents of the bidder's Business Proposal to provide the Evaluation Committee with a broad understanding of the bidder's overall approach, qualification, years in business, experience, anticipated outcomes, deliverables and staffing.

4. Statement of Experience (no longer than 1 page)
Provide a summary of your experience in providing services described in the Scope of Work. Include the number of years of experience providing equivalent or related services. (Elaborate on these services provided under Section III.6)
5. Bidder’s Qualifications and Project Narrative
The County seeks an agency that can demonstrate the following skills, abilities, and qualifications:

a. Documented ability to perform strategic planning and conduct collaborative Community Health Assessments (CHAs) and develop Community Health Improvement Plans (CHIPs)

b. Sample of previous work

c. Experience in applying objective methods of public health priority setting

d. Demonstrated competency and ability to facilitate meetings of varying sizes, involving participants from a wide variety of backgrounds, cultures, languages and disciplines, oral, and written communication

e. Ability to design and deliver presentations and to deliver curricula with sensitivity to learner characteristics

f. Methodology – how will you accomplish this task?

g. Timeline to meet targeted goals (see Attachment 4 for a draft anticipated timeline). A demonstrated ability to meet both internal and external deadlines.

h. Scope of Work

i. Anticipated challenges and how to address them

j. Proof of Insurance Coverage: Provide proof of required insurance

k. Board Resolution (if applicable): For 501(c)3 agency’s, a copy of the applicant’s governing Board Resolution authorizing the submission of the proposal with evidence of 501(c) (3), including Employer ID Number, must be submitted as an attachment. If the Resolution is not available, a letter stating the date it will be available must be attached.
6. **Itemized Budget (no longer than 2 pages)**
   The budget should assign costs to objectives using a quarterly timeline. Provide a brief budget narrative detailing all expense components that make up total operating expenses. In the budget narrative, describe all administrative costs and efforts to minimize use of projects funds for administrative and overhead expenses. No project funds shall be used for administrative and/or overhead costs not directly attributed to the project.

   Proposed budget should reflect a reasonable approach to funding proposed deliverables. Furthermore, the proposed budget should be prepared in a manner to best demonstrate cost effectiveness.

   The County reserves the right to change funding for contracts if the funding allocations change from estimated levels.

7. **Financial Information**
   The bidder shall provide copies of its three most recent and comparable contracts, the total bid amounts proposed, and final budgets for each of those contracts. Financial information will be kept confidential if so stamped on each page.

   The County may request additional information the County determines is necessary for an accurate determination of the applicant’s qualifications to perform services.
IV. **EVALUATION CRITERIA**

The contract, if awarded, will be awarded to the Applicant(s) whose proposal is considered the *best value* to the County as interpreted by the County. Proposals that fail to meet all requirements will be deemed incomplete and will not be considered. Incomplete proposals include those that fail to submit all outlined required documents and attachments and those that fail to meet the format requirements. Best value will be determined based on the following evaluation criteria and point value:

1. **Project Qualifications (65 points total)**
   a. Experience and qualifications of bidder
      1. Objective methods for health priority setting 15 points
      2. Bidder demonstrated ability to conduct CHA/CHIP 15 points
      3. Sample of previous work 5 points
   b. Meeting design and implementation
      1. Logistical ability 10 points
      2. Marketing ability 10 points
      3. Presentation design 10 points

2. **Project Narrative (25 points total)**
   a. Proposed process methodology and scope of work 15 points
   b. Timeline 5 points
   c. Plan to overcome potential barriers 5 points

3. **Budget (10 points total)**
   a. Itemized budget 5 points
   b. Budget narrative 5 points
V. THE RFP SELECTION PROCESS

Following the bid opening and after the total bid amounts have been recorded:

- Proposals will be reviewed by an Accreditation Documentation Specialist for completeness and adherence to RFP instructions. The proposals that meet the submission requests will be evaluated and scored by an Evaluation/Review Committee. The Committee may require interviews during scoring to discuss proposals.

- Submissions which are deemed incomplete may be eliminated as not being responsive. Responsiveness means an Applicant has submitted a proposal that conforms to the solicitation documents in all material aspects.

A “Responsible Contractor/Applicant” shall mean an Applicant who has the capability, in all respects, to fully perform the contract requirements and the moral and business integrity and reliability that will assure good faith performance. Qualifications, interview, experience, and financial stability may all be taken into consideration.

- The County reserves the right to award a contract to the applicant(s) that present(s) the best qualifications and whose proposal best accomplishes the desired results.

- Upon recommendation by the evaluation/review committee and approval by the Board of Supervisors, qualified Applicant(s) will be selected to provide services to Yuba County upon contract commencement date through June 30, 2017. At the County’s discretion, the contracts may be renewed for additional terms based on the availability of funding and contractor’s performance.

Applicant(s) shall agree to and sign a contract with the County; final terms of the contract will be negotiated with the selected Applicant(s) and incorporated in the contract. Contracts awarded will contain at least, but shall not be limited to, the provisions outlined in the Agreement for Comprehensive CHA & CHIP Consultant – MAPP Project. A sample contract can be viewed at:
http://www.co.yuba.ca.us/departments/admin%20services/purchasing%20solicitations.aspx

- The County will notify all bidders whether or not they are selected for the subject services.

- It is the County’s preference to promote employment and business opportunities for local residents and firms on all contracts and give preference to local residents, workers, businesses, and consultants to the extent consistent with the law and interests of the public.
VI. COUNTY NOTICES

1. County Contact
   Any questions related to this RFP should be directed to the County contact person by email: HHSD_RFPquestions@co.yuba.ca.us

   All communications during this process should be directed to the appropriate County contact listed above. Any applicant that makes any effort to communicate with any elected or appointed officials of Yuba County, either directly or indirectly, during this process will be EXCLUDED from consideration.

2. Subcontracting
   Any bidder using a subcontractor(s) must clearly explain the use of the subcontractor(s) and list the name(s) of the subcontractor(s) providing work under this proposal. The selected bidder will be fully responsible for all work performed under this proposal and will be considered as the "Prime Contractor." Any subcontracting, or other legal arrangements made by the bidder are the sole responsibility of the bidder. Any contract that is entered into between the selected bidder and the subcontractor(s) shall contain provisions for federal and state access to the books, documents, records, and inspection of work. Bidder awarded any contract as a result of this proposal shall obtain County written approval of subcontractors identified in bidder submittal prior to execution of contract.

3. Joint Ventures
   In the event a proposal is submitted jointly by more than one organization, one legal entity must be designated as the "Prime Contractor." All other participants shall be designated as subcontractors.

4. Conflict of Interest
   Any agency or person considering doing business with Yuba County Government must disclose the agency or person's affiliation or relationship that might cause a "Conflict of Interest" with County Government entity. Any attempt to intentionally or unintentionally conceal or obfuscate a conflict of interest may automatically result in the disqualification of the bidder's submittal.

5. General Notices
   All applicants responding to this RFP should note the following:

   a. Yuba County reserves the right to:
      - Reject any or all submittals
      - Request clarification of any submitted information
      - Waive any informalities or irregularities in any qualification statement
      - Not enter into any agreement
      - Not to select any applicant
      - Cancel this process at any time
      - Amend this process at any time
      - Interview applicants prior to award and request additional information
• Enter into negotiations with one or more applicants
• Award more than one agreement if it is in the best interest of the county
• Issue similar RFPs or RFQs in the future

b. Addenda posting and notifications must be done at least 72 hours before the RFP closing. All addenda information can be found at: http://www.co.yuba.ca.us/departments/admin%20services/purchasing%20solicitations.aspx

c. Any and all costs arising from this RFP process incurred by any applicant shall be borne by the applicant without reimbursement by Yuba County.

d. Acceptance by Yuba County, of any proposal submitted pursuant to this RFP, shall not be deemed to constitute intent, implied or otherwise, to enter into an Agreement for Services.

Comprehensive Community Health Assessment (CHA) & Community Health Improvement Plan (CHIP) - MAPP Project
YUBA COUNTY PUBLIC HEALTH - ACCREDITATION
Standard 1.1 Community Health Assessment (CHA) Requirements List

STANDARD 1.1: Participate in or lead a collaborative process resulting in a comprehensive Community Health Assessment (CHA)

Measure 1.1.1

1. The Health Department must document that the process for the development of a CHA includes participation of partners outside of the Health Department that represent Tribal/community populations and health challenges. Examples:

   - Local government (elected officials law enforcement, correctional agencies, housing and community development economic development, parks and recreation, planning and zoning, school boards)
   - For profits (business, industries, major employers in the community)
   - Not-for-profits (Chamber of Commerce, civic groups, hospitals and other health care providers, local Childhood and Women’s Death Review organizations, public health institutions, environmental public health groups that represent minority health, etc.)
   - Community foundations and philanthropists
   - Voluntary organizations
   - Health care providers (including hospitals)
   - Academia
   - The State Health Department and Tribal Health Departments located in YCPH’s jurisdiction
   - Military installations in YCPH’s jurisdiction
   - Representation of two or more populations that are at higher health risk or have poorer health outcomes (documentation could be, for example, a membership list and meeting attendance records.)

2. The Health Department must document that the partnership meets and communicates on a regular basis to consider new data sources, review newly collected data, consider assets and resources that are changing, and conduct additional data analysis.

   The frequency of meetings/communications is determined by the partnership and may change, depending on the stage of the process.

   Meetings and communications may be:
   - In-person
   - Via conference calls
   - List-serves
   - Other digital communication methods

   Documentation could be (for example):
   - Meeting agenda
   - Meeting minutes
   - Copies of emails
   - Reports or other documents that show meeting frequency
3. The Health Department must document the collaborative process used to identify and collect data and information, identify health issues, and identify existing Tribal or local assets and resources to address health issues.

The process used may be an accepted national model; state-based model a model from the public, private, or business sector; or other participatory process model. When a specific model is not used, the key steps undertaken that outline the process used should be described.

National models include, for example,

- Mobilization for Action through Planning and Partnerships (MAPP)
- Association for Community Health Improvement (ACHI) Assessment Toolkit
- University of Kansas Community Toolbox (http://ctb.ku.edu/en/note/9)

Examples of tools or resources that can be adapted or used throughout, or as part of, the community health assessment process include:

- NACCHO’s Resource Center for Community Health Assessments and Community Health Improvement Plans
- Community Indicators process project
- Asset Based Community Development model
- Tribal Accreditation Readiness Guidebook and Roadmap
- Inter-Tribal Council of Arizona’s Tribal CHA Toolkit
- National Public Health Performance Standards Program (NPHPSP)
- Assessment Protocol for Excellence in Public Health (APEX/PH)
- Guide to Community Preventive Services
- Healthy People 2020
- RWJF County Health Rankings and Roadmaps: Assess (http://www.countyhealthrankings.org/roadmaps/action-center/assess-needs-resources)

Measure 1.1.2

1. The Health Department must document the identification and description of the Tribe’s or community’s health and areas for health improvement, the factors that contribute to the health challenges, and the existing community resources that can be mobilized to address them. The health assessment must include all of the following:

a. Evidence that a comprehensive, broad-based data and information from a variety of sources were used to create the health assessment.

   - Qualitative data as well as quantitative data must be utilized.

   Qualitative data may address, for example:
   - The community’s perception of health
   - factors that contribute to higher health risks and poorer health outcomes
   - attitudes about health promotion and health improvement

   - Data collection methods include, for example:
   - Surveys
   - Asset mapping
• Focus groups
• Town forums
• Community listening sessions

Quantitative data may, for example, include:
• Vital statistics
• Graduation rates
• Morbidity and mortality numbers and rates
• Rates of behavioral risks, such as tobacco use

• The assessment must also include both primary data and secondary data.

Examples of sources of secondary data include:
• Federal / Tribal / State and Local data
• Hospitals and health care providers
• Local schools
• Academic institutions
• Other departments of government (i.e. recreation, public safety, etc.)
• Community not-for-profits

Data sources also include, for example:
• County Health Rankings
• Community Health Needs Assessment (CHNA) Toolkit
• CDC Community Health Status Indicators
• County Health Rankings
• CDC Disability and Health Data System
• US Census American Factfinder
• Dartmouth Atlas of Health Care
• National Health Indicators Warehouse
• CDC Wonder
• Tribal Epidemiology Centers

Non-traditional and non-narrative data collection techniques are encouraged, for example:
• Photographs taken by members of the Tribe or community in an organized assessment process to identify environmental (including the build environment) health challenges

Examples of primary data include:
• Local surveys (for example, of high school students, and/or parents)
• Focus groups (for example, to discuss community health issues)
• Other data that the Health Department collects to better understand contributing factors or elements of secondary data sets

b. A description of the demographics of the population of the jurisdiction served by the Tribal/local health department, for example:
• Gender
• Race
• Age
• Socioeconomic factors
• Income
- Disabilities
- Mobility (travel time to work or to health care)
- Educational attainment
- Home ownership
- Employment status
- Immigration status
- Sexual orientation

c. A description of the health issues of the population and their distribution, based on the analysis of data listed in a) above. The description must address the existence and extent of health disparities between and among specific populations in the community or areas in the community: populations within inequitable share of poorer health outcomes must be identified.

d. A discussion of the contributing causes of health challenges for example:
   - Behavioral risk factors
   - Environmental factors (including the built environment)
   - Socioeconomic factors
   - Policies (e.g., zoning, taxation education, transportation, insurance status, etc.)
   - Injury
   - Maternal and child health issues
   - Infectious and chronic disease
   - Resource distribution (e.g., grocery stores)
   - Unique characteristics of the community that impact on health status

Multiple determinants of health, especially social determinants, must be included. Health disparities and high health-risk populations must be addressed. Community factors that contribute to higher health risks and poorer health outcomes of specific populations must be considered.

e. A listing or description of the assets and resources that can be mobilized and employed to address health issues. These must include other sectors. For example:
   - A local park or recreation center can encourage physical activity
   - Local farmers' markets can be vehicles to promote healthful eating
   - A school district can partner with the Health Department to provide health education

2. The Health Department must document that the preliminary findings of the assessment were distributed to the community at large and that the community's input was sought.
Examples of methods to seek community input include:
   - Publication of a summary of the findings in the tribal/local press with feedback or comment forms
   - Publication on the Health Department's website and website comment form
   - Community/town forums
   - Listening sessions
   - Newsletters
   - Presentations and discussions at other organizations' local meetings

3. The Health Department must document the gathering of information, collection of data, conduct of community dialogues, and/or identification of community assets specific to populations
and/or geographic areas in the community where health inequities and poorer health indicators were identified in the community health assessment.

Additional data analysis is expected to be neighborhood/community specific in order to understand health inequities and the factors that create them. Geographic information analysis of socioeconomic conditions would be appropriate information to include in an annual update or supplement.

A complete revision or overhaul of the community health assessment, is not required, but for a continuous effort to better understand the health of the population through the collection of information and data.

Examples of community dialogue include:
- Organizing town meetings
- Conducting focus groups
- Participating in other local organizations' community meetings:
  - Church community meetings
  - School public meetings
  - Community association meetings or assemblies, etc.
- Conducting open forums
- Conducting group discussions with specific populations:
  - Teenagers
  - Young mothers
  - Residents of a specific neighborhood

Documentation could be, for example:
- Reports of data and their analysis
- Findings from a focus group
- Meeting minutes where health issues or needs were discussed
- Reports of open forms

Documentation of attendance at a meeting is not sufficient; documentation of the information gathered and analyzed is required.

Measure 1.1.3

1. Health departments must document how it informs partners, stakeholders, other agencies, associations, and organizations of the availability of the community health assessment.

Documentation could be, for example:
- Emails to partners and stakeholders providing information of how to access the assessment
- Announcements in department newsletters
- Articles in newspapers
- Digital media / Health department tweet or Facebook
- Public service announcements
- Local news announcements

2. Health Departments must document how it communicates the community health assessment findings to the public.

Documentation could be, for example:
• Evidence of distribution of the assessment to libraries or the publication of the community health assessment on the department's website

Summaries of the findings could be, for example:
• Published in newspapers
• Outlined in the department's newsletter
• Linked to from the department's Facebook page
• Published on the department's website
YUBA COUNTY PUBLIC HEALTH - ACCREDITATION
Standard 5.2 Community Health Improvement Plan (CHIP) Requirements List

STANDARD 5.2: Conduct a comprehensive planning process resulting in a Tribal/State/Community Health Improvement Plan (CHIP)

Measure 5.2.1

1. The Local Health Department must document the collaborative community health improvement planning process.

   The process used may be an accepted national model; state-based model; a model from the public, private, or business sector; or other participatory process model. When a specific model is not used, the key steps undertaken that outline the process used should be described.

   National models include, for example:
   - Mobilizing for Action through Planning and Partnerships (MAPP)
   - Association for Community Health Improvement (ACHI) Assessment Toolkit
   - University of Kansas Community Toolbox (http://ctb.ku.edu/en/node/9)

   Examples of tools or resources that can be adapted or used include:
   - NACCHO’s Resource Center for Community Health Assessments and Community Improvement Plans
   - Community Indicators process project
   - Asset Based Community Development model
   - National Public Health Performance Standards Program (NPHPSP)
   - Assessment Protocol for Excellence in Public Health (APEX/PH)
   - Guide to Community Preventive Services
   - Healthy People 2020

   The local health department must document that the community health improvement planning process included all of the following:

   a. Participation by a wide range of community partners representing various sectors of the community. Community partners could include, as appropriate for the specific community:
      - hospitals and health care providers
      - the faith community
      - veterinarians
      - military installations
      - academic institutions
      - local schools
      - other departments of government (e.g., parks and recreation, planning and zoning, housing and community development, etc.) economic development
      - community not-for-profits
      - civic groups
- elected officials
- the chamber of commerce and local businesses
- police
- housing
- foundations and philanthropists
- planning organizations
- the state health department

Members of this group may or may not be the same as members of the community health assessment partnership.

Documentation could be, for example:
- participant lists
- attendance rosters
- minutes or membership lists ~ for work groups or subcommittees

b. Data and information from the community health assessment provided to participants in the community health improvement planning process for their use in their deliberations. This may include a list of data sets or evidence that participants used the community health assessment.

c. Evidence that community and stakeholder discussions were held and that they identified issues and themes. Community members' definition of health and of a healthy community must be included. The list of issues identified by the community and stakeholders must be provided as documentation.

d. Community assets and resources identified and considered in the community health improvement process. Community assets and resources could be anything in the community that could be utilized to improve the health of the community. Community assets and resources could include, for example:
- skills of residents
- the power of local associations (e.g., service associations, professional associations)
- local institutions (e.g., faith based organizations, local foundations, institutions of higher learning) ~ as well as other community factors for example:
- parks
- social capital
- community resilience
- strong business community, etc.

Community assets and resources can be documented in a list, chart, narrative description, etc.

e. A description of the process used by participants to develop a set of priority state health issues.
Measure 5.2.2

1. The local health department must provide a community health improvement plan that includes all of the following:

   a. The desired measurable outcomes or indicators of the health improvement effort and priorities for action, from the perspective of community members. The plan must include:
      
    • community health priorities, measurable objectives improvement strategies and activities with time-framed targets that were determined in the community planning process.

   In establishing priorities, the plan must include:
   
    • consideration of addressing social determinants of health, causes of higher health risks and poorer health outcomes of specific populations, and health inequities.

   Measurable and time-framed targets may be contained in another document, such as an annual work plan. If this is the case, the companion document must be provided with the health improvement plan for this measure.

   Strategies may be evidence-based, practice-based, or promising practices or may be innovative to meet the needs of the community. National state-of-the-art guidance for example:
   
    • The National Prevention Strategy
    • Guide to Community Preventive Services
    • Healthy People 2020 – should be referenced, as appropriate.

   b. Policy changes needed to accomplish the identified health objectives must be included in the plan. Policy changes must include those that are adopted to alleviate the identified causes of health inequity. Policy changes may address, for example:
    
     • Social and economic conditions that influence health equity including:
       • housing
       • Transportation
       • Education
       • Job availability
       • Neighborhood safety
       • Access to recreational opportunities
       • zoning

   c. Designation of individuals and organizations that have accepted responsibility for implementing strategies outlined in the community health improvement plan. This may include:
    
     • assignments to staff or agreements between:
       • planning participants
       • stakeholders
       • health care providers (community benefit)
       • other local government agencies
       • other community organizations

   For this measure, agreements do not need to be formal, such as an MOA/MOU.
Local health departments must demonstrate that they considered both national and state health improvement priorities where they have been established. National priority alignment could include the National Prevention Strategy and Healthy People 2020.

**Measure 5.2.3**

1. *The health department must provide a tracking process of actions taken toward the implementation of the community health improvement plan.*

   The tracking process must specify:
   
   - Strategies being used
   - Responsible partners involved
   - Status of the effort or results of the actions taken

   Documentation could be, for example:
   
   - A narrative
   - Table
   - Spreadsheet ~ or a combination. This may look like a work plan that included the status of the implementation of the work plan.

2. *The health department must document areas of the plan that were implemented by the health department and/or its partners.*

   Examples must identify a specific achievement and describe how it was accomplished.

**Measure 5.2.4**

1. *The health department must provide an annual report on the progress made in implementing strategies in the community health improvement plan.*

   The report will consider the feasibility and effectiveness of the strategies and/or changing priorities, resources, or community assets.

   If the plan was adopted within the year, a report of a previous plan may be provided or detailed plans for assessment and reporting may be submitted.

2. *The health department must document that the health improvement plan has been reviewed and revised as necessary based on the report required in 1 above.*

   The revisions may be in the:
   
   - Improvement strategies
   - Planned activities
   - Time-frames
   - Targets
   - Assigned responsibilities listed in the plan
Revisions may be based on, for example:
- Achieved activities
- Implemented strategies
- Changing health status indicators
- Newly developing or identified health issues
- Changing level of resources

If the plan was adopted less than a year before it was uploaded to PHAB, the health department may provide:
(1) Revisions of an earlier plan
or
(2) Detailed plans for a revision process

DEFINITIONS

Bidder - A person, partnership, firm, corporation, or joint venture submitting a bid proposal for the purpose of obtaining a County Contract.

Bonds -

Fidelity Bond - Also referred to as a Dishonesty Bond. A fidelity bond is a form of protection that covers the County for losses as a result of fraudulent acts by the Contractor.

Proposal Security Bond – Also referred to as Bid Security. A bond that is submitted with bidder’s proposal to compensate the County for damages it might suffer if successful bidder refuses to execute the contract that may be derived from their proposal. Generally, it is 10% of the amount of bidder’s bid as bid security.

Performance Bond – A bond to ensure completion of the project as requested under the “Scope of Work”. The Performance Bond is backed by a surety who guarantees the project will be completed in accordance with the specifications of the proposal.

Payment Bond – This bond is to protect sub-contractors and suppliers. It ensures that the surety backing the bond will pay the sub-contractors and suppliers if the general contractor does not.

Closing Date/Time - The day and time the Request for Proposal must be received in the office of the Department of Administrative Services-Purchasing Division for acceptance.

Consultant - The bidder awarded the Contract derived from this RFP.

Contract - Comprises the Request for Proposal (RFP), any addenda thereto, the bid proposal, and the purchase order if appropriate. The Contract constitutes the entire agreement between the County and the awarded bidder.

Contractor - The bidder or vendor awarded the Contract derived from this Bid or RFP.

County - The County of Yuba, a political subdivision of the State of California.

Deliverable - The physical evidence such as documentation, certification of completion, hardware/software delivery, etc. which shows that a specific work has been completed as specified in the Scope of Work.

Discount - A percentage amount allowed off invoices for prompt payment.

Evaluation Committee - A committee established to review and evaluate proposals to
determine the Contract award. The committee includes representatives of the
department seeking the goods or services and staff from the Department of
Administrative Services-Purchasing Division.

**Formal Date of Award** - Effective date the Board of Supervisors take formal action to
award the subject RFP to the most responsive bidder.

**Goals/Tasks** - A discrete unit of work to be performed.

**Joint Ventures** - Two or more corporations or entities that form a temporary union for
the purpose of the RFP.

**May** - Indicates something that is not mandatory but permissible.

**Must/Shall** - Indicates a mandatory requirement. A proposal that fails to meet a
mandatory requirement will be deemed non-responsive and not be considered for
award.

**Notice of Intent to Award** - Letter sent by County to all participating bidders advising
them of the date the County Board of Supervisors will hear and possibly take action in
awarding the Contract to the apparent successful bidder as recommended by the
Evaluation Committee.

**Objectives/Sub-Tasks** - Detailed activities that comprise the actual performance of the
Goal/Task. The total of all Goals/Tasks and Objectives/Sub-Tasks makes up the
“Scope of Work”.

**Prime Contractor** - The bidder who is awarded the Contract and designated as the
legal entity. The Prime Contractor will hereafter also be known as the Contractor. Any
subcontracting, Joint Ventures, or other legal arrangements made by the Contractor
during this project are the sole responsibility of the Contractor.

**Proposal Deadline** - The closing date associated with this proposal.

**Proprietary** - The information provided that is considered exempt from public
disclosure defined as Trade Secrets under Civil Code Section 3426.1, pursuant to
Public Records Act.

**Scope of Work** - The mutually agreed to document which describe tasks,
dependencies, the sequence and timing of events, deliverables, and responsible
parties associated with the various phases of the proposal.

**Subcontractors** - Any person, entity or organization, to which Contractor or County
has delegated any of its obligations hereunder.

**Tasks** - A discrete unit of work to be done

**Vendor** - A person, partnership, firm, corporation, or joint venture submitting a bid or
proposal for the purpose of obtaining a County Contract.

**Work Plan** - The mutually agreed to document, which describes task, dependencies, the sequence and timing of events, deliverables, and responsible parties, associated with the various phases of the proposal.

TO: Yuba County Board of Supervisors

FROM: Michael Lee, Public Works Director

SUBJECT: Gledhill Landscaping and Lighting District, Resolution adopting the Engineer’s Report and declaring intention to levy and collect assessments.

DATE: April 19, 2016

Recommendation

Adopt the attached Resolution approving the Engineer’s Report and declaring your Board’s intent to levy and collect assessments within the Gledhill Landscaping and Lighting District for fiscal year 2016/2017.

Background

Gledhill Landscaping and Lighting District was formed on July 1, 1993. Per the Streets and Highway Code an Engineer’s Report shall be prepared and filed each year.

Discussion

The assessment, shown in the engineer’s report, will provide revenue needed to operate the district for fiscal year 2016-2017. There has been no change in the assessment rate from last year’s rate. There are 3696 dwelling units that are assessed at $13.20 for the total revenue of $48,787.20 for the fiscal year 2016-2017. These funds are used to operate and maintain Fernwood Park in East Linda and Friendship Park in West Linda. In particular, the funds will be used to maintain existing landscaping, repair recreational equipment, improve existing irrigation, install new irrigation and landscaping, and perform other work required to operate the district.

Committee Action

The Land Use & Public Works Committee was bypassed as this action is routine in nature and occurs annually.

Fiscal Impact

No impact to the General Fund. Assessments collected are used to operate and maintain the District.

OF THE COUNTY OF YUBA

RESOLUTION TO ADOPT ENGINEER’S REPORT AND DECLARE INTENTION TO LEVY AND COLLECT ASSESSMENTS WITHIN GLEDHILL LANDSCAPING AND LIGHTING DISTRICT

RESOLUTION NO. 

WHEREAS, the Landscaping and Lighting Act of 1972 (Division 15, Part 2, Chapter 3, of the Streets and Highways Code (commencing with section 22620) which relates to the levy of annual assessments after formation of a landscaping and lighting district, requires the legislative body to approve the Engineer’s Report and adopt a resolution of intention to levy and collect assessments; and

WHEREAS, the engineer shall prepare and file a report in accordance with Article 4 (commencing with Section 22565) of Chapter 1 of Part 2 of the Streets and Highways Code.

NOW, THEREFORE, BE IT RESOLVED, that the Board of Supervisors hereby:

2. Declares its intention to levy and collect assessments within the assessment district for fiscal year 2016-2017 in compliance with Streets and Highway, Code section 22624.

3. Declares that the work proposed in the Engineer’s Report includes maintenance of existing landscaping, and repair and maintenance of recreation areas and equipment as required to maintain parks within the Gledhill Landscaping and Lighting District for fiscal year 2016-2017.

4. Declares that the Gledhill Landscaping and Lighting District is located in the community of Linda.

5. Declares that the Engineer’s Report is on file with the Clerk of the Board of Supervisors at 915 8th Street, Marysville, California, where it may be reviewed for a full and detailed description of the improvements, boundaries of the assessment district, and the proposed assessments upon assessable lots and parcels of land within the district.

6. Declares that the proposed assessments consist of no increase from the current rate of $13.20 per year per dwelling unit.

7. Declares that a public hearing be scheduled on May 10, 2016 at 9:30 a.m. in the Board of Supervisors Chambers at 915 8th Street, Marysville, California, where all interested persons will be given an opportunity to be heard and all oral statements and written protests made prior to the close of the public hearing will be considered.
8. Declares that any interested person may, prior to the conclusion of the hearing, file a written protest with the Clerk of the Board of Supervisors, or having previously filed a protest, may file a written withdrawal of that protest. A written protest shall state all grounds of objection. A protest by a property owner shall contain a description sufficient to identify the property.

9. Declares that the Clerk of the Board of Supervisors shall publish a notice of public hearing one time at least ten days prior to the public hearing.

Recommendation

Approve budget transfer from 101-6000-462-23-00 (Professional Services) in the amount of $7,312 to 101-6000-462-01-03 (Extra Help).

Background

Extra Help are required due to limited full time staffing. Extra help employees assist in areas such as the circulation desk, shelving returned books, and assisting with programs offered at the Library.

Discussion

Due to the current full time staffing situation at the Library, one extra help employee is required each day to help cover circulation and shelving as well as one extra help employee three days a week to help coordinate programs. The transfer of funds will maintain this level of extra help hours until the end of this fiscal year.

Committee Action:

Bypassed due to routine nature of request and no fiscal impact.

Fiscal Impact:

None

TO: YUBA COUNTY BOARD OF SUPERVISORS

FROM: STEVEN L. DURFOR, SHERIFF-CORONER

REFERENCE: SERVICE AGREEMENT AND LETTER OF UNDERSTANDING WITH TOYOTA AMPHITHEATRE (BGE YUBA, LLC.)

RECOMMENDATION:
Approve the Service Agreement and the Letter of Understanding between the County of Yuba and BGE Yuba to provide supplemental law enforcement services at the Toyota Amphitheatre.

BACKGROUND:
The Sheriff’s Department has negotiated the attached Service Agreement with BGE Yuba for supplemental law enforcement services at the Toyota Amphitheatre. Sheriff’s Department personnel will provide general law enforcement services, as well as assist the California Highway Patrol with traffic related duties. The contract will guarantee full salary reimbursement, at an overtime rate, to the County of Yuba for all Sheriff’s Department personnel assigned to work at the venue.

DISCUSSION:
This agreement has been in effect for many years. The Service Agreement and Letter of Understanding covers the period of January 1, 2016 through December 31, 2016.

FISCAL IMPACT:
There is no fiscal impact to the General Fund. The County of Yuba will be fully reimbursed by BGE Yuba for services provided by the Sheriff’s Department.

COMMITTEE ACTION:
None. This agreement is a routine item submitted on an annual basis.
Service Agreement

This Service Agreement (hereafter “Agreement”) is effective for one year (January 1, 2016, through December 31, 2016), by and between the County of Yuba (hereafter “County”) on behalf of its Sheriff’s Department (hereafter “Sheriff’s Department”) and BGE Yuba LLC, d/b/a Toyota Amphitheatre (hereafter “BGE Yuba”).

Recitals

WHEREAS, BGE Yuba requires the special services of the Sheriff’s Department for concerts held at the Toyota Amphitheatre (hereafter “Amphitheatre”); and

WHEREAS, Government Code section 53069.8(a) provides that the Yuba County Board of Supervisors may contract on behalf of the Sheriff to provide supplemental law enforcement services to private individuals or private entities to preserve the peace at special events or occurrences that happen on an occasional basis; and

WHEREAS, concerts held at the Toyota Amphitheatre are such a special event; and

WHEREAS, the provision of supplemental law enforcement services shall not reduce the normal and regular ongoing service that the Sheriff’s Department provides to the citizens of Yuba County;

NOW, THEREFORE, the parties hereto agree as follows:

1. Term

The term of this Agreement, as stated above, is for January 1, 2016, through December 31, 2016. Either party may terminate this Agreement prior to that date by providing a written notice of termination to the other party no less than thirty (30) days in advance.

2. Staffing

BGE Yuba agrees to use law enforcement personnel from the Sheriff’s Department at every concert produced by BGE Yuba at the Toyota Amphitheatre. If BGE Yuba contracts with another entity to produce or sponsor a concert at the Amphitheatre, BGE Yuba shall guarantee the full terms of the approved security plan, traffic management plan, and this Agreement are met and complied with by that entity. BGE Yuba agrees to specifically reference this Agreement in any and all contracts it makes with another entity or other entities and to fully incorporate this Agreement therein.

Should BGE Yuba sponsor, book, and/or promote an event other than a concert at the Amphitheatre, BGE Yuba agrees to notify the Sheriff’s Department at least ten (10) days in advance. If BGE Yuba and the Sheriff’s Department mutually agree supplemental law enforcement services is needed, they shall agree on the staffing level pursuant to the conditions
set forth in this Agreement. The same holds true should an entity other than BGE Yuba sponsor, book, and/or promote an event at the Amphitheatre.

The Sheriff’s Department will provide personnel for general law enforcement and traffic related duties.

The Sheriff’s Department will assign a minimum of four (4) Deputy Sheriffs and two (2) supervisors (liaisons) at every concert sponsored by BGE Yuba or any other entity producing or sponsoring a concert at the Amphitheatre. Additional staffing will be assigned with the mutual agreement of the Sheriff’s Department and BGE Yuba. Should the Sheriff’s Department and BGE Yuba mutually agree on less than the minimal staffing requirements as stated above, BGE Yuba shall only be obligated to pay for the number of Sheriff’s Department personnel actually provided.

Supervisors from the Sheriff’s Department are responsible for supervising Sheriff’s Department personnel and will act as liaisons to BGE Yuba personnel.

The Sheriff’s Department will use Captains, Lieutenants and Sergeants (as determined in the Sheriff’s sole discretion) to staff supervisory positions. Deputy Sheriffs and Reserve Deputy Sheriffs will be used to staff non-supervisory positions. Captains, Lieutenants and Sergeants may be used to staff non-supervisory positions with the mutual consent of both the Sheriff’s Department and BGE Yuba.

One Communications Dispatcher will be assigned to every concert in which eight (8) or more Deputy Sheriffs are scheduled to work, at the discretion of the Sheriff’s Department. The Dispatcher will be assigned to the Sheriff’s Department’s Communications Center and is responsible for processing calls for service and law enforcement radio traffic related to the Amphitheatre.

The Sheriff’s Department and BGE Yuba will continuously meet and confer on law enforcement staffing levels for each concert. The number of Sheriff’s Department personnel used will be based on, but not limited to, the number of patrons, crowd behavior, and the history of similar events at this and other venues. If a mutual agreement cannot be reached on staffing levels, the final decision will rest with the Sheriff.

3. **Undercover Operations**

The Sheriff’s Department and BGE Yuba agree to meet and confer on the need for undercover operations at certain events. The decision to use undercover personnel shall be a mutual one.

BGE Yuba will pay for all personnel costs associated with undercover operations BGE Yuba and the Sheriff’s Department have mutually agreed to.
4. Reimbursement for Services

BGE Yuba agrees to compensate the Sheriff’s Department for actual personnel costs incurred. The Sheriff’s Department agrees to bill BGE Yuba for the actual time assigned to the event. This may include pre-event briefings. These personnel costs are as follows:

a. Captain $650.00/concert
b. Lieutenant $70.00/hour
c. Sergeant $58.00/hour
d. Deputy Sheriff $48.00/hour
e. Communications Dispatcher $43.00/hour
f. Reserve Deputy Sheriff $30.00/hour

The Sheriff’s Department agrees to bill BGE Yuba only for time assigned to the Amphitheatre. This includes pre-event briefings.

The Sheriff’s Department will charge BGE Yuba one-hundred and fifty dollars ($150.00) per concert to off-set administrative costs associated with the Amphitheatre.

The Sheriff’s Department will not charge BGE Yuba for the cost of booking prisoners into the Yuba County Jail.

The Sheriff’s Department will not charge BGE Yuba for the use of department owned equipment.

The Sheriff’s Department will not charge BGE Yuba for costs associated with responses for mutual aid assistance from outside agencies. “Mutual Aid” is defined as the emergency response of on-duty law enforcement personnel from any agency other than the Yuba County Sheriff’s Department.

If the Sheriff’s Department and BGE Yuba mutually agree to use law enforcement personnel from another law enforcement agency to supplement staffing levels, BGE Yuba must make separate and direct payment to that other agency for services received. This does not apply to emergency mutual aid responses.

The Sheriff’s Department will submit a detailed invoice to BGE Yuba on a monthly basis for services provided pursuant to this Agreement. BGE Yuba agrees to pay all bills in full no later than thirty (30) days after receiving the bill. The Sheriff’s Department agrees to provide BGE Yuba with a written invoice at the conclusion of each concert. This invoice will estimate costs for Sheriff’s Department personnel for that event. The Sheriff’s Department agrees to make any necessary adjustments to the written invoice in the subsequent monthly invoice.

5. Pedestrian and Traffic Devices

BGE Yuba agrees to provide, at their cost, all control devices (i.e., signs, cones, barricades, fencing, lighting, etc.) designed for the use of crowd control and/or traffic control. The type of
devices and their placement shall be determined by the approved traffic management plan. Any modifications in the type or placement of such devices will only be made with the mutual consent of BGE Yuba, the Yuba County Sheriff’s Department and the California Highway Patrol.

6. **Insurance and Indemnification**

The County of Yuba is self-insured.

The Yuba County Sheriff’s Department shall, to the fullest extent permitted by law and at its own cost and expense, defend, indemnify, and hold BGE Yuba, its parents, affiliated and related companies and their partners, directors, officers, employees, servants, representatives and agents harmless from and against any and all claims, loss (including attorney’s fees, witness’ fees, and all court costs), damages, expenses, and liability (including statutory liability), resulting from injury and/or death of any person or damage to or loss of any property to the extent arising out of any negligent act of the Yuba County Sheriff’s Department or its agents, employees, appointees, or designees which act was performed in the fulfillment of this Agreement.

BGE Yuba shall, to the fullest extent permitted by law and at its own expense, defend, indemnify and hold the County of Yuba and the Yuba County Sheriff’s Department, their agents, employees, appointees, and designees harmless from and against any and all claims, loss (including attorney’s fees, witness’ fees and all court costs), damages, expenses and liability resulting from injury and/or death of any person or damage to or loss of any property arising out of any negligent or willful misconduct act by BGE Yuba, its parents, affiliates and related companies and their partners, directors, officers, employees, servants, representatives and agents which act was performed in the fulfillment of this Agreement.

BGE Yuba shall provide proof of general liability insurance in the face amount of at least two million dollars ($2,000,000) per occurrence for bodily injury, personal injury, and property damage. If Commercial General Liability insurance or other form with a general aggregate limit is used, either the general aggregate limit shall be twice the required occurrence limit the County of Yuba shall be named as an additional insured and with a carrier acceptable to the County of Yuba. BGE Yuba shall provide Worker’s Compensation insurance as required by the State of California. BGE Yuba shall also maintain Employer’s Liability in the amount of one million dollars ($1,000,000) per each accident, one million dollars ($1,000,000) policy limit bodily injury by disease, and one million dollars ($1,000,000) each employee bodily injury by disease. Proof of insurance shall be provided to the County of Yuba.

7. **Authority**

All parties to this Agreement warrant and represent that they have the power and authority to enter into this Agreement in the names, titles and capacities herein stated and on behalf of any entities, persons, estates, or firms represented and purported to be represented by such entity(s), person(s), estate(s), or firm(s) and that all formal requirements necessary or required by any state and/or federal law in order to enter into this Agreement have been complied with fully.
8. Amendments

This Agreement may be modified at any time only by written Amendment executed by all of the parties hereto.

9. Construction

This Agreement reflects the contributions of both parties and accordingly the provisions of Civil Code section 1654 shall not apply to address or interpret any uncertainty.

10. Entire Agreement

This Agreement constitutes the entire agreement between the parties with respect to the subject matter and supercedes all prior and contemporaneous agreements and understandings of the parties.

11. Governing Law

The laws of the State of California shall govern this Agreement

IN WITNESS WHEREOF, the parties hereto have executed this Agreement as of the dates of their signatures.

Letter of Understanding

The Yuba County Sheriff’s Department and the County of Yuba have negotiated a Service Agreement with BGE Yuba (Live Nation, Inc.) to provide supplemental law enforcement services at the Toyota Amphitheatre. This Agreement guarantees the County of Yuba is fully reimbursed for all personnel costs associated with the supplemental services provided by the Sheriff’s Department at this venue.

During the previous fifteen concert seasons, the Sheriff’s Department utilized Sheriff’s Captains as supervisors at the amphitheatre. The Sheriff’s Department intends to do the same in 2016. Since Sheriff’s Captains are exempt from overtime compensation, the County of Yuba agrees to pay Captains a premium of six-hundred and fifty dollars ($650.00) for each concert worked. BGE Yuba agrees to fully reimburse the County of Yuba pursuant to their Agreement with the County.

A similar arrangement exists with the use of Reserve Deputy Sheriffs at the amphitheatre. BGE Yuba agrees to reimburse the County of Yuba a rate of thirty dollars ($30.00) per hour for Reserve Deputy Sheriffs assigned to a concert at the amphitheatre. The County of Yuba agrees to pay Reserve Deputy Sheriffs thirty dollars ($30.00) per hour when assigned to the amphitheatre.

The terms of this Letter of Understanding are consistent with the terms used during the previous fifteen concert seasons. The Letter of Understanding will commence on the dates of the signatures of the parties listed below. It will terminate on December 31, 2016. The County of Yuba agrees to negotiate the terms of this Letter of Understanding as part of the County of Yuba’s negotiations with BGE Yuba on their Service Agreement.

Re: Interfund Loan to Law Enforcement Impact Fee Fund from Criminal Justice Impact Fee Fund

Recommendation

The Board of Supervisors approve a resolution authorizing an interfund loan and repayment terms from Criminal Justice Impact Fund (Trust 183) to Law Enforcement Impact Fund (Trust 186) to provide funding for construction costs associated with the new Sheriff’s facility located at 720 Yuba Street, Marysville in an amount not to exceed $2,500,000.

Background

In January 2015, staff presented an overview of the tenant improvements associated with the new Sheriff’s facility as well as a recommendation for the primary funding sources associated with the project. The funding sources included financing a large portion of the project with a 1). $6.9 million Certificate of Participation (COP), 2). $2 million Criminal Justice Impact Fee Fund 3). $2 million General Fund Capital Outlay Fund. The Board subsequently approved these recommendations and authorized the start of construction.

Since January 2015, additional costs related to the radio tower project for the new Sheriff’s facility of approximately $500,000 have occurred. This additional item was presented to your Board previously, however the dollar amount needed to be finalized. The radio tower and associated simulcast system is an essential component of the Sheriff’s facility to ensure communication for law enforcement and the Yuba County Water Agency are uninterrupted. The additional amount is addressed in the amount requested for this interfund loan request.

Discussion

Tenant improvements have been moving forward and we have recently completed the use of the available COP funds. In order to move into the next funding stream, Board approval is required to approve an interfund loan from the Criminal Justice Impact Fee Fund to the Law Enforcement Impact Fee Fund.
Exhibit A identifies the repayment terms. The first payment of $96,870.28 will be due on June 30, 2017. The loan period is thirty (30) years. Future interest will be applied utilizing the current County pooled interest rate. The loan may require an annual “reset” to modify future payments based on the changes to the interest rate.

We anticipate collections in the Law Enforcement Impact Fee Fund to increase as development increases. Once this occurs, additional payments will be made to reduce the amount owing and the loan period. If the Law Enforcement Impact Fee Fund cannot support the required loan amount, staff will come back to your Board to present alternative options.

Committee

This item was not presented at Committee level.

Fiscal Impact

There will no impact to the General Fund as a result of this action as the loan is applied from one impact fee account to another.

Re: FY 2016-2017 Consolidated Fee Ordinance

Recommendation

Consider revisions to the Consolidated Fee Ordinance for fiscal year 2016-17.

Background

Departments are tasked to review their fees annually to ensure that fees charged reflect true cost of services. The review process includes adding new fees, deleting obsolete fees, and revising fee titles to accurately describe the fee.

Discussion

The purpose of the Consolidated Fee Ordinance is to allow the public and those doing business with the County to easily access fees associated with various departmental services. The annual revision process provides the Board and the public an opportunity to review and comment on the County’s fee structure.

The attached summary displays which fees are proposed to be changed, the amount requested under the new fee, and the reasons for the fee revisions. Fee increases reflect the department’s full amount of time and costs associated with providing these services, and are meant to be cost covering.

Committee

The Finance & Administration Committee reviewed this item on April 5, 2016 and recommended approval.

Fiscal Impact

The proposed revisions to the Consolidated Fee Ordinance and associated fee schedules represent each department’s estimate of the cost to provide services, or are set by state law. Consequently, fee adjustments, either up or down, are meant to eliminate a subsidy or to ensure there is no revenue in excess of the cost of the services provided from the fees being charged to perform the services.

Administrative Services Memorandum

To: Board of Supervisors
CC: Robert Bendorf, County Administrator
From: Doug McCoy, Director, Administrative Services
Date: April 19, 2016
Re: Gym Encapsulation Project

Recommendation

The Board approves the attached resolution rejecting the bid received for the Juvenile Hall Gym Encapsulation Project, and authorizing the work to be performed by employees of the County.

Background

Over the past several years, several inspections have been done of the Juvenile Hall gym and findings have resulted in a concern over the torn and damaged insulation on the walls as a possible safety hazard for the kids. The Hall, Probation, and Administrative Services have been working together to identify a solution.

Numerous tests have been tried and it was determined affixing plywood over the insulation represented the safest and most durable solution.

Discussion

In February of this year, the Purchasing Division of Administrative Services coordinated an RFP for a contractor to perform this work. We received one response from a firm in Paradise for $170,581.

During our review, our Buildings & Grounds Division informed us they could do the work for just over $30k. Under Public Contract Code, we need Board permission to bring the work back 'in house.'

Committee Action

Due to the time sensitive nature of this request, this has bypassed committee and been brought directly to your Board for review.

Fiscal Impact

The bid as submitted was for $170,581. The work can be performed by force account by County employees for $30,258. Costs will be paid by Juvenile Hall.

WHEREAS, The Juvenile Hall gym facility walls are covered in damaged and torn fiberglass insulation; and

WHEREAS, the damaged insulation could be viewed as a safety hazard to children in the area; and

WHEREAS, several inspections of the facility have recommended the insulation be covered in some way; and

WHEREAS, Juvenile Hall, Probation and Administrative Services have been working together to identify ways in which to encapsulate the insulation affixed to the walls and the ceiling of the gym facility; and

WHEREAS, in February of this year, the Purchasing Division of Administrative Services released an RFP for a contractor to come and encapsulate the walls with plywood; and

WHEREAS, one bid was received that was cost prohibitive ($170,581); and

WHEREAS, the Building and Grounds Division of Administrative Services has determined they could perform this same work for $30,258 using County employees.

NOW, THEREFORE, BE IT RESOLVED, that the Yuba County Board of Supervisors hereby rejects the bid received for encapsulation of the Camp Singer gym wall insulation.
BE IT FURTHER RESOLVED, that the Yuba County Board of Supervisors, by a 4/5 vote, hereby authorizes the work to encapsulate the Camp Singer gym walls and ceiling to be done by force account using County of Yuba employees (the public agency). The Board of Supervisors finds and declares that the project can be performed more economically by employees of the County. Costs for the project shall be borne by Juvenile Hall.

Subject: Off-Sale General Alcoholic Beverage License Type 20 License - Lally Investments 2 LLC APN: 022-010-015

Date: April 19, 2016

RECOMMENDATION:

Consider the application from Lally Investments 2 LLC to the Board of Supervisors to make a finding of public convenience or necessity to allow a Type 20 Off-Sale Beer & Wine Alcoholic Beverage License.

BACKGROUND:

Yuba County has received an application from Lally Investments 2 LLC to make a finding that public convenience or necessity will be served by allowing an Off-Sale Beer & Wine (Type 20) alcoholic beverage license for permanent use for a gas station and convenience store they are opening in Plumas Lake located northeast of the intersection of Feather River Boulevard and River Oaks Drive (APN: 022-010-015) on a parcel zoned Plumas Lake Specific Plan - Community Shopping Center and having a General Plan land use designation of Commercial Mixed Use.

Yuba County is currently subject to a State of California Department of Alcoholic Beverage Control (ABC) 1998 ABC moratorium on the issuance of off-sale beer and wine licenses because the ratio of Off-Sale ABC Type 20 & 21 licenses in Yuba County exceeds one for each 2,500 residents. The Lally Investments 2 LLC gas station and convenience store is located in Census Tract #0407.00, which currently has only three permitted Off-Sale licenses and is below the ten ABC Off-Sale licenses authorized in the census tract, but because Yuba County is subject to the 1998 ABC moratorium in order for ABC to allow a Type 20 ABC License in Yuba County, the Board of Supervisors must make a finding that the public convenience or necessity will be served.

DISCUSSION:

Lally Investments 2 LLC justification as to why selling beer and wine at their Plumas Lake convenience store would serve a public convenience or necessity include: being open 24 hours a day would allow Plumas Lake residents the opportunity to purchase beer and wine at their convenience; sales of beer and wine would allow their convenience store to be more of a "one-stop" shopping experience; and the distance Plumas Lake residents would need to travel to purchase beer and wine would be reduced.
The County does not have any adopted policies on alcoholic beverage licenses therefore, in order for the Board of Supervisors to take action in favor of the Lally Investments 2 LLC’s application; the Board must make findings of public necessity or convenience. This is consistent with the requirements of the State of California Department of Alcoholic Beverage Control.

**COMMITTEE:**

Since this is an item of “public interest” it was not presented to the Land Use & Public Works Committee.

**ACTION BY BOARD of SUPERVISORS:**

In order for the Board of Supervisors to take action in favor of the Lally Investment 2 LLC’s application, the Board must find that such is a public necessity or for the convenience of the public. Therefore, if the Board finds that allowing an Off-Sale Beer & Wine alcoholic beverage license for convenience store is a public necessity or is for the convenience of the public then such findings shall be stated by the Board when taking action on the request. In the alternative, the application would be denied if the Board of Supervisors does not find that there is a public necessity or that such is for the convenience of the public.

In either event, Planning Department staff will send a letter outlining the Board’s action by a minute order to ABC at their Sacramento office.

**FISCAL IMPACT:**

Staff does not anticipate a fiscal impact resulting from this action.

15 Day Notice of California Notice Register 2016, No.9-Z, Z-2016-0216-12
Re: Fishing Activity Records and CPFV Logbooks

March 28, 2016

This is to provide you with a 15 day continuation notice of proposed regulatory action relative to amending sections 190 and 195, Title 14, California Code of Regulations, relating to fishing activity records and CPFV logbooks which was published in the California Regulatory Notice Register on February 26, 2016, Register 2016, No. 9-Z; OAL Notice File No. Z-2016-0216-12. The proposed changes to the originally noticed language are shown in double underline/strikeout underline and are sufficiently related to the originally proposed text.

The changes in regulations cite and clarify the proper authority, enhance consistency with Fish and Game Code, and improve the enforceability of the regulation.

The date of the public hearing related to this matter, and associated deadlines for receipt of oral or written comments at the meeting to be held on April 13, 2016 in Santa Rosa has not changed from the original notice.

Additional information and all associated documents may be found on the Fish and Game Commission website at http://www.fgc.ca.gov/regulations/2016/index.aspx#190.

Katie Perry, Department of Fish and Wildlife, phone 916-445-6456, has been designated to respond to questions on the substance of the proposed regulations.

Sincerely,

Caren Woodson
Associate Governmental Program Analyst

TITLE 14. Fish and Game Commission
Amended Notice of Proposed Changes in Regulations

NOTICE IS HEREBY GIVEN that the Fish and Game Commission (Commission), pursuant to the authority vested by Sections 7071, 7920, 7923, 7924, 8026, and 8587.1 of the Fish and Game Code and to implement, interpret or make specific Sections 7055, 7056, 7058, 7060, 7120, 7850, 7923, 7924, 8026, and 8587.1 of said Code, proposes to amend Sections 190 and 195, Title 14, California Code of Regulations, relating to Fishing Activity Records and CPFV Logbooks.

Informative Digest/Policy Statement Overview

Current regulations in Title 14, CCR, require that the owners and operators of commercial fishing vessels, holders of commercial fishing licenses or permits participating in specified fisheries, and the owners and license holders of commercial passenger fishing vessels, keep and submit complete and accurate records of fishing activities on paper “logbooks” provided by the Department. Due to advances in computer and internet technology and the use of handheld devices by many businesses, including the fishing industry, it is necessary that the Department update its processes.

Proposed Regulations

- Section 190 is amended to add that records may be completed and submitted on the Department’s web site at https://apps.wildlife.ca.gov/marinelogs.
  - Other minor revisions are proposed which clarify that the participant may choose either electronic or paper format but not both.
  - That fishing activity records shall be called logbooks which is the common term for these reports.
  - Logbooks shall be made available to authorized representatives of the department for inspection. Logbooks shall be immediately surrendered upon demand to a peace officer of the department.
  - Repeal existing subsection (e) because the language repeats provisions provided in code and is therefore unnecessary.
  - The subsections have been edited and renumbered for clarity.

- Subsection 195(a) is amended providing that records are to be kept “pursuant to Section 190”
  - The subject forms, with instructions, are incorporated by reference, and the provision that the forms appear in Appendix A is deleted.
  - The current provisions in subsections (a)(1)-(5) are deleted because they appear in the form instructions.
  - The subsections have been edited and renumbered for clarity.

- Forms DFW 195A and DFW 195B have been updated and incorporated by reference in regulation.
The instructions have been edited to include the deleted language from current regulation which relates only to the use of the forms, including subsections (a)(1), (a)(2), (a)(3), (a)(4), and (a)(5).

The revision date will be 01/16.

BENEFITS OF THE PROPOSED REGULATIONS

Permitting the use of electronic reporting is in line with the increasing use of computer and internet technology and the use of handheld devices by many businesses, including the fishing industry. The proposed regulations could reduce the time required for making reports and will improve the accuracy of the data. Additionally, electronic reporting will improve the Department's data collection and ability to monitor and manage fish populations.

EVALUATION OF INCOMPATIBILITY WITH EXISTING REGULATIONS:

Section 20, Article IV, of the State Constitution specifies that the Legislature may delegate to the Fish and Game Commission such powers relating to the protection and propagation of fish and game as the Legislature sees fit. The Legislature has delegated to the Commission the power to regulate the activities of commercial fishing vessels and to monitor the take of fish. The Commission has searched the CCR for any regulations regarding other authority and has found no such regulation; therefore the Commission has concluded that the proposed regulations are neither inconsistent nor incompatible with existing State regulations.

NOTICE IS GIVEN that any person interested may present statements, orally or in writing, relevant to this action at a hearing to be held at the Flamingo Conference Resort and Spa, 2777 Fourth St., in Santa Rosa, California, on Wednesday, April 13, 2016, at 8:30 a.m., or as soon thereafter as the matter may be heard. Written comments may be submitted at the address given below or by e mail to FGC@fgc.ca.gov. Written comments mailed or e-mailed to the Commission office must be received before 8:00 a.m. on April 13, 2016. If you would like copies of any modifications to this proposal, please include your name and mailing address.

The regulations as proposed in strikeout-underline format, as well as an initial statement of reasons, including environmental considerations and all information upon which the proposal is based (rulemaking file), are on file and available for public review from the agency representative, Michael Yaun, Acting Executive Director, Fish and Game Commission, 1416 Ninth Street, Box 944209, Sacramento, California 94244-2090, phone (916) 653-4899. Please direct requests for the above mentioned documents and inquiries concerning the regulatory process to Michael Yaun or Caren Woodson at the preceding address or phone number. Ms. Katie Perry, Department of Fish and Wildlife, phone 916-445-6456, has been designated to respond to questions on the substance of the proposed regulations. Copies of the Initial
o The instructions have been edited to include the deleted language from current regulation which relates only to the use of the forms, including subsections (a)(1), (a)(2), (a)(3), (a)(4), and (a)(5).

o The revision date will be 01/16.

Availability of Modified Text
If the regulations adopted by the Commission differ from but are sufficiently related to the action proposed, they will be available to the public for at least 15 days prior to the date of adoption. Any person interested may obtain a copy of said regulations prior to the date of adoption by contacting the agency representative named herein.

If the regulatory proposal is adopted, the final statement of reasons may be obtained from the address above when it has been received from the agency program staff.

Impact of Regulatory Action/Results of the Economic Impact Analysis

The potential for significant statewide adverse economic impacts that might result from the proposed regulatory action has been assessed, and the following initial determinations relative to the required statutory categories have been made:

(a) Significant Statewide Adverse Economic Impact Directly Affecting Businesses, Including the Ability of California Businesses to Compete with Businesses in Other States:

The proposed action will not have a significant statewide adverse economic impact directly affecting business, including the ability of California businesses to compete with businesses in other states. Electronic reporting of fishing activities in lieu of paper forms is voluntary at this time.

(b) Impact on the Creation or Elimination of Jobs Within the State, the Creation of New Businesses or the Elimination of Existing Businesses, or the Expansion of Businesses in California; Benefits of the Regulation to the Health and Welfare of California Residents, Worker Safety, and the State’s Environment:

The Commission does not anticipate any impacts on the creation or elimination of jobs, the creation of new business, the elimination of existing businesses, or the expansion of businesses in California because the proposed regulations will not change the level of commercial fishing activity in the state.

As mentioned in the Informative Digest/Policy Statement Overview above, the proposed regulations will improve the quality of reporting requirements, as well as facilitate the submitting of reporting data, by allowing modern computer and internet technology methods as another means of submitting data to the Department.

(c) Cost Impacts on a Representative Private Person or Business:
The agency is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

(d) Costs or Savings to State Agencies or Costs/Savings in Federal Funding to the State: None.

(e) Nondiscretionary Costs/Savings to Local Agencies: None.

(f) Programs Mandated on Local Agencies or School Districts: None.

(g) Costs Imposed on Any Local Agency or School District that is Required to be Reimbursed Under Part 7 (commencing with Section 17500) of Division 4, Government Code: None.

(h) Effect on Housing Costs: None.

Effect on Small Business

It has been determined that the adoption of these regulations may affect small business. The Commission has drafted the regulations in Plain English pursuant to Government Code Sections 11342.580 and 11346.2(a)(1).

Consideration of Alternatives

The Commission must determine that no reasonable alternative considered by the Commission, or that has otherwise been identified and brought to the attention of the Commission, would be more effective in carrying out the purpose for which the action is proposed, would be as effective and less burdensome to affected private persons than the proposed action, or would be more cost effective to affected private persons and equally effective in implementing the statutory policy or other provision of law.

FISH AND GAME COMMISSION

Dated: March 28, 2016

Michael Yaun
Acting Executive Director
March 30, 2016

TO ALL INTERESTED AND AFFECTED PARTIES:

This is to provide you with a copy of the notice of proposed regulatory action relative to Section 665, Title 14, California Code of Regulations, relating to meeting procedures, which will be published in the California Regulatory Notice Register on April 1, 2016.

Please note the dates of the public hearings related to this matter and associated deadlines for receipt of written comments.

Sincerely,

Sherrie Fonbuena

TITLE 14. Fish and Game Commission
Notice of Proposed Changes in Regulations

NOTICE IS HEREBY GIVEN that the Fish and Game Commission (Commission), pursuant to
the authority vested by Section 108 of the Fish and Game Code and to implement, interpret or
make specific Section 108 of the Fish and Game Code and Section 11257 of the Government
Code, proposes to amend Section 665, Title 14, California Code of Regulations (CCR), relating
to meeting procedures.

Informative Digest/Policy Statement Overview

Pursuant to Section 206 of the Fish and Game Code, the Commission holds no fewer than eight
regular meetings per year in various locations throughout the State. Commission meetings are
subject to the requirements of the Bagley-Keene Open Meeting Act (Government Code Sections
11120-11132).

In addition, the Commission's Marine Resources Committee (MRC), Wildlife Resources
Committee (WRC) and Tribal Committee each hold approximately three meetings per year.
Committees receive in depth information on topics and make recommendations to the
Commission on those topics. The Commission may also establish other committees from time
to-time. Committee meetings are also subject to the Bagley-Keene Open Meeting Act if two
Commission members are appointed to the committee.

AB 2609, signed into law in September 2012, added Section 108 to the Fish and Game Code.
This statute required the Commission to adopt rules to govern business practices and
processes.

Current regulations in Section 665, Title 14, CCR, provide that the time allotted for each speaker
wishing to address an agenda item shall be set by the presiding Commissioner.

PROPOSED REGULATIONS

This regulatory proposal will amend Section 665, Title 14, CCR, Meeting Procedures, as follows:

- Define the number of members constituting a quorum to conduct Commission and
  committee meetings, and clarify that a meeting must be immediately adjourned if a
  quorum is no longer present;
- Provide that no more than two commissioners may attend committee meetings;
- Provide that a motion shall pass or fail only upon a majority vote of the membership
  present and voting; more than one motion related to an agenda topic may be made and
  voted upon; and, if no motion receives a majority vote of the membership present and
  voting, the agenda item shall be continued to a subsequent Commission meeting;
- Establish a deadline for public requests for meeting agenda items;
- Specify that, except for emergency meetings of the Commission, agenda items are
  approved by majority vote of the Commission; and that agendas for emergency meetings
  of the Commission are established by the president or president’s designee;
- Specify that committee agenda items may not include items scheduled for action by the
  Commission, unless otherwise directed by majority vote of the Commission;
• Specify that the Commission president or his designee may add items to meeting agendas;
• Establish deadlines, consistent with the Bagley-Keene Open Meeting Act, for public distribution of agendas;
• Outline the process and timeline for WRC and MRC recommendations;
• Specify the process for public participation in Commission and committee meetings including:
  - when public testimony will be taken;
  - appropriate public forum topics;
  - time limits for public comment at Commission meetings and methods the public may use to receive additional time;
  - when and how to submit written comments;
  - when and how to submit audio and visual presentations and how to receive approval of the presentation from the executive director; and
  - potential consequences of disruptive behavior; and
• Clarify that if any deadline or due date falls on a Saturday or holiday, it shall be adjusted pursuant to Government Code Sections 6707 and 6800.

BENEFITS OF THE PROPOSED REGULATION
The proposed regulation is anticipated to result in increases in
• the openness and transparency of Commission business;
• active public engagement with the Commission;
• Commission responsiveness to the public;
• efficiency of Commission process; and
• consistency of Commission activities.

CONSISTENCY WITH EXISTING STATE REGULATIONS
The proposed regulations are neither inconsistent nor incompatible with existing State regulations. The legislature has delegated authority to the Commission to adopt rules to govern its business practices and processes (Section 108, Fish and Game Code). Commission staff has searched the California Code of Regulations and has found no other State regulations related to the Commission meeting procedures.

NOTICE IS GIVEN that any person interested may present statements, orally or in writing, relevant to this action at a hearing to be held in the Flamingo Conference Resort and Spa, 2777 Fourth Street, Santa Rosa, California, on Thursday, April 14, 2016, at 8:00 a.m., or as soon thereafter as the matter may be heard.

NOTICE IS ALSO GIVEN that any person interested may present statements, orally or in writing, relevant to this action at a hearing to be held in Bakersfield, CA, on Thursday, June 23, 2016, at 8:00 a.m., or as soon thereafter as the matter may be heard. The exact location of this meeting has not yet been determined. As soon as this information is available but not less than thirty days before the hearing, a continuation notice will be sent to interested and affected parties providing the exact location. The continuation notice will also be published in the California Regulatory Notice Register and published on the Commission’s website. It is requested, but not required, that written comments be submitted on or before June 9, 2016, at the address given below, or by email to FGC@fgc.ca.gov. Written comments mailed or emailed to the Commission office must be received before 12:00 noon on June 17, 2016. Written and
oral comments may be received at the June 23, 2016 hearing. No comments will be received after the hearing. If you would like copies of any modifications to this proposal, please include your name and mailing address.

The regulations as proposed in strikeout-underline format, as well as an initial statement of reasons, including environmental considerations and all information upon which the proposal is based (rulemaking file), are on file and available for public review from the agency representative, Michael Yaun, Acting Executive Director, Fish and Game Commission, 1416 Ninth Street, Box 944209, Sacramento, California 94244-2090, phone (916) 653-4899. Please direct requests for the above mentioned documents and inquiries concerning the regulatory process to Michael Yaun or Sherrie Fonbuena at the preceding address or phone number. Copies of the Initial Statement of Reasons, including the regulatory language, may be obtained from the address above. Notice of the proposed action shall be posted on the Fish and Game Commission website at http://www.fgc.ca.gov.

Availability of Modified Text

If the regulations adopted by the Commission differ from but are sufficiently related to the action proposed, they will be available to the public for at least 15 days prior to the date of adoption. Any person interested may obtain a copy of said regulations prior to the date of adoption by contacting the agency representative named herein.

If the regulatory proposal is adopted, the final statement of reasons may be obtained from the address above when it has been received from the agency program staff.

Impact of Regulatory Action/Results of the Economic Impact Assessment

The potential for significant statewide adverse economic impacts that might result from the proposed regulatory action has been assessed, and the following initial determinations relative to the required statutory categories have been made:

(a) Significant Statewide Adverse Economic Impact Directly Affecting Business, Including the Ability of California Businesses to Compete with Businesses in Other States:

The proposed action will not have a significant statewide adverse economic impact directly affecting business, including the ability of California businesses to compete with businesses in other states. This change will only affect Commission meeting procedures.

(b) Impact on the Creation or Elimination of Jobs Within the State, the Creation of New Businesses or the Elimination of Existing Businesses, or the Expansion of Businesses in California; Benefits of the Regulation to the Health and Welfare of California Residents, Worker Safety, and the State’s Environment:

The Commission does not anticipate any impacts on the creation or elimination of jobs, the creation of new business, the elimination of existing businesses or the expansion of businesses in California.

The Commission does not anticipate any benefits to the health and welfare of California residents, worker safety, or the environment.
The Commission anticipates benefits regarding increased transparency and openness of the Commission's business, efficiency of Commission processes, consistency in Commission activities, public engagement with the Commission, and Commission responsiveness to the public.

(c) Cost Impacts on a Representative Private Person or Business:

The Commission is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

(d) Costs or Savings to State Agencies or Costs/Savings in Federal Funding to the State:

None.

(e) Nondiscretionary Costs/Savings to Local Agencies:

None.

(f) Programs Mandated on Local Agencies or School Districts:

None.

(g) Costs Imposed on any Local Agency or School District that is Required to be Reimbursed Under Part 7 (commencing with Section 17500) of Division 4, Government Code:

None.

(h) Effect on Housing Costs:

None.

Effect on Small Business

It has been determined that the adoption of these regulations may affect small business. The Commission has drafted the regulations in Plain English pursuant to Government Code Sections 11342.580 and 11346.2(a)(1).

Consideration of Alternatives

The Commission must determine that no reasonable alternative considered by the Commission, or that has otherwise been identified and brought to the attention of the Commission, would be more effective in carrying out the purpose for which the action is proposed, would be as effective and less burdensome to affected private persons than the proposed action, or would be more cost effective to affected private persons and equally effective in implementing the statutory policy or other provision of law.

TITLE 14. Fish and Game Commission
Notice of Proposed Changes in Regulations

NOTICE IS HEREBY GIVEN that the Fish and Game Commission (Commission), pursuant to
the authority vested by Sections 200, 202, 205, 215, 219, 220, 713, 1050, 2365, 7071, 7072,
7075, 7078, 7082, 8254, and 8259, of the Fish and Game Code and to implement, interpret or
make specific Sections 200, 202, 205, 207, 215, 220, 1050, 2365, 7050, 7055, 7056, 7071,
7075, 7078, 7852.2, 8043, 8046, 8250, 8250.5, 8254, 9002, 9002.5, 9005, 9006, and 9010 of
said Code, proposes to amend Subsections (b) and (g) of Section 29.80, Amend Subsections
(a) and (c) and Add Subsection (f) of Section 29.90, Amend Sections 121, 121.5, 122, and 705,
Add Article 5, Sections 54.00, 54.01, 54.02, and 54.03,
And Add Sections 122.1, and 122.2, Title 14, California Code of Regulations, Title 14, California
Code of Regulations, relating to California Spiny Lobster Fishery Management Plan
Implementing Regulations

Informative Digest/Policy Statement Overview

Under current regulations, the management of the California spiny lobster fishery is contained
under multiple sections (sections 29.80, 29.90, 29.91, 121, 121.5 and 122) of Title 14 of the
California Code of Regulations (CCR). Section 29.80 provides general gear restrictions for the
recreational take of crustaceans. Section 29.90 provides recreational fishery regulations
specific to spiny lobster with report card requirements for the recreational fishery found in
Section 29.91. Section 121 regulates the possession of spiny lobster during the closed season.
Section 121.5 regulates the processing of spiny lobster. Section 122 provides regulations for
the commercial fishery, including permit requirements, gear provisions, trap servicing
requirements, restricted fishing areas, permit transfers, and logbook requirements.

In accordance with the Marine Life Management Act (MLMA) of 1999 (Fish and Game Code
(FGC) Sections 7050-7090), regulations are proposed to implement a California Spiny Lobster
Fishery Management Plan (FMP) and to amend existing recreational and commercial spiny
lobster fishing regulations to manage the spiny lobster resource at a sustainable level and
support orderly fisheries. It is the policy of the State to ensure the conservation, sustainable
use, and, where feasible, restoration of California’s marine living resources for the benefit of all
the citizens of the State (FGC Section 7050(b)). The MLMA contemplates the management of
state fishery resources through FMPs developed by the Department of Fish and Wildlife
(Department) and adopted by the Fish and Game Commission (Commission) (FGC sections
7072, 7075 and 7078).

FGC subsection 7071(b) provides authority for the Commission to adopt regulations that
implement a fishery management plan or plan amendment and make inoperative any fishery
management statute that applies to that fishery. To implement the conservation and
management measurements identified in the California Spiny Lobster FMP, including a
proposed trap limit program, the implementing regulations of this FMP will render the following
sections of the FGC inoperative once they are adopted:

1) FGC sections 8251, 8252, and 8258. These sections prescribe the commercial season
length, size limit, and list the Districts where commercial lobster traps may be used. The
FMP contemplates changes to season length, minimum size and district closures as
possible future conservation and management measures. The commercial season
length and size limit will be moved into Title 14, CCR, reflecting the Commission’s
authority to make future adjustments.
2) FGC sections 7857(e), 7857(j), 8102, 8103, and 8254(c). These sections state the conditions for issuing and transferring commercial fishing permits and lobster operator permit fees. Each will be made inoperative as they apply to the spiny lobster fishery to be consistent with the commercial spiny lobster limited entry fishery permit program described in the FMP and proposed trap limit program.

3) FGC Section 9004: This section requires commercial fishermen to service any deployed trap every 96 hours. The proposed trap servicing regulation in new Section 122.2 will extend the servicing requirement to every 168 hours. As such, this section will be rendered inoperative as applied to the spiny lobster fishery.

Upon adoption by the Commission, the California Spiny Lobster FMP will establish a management program for the spiny lobster recreational and commercial fisheries and detail the procedures by which the spiny lobster resource will be managed by the Department. The proposed regulations would implement the FMP in accordance with the policy goals enumerated in the MLMA. The proposed implementing regulations are divided into three parts: 1) new regulations to implement the FMP, 2) amendments and additions to the recreational fishing regulations, and 3) amendments and additions to the commercial fishing regulations. The following is a summary of the proposed changes to Title 14, CCR:

1) Establish a new Article in Chapter 5.5, Subdivision 1, Division 1, Title 14, CCR, and add new sections 54.00, 54.01, 54.02, and 54.03. The proposed new sections will:
   a. describe the purpose and scope of the California Spiny Lobster FMP;
   b. provide relevant definitions used in the California Spiny Lobster FMP;
   c. describe management processes and timing; and
   d. describe the harvest control rule (HCR) as the management basis for the California Spiny Lobster FMP.

2) Amendments are proposed to existing recreational lobster fishery regulations in subsections (b) and (g) of Section 29.80 and subsections (a), (c), and (f) of Section 29.90. If adopted, the proposed amendments will:
   a. Provide an option to require hole-punching or fin-clipping of recreationally caught lobsters, with commercial market restrictions, to distinguish recreational catch from commercial catch for enforcement purposes.
   b. Delay the start of the recreational season six hours from the current start time of 12:01 a.m. to 6:00 a.m. for safety purposes.
   c. Require buoy marking of hoop nets used south of Point Arguello for identification and enforcement purposes.
   d. Clarify existing language on the possession of a hooked device while taking lobster. This regulatory change will provide clarification for both recreational divers and enforcement.
   e. Clarify measuring requirements in order to allow for measuring lobster aboard a boat. The proposed change will allow hoop netters to bring spiny lobster aboard a vessel where they can be measured safely.
   f. Make editorial changes to improve clarity of existing regulations.

3) Amendments to the commercial fishing are proposed to sections 121, 121.5, 122, and 705 as well as the addition of new sections 122.1 and 122.2. If adopted, the proposed amendments will:
a. Implement a new trap limit program, effective October 2017, to specify 300 traps per lobster operator permit, establish lobster trap tags, new buoy marking requirements, and lost trap replacement (i.e., “catastrophic trap tag loss”) measures. The establishment of a trap limit program will optimize and create a more orderly commercial fishery as well as provide improved understanding of the amount gear used in the fishery.

b. Allow permittees to possess up to two lobster operator permits. The possession of two lobster operator permits will allow a commercial fisherman to deploy a maximum of 600 traps in accordance with the proposed trap limit program.

c. Allow permittees to retrieve up to six (6) traps of another lobster operator permit holder that were lost, or damaged lobster traps per fishing trip to help reduce potential impact of fishing gear on living marine resources and underwater habitat.

d. Require Department approval of a waiver request for one lobster operator permit holder to service the trap of another. The proposed regulation will provide clear rules for requesting a waiver and improve regulatory enforcement.

e. Require each fisherman who holds a lobster operator permit to submit an end of the season trap loss affidavit for each permit they hold at the end of each season to estimate gear loss in the fishery.

f. Extend the maximum trap service requirement from four (4) to seven (7) days to provide fishermen more flexibility to service their gear and for safety purposes.

g. Extend the pre- and post-season gear deployment periods from six (6) to nine (9) days for safety purposes.

h. Extend the lobster operator permit holder death provision from one (1) to two (2) years to provide more time to transfer the lobster operator permit.

i. Update permit renewal and transfer regulations for clarity and consistency with the proposed trap limit program.

j. Update description of restricted fishing areas with latitude and longitude coordinates for clarification purpose.

k. Provide clarification for identifying abandoned traps in state waters.

l. Provide modifications to the existing fishing logbook format to improve data collection.

m. Provide an option that would prohibit the sale of hole-punched or tail-clipped lobster in the markets for enforcement purposes.

n. Establish fees for lobster operator permit and trap tags. Currently, lobster operator permit fees are located in FGC Section 8254(c), however, this code section will be rendered inoperative as part of the CA Lobster FMP implementing regulations as needed to implement the trap limit and trap tag program for the 2017-2018 lobster season.

o. Clarify that all lobster operator permit holder fishing jointly on one vessel will be liable for any violation from that vessel.

p. Clarify existing language on the use and possession of SCUBA gear in the commercial fishery.

q. Make editorial changes to improve clarity of existing regulations.

The proposed regulations were drafted to serve the sustainability and social policy objectives enumerated in FGC Sections 7050, 7055, and 7056. The Commission evaluated whether there were any other regulations on this area and has found that these are the only regulations
concerning the California Spiny Lobster Fishery Management Plan. Therefore, the proposed regulations are not inconsistent or incompatible with existing state regulations.

NOTICE IS GIVEN that any person interested may present statements, orally or in writing, relevant to this action at a hearing to be held in the Flamingo Conference Resort and Spa, 2777 Fourth Street, Santa Rosa, California, on Wednesday, April 13, 2016, at 8:00 a.m., or as soon thereafter as the matter may be heard.

NOTICE IS ALSO GIVEN that any person interested may present statements, orally or in writing, relevant to this action at a hearing to be held in Bakersfield, California, on Wednesday, June 22, 2016, at 8:00 a.m., or as soon thereafter as the matter may be heard. The exact location of this meeting has not yet been determined. As soon as this information is available but not less than thirty days before the hearing, a continuation notice will be sent to interested and affected parties providing the exact location. The continuation notice will also be published in the California Regulatory Notice Register and published on the Commission’s website. It is requested, but not required, that written comments be submitted on or before June 9, 2016, at the address given below, or by email to FGC@fgc.ca.gov. Written comments mailed or emailed to the Commission office must be received before 12:00 noon on June 17, 2016. Written and oral comments may be received at the June 22, 2016 hearing. No comments will be received after the hearing. If you would like copies of any modifications to this proposal, please include your name and mailing address.

The regulations as proposed in strikeout-underline format, as well as an initial statement of reasons, including environmental considerations and all information upon which the proposal is based (rulemaking file), are on file and available for public review from the agency representative, Michael Yaun, Acting Executive Director, Fish and Game Commission, 1416 Ninth Street, Box 944209, Sacramento, California 94244-2090, phone (916) 653-4899. Please direct requests for the above mentioned documents and inquiries concerning the regulatory process to Michael Yaun or Sheri Tiemann at the preceding address or phone number. Tom Mason, Senior Environmental Scientist, Department of Fish and Wildlife, [(562) 342-7107 or Tom.Mason@wildlife.ca.gov], has been designated to respond to questions on the substance of the proposed regulations. Copies of the Initial Statement of Reasons, the proposed regulatory language, the notice, and other information concerning the proposed regulation, may be obtained from the address above and will also be posted on the Fish and Game Commission website at http://www.fgc.ca.gov.

Availability of Modified Text

If the regulations adopted by the Commission differ from but are sufficiently related to the action proposed, they will be available to the public for at least 15 days prior to the date of adoption. Circumstances beyond the control of the Commission (e.g., timing of Federal regulation adoption, timing of resource data collection, timelines do not allow, etc.) or changes made to be responsive to public recommendation and comments during the regulatory process may preclude full compliance with the 15-day comment period, and the Commission will exercise its powers under Section 202 of the Fish and Game Code. Regulations adopted pursuant to this section are not subject to the time periods for adoption, amendment or repeal of regulations prescribed in Sections 11345.4, 11346.4 and 11346.8 of the Government Code. Any person interested may obtain a copy of said regulations prior to the date of adoption by contacting the agency representative named herein.
If the regulatory proposal is adopted, the final statement of reasons may be obtained from the address above when it has been received from the agency program staff.

**Impact of Regulatory Action/Results of the Economic Impact Analysis**

The potential for significant statewide adverse economic impacts that might result from the proposed regulatory action has been assessed, and the following initial determinations relative to the required statutory categories have been made:

(a) Significant Statewide Adverse Economic Impact Directly Affecting Business, Including the Ability of California Businesses to Compete with Businesses in Other States:

The proposed action will not have a significant statewide adverse economic impact directly affecting business, including the ability of California businesses to compete with businesses in other states because the regulatory action will not substantially increase compliance costs, is not anticipated to impact harvest quantities, and only applies to a fishery that is unique to the state of California. The commercial spiny lobster fishery extends from Point Conception in Santa Barbara County to the U.S./Mexico border. The recreational spiny lobster fishery covers the same range but also extends further north into San Luis Obispo County.

(b) Impact on the Creation or Elimination of Jobs Within the State, the Creation of New Businesses or the Elimination of Existing Businesses, or the Expansion of Businesses in California; Benefits of the Regulation to the Health and Welfare of California Residents, Worker Safety, and the State’s Environment:

The Commission anticipates no negative impacts on the creation or elimination of jobs within the state, the creation of new businesses or the elimination of existing businesses because the proposed action will not significantly increase costs or reduce harvest quotas. These actions are intended to promote orderly commercial and recreational fisheries while ensuring the long-term sustainability of the fisheries and spiny lobster resource.

(c) Cost Impacts on a Representative Private Person or Business:

The Commission anticipates an increase in the commercial lobster operator permit fee due to the proposed trap tag program to be approximately $395 per permit. Permit holders may have the potential for a substantial gain from expanded permit transfer options and potential fuel savings with the increase in time for the maximum trap servicing requirement. The Commission is not aware of any cost impacts in the recreational lobster fishery, that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

(d) Costs or Savings to State Agencies or Costs/Savings in Federal Funding to the State: None.

(e) Nondiscretionary Costs/Savings to Local Agencies: None.

(f) Programs Mandated on Local Agencies or School Districts: None.
(g) Costs Imposed on any Local Agency or School District that is Required to be Reimbursed Under Part 7 (commencing with Section 17500) of Division 4, Government Code: None.

(h) Effect on Housing Costs: None.

Effect on Small Business

It has been determined that the adoption of these regulations may affect small business. The Commission has drafted the regulations in Plain English pursuant to Government Code Sections 11342.580 and 11346.2(a)(1).

Consideration of Alternatives

The Commission must determine that no reasonable alternative considered by the Commission, or that has otherwise been identified and brought to the attention of the Commission, would be more effective in carrying out the purpose for which the action is proposed, would be as effective and less burdensome to affected private persons than the proposed action, or would be more cost effective to affected private persons and equally effective in implementing the statutory policy or other provision of law.

FISH AND GAME COMMISSION

Dated: March 28, 2016

Acting Executive Director
March 29, 2016

Roger Abe
Chair of the Board
County of Yuba
915 8th Street, Ste. 109
Marysville, CA 95901

Subject: Welcome to the California HERO Program and an Update on Consumer Protections

Dear Chairman Abe:

As the original bond issuing authority for the State’s leading Property Assessed Clean Energy (PACE) Program, the Western Riverside Council of Governments (WRCOG) is pleased to welcome the County of Yuba to the California HERO Program. I want to take this opportunity to provide some information regarding 1) tracking future HERO Program activity in your jurisdiction, and 2) consumer protections for the HERO Program and for other similar programs that are operating in your jurisdiction, or which you may be considering.

**HERO Program Activity in the County of Yuba:** Your jurisdiction is anticipated to launch this summer and at that point, we will be able to provide updates of completed projects in the County of Yuba to you. The attached representative “Snapshot” provides the format of a summary sheet that we will provide to you on a regular basis so that you can keep track of completed HERO projects and energy savings in your jurisdiction. These updates are also available through our HERO app and at our website at [www.herogov.com](http://www.herogov.com) for elected officials and key County of Yuba staff. In the next few weeks, HERO will send an instruction guide on how to access and best utilize our website and app to fit your specific data needs. If you have trouble accessing data on our website or app, please let us know.

**Consumer Protections:** As you know, the HERO Program was created to address a number of important public policy objectives; creating jobs, achieving energy and water savings, improving properties, and providing a market mechanism to reduce greenhouse gas emissions, to name a few. Along with progress made in addressing these objectives, we see consumer protection as another critical way PACE adds value to the County of Yuba. From assurances that contractors are licensed, bonded, insured, and in good standing with our Program, to the promise that no one gets paid until the property owner signs off that the job is done, we believe the HERO Program does more than any other consumer financing mechanism to protect property owners making improvements. These protections include prudent underwriting standards, requirements that the products installed meet federal and state standards for energy efficiency, renewable energy or water conservation, and post-funding support including dispute resolution and resources for selling and refinancing a PACE-improved property.

We strongly encourage you to consider making these standards (attached) a baseline for every PACE provider operating or seeking to operate in your community. We believe these standards are not just good for property owners, they provide a strong positive foundation for energy and water efficiency and renewable energy in your community – and their consideration is central to your oversight role.

PACE is a still relatively new form of financing, offered in partnership with local and regional government (without cost to taxpayers), and as such must clear a high bar of upholding the public trust. As new
PACE providers enter the marketplace and look to operate within your jurisdiction, we believe it is critically important that each can commit to AND demonstrate – through independent audit – a track record of success in implementing consumer protections that are at least as strong as those contained in the attached document. If they cannot, the public trust can be easily eroded.

The baseline consumer protection policies adopted by WRCOG address the following areas: (i) Risk, (ii) Disclosures and Documentation, (iii) Financing Terms, (iv) Operations, (v) Post-Funding Support, (vi) Data Security, (vii) Privacy, (viii) Marketing and Communications, (ix) Protected Classes, (x) Contractors, (xi) Eligible Products, (xii) Pricing, (xiii) Reporting, and (xiv) Closing & Funding. In addition, we are currently working with Renovate America, which administers the HERO Program, to develop a set of examination procedures that will serve as the basis for a regular, independent audit beginning this year.

We believe these consumer protection policies are comprehensive and, if adhered to by all PACE providers, are likely to raise the bar for consumer protection in the home and commercial building improvement industry.

Finally, we consider these standards to be a living document, to be revised from time to time to respond to consumer experience in the marketplace and reflect positive changes that continue to meet our objectives to provide outstanding consumer protections. We appreciate your consideration of this important governance issue.

Should you have any questions, please feel free to contact WRCOG’s Director of Energy and Environmental Programs, Barbara Spoonhour, at (951) 955-8313 or spoonhour@wrcog.coq.ca.us, or myself at (951) 955-8303 or bishop@wrcog.coq.ca.us.

Sincerely,

Rick Bishop

Attachments: 1. Summary of Consumer Protection Policies Every PACE Provider Should Meet
2. Representative HERO jurisdiction “Snapshot”
SUMMARY OF CONSUMER PROTECTION POLICIES
EVERY PACE PROVIDER SHOULD MEET

1. RISK: These criteria examine the real property on which the improvements will be installed, the encumbrances presently recorded against the property to ensure it is harnessing unused financing capacity instead of placing an inappropriate burden on the homeowner, the nature of the improvements to be installed to ensure efficiency; and the homeowner’s mortgage and property tax payment history.

2. DISCLOSURES & DOCUMENTATION: PACE is a new form of financing that, while sharing some features of traditional financing, presents new considerations for homeowners. Disclosures covering PACE’s unique repayment cycle (as a property tax) and Federal Housing Finance Authority guidance regarding payoff of financing at the time of sale or refinance in conjunction with a federally-insured mortgage are among the considerations. PACE financing terms shall be confirmed by the Partner by telephone with homeowners working with all but their top-rated contractors, and for all homeowners over age 64. Those terms shall include a fixed interest rate, financing term not to exceed the useful life of the product, a three day right to cancel, and no prepayment penalties. In the first half of 2016, a Financing Estimate modeled after the Consumer Financial Protection Bureau’s new “Know Before You Owe” form will be implemented to exceed current disclosure requirements.

3. FUNDING: It is the policy of the Program that the Partner offers fixed simple interest rates, and payments that fully amortize the obligation. Variable interest rates or negative amortization financing terms are not permitted. The Program is not required to but may offer the capability to accommodate property buyers and property owners by offering subordination of certain rights of its PACE assessment lien to the lien of a mortgage or deed of trust.

4. OPERATIONS: It is the policy of the Program that the Administrator and its Partner develop and provide people, processes, tools and technology necessary to support the consumer protection measures described in detail elsewhere in this policy, including: (i) risk and underwriting processes; (ii) terms and documentation delivery systems; (iii) documentation, maintenance and retrieval processes; (iv) disclosure development, delivery and acknowledgment receipt; (v) post-funding support for homeowners and other stakeholders such as real estate professionals; (vi) data security measures; (vii) privacy policy development and protections; (viii) marketing and communication oversight; (ix) protected class data and communication processes; (x) contractor management and engagement; (xi) eligible product database and/or list development and maintenance; (xii) implementation of the maximum financing amounts; (xiii) key metrics reporting; (xiv) closing and funding processes (including the ability to fulfill financing obligations); (xv) examination data production; and (xvi) implementation of procedures to identify and prohibit conflicts of interest within and associated with the Program.

5. POST-FUNDING HOMEOWNER SUPPORT: Establishing and operating a unit responsible for customer care that responds to inquiries, complaints, contractor and workmanship concerns, product performance questions and related matters for the lifecycle of the improvements financed is fundamental to the consumer protections that the Program provides. This policy contemplates development of a team with the skills necessary to perform inspections, meet with homeowners and contractors, investigate matters, and mediate resolutions with homeowners and contractors. It is the policy of the Program that the Partner develop capabilities to assist homeowners who are refinancing or selling their properties, and support real estate professionals providing services to refinance and sales transactions.

6. DATA SECURITY: The public/private partnership at the center of the Program, as well as the confidential relationship homeowners have with the Partner mandate that any market-ready Program be in robust compliance with sturdy cyber-security standards, and in particular develop secure and tested
processes that protect homeowner personal identifiable information at points of potential vulnerability, especially during the application process.

7. PRIVACY: The trusting and confidential relationship that exists between homeowners and the Program extends to the provider's use of homeowner data. Compliance with the Gramm-Leach-Bliley Act as well as the establishment of clear opt-in and opt-out protocols for information sharing are the pillars of the program's privacy policy. More broadly, the Program must protect and manage sensitive consumer information, respect the privacy of all homeowners, and implement robust controls to prevent unauthorized collection, use and disclosure of such information.

8. MARKETING & COMMUNICATIONS: Clear, informative, truthful, balanced, transparent and complete communications are essential. It is the policy of the program to prohibit practices that are or could appear to be unfair, deceptive, abusive, and/or misleading, that violate laws or regulations, that provide tax advice, that are inappropriate, incomplete or are inconsistent with the program's purpose (e.g., use of check facsimiles to dramatize the amount of PACE program financing available or presented as if a negotiable instrument). It is the policy of the Program that no provider, contractor or affiliated individual may provide a direct cash payment or other thing of value to a homeowner explicitly in exchange for such homeowner’s selecting Program financing.

9. PROTECTED CLASSES: It is the Administrator's and Partner's responsibility to ensure compliance with all state and federal laws that cover individuals in protected classes (e.g., race, religion, color, marital status, sex, national origin, citizenship, presence of children, disability, medical condition, gender, age, sexual orientation, gender identity or expression, military or veteran status, because an applicant receives income from a public assistance program, or because an applicant has in good faith exercised any right under the Consumer Credit Protection Act.) Heightened protections for homeowners over 64 years old, such as confirming understanding of financing terms and project specifications is required of the Program.

10. CONTRACTOR REQUIREMENTS: Contractors and their sales persons enter into contracts with the Partner, and register with all relevant state and local licensing boards and agencies. Contractors are required to follow a code of conduct, maintain policies of insurance, post bonds, follow marketing requirements, complete training courses, among other similar obligations, all of which are designed to assure positive and productive homeowner interaction with the Program. Administrators and Partners warn, suspend, or terminate a registered contractor and/or affiliated individual from the Program based on violations of the Contractor Participation Agreement.

11. ELIGIBLE PRODUCTS: The Program enables and encourages homeowners to install measures on their homes which are designed but not guaranteed to save water or energy. The Program is responsible for implementing practices and controls (e.g., eligible product databases and product confirmation processes) ensuring that financing is used only for eligible measures. Program product eligibility criteria ensure that property owners are financing improvements which are industry recognized for achieving higher levels of home energy or water efficiency using performance criteria that the U.S. Department of Energy, U.S. Environmental Protection Agency, the California Energy Commission and/or other federal and state agencies or other reputable third parties have established.

12. MAXIMUM FINANCING AMOUNT: While the Program does not set price controls, it implements a maximum financing amount (“MFA”) procedure based upon the fair market value of the eligible products and the provider's experience. The MFA sets the ceiling for amounts that can be financed. The MFA does not set pricing for installation.
13. REPORTING: Reporting the economic and environmental results of Program participation is essential for the Program, Administrators, Partners, elected officials, environmental agencies, the investment community, the real estate and mortgage industry and many other stakeholders. Metrics such as economic stimulus dollars invested, greenhouse gas reduction, the number of measures funded, the amounts funded, renewable energy production and energy savings serve this need. The Partner is responsible for producing, on at least a quarterly basis, a key metrics report for the Administrator.

14. CLOSING & FUNDING: The Program provides limited purpose financing to homeowners, and not general purpose financing that is common among traditional sources of financing. The Program has front-end (e.g., eligible product call-in requirements) and pre-funding (e.g., completion certificates and permits) procedures designed to confirm the financing dollars are used for permissible purposes. A policy requiring such procedures is essential to protecting the integrity of the program and its public policy goal of bringing efficiency and renewable energy to the housing sector. It is the policy of the Program for homeowners to obtain required permits and for the Program to disburse funds only for projects that are complete to the satisfaction of the homeowner.

15. EXAMINATION: As stated above, WRCOG will develop examination procedures to evaluate these above enumerated consumer protection policies, requiring that they be reviewed by an outside third party auditor regularly to ensure compliance by any provider operating in the marketplace served by the bond issuer.

NOTICE OF PETITION FOR TEMPORARY CHANGE INVOLVING THE TRANSFER/EXCHANGE FROM DEPARTMENT OF WATER RESOURCES PERMIT 16479 (APPLICATION 14443) AND THE SPECIFIED LICENSE AND PERMITS OF THE U.S. BUREAU OF RECLAMATION

On March 28, 2016, the Department of Water Resources (DWR), and the U.S. Bureau of Reclamation (Reclamation), collectively Petitioners, filed a petition for temporary change to transfer/exchange up to 305,820 acre-feet of water pursuant to California Water Code section 1725 et seq. The Petitioners request the temporary addition of the State Water Project (SWP) place of use downstream of Harvey O. Banks Pumping Plant (Banks) to Reclamation License 1986 and Permits 11885, 11886, 12721, 11967, 11887, 12722, 12723, 12727, 11315, 11316, 11968, 11969, 12860, 11971, 11973, and 12364 (Applications 23, 234, 1465, 5626, 5628, 5638, 9363, 9364, 9368, 13370, 13371, 15374, 15375, 15764, 16767, 17374, and 17376) and the temporary addition of the Central Valley Project (CVP) place of use downstream of Jones Pumping Plant (Jones) to DWR Permit 16479 (Application 14443). According to the Petitioners, the requested changes will allow them to more effectively and efficiently utilize the operational flexibility of the combined SWP and CVP facilities and water supply south of Banks and Jones. The Petitioners state that the operational flexibility will, in turn, help minimize to some extent the impacts to water users south of the Delta caused by unavailability of adequate SWP and CVP Project water supplies in 2016. Approval of the petition will not increase the quantity or alter the timing of diversions from the Delta or San Joaquin River. All exchanges covered by the petition will occur south of the Delta and are intended to alleviate anticipated water supply shortages. The proposed exchanges involve: 1) Santa Clara Valley Water District; 2) Oak Flat Water District/Del Puerto Water District; 3) Kern County Water Agency/Kern Tulare Water District; 4) Arvin-Edison Water Storage District/Metropolitan Water District of Southern California; 5) Kern County Water Agency/Westlands Water District; 6) Dept. of Veterans Affairs – San Joaquin Valley National Cemetery; 7) Musco Olive Products Inc.; and 8) Tulare Lake Basin Water Storage District – Westlands Water District/San Luis Water District. The Petitioners have requested the temporary changes become effective on May 1, 2016. Temporary changes involving the transfer/exchange of water may be in effect for one year from the date of approval.

AGENDA
Public Meeting
Central Valley Regional
Water Quality Control Board

The Central Valley Board strives to conduct accessible, orderly, and fair meetings. The Board abides by the following rules when conducting its meetings:

- No person is required to register their name or provide other information to the Board in order to attend a Board meeting. Completing an attendance card is voluntary, unless you wish to testify before the Board.
- Anyone speaking to the Board will be requested to complete an attendance card.
- Anyone testifying in permit and enforcement actions will be required to complete an attendance card and affirm that any testimony that they provide is the truth by taking an oath.
- Items on this Agenda are numbered for identification purposes only; the Board may consider these items out of their listed order.
- Any item scheduled for the first day of a multi-day Board meeting may be delayed or continued to the next day, and items may also be moved from the second day to the first day. The Board may remove items from this Agenda without prior notice.
- If the Board lacks a quorum, the Board may conduct a hearing as a Panel Hearing. However, the Board will not take final action on such an item until a quorum of the Board is present.

Copies of the items to be considered by the Central Valley Water Board are posted on the Board’s website at:
http://www.waterboards.ca.gov/centralvalley/board_decisions/tentative_orders/

Board agendas and the minutes of prior meetings are posted on the Board’s website at:
http://www.waterboards.ca.gov/centralvalley/board_info/meetings/

Questions regarding individual items should be directed to the Board staff person whose name and phone number are indicated with the agenda item. If no staff person is listed, or for general questions, please contact Ms. Kiran Lanfranchi-Rizzardi at: (916) 464-4839 or klanfranchi@waterboards.ca.gov

The Board meeting will be conducted at a facility that is accessible to people with disabilities. Individuals requiring special accommodations are asked to contact Ms. Lanfranchi-Rizzardi at (916) 464-4839 at least 5 working days prior to the meeting. TTY users may contact the California Relay Service at 1-800-735-2929 or voice line at 1-800-735-2922.

A list of applications for Water Quality Certifications, which the Board issues pursuant to Section 401 of the Clean Water Act, can be found at: http://www.waterboards.ca.gov/centralvalley/public_notices/ or can be obtained by calling the Board at: (916) 464-3291
ELECTRONIC PRESENTATIONS
PowerPoint and other electronic presentations are frequently presented at the Board Meetings. Please e-mail presentations to the Board’s Webmaster at webmaster5@waterboards.ca.gov at least 24 hours in advance, or bring your files either on a USB Flash Drive or CD-ROM and give them to Board Staff prior to the start of the meeting.

WEDNESDAY APRIL 20, 10:00 A.M.
TOUR OF ALPAUGH/ALLENSWORTH COMMUNITIES

Members of the Central Valley Water Board will participate in a field tour on Wednesday, 20 April 2016 in the Disadvantaged Communities of Allensworth and Alpaugh.

The public will be provided access to the tour sites, but transportation will not be provided.

Details regarding the tour itinerary will be provided on the day of the tour because last minute adjustments may need to be made to account for weather conditions, and the number of participants in the tour. Tour participants will meet at 10:00 a.m. at the Colonel Allensworth State Historic Park, located at 4011 Grant Drive, Allensworth, California (meet just past the park entrance at Hindsman General Store).

WEDNESDAY APRIL 20, 1:30 P.M.
TOUR OF ATWELL ISLAND WETLANDS

Members of the Central Valley Water Board will continue the day with a tour of the Atwell Island Wetlands.

The public will be provided access to the tour sites, but transportation will not be provided.

Details regarding the tour itinerary will be provided on the day of the tour. Tour participants will meet at 1:30 p.m. at Atwell Island Headquarters on Road 38, Alpaugh, California.

MEETING PROCEDURES

The Central Valley Water Board circulates item-specific Notices and/or Hearing Procedures along with drafts of its Orders and Amendments. If there is a conflict between an item-specific Notice or Hearing Procedure and the Meeting Procedures in this Agenda, the item-specific Notice or Hearing Procedure will control. Please contact Board staff if you do not know whether there is a Notice or Hearing Procedure for a specific item.

The statutes and regulations that govern the Central Valley Water Board's meetings can be found at: http://www.waterboards.ca.gov/laws_regulations/

All persons may speak at a Central Valley Water Board meeting, and are expected to orally summarize their written submittals. Oral presentations will be limited in time by the Board Chair, and a timer may be used. Where speakers can be grouped by affiliation or interest, such groups are expected to select a spokesperson and to not be repetitive. The Board will accommodate spokespersons by granting additional time if other group members will not also be speaking.

Written materials that are received after deadlines set by item-specific Notices and/or Hearing Procedures will not generally be admitted. Any person requesting to submit late materials must demonstrate good cause, and the Chair must find that the admission of the late materials would not prejudice the Central Valley Water Board or any designated party. The Chair may modify this rule to avoid severe hardship.

PROCEDURE FOR HEARINGS IN ADJUDICATIVE MATTERS

(Including the issuance of Waste Discharge Requirements, NPDES Permits, Conditional Waivers, and certain Enforcement Orders, including Cleanup and Abatement and Administrative Civil Liability Orders)

The regulations for adjudicative proceedings are found in California Code of Regulations, title 23, sections 648 et seq. An adjudicative proceeding is a hearing to receive evidence for the determination of facts pursuant to which the Board formulates and issues a decision.

Evidence: Adjudicative hearings are not conducted according to the technical rules of evidence; the Board will accept any evidence that is reasonably relevant. It is the policy of the Board to discourage the introduction of surprise testimony and exhibits. Hearsay evidence may be used to supplement or explain other evidence.

Designated Parties: Designated Parties are persons named in a proposed order, anyone who requests designated party status and is so designated by the Board, and, for prosecutorial matters, the Board's Prosecution Team. Designated Parties have the right to call and examine witnesses, receive witness lists from other Designated Parties, introduce exhibits, cross-examine opposing witnesses, rebut evidence, make or oppose evidentiary objections, and make opening and/or closing statements.

Interested Persons: All persons who wish to participate in the hearing but who are not Designated Parties are Interested Persons. Interested Persons may present non-evidentiary policy statements or comments, either orally or in writing, but will not be subject to cross-examination. Interested Parties may be asked to respond to clarifying questions from the Board, staff, or others.

Order of Proceeding: for adjudicative hearings, the proceeding will be generally be conducted in the following order, unless modified by the Board Chair or specified differently in an item-specific Notice or Hearing Procedure:

- Testimony by Board staff, followed by testimony by Designated Parties named in the Order or Permit, followed by testimony of other Designated Parties
- Cross-examination of Board staff, followed by cross-examination of Designated Parties named in the Order or Permit, followed by cross-examination of other Designated Parties
- Statements of Interested Persons
- Closing statement by Designated Parties other than those named in the Order or Permit, then closing statement by Designated Parties named in the Order or Permit, followed by closing statement by Board staff
- Recommendation by the Board's Executive Officer (as appropriate)
- Close of the Hearing, followed by deliberation and voting by the Board

Closing statements are not to be used to introduce new evidence or testimony. Persons wishing to introduce exhibits (i.e., maps, charts, photographs) must leave them with the Board.
PROCEDURE FOR RULEMAKING AND INFORMATIONAL PROCEEDINGS
(Including Basin Planning, Rulemaking, Setting of Policy, and Workshops)

The regulations for rulemaking and informational proceedings are found in California Code of Regulations, title 23, sections 649 et seq. Rulemaking proceedings include hearings designed for the adoption, amendment, or repeal of any rule, regulation, or standard of general application. Informational proceedings include any hearings designed to gather and assess facts, opinions, and other information relevant to any matters within the jurisdiction of the Boards and whose primary purposes are to assist the Boards in the formulation of policy or guidelines for future Board action, to inform the public of Board policies, reports, orders, plans, or findings, and to obtain public comment and opinion with respect to such policies, reports, orders, plans, or findings, or to adopt such policies, reports, orders, plans, or findings.

For rulemaking and informational proceedings, the Board does not distinguish between Designated Parties and Interested Persons; the Board will accept any evidence that is reasonably relevant, provided that it is submitted in accordance with any item-specific Notice or Hearing Procedure.

Order of Proceeding: for rulemaking and informational proceedings, the proceeding will be generally be conducted in the following order, unless modified by the Board Chair or specified differently in an item-specific Notice or Hearing Procedure:

- Opening statement by the Board summarizing the subject matter and purpose of the proceeding
- Presentation by Board staff
- Presentations by all other persons
- Recommendation by the Board’s Executive Officer (as appropriate)
- Close of the Hearing, followed by deliberation and voting by the Board (as appropriate)

PETITION PROCEDURE

Any person aggrieved by an action of the Central Valley Water Board may petition the State Water Board to review the action in accordance with Water Code section 13320 and California Code of Regulations, title 23, sections 2050 and following. The State Water Board must receive the petition by 5:00 p.m., 30 days after the date of issuance of the Order, except that if the thirtieth day following the issuance of the Order falls on a Saturday, Sunday, or state holiday, the petition must be received by the State Water Board by 5:00 p.m. on the next business day. Copies of the law and regulations applicable to filing petitions may be found at:

http://www.waterboards.ca.gov/public_notices/petitions/water_quality

or will be provided upon request.

Updated April 6, 2016
The primary duty of the Central Valley Water Board is to protect the quality of the waters within the Central Valley Region for all beneficial uses. This duty is implemented by formulating and adopting water quality plans for specific ground or surface water basins and by prescribing and enforcing requirements on all agricultural, domestic, and industrial waste discharges. Specific responsibilities and procedures of the Boards and the State Water Resources Control Board are contained in the Porter-Cologne Water Quality Control Act.
