Administrative Services Memorandum

To:        Board of Supervisors
CC:        Robert Bendorf, County Administrator
From:      Doug McCoy, Director, Administrative Services
Date:      August 23, 2016
Re:        Amendment to CommSites West Agreement

Recommendation

The Board approve the attached Amendment to the License Agreement with CommSites West and authorize the Chair to execute same.

Background

The County is expanding its presence on the radio towers on Oregon Peak to accommodate the enhanced radio simulcast system being installed in support of the Yuba County Sheriff.

Discussion

Concurrent with the development of the Yuba Street building, the Yuba County Sheriff is implementing a radio simulcast system to improve radio communications across the County. To accomplish this, we need to enhance and expand our radio equipment on the Oregon Peak (and Sutter Buttes) radio towers. This lease acknowledges those changes. Note: a separate agreement has already been approved to address the additions on the Sutter Buttes.

Committee Action

Due to the routine nature of this action, the item has been brought directly to the Board.

Fiscal Impact

The result of this action is an increase of $1070 in monthly lease cost that does not take effect until the system is operational; this additional cost will be funded by the Sheriff.

First Amendment to License Agreement
Oregon Peak

This FIRST AMENDMENT TO LICENSE AGREEMENT ("First Amendment") is made this 1st day of August, 2016 (the "First Amendment Effective Date"), by and between ComSites West, LLC, a California limited liability company, as successor in interest to WestCom Towers, LLC, a California limited liability company ("Licensor"), and The County of Yuba, a local governmental unit ("Licensee"), with reference to the facts set forth in the Recitals below:

RECITALS

A. Licensor and Licensee (or their predecessors-in-interest) entered into that certain License Agreement, dated January 2, 2001 (the "Agreement") to use a portion (the "Licensed Premises") of Licensor's property located at Oregon Peak in Yuba County, California (the "Property"), including the improvements located thereon, for the purpose of installing, maintaining and operating radio/communication equipment and associated frequencies (the "Equipment"), subject to the terms and conditions of the Agreement.

B. Licensor has constructed a new 180 foot self-supporting steel lattice tower (the "North Tower") at the Property that is in addition to the existing tower at the Property (the "South Tower") that Licensee is presently occupying with its Equipment previously approved under the Agreement.

C. Licensee desires to use the Property and a portion of the North Tower for the purpose of installing, maintaining and operating Additional Equipment (equipment, as defined below, that is in addition to that previously approved under the Agreement) and for making modifications to certain portions of Licensee’s existing equipment, and Licensor desires to grant to Licensee the right to use the Property and that portion of the North Tower necessary for the construction, maintenance and operation of said Additional Equipment and to make modifications to certain portions of Licensee's existing equipment.

D. Licensor and Licensee now wish to amend the Agreement pursuant to this First Amendment to: (i) approve the installation and operation by Licensee of the Additional Equipment and approve the modification and operation by Licensee of certain existing equipment of Licensee; and (ii) modify the License Fee in consideration of Licensor's approval of the installation and operation of the Additional Equipment and of the modification and operation of certain existing equipment of Licensee.

AGREEMENT

NOW, THEREFORE, in consideration of the facts contained in the Recitals above, the mutual covenants and conditions contained below, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties agree as follows:

1. Additional Facilities.
Licensee shall have the right, at its sole cost and expense, to: (i) install, operate, maintain and repair in locations approved by Licensor on the North Tower and upon or within Licensor's other improvements associated therewith at the Property, the equipment described as "SO Simulcast UHF Ch 1", "SO Simulcast UHF Ch 2", and "SO Simulcast MW" at Exhibit "A" attached hereto, and made a part hereof, subject to the obligation to remove, concurrently therewith, from the Property all equipment previously approved under the Agreement that following the First Amendment Effective Date will no longer be required for Licensee's operations at the Property.
(collectively, the "Additional Equipment"); and concurrently therewith (ii) re-install in a location approved by Licensor the existing equipment described as "Public Works" at said Exhibit "A" and operate said equipment on Licensor's master antenna system serving the South Tower, subject to the obligation to remove, concurrently therewith, from the South Tower at the One Hundred Forty-Two Foot (142') AGL elevation on the westerly most leg, Licensee's antenna previously approved under the Agreement for the Yuba County Public Works system (the "Public Works Modification"). Pursuant to the terms of the Agreement, Licensee is required to coordinate such additions and modifications to Licensee's equipment and frequencies with Licensor and to obtain Licensor's prior written approval thereof. Licensee hereby represents and warrants, the truth and accuracy of which Licensor is relying upon in providing its consent under this Section 1, that Licensee's operation of the Additional Equipment and the Public Works Modification shall, at all times, be in compliance with all of the terms, covenants and conditions set forth therefor under the Agreement. Licensor hereby consents to Licensee's installation and operation, at Licensee's sole cost and expense, of the Additional Equipment and the Public Works Modification under and subject to the inventory attached hereto at Exhibit "A", to the plans and specifications attached hereto at Exhibit "B" and to the terms, covenants and conditions of this First Amendment and as further set forth therefor under the Agreement. The Yuba County UHF Analog Conventional Simulcast system will consist of two (2) channels at three (3) simulcast remote sites (Oregon Peak, Sutter Buttes and Yuba County Sheriff Office). The Prime site will be co-located with the remote site at Yuba County Sheriff Office (YCSO).

The proposed solution will utilize existing equipment purchased by Yuba County which are the comparators, base radios and TRAK units. This proposal will provide the equipment needed to complete the new two (2) channel, three (3) site UHF Analog Conventional Simulcast system design. There will be no consoles included in this proposal. Motorola will provide two (2) 4-wire tone remote control (TRC) termination points for the existing Yuba County provided dispatch console.

A high level block diagram is shown below in Figure 2-1. The boxes in green have been purchased by Yuba County. The boxes in orange represent equipment that will be re-used. The boxes in blue depict equipment that is needed which is proposed in this proposal.
SYSTEM DESIGN

Motorola has designed a UHF Analog Conventional Simulcast radio system for Yuba County. The UHF Analog Conventional Simulcast Cell will consist of two (2) channels at three (3) simulcast remote sites. The Prime site will be co-located with the remote site at Yuba County Sherriff Office (YCSO). The three (3) simulcast remote sites are:

- Oregon Peak
- Sutter Buttes
- Yuba County Sherriff Office (YCSO)

Prime Site

The prime site acts as an audio control center for the simulcast subsystem. Audio is routed to the prime site from each of the simulcast remote site. To ensure that the best audio from the simulcast receivers is processed, the comparator selects audio to create an optimal composite signal.

The prime site will utilize MLC8000 comparators which are not redundant. The prime site comparators and networking equipment interface to the remote simulcast sites. The simulcast RF transmitters and receivers are located at the simulcast remote sites. Equipment at a simulcast remote site includes simulcast base radios, analog gateway, TRAK and networking equipment to interface to the prime site.

The simulcast prime site consists of the following major devices:

- Two (2) MLC8000 Comparators
- Two (2) Prime Site Routers
- Two (2) Prime Site Switches
- One (1) TRAK

Remote Simulcast Sites

Simulcast remote sites include simulcast base radios, TRAK GPS, MLC8000 gateways and network connectivity equipment (site routers and switches). Simulcast base radios at these sites simultaneously transmit identical information from each site to the user radios. The receivers at these sites receive the audio from the user radios, and pass the audio back to the prime site through the MLC8000 gateways. Audio and site control comes from the prime site.

The simulcast remote site subsystem consists of the following major devices:

- Two (2) GTR8000 Base Radios
- Two (2) MLC8000 Gateways
- Two (2) Remote Site Routers
- Two (2) Remote Site Switches
- One (1) TRAK
New antennas and combining/multicoupling equipment have been included at Oregon Peak and YCSO. Each remote site will contain the following RF equipment:

- One (1) 2-channel transmit combiner
- One (1) 2-channel receive multicoupler
- Two (2) UHF antennas (one (1) antenna for transmit and one (1) antenna for receive)
- Cables, connectors and grounding kits

Yuba County is responsible for allocating tower space for proposed antennas on Oregon Peak and YCSO sites as specified.

The Sutter Buttes site will utilize existing transmit and receive antennas as well as the combining/multicoupling equipment. The transmit/receive antennas and combining/multicoupling equipment will need to be tested prior to installation of the base radios to determine if there will be any interference issues. In the event that there is interference with the existing equipment, Motorola will require new combining and multicoupling equipment for the Simulcast System.

YCSO PRIME SITE

This site is to be located at the new Yuba County Sheriff’s Department Facility, which is still currently under construction. This was an existing building, being refurbished and retrofitted to accommodate the Sheriff’s Department Operations.

NEPA Evaluation for this facility:

4.0 POTENTIAL SIGNIFICANT EFFECTS/ FURTHER ENVIRONMENTAL PROCESSING
This NEPA Checklist evaluation has revealed that development of wireless telecommunications facilities on the subject property appears consistent with FCC definitions of an “antenna farm.” As depicted in Zoning Drawings, the proposed WTS facility would be constructed and operated within the confines of the existing “antenna farm” and appears to conform to the “categorical exclusion” provided in 47 CFR §1.1306 Note 3 and 47 CFR §1.1307(b). Therefore, This NEPA Checklist evaluation has revealed:
☐ No further environmental processing, including the preparation of an EA, appears warranted.

OREGON PEAK EQUIPMENT ROOM

Many agencies/entities share this commercial site. The County of Yuba currently has numerous 2-way radio repeaters for multiple county agencies installed in this vault. Yuba County's equipment is contained in two racks and one locked cabinet. This project intends to replace the cabinet with a 7.5' equipment rack. The new YCSO Simulcast System equipment and related microwave system components will be installed into this new equipment rack. **The goal is to not exceed the current footprint.** We may adjust the positioning of some equipment during this project, and the old rack mounted equipment being upgraded/replaced will be uninstalled and removed from the site.
The racks/cabinet shown here are existing and belong to Yuba County. The cabinet pictured above will be removed and replaced with an 7.5’ tall, two post 19” equipment rack. The equipment described in the System Design section of this document will be installed in this new rack, along with the related Microwave System Backhaul...to be installed separately by Aviat.
This is a draft/conceptual layout only for the installation of the microwave and 2-way radio equipment at Oregon Pk. subject to slight change and modification during the construction phase of this project.
SUTTER BUTTES SITE

This site is located west of Yuba City, near Sutter, CA at an existing commercial communications site that has been constructed circa 1968-1969. This small mountain facilitates two commercial communications sites referred to as the “Upper Site” and the “Lower Site”. The communications equipment related to this project will be installed inside “Vault #2” at the Lower Site. There are two existing towers at this site. The vertical antennas that will be used for this Simulcast project are already constructed and existing on Tower #1. No new antennas will be constructed for this project with the exception of the related Microwave Dish, to be installed separately by Aviat.

FROM: MICHAEL G. LEE, DIRECTOR OF PUBLIC WORKS

SUBJECT: Reject Bids for Ella Elementary Safe Routes to School ATP Project 7th Avenue from Olivehurst Avenue to Powerline Road and Authorize Project to be Re-advertised

RECOMMENDATION:

Bids were received on August 4, 2016 for the Ella Elementary Safe Routes to School Project. Public Works recommends that the Board reject the bids received and authorize the project to be re-advertised.

BACKGROUND:

Multiple improvement projects have been completed, or are in the process of being completed, in the Olivehurst area. This project will provide bike lanes, sidewalks and improve drainage along 7th Avenue, from Olivehurst Avenue to Powerline Road. The project will be primarily funded with State-Only ATP funds.

DISCUSSION:

The work in general consists of placing and/or replacing drain culverts and storm drains, placing curb, gutter, and sidewalk, and hot mix asphalt overlay, placing pavement reinforcing fabric, and striping along 7th Avenue from Olivehurst Avenue to Powerline Road. The engineer’s estimate for construction of the project was $1,236,414. The low bid was $1,699,516.15, which is $463,102.15 higher than estimated. The engineers estimate did not capture the recent rise in construction costs or take into account bidding the project late in the construction season (late bid date resulting from waiting for CTC approval). Public Works will provide clarification on the pedestrian bridge details and paving that should result in more competitive bids upon re-advertisement. The project is expected to be completed by September 2017

COMMITTEE ACTION:

The Land Use & Public Works Committee was bypassed as this project is included in the Public Works Budget.

FISCAL IMPACT:

Construction of the project will be funded with $1,135,000 of State-Only ATP funding with the remainder coming from the Road Fund and Drainage budget.

Re: FY 2016 State Homeland Security Grant Program

Recommendation
Adopt resolution authorizing the Director of Emergency Services or the Emergency Operations Manager to execute and submit an application and any required documents as required for the FY 2016 State Homeland Security Grant Program (SHSGP), including any other pertinent documents related to this program, and authorize the acceptance and distribution of said funds.

Background/Discussion
The U.S. Department of Homeland Security provides grant funding annually to the State of California that is sub-granted to the Operational Areas (Counties). These funds are used to increase and maintain the capacity of the Operational Areas (OA) first responders and emergency management to plan for, respond to, mitigate, and recover from acts of terrorism, or natural and other manmade disasters.

Your Board has previously appointed the Yuba County Multi-Jurisdictional Terrorism Task Force (TTF) to identify and develop projects that meet the requirements of the SHSGP. The Yuba County TTF has met to carry out this task for the current fiscal year.

Committee
Projects have been identified and have been approved by the Yuba County TTF, a sub-committee of the Yuba County Operational Area Disaster Council.

Fiscal Impact
The Yuba County OA is allocated $150,565 for FY 2016. Emergency Services will receive $7,528 in management and administration reimbursement to help offset the general fund allocation for emergency services.

Re: Proclaim the existence of a local emergency in the County of Yuba

Date: August 23, 2016

**Recommendation:**
The Board of Supervisors adopts a resolution proclaiming the continuation of a local emergency due to the ongoing drought conditions.

**Background:**
On January 17, 2014 Governor Edmund G. Brown Jr. declared a Statewide Drought Emergency due to the impacts on the State of California as a result of four continuous years of drought. On February 18, 2014 the Director of Emergency Services proclaimed a local emergency due to the effects the drought has had within the County of Yuba. Your Board ratified said proclamation on February 25, 2014 and extended on August 9, 2016.

**Discussion:**
With an on-going water shortage affecting the County of Yuba, the final duration of the emergency has not yet been determined. The current seasonal rainfall totals have been below normal when compared to average rainfall totals. The National Weather Service continues to designate the County of Yuba as being in a severe drought and the existence of tree mortality is ever increasing. Therefore it is recommended that your Board extend the current proclamation of a local emergency until the end of the incident period per *(Govt. Code Section 8630 (c))*. This proclamation of emergency will be reviewed and renewed no less than once every thirty days. Per Govt.        Health & Human Services Department

DATE:  August 23, 2016

SUBJECT:  Medi-Cal Data Privacy and Security Agreement with the California
          Department of Health Care Services

RECOMMENDATION:  It is recommended that the Board of Supervisors execute the
                  Medi-Cal Privacy and Security Agreement between the California Department of Health Care Services (DHCS) and Yuba County, on behalf of its Health and Human Services Department.

BACKGROUND:  Authorized employees in the Health and Human Services Department access and use Medi-Cal Personally Identifiable Information (PII) while assisting in the administration of the Medi-Cal Program on behalf of DHCS. Medi-Cal PII includes data and information from the federal Social Security Administration (SSA) and the Department of Homeland Security (DHS). The SSA requires DHCS to enter into Medi-Cal Privacy and Security Agreements with all County Welfare Departments. The original Medi-Cal Data Privacy and Security Agreement, executed in 2008, was revised and updated in 2013, and has again been revised and updated.

DISCUSSION:  In May 2016, the Agreement was revised by DHCS and the California Welfare Directors Association (CWDA) with input from counties. The revised Agreement sets forth new and revised protocols and controls to ensure the privacy and security of Medi-Cal PII by counties. It also includes computer security safeguards which have been reviewed and approved by Yuba County’s Information Technology Department.

COMMITTEE:  The Human Services Committee was by-passed as there is no General Fund impact and/or County Match.

FISCAL IMPACT:  Approval of this Agreement will not impact County Funds. The costs for maintenance and operation for the security and privacy requirements of this Agreement are funded through the Medi-Cal Program and do not require a county match.

MEDI-CAL PRIVACY AND SECURITY AGREEMENT BETWEEN the California Department of Health Care Services and the County of YUBA, Department of Health and Human Services

PREAMBLE

The Department of Health Care Services (DHCS) and the County of YUBA, Department of Health and Human Services (County Department) enter into this Medi-Cal Privacy and Security Agreement (Agreement) in order to ensure the privacy and security of Medi-Cal Personally Identifiable Information (PII).

DHCS receives federal funding to administer California's Medicaid Program (Medi-Cal). The County Department assists in the administration of Medi-Cal, in that DHCS and the County Department access DHCS eligibility information for the purpose of determining Medi-Cal eligibility.

This Agreement covers the County of YUBA, Department of Health and Human Services workers, who assist in the administration of Medi-Cal; and access, use, or disclose Medi-Cal PII.

DEFINITIONS

For the purpose of this Agreement, the following terms mean:

1. "Assist in the administration of the Medi-Cal program" means performing administrative functions on behalf of Medi-Cal, such as determining eligibility for, or enrollment in, or the amount of, public benefits, and collecting Medi-Cal PII for such purposes, to the extent such activities are authorized by law.

2. "Breach" refers to actual loss, loss of control, compromise, unauthorized disclosure, unauthorized acquisition, unauthorized access, or any similar term referring to situations where persons other than authorized users and for other than authorized purposes have access or potential access to Medi-Cal PII, whether electronic, paper, verbal, or recorded.

3. "County Worker" means those county employees, contractors, subcontractors, vendors and agents performing any functions for the County that require access to and/or use of Medi-Cal PII and that are authorized by the County to access and use Medi-Cal PII.

4. "Medi-Cal PII" is information directly obtained in the course of performing an administrative function on behalf of Medi-Cal that can be used alone, or in conjunction with any other information, to identify a specific individual. PII includes any information that can be used to search for or identify individuals, or can be

AGREEMENTS

NOW THEREFORE, DHCS and County Department mutually agree as follows:

I. PRIVACY AND CONFIDENTIALITY

A. The County Department workers covered by this Agreement (County Workers) may use or disclose Medi-Cal PII only as permitted in this Agreement and only to assist in the administration of Medi-Cal in accordance with Welfare and Institutions Code section 14100.2 and 42 Code of Federal Regulations section 431.300 et seq., or as required by law. Disclosures, which are required by law, such as a court order, or are made with the explicit written authorization of the Medi-Cal client, are allowable. Any other use or disclosure of Medi-Cal PII requires the express approval in writing of DHCS. No County Worker shall duplicate, disseminate or disclose Medi-Cal PII except as allowed in this Agreement.

B. Pursuant to this Agreement, County Workers may only use Medi-Cal PII to perform administrative functions related to determining eligibility for individuals applying for Medi-Cal.

C. Access to Medi-Cal PII shall be restricted to County Workers who need to perform their official duties to assist in the administration of Medi-Cal.

D. County Workers who access, disclose or use Medi-Cal PII in a manner or for a purpose not authorized by this Agreement may be subject to civil and criminal sanctions contained in applicable federal and state statutes.
II. PERSONNEL CONTROLS

The County Department agrees to advise County Workers who have access to Medi-Cal PII, of the confidentiality of the information, the safeguards required to protect the information, and the civil and criminal sanctions for non-compliance contained in applicable federal and state laws. For that purpose, the County Department shall implement the following personnel controls:

A. Employee Training. Train and use reasonable measures to ensure compliance with the requirements of this Agreement by County Workers, including, but not limited to:

1. Provide initial privacy and security awareness training to each new County Worker within 30 days of employment and;

2. Thereafter, provide annual refresher training or reminders of the privacy and security safeguards in this Agreement to all County Workers. Three or more security reminders per year are recommended;

3. Maintain records indicating each County Worker’s name and the date on which the privacy and security awareness training was completed;

4. Retain training records for a period of three years after completion of the training.

B. Employee Discipline.

1. Provide documented sanction policies and procedures for County Workers who fail to comply with privacy policies and procedures or any provisions of these requirements.

2. Sanction policies and procedures shall include termination of employment when appropriate.

C. Confidentiality Statement. Ensure that all County Workers sign a confidentiality statement. The statement shall be signed by County Workers prior to accessing Medi-Cal PII and annually thereafter. Signatures may be physical or electronic. The signed statement shall be retained for a period of three years.

The statement shall include at a minimum:

1. General Use;

2. Security and Privacy Safeguards;

3. Unacceptable Use; and

D. **Background Screening.**

1. Conduct a background screening of a County Worker before they may access Medi-Cal PII.

2. The background screening should be commensurate with the risk and magnitude of harm the employee could cause. More thorough screening shall be done for those employees who are authorized to bypass significant technical and operational security controls.

3. The County Department shall retain each County Worker's background screening documentation for a period of three years following conclusion of employment relationship.

III. **MANAGEMENT OVERSIGHT AND MONITORING**

To ensure compliance with the privacy and security safeguards in this Agreement the county shall perform the following:

A. Conduct periodic privacy and security review of work activity by County Workers, including random sampling of work product. Examples include, but are not limited to, access to case files or other activities related to the handling of Medi-Cal PII.

B. The periodic privacy and security reviews must be performed or overseen by management level personnel who are knowledgeable and experienced in the areas of privacy and information security in the administration of the Medi-Cal program, and the use or disclosure of Medi-Cal PII.

IV. **INFORMATION SECURITY AND PRIVACY STAFFING**

The County agrees to:

A. Designate information security and privacy officials who are accountable for compliance with these and all other applicable requirements stated in this Agreement.

B. Assign county workers to be responsible for administration and monitoring of all security related controls stated in this Agreement.
V. PHYSICAL SECURITY

The County Department shall ensure Medi-Cal PII is used and stored in an area that is physically safe from access by unauthorized persons at all times. The County Department agrees to safeguard Medi-Cal PII from loss, theft, or inadvertent disclosure and, therefore, agrees to:

A. Secure all areas of the County Department facilities where County Workers assist in the administration of Medi-Cal and use, disclose, or store Medi-Cal PII.

B. These areas shall be restricted to only allow access to authorized individuals by using one or more of the following:
   1. Properly coded key cards
   2. Authorized door keys
   3. Official identification

C. Issue identification badges to County Workers.

D. Require County Workers to wear these badges where Medi-Cal PII is used, disclosed, or stored.

E. Ensure each physical location, where Medi-Cal PII is used, disclosed, or stored, has procedures and controls that ensure an individual who is terminated from access to the facility is promptly escorted from the facility by an authorized employee and access is revoked.

F. Ensure there are security guards or a monitored alarm system at all times at the County Department facilities and leased facilities where 500 or more individually identifiable records of Medi-Cal PII is used, disclosed, or stored. Video surveillance systems are recommended.

G. Ensure data centers with servers, data storage devices, and/or critical network infrastructure involved in the use, storage, and/or processing of Medi-Cal PII have perimeter security and physical access controls that limit access to only authorized County Workers. Visitors to the data center area must be escorted at all times by authorized County Workers.

H. Store paper records with Medi-Cal PII in locked spaces, such as locked file cabinets, locked file rooms, locked desks, or locked offices in facilities which are multi-use meaning that there are County Department and non-County Department functions in one building in work areas that are not securely segregated from each other. It is recommended that all Medi-Cal PII be locked up when unattended at any time, not just within multi-use facilities.

I. The County shall have policies that include, based on applicable risk factors, a description of the circumstances under which the County Workers
can transport Medi-Cal PII, as well as the physical security requirements during transport. A County that chooses to permit its County Workers to leave records unattended in vehicles must include provisions in its policies to provide the Medi-Cal PII is stored in a non-visible area such as a trunk, that the vehicle is locked, and under no circumstances permit Medi-Cal PII be left unattended in a vehicle overnight or for other extended periods of time.

J. The County Department shall have policies that indicate County Workers are not to leave records with Medi-Cal PII unattended at any time in airplanes, buses, trains, etc., including baggage areas. This should be included in training due to the nature of the risk.

VI. TECHNICAL SECURITY CONTROLS

A. Workstation/Laptop Encryption. All workstations and laptops, which use, store and/or process Medi-Cal PII, must be encrypted using a FIPS 140-2 certified algorithm 128 bit or higher, such as Advanced Encryption Standard (AES). The encryption solution must be full disk. It is encouraged, when available and when feasible, that the encryption be 256 bit.

2. The audit trail shall:
   a. Be date and time stamped;
   b. Log both successful and failed accesses;
   c. Be read-access only; and

2. Encryption can be end to end at the network level, or the data files containing Medi-Cal PII can be encrypted.

3. This requirement pertains to any type of Medi-Cal PII in motion such as website access, file transfer, and email.

O. **Intrusion Prevention.** All systems involved in accessing, storing, transporting, and protecting Medi-Cal PII, which are accessible through the Internet, must be protected by an intrusion detection and prevention solution.

The County Department must establish a documented plan to enable continuation of critical business processes and protection of the security of Medi-Cal PII kept in an electronic format in the event of an emergency. Emergency means any circumstance or situation that causes normal computer operations to become unavailable for use in performing the work required under this Agreement for more than 24 hours. It is recommended that counties conduct periodic disaster recovery testing, including connectivity exercises conducted with DHCS, if requested.

B. Data Centers. Data centers with servers, data storage devices, and critical network infrastructure involved in the use, storage and/or processing of Medi-Cal PII, must include environmental protection such as cooling, power, and fire prevention, detection, and suppression.

X. **NOTIFICATION AND INVESTIGATION OF BREACHES AND SECURITY INCIDENTS**

During the term of this Agreement, the County Department agrees to implement reasonable systems for the discovery and prompt reporting of any Breach or Security Incident, and to take the following steps:
A. Initial Notice to DHCS:

Immediately upon discovery of a suspected security incident that involves data provided to DHCS by the SSA, the county shall notify DHCS by email or telephone.

Within one working day of discovery, the county shall notify DHCS by email or telephone of unsecured PHI or PI, if that PHI or PI was, or is, reasonably believed to have been accessed or acquired by an unauthorized person, any suspected security incident, intrusion, or unauthorized access, use, or disclosure of Medi-Cal PII in violation of this Agreement, or potential loss of confidential data affecting this Agreement. Notice shall be made using the "DHCS Privacy Incident Report" (PIR) form, including all information known at the time. The County Department shall use the most current version of this form, which is posted on the DHCS Privacy Office website (www.dhcs.ca.gov, select "Privacy & HIPAA" and then "County Use") or use this link: http://www.dhcs.ca.gov/formsandspubs/laws/priv/Pages/CountiesOnly.aspx.

Initial, Investigation, and Completed PIRs are submitted to the DHCS Privacy Office and the DHCS Information Security Office.

A breach shall be treated as discovered by the County Department as of the first day on which the breach is known, or by exercising reasonable diligence would have been known, to any person (other than the person committing the breach), who is an employee, officer or other agent of the County Department. Notice shall be provided to the DHCS Privacy Office and the DHCS Information Security Office.

Upon discovery of a breach, security incident, intrusion, or unauthorized access, use, or disclosure of Medi-Cal PII, the County Department shall take:

1. Prompt corrective action to mitigate any risks or damages involved with the breach and to protect the operating environment; and

2. Any action pertaining to such unauthorized disclosure required by applicable Federal and State laws and regulations.

B. Investigation and Investigative Report. The county shall immediately investigate breaches and security incidents involving Medi-Cal PII, and, if the initial PIR did not include all of the information marked with an asterisk, or if new or updated information is available, submit an updated PIR within 72 hours of the discovery. The updated PIR shall include all of the information marked with an asterisk, and all other applicable information listed on the form, to the extent known at that time.
C. **Complete Report.** If all of the required information was not included in either the initial report, or the investigation report, then a separate complete report must be submitted within **ten working days of the discovery**. The Complete Report of the investigation shall include an assessment of all known factors relevant to a determination of whether a breach occurred under applicable provisions of HIPAA, the HITECH Act, the HIPAA regulations and/or state law. The report shall also include a full, detailed corrective action plan, including information on measures that were taken to halt and/or contain the improper use or disclosure. If DHCS requests information in addition to that listed on the PIR, the County Department shall make reasonable efforts to provide DHCS with such information. If necessary, a Supplemental Report may be used to submit revised or additional information after the Completed Report is submitted, by submitting the revised or additional information on an updated PIR. DHCS will review and approve or disapprove the determination of whether a breach occurred, and if individual notifications and corrective action plans are required.

The notifications shall comply with the requirements set forth in California Civil Code Section 1798.29, and 42 U.S.C. section 17932, and its implementing regulations, including but not limited to the requirement that the notifications be made without unreasonable delay and in no event later than 60 calendar days. The DHCS Privacy Office shall approve the time, manner and content of any such notifications and their review and approval must be obtained before notifications are made. DHCS may elect to assign responsibility for such notification to the County Department. In the event DHCS assigns notification responsibility to the County Department, DHCS shall provide the County Department with the appropriate direction and procedures to ensure notice is provided pursuant to applicable law. If the cause of the breach is attributable to DHCS, DHCS shall pay any costs associated with such notifications. If there is any question as to whether DHCS or the County Department is responsible for the breach, DHCS and the County Department shall jointly determine responsibility for purposes of allocating the costs of such notices.

E. **Responsibility for Reporting of Breaches when Required by State or Federal Law.** If the cause of a breach of Medi-Cal PII is attributable to the County Department or its agents, subcontractors or vendors, the County Department is responsible for reporting the breach and all costs associated with the breach. If the cause of the breach is attributable to DHCS, DHCS is responsible for reporting the breach and for all costs associated with the
breach. When applicable law requires the breach be reported to a federal or state agency or that notice be given to media outlets, DHCS and the County Department shall coordinate to ensure such reporting is in compliance with applicable law and to prevent duplicate reporting, and to jointly determine responsibility for purposes of allocating the costs of such reports, if any.

F. **DHCS Contact Information.** To direct communications to the above referenced DHCS staff, the County Department shall initiate contact as indicated herein. DHCS reserves the right to make changes to the contact information below by giving written notice to the County Department. Said changes shall not require an amendment to this Agreement to which it is incorporated.

**XI. COMPLIANCE WITH SSA AGREEMENT**

The County Department agrees to comply with substantive privacy and security requirements in the Computer Matching and Privacy Protection Act Agreement between the SSA and the California Health and Human Services Agency (CHHS) and in the Agreement between SSA and DHCS, known as the Information Exchange Agreement (IEA), which are appended and hereby incorporated in to this Agreement (Exhibit A). The specific sections of the IEA with substantive privacy and security requirements, which are to be complied with by the County Department are in the following sections: E, Security Procedures; F, Contractor/Agent Responsibilities; G, Safeguarding and Reporting Responsibilities for PHI, and in Attachment 4, Electronic Information Exchange Security Requirements and Procedures for State and Local Agencies.
Exchanging Electronic Information with SSA. If there is any conflict between a privacy and security standard in these sections of the IEA and a standard in this Agreement, the most stringent standard shall apply. The most stringent standard means the standard which provides the greatest protection to Medi-Cal PII.

If SSA changes the terms of its agreement(s) with DHCS, DHCS will, as soon as reasonably possible after receipt, supply copies to CWDA as well as the DHCS proposed target date for compliance. For a period of 30 days, DHCS will accept input from CWDA on the proposed target date and make adjustments, if appropriate. After the 30 day period, DHCS will submit the proposed target date to SSA, which will be subject to adjustment by SSA. Once a target date for compliance is determined by SSA, DHCS will supply copies of the changed agreement to the CWDA and the Counties, along with the compliance date expected by SSA. If a County is not able to meet the SSA compliance date, it must submit Corrective Action Plan (CAP) to DHCS for review and approval at least 30 days prior to the SSA compliance date. Any potential County resource issues may be discussed with DHCS through a collaborative process in developing their CAP.

XII. COMPLIANCE WITH DEPARTMENT OF HOMELAND SECURITY AGREEMENT

The County Department agrees to comply with substantive privacy and security requirements in the Computer Matching Agreement (CMA) Between the Department of Homeland Security, United States Citizenship and Immigration Services (DHS-USCIS) and the California Department of Health Care Services (CA-DHCS), known as the CMA, which is appended and hereby incorporated in to this Agreement (Exhibit B). If there is any conflict between a privacy and security standard in the CMA and a standard in this Agreement, the most stringent standard shall apply. The most stringent standard means the standard which provides the greatest protection to Medi-Cal PII.

If DHS-USCIS changes the terms of its agreement(s) with DHCS, DHCS will, as soon as reasonably possible after receipt, supply copies to CWDA as well as the DHCS proposed target date for compliance. For a period of 30 days, DHCS will accept input from CWDA on the proposed target date and make adjustments, if appropriate. After the 30 day period, DHCS will submit the proposed target date to DHS-USCIS, which will be subject to adjustment by DHS-USCIS. Once a target date for compliance is determined by DHS-USCIS, DHCS will supply copies of the changed agreement to the CWDA and the Counties, along with the compliance date expected by DHS-USCIS. If a County is not able to meet the DHS-USCIS compliance date, it must submit Corrective Action Plan (CAP) to DHCS for review and approval at least 30 days prior to the DHS-USCIS compliance date. Any potential County resource issues may be discussed with DHCS through a collaborative process in developing their CAP.
XIII. COUNTY DEPARTMENT'S AGENTS AND SUBCONTRACTORS

The County Department agrees to enter into written agreements with any agents, including subcontractors and vendors, to whom County Department provides Medi-Cal PII received from or created or received by County Department in performing functions or activities related to the administration of Medi-Cal that impose the same restrictions and conditions on such agents, subcontractors and vendors that apply to the County Department with respect to Medi-Cal PII, including restrictions on disclosure of Medi-Cal PII and the use of appropriate administrative, physical, and technical safeguards to protect such Medi-Cal PII. Such inspections shall be scheduled at times that take into account the operational and staffing demands. The County Department agrees to promptly remedy any violation of any provision of this Agreement and certify the same to the DHCS Privacy Office and DHCS Information Security Office in writing, or to enter into a written corrective action plan with DHCS containing deadlines for achieving compliance with specific provisions of this Agreement.

XV. ASSISTANCE IN LITIGATION OR ADMINISTRATIVE PROCEEDINGS

In the event of litigation or administrative proceedings involving DHCS based upon claimed violations by the County Department of the privacy or security of Medi-Cal PII, or federal or state laws or agreements concerning privacy or security of Medi-Cal PII, the County Department shall make all reasonable effort to make itself and County Workers assisting in the administration of Medi-Cal and using or disclosing Medi-Cal PII available to DHCS at no cost to DHCS to testify as witnesses. DHCS and the County Department acknowledge that federal and state laws relating to data security and privacy are rapidly evolving and that amendment of this Agreement may be required to provide for procedures to ensure compliance with such developments. Upon request by DHCS, the County Department agrees to promptly enter into negotiations concerning an amendment to this Agreement as may be needed by developments in federal and state laws and regulations. DHCS may terminate this Agreement upon thirty (30) days written notice if the County Department does not promptly enter into negotiations to amend this Agreement when requested to do so, or does not enter into an amendment that DHCS deems necessary.

XVII. TERMINATION

This Agreement shall terminate on September 1, 2019, regardless of the date the Agreement is executed by the parties. The parties can agree in writing to extend the term of the Agreement; county requests for an extension must be justified to and accepted by DHCS and limited to no more than a three-month extension. Such an extension may, upon county request and DHCS approval, be renewed for one additional three month period. Regardless of the extension status, all provisions of this Agreement that provide restrictions on disclosures of Medi-Cal PII and that provide administrative, technical, and physical safeguards for the Medi-Cal PII in the County Department's possession shall continue in effect beyond the termination of the Agreement, and shall continue until the Medi-Cal PII is destroyed or returned to DHCS.

XVIII. TERMINATION FOR CAUSE

Upon DHCS' knowledge of a material breach or violation of this Agreement by the County Department, DHCS may provide an opportunity for the County Department to cure the breach or end the violation and may terminate this Agreement if the County Department does not cure the breach or end the violation within the time specified by DHCS. This Agreement may be terminated immediately by DHCS if the County Department has breached a material term and DHCS determines, in its sole discretion, that cure is not possible or available under the circumstances. Upon termination of this Agreement, the County Department must destroy all PII in accordance with Section VII, above. RECOMMENDATION: It is recommended that the Board of Supervisors approve the attached Resolution authorizing the Chair to enter into and execute on behalf of the County of Yuba, and upon review and approval of County Counsel, agreements with The Salvation Army for the California Work Opportunity and Responsibility to Kids Program (CalWORKs) Housing Support Program (HSP); and approve appropriation of funds in the amount of $322,492.00 for the CalWORKs HSP for FY2016-17.

BACKGROUND: Pursuant to the County Fiscal Letter of July, 27, 2016, Yuba County Health and Human Services Department will be awarded an allocation of $322,492 in October 2016 under the CalWORKs HSP for the period of July 1, 2016, through June 30, 2017, for the purpose of rapid rehousing of CalWORKs recipients.

DISCUSSION: The goal of the HSP is to foster permanent housing placement and retention by addressing a family's immediate housing crisis and placing homeless CalWORKs families into transitional and/or permanent housing in order to stabilize and support them in achieving self-sufficiency. By partnering with Salvation Army – Yuba Sutter Corps, HHSD anticipates providing assistance to 50 families to become safely and permanently housed.

COMMITTEE: The Human Services Committee was by-passed because the Agreement is routine in nature and does not involve County General Funds.

FISCAL IMPACT: Entering into Agreement with The Salvation Army will not impact County General Funds as the costs for services under the Agreement will be funded through the CalWORKs allocation.

2. AMENDMENT: No amendment or variation of the terms of this Agreement shall be valid unless made in writing, signed by the parties and approved as required. No oral understanding or Agreement not incorporated in the Agreement is binding on any of the parties.

3. ASSIGNMENT: This Agreement is not assignable by the Contractor, either in whole or in part, without the consent of the State in the form of a formal written amendment.

4. AUDIT: Contractor agrees that the awarding department, the Department of General Services, the Bureau of State Audits, or their designated representative shall have the right to review and to copy any records and supporting documentation pertaining to the performance of this Agreement. Contractor agrees to maintain such records for possible audit for a minimum of three (3) years after final payment, unless a longer period of records retention is stipulated. Contractor agrees to allow the auditor(s) access to such records during normal business hours and to allow interviews of any employees who might reasonably have information related to such records. Further, Contractor agrees to include a similar right of the State to audit records and interview staff in any subcontract related to performance of this Agreement. (Gov. Code §8546.7, Pub. Contract Code §10115 et seq., CCR Title 2, Section 1896).

5. INDEMNIFICATION: Contractor agrees to indemnify, defend and save harmless the State, its officers, agents and employees from any and all claims and losses accruing or resulting to any and all contractors, subcontractors, suppliers, laborers, and any other person, firm or corporation furnishing or supplying work services, materials, or supplies in connection with the performance of this Agreement, and from any and all claims and losses accruing or resulting to any person, firm or corporation who may be injured or damaged by Contractor in the performance of this Agreement.

6. DISPUTES: Contractor shall continue with the responsibilities under this Agreement during any dispute.

7. TERMINATION FOR CAUSE: The State may terminate this Agreement and be relieved of any payments should the Contractor fail to perform the requirements of this Agreement at the time and in the manner herein provided. In the event of such termination the State may proceed with the work in any manner deemed proper by the State. All costs to the State shall be deducted from any sum due the Contractor under this Agreement and the balance, if any, shall be paid to the Contractor upon demand.
8. Independent Contractor: Contractor, and the agents and employees of Contractor, in the performance of this Agreement, shall act in an independent capacity and not as officers or employees or agents of the State.

9. Recycling Certification: The Contractor shall certify in writing under penalty of perjury, the minimum, if not exact, percentage of post-consumer material as defined in the Public Contract Code Section 12200, in products, materials, goods, or supplies offered or sold to the State regardless of whether the product meets the requirements of Public Contract Code Section 12209. With respect to printer or duplication cartridges that comply with the requirements of Section 12156(e), the certification required by this subdivision shall specify that the cartridges so comply (Pub. Contract Code §12205).

10. Non-Discrimination Clause: During the performance of this Agreement, Contractor and its subcontractors shall not unlawfully discriminate, harass, or allow harassment against any employee or applicant for employment because of sex, race, color, ancestry, religious creed, national origin, physical disability (including HIV and AIDS), mental disability, medical condition (e.g., cancer), age (over 40), marital status, and denial of family care leave. Contractor and subcontractors shall insure that the evaluation and treatment of their employees and applicants for employment are free from such discrimination and harassment. Contractor and subcontractors shall comply with the provisions of the Fair Employment and Housing Act (Gov. Code §12990 (a-f) et seq.) and the applicable regulations promulgated thereunder (California Code of Regulations, Title 2, Section 7285 et seq.). The applicable regulations of the Fair Employment and Housing Commission implementing Government Code Section 12990 (a-f), set forth in Chapter 5 of Division 4 of Title 2 of the California Code of Regulations, are incorporated into this Agreement by reference and made a part hereof as if set forth in full. Contractor and its subcontractors shall give written notice of their obligations under this clause to labor organizations with which they have a collective bargaining or other Agreement.

Contractor shall include the nondiscrimination and compliance provisions of this clause in all subcontracts to perform work under the Agreement.

11. Certification Clauses: The CONTRACTOR CERTIFICATION CLAUSES contained in the document CCC 307 are hereby incorporated by reference and made a part of this Agreement by this reference as if attached hereto.

12. Timeliness: Time is of the essence in this Agreement.

13. Compensation: The consideration to be paid Contractor, as provided herein, shall be in compensation for all of Contractor's expenses incurred in the performance hereof, including travel, per diem, and taxes, unless otherwise expressly so provided.

14. Governing Law: This contract is governed by and shall be interpreted in accordance with the laws of the State of California.
15. ANTITRUST CLAIMS: The Contractor by signing this agreement hereby certifies that if these services or goods are obtained by means of a competitive bid, the Contractor shall comply with the requirements of the Government Codes Sections set out below.

a. The Government Code Chapter on Antitrust claims contains the following definitions:
1) "Public purchase" means a purchase by means of competitive bids of goods, services, or materials by the State or any of its political subdivisions or public agencies on whose behalf the Attorney General may bring an action pursuant to subdivision (c) of Section 16750 of the Business and Professions Code.
2) "Public purchasing body" means the State or the subdivision or agency making a public purchase. Government Code Section 4550.

Sec. 15) or under the Cartwright Act (Chapter 2 (commencing with Section 16700) of Part 2 of Division 7 of the Business and Professions Code), arising from purchases of goods, materials, or services by the bidder for sale to the purchasing body pursuant to the bid. Such assignment shall be made and become effective at the time the purchasing body tenders final payment to the bidder. Government Code Section 4552.

c. If an awarding body or public purchasing body receives, either through judgment or settlement, a monetary recovery for a cause of action assigned under this chapter, the assignor shall be entitled to receive reimbursement for actual legal costs incurred and may, upon demand, recover from the public body any portion of the recovery, including treble damages, attributable to overcharges that were paid by the assignor but were not paid by the public body as part of the bid price, less the expenses incurred in obtaining that portion of the recovery. Government Code Section 4553.

d. Upon demand in writing by the assignor, the assignee shall, within one year from such demand, reassign the cause of action assigned under this part if the assignor has been or may have been injured by the violation of law for which the cause of action arose and (a) the assignee has not been injured thereby, or (b) the assignee declines to file a court action for the cause of action. See Government Code Section 4554.

16. CHILD SUPPORT COMPLIANCE ACT: For any Agreement in excess of $100,000, the contractor acknowledges in accordance with Public Contract Code 7110, that:

a. The contractor recognizes the importance of child and family support obligations and shall fully comply with all applicable state and federal laws relating to child and family support enforcement, including, but not limited to, disclosure of information and compliance with earnings assignment orders, as provided in Chapter 8 (commencing with section 5200) of Part 5 of Division 9 of the Family Code; and

b. The contractor, to the best of its knowledge is fully complying with the earnings assignment orders of all employees and is providing the names of all new employees to the New Hire Registry maintained by the California Employment Development Department.

Contract Code §10353.

19. **SMALL BUSINESS PARTICIPATION AND DVBE PARTICIPATION REPORTING REQUIREMENTS**:

   a. If for this Contract Contractor made a commitment to achieve small business participation, then Contractor must within 60 days of receiving final payment under this Contract (or within such other time period as may be specified elsewhere in this Contract) report to the awarding department the actual percentage of small business participation that was achieved. (Govt. Code § 14841.)

   b. If for this Contract Contractor made a commitment to achieve disabled veteran business enterprise (DVBE) participation, then Contractor must within 60 days of receiving final payment under this Contract (or within such other time period as may be specified elsewhere in this Contract) certify in a report to the awarding department: (1) the total amount the prime Contractor received under the Contract; (2) the name and address of the DVBE(s) that participated in the performance of the Contract; (3) the amount each DVBE received from the prime Contractor; (4) that all payments under the Contract have been made to the DVBE; and (5) the actual percentage of DVBE participation that was achieved. A person or entity that knowingly provides false information shall be subject to a civil penalty for each violation. (Mil. & Vets. Code § 999.5(d); Govt. Code § 14841.)

20. **LOSS LEADER**:

If this contract involves the furnishing of equipment, materials, or supplies then the following statement is incorporated: It is unlawful for any person engaged in business within this state to sell or use any article or product as a “loss leader” as defined in Section 17030 of the Business and Professions Code. (PCC 10344(e).)

1. **Adult Day Support Center** (1.0): This is a community-based program that provides nonmedical care to meet the needs of functionally-impaired adults. Services are provided according to an individual plan of care in a structured, comprehensive program that will provide a variety of social, psychosocial, and related support services in a protective setting on less than a 24-hour basis. The State Department of Social Services (DSS) licenses these centers as community care facilities. Eligible Waiver Participants are those who:

- Need, but do not have, a caretaker available during the day
- Are isolated and in need of social stimulation
- Need a protective setting for social interaction
- Need psychological support to prevent institutionalization

Care in adult day support centers will be provided when specific therapeutic goals are stipulated in the Waiver Participant’s plan of care. Adult day support center care is not meant to be merely diversional or recreational in nature.

2. **Adult Day Care** (1.1): Will be provided to MSSP Waiver Participants who are identified in their plan of care as benefiting from being in a social setting with less intense supervision and fewer professional services than offered in an adult day support center. Adult Day Care services will be provided when the Waiver Participant’s plan of care indicates that the service is necessary to reach a therapeutic goal. Adult day care centers are community-based programs that provide nonmedical care to persons eighteen (18) years of age or older in need of personal care services, supervision, or assistance essential for sustaining the activities of daily living or for the protection of the individual on less than a 24-hour basis. The DSS licenses these centers as community care facilities.

3. **Housing Assistance** (2.2, 2.3, 2.4, 2.5 and 2.6): These services are necessary to ensure the health, welfare, and safety of the Waiver Participant in his or her physical residence or home setting. As specified in the Waiver Participant’s plan of care, services may include provision of physical adaptations and assistive devices, emergency assistance in
ARTICLE I. DEFINITIONS AND RESOLUTIONS OF LANGUAGE CONFLICTS (Continued)

situations which demand relocation and assistance to restore utility service. Housing Assistance services include:

a. **Minor Home Repairs and Maintenance** (2.2): Minor Home Repairs do not involve major structural changes or repairs to a dwelling. Maintenance is defined as those services necessary for accessibility (e.g., ramps, grab bars, handrails, items above what is covered by the State Plan, and installation), safety (e.g., electrical wiring, smoke alarms), or security (e.g., locks). Eligible Waiver Participants are those whose health and/or safety or independence are jeopardized because of deficiencies in their place of residence. This service is limited to Waiver Participants who are owners/occupiers of their own home, or those in rental housing where the owner refuses to make needed repairs or otherwise alter the residence to adapt to special Waiver Participant needs. Written permission from the landlord (including provision for removal of modifications, if necessary) is required before undertaking repairs or maintenance on leased premises. All services shall be provided in accordance with applicable State or local building codes.

b. **Nonmedical Home Equipment** (2.3): Includes those assistive devices, appliances, and supplies which are necessary to assure the Waiver Participant’s health, safety, and independence. This service includes the purchase or repair of nonmedical home equipment and appliances such as refrigerators, stoves, microwave ovens, blenders, kitchenware, heaters, air conditioners, fans, washing machines, dryers, vacuum cleaners, furniture (i.e., couches, lamps, tables, chairs, mattresses, bedding, and emergency supply kits and goods) under the following circumstances:

i. The Waiver Participant is receiving Deinstitutionalized Care Management services, and the items are required to facilitate discharge from the institution to a community residence

ii. The Waiver Participant’s assessment identifies the need for this service including how it is a necessary support if the Waiver Participant is to remain in the community, and the care plan specifies the required item(s)
ARTICLE I. DEFINITIONS AND RESOLUTIONS OF LANGUAGE CONFLICTS (Continued)

iii. In either circumstance, the following criteria must be met and documented in the case record:

(a). The items are unobtainable through other resources, and their purchase would be a financial hardship for the Waiver Participant

(b). The items are necessary to preserve the Waiver Participant’s health, improve functional ability and assure maximum independence, thereby preventing elevation to a higher level of care and avoiding more costly institutionalization

c. **Emergency Move** (2.4): Involves facilitating a smooth transition from one living situation to another. Eligible Waiver Participants are those who, due to loss of residence or the need for a change in residence, require assistance with relocation. Services may be provided by moving companies or other individuals who can guarantee the safe transfer of the Waiver Participant’s possessions. Activities may include materials and labor necessary for such moves.

d. **Emergency Utility Service** (2.5): Allows for payment of utilities only when the Waiver Participant has no other resources to meet this need. Additionally, the Waiver Participant must be at risk to receive a shut-off notice and the potential shut off of utility services would place the health and safety of the Waiver Participant in jeopardy.

e. **Temporary Lodging** (2.6): Allows for payment of hotel or motel lodging for those Waiver Participants, usually from rural areas, who must travel long distances and stay overnight for medical treatments not available in their home area. Temporary lodging is also available in the event of an emergency. Lodging rates shall not exceed State limits in accordance with CalHR rates ([http://www.calhr.ca.gov/employees/Pages/travel-lodging-reimbursement.aspx](http://www.calhr.ca.gov/employees/Pages/travel-lodging-reimbursement.aspx))

4. **Supplemental Chore** (3.1): Is for purposes of household support and applies to the performance of household tasks rather than to the care of the Waiver Participant. Chore activities are limited to: household cleaning, laundry (including the services of a commercial laundry or dry
ARTICLE I. DEFINITIONS AND RESOLUTIONS OF LANGUAGE CONFLICTS (Continued)

cleaner), shopping, food preparation, and household maintenance, as long as the Waiver Participant does not live in a Residential Care Facility for the Elderly (RCFE). Waiver Participant instruction in performing household tasks and meal preparation may also be provided.

This service is for purposes of household support for those services above and beyond those available through the State Plan. Examples include:

a. The MSSP Waiver Participant has not yet been assessed for IHSS, and needs services in the interim until IHSS services can be arranged

b. The regular IHSS provider is not available, and IHSS cannot provide a substitute

c. IHSS services are in place; however, MSSP has assessed a greater need. In these cases, every effort will be made to negotiate with IHSS towards an increase in those services before authorizing expenditure of waiver funds

5. **Supplemental Personal Care** (3.2): This service is provided to individuals whose needs exceed the maximum amount available under the State Plan or who are temporarily without a provider. This service provides assistance to maintain bodily hygiene, personal safety, and activities of daily living (ADL). These tasks are limited to nonmedical personal services: feeding, bathing, oral hygiene, grooming, dressing, care of and assistance with prosthetic devices, rubbing skin to promote circulation, turning in bed and other types of repositioning, assisting the individual with walking, and moving the individual from place to place (e.g., transferring). Waiver Participant instruction in self-care may also be provided; may also include assistance with preparation of meals, but does not include the cost of the meals themselves.

Purchase of personal care supplies may be covered where there are no other resources and the purchase would create a financial hardship. These items include supplies not covered under the State Plan.

When specified in the plan of care, this service may also include such housekeeping chores as bed making, dusting, and vacuuming, which are essential to the health and welfare of the recipient. The household chores which are performed by the worker are essentially ancillary to the provision of the Waiver Participant-centered care. Thus, if food is spilled, it may be cleaned up, and when bed linen is soiled it may be changed,
washed, and put away. However, at no time would household chores become the central activity furnished by a personal care worker. When a personal care service is to be performed by an unlicensed health care worker, permissible duties will be limited to those allowed by the worker’s employer, or permissible according to the Board of Registered Nursing policy on unlicensed assistive personnel, and as permitted by the individual’s certification, if applicable.

Personal care service providers may be paid while the Waiver Participant is institutionalized. This payment is made to retain the services of the care provider and is limited to seven (7) calendar days per institutionalization.

6. **Supplemental Health Care** (3.3): Addresses the care of health problems by appropriately licensed or certified persons when such care is not otherwise available under the State Plan. Refer to MSSP Site Manual Chapter 3 for a list of criteria.

7. **Supplemental Protective Supervision** (3.7): Ensures provision of supervision in the absence of the usual care provider to persons residing in their own homes, who are very frail or otherwise may suffer a medical emergency. Such supervision serves to prevent immediate placement in an acute care hospital, skilled nursing facility, or other 24-hour care facility, e.g., Residential Care Facility for the Elderly (RCFE). Such supervision does not require medical skills and can be performed by an individual trained to summon aid in the event of an emergency. This service may also provide a visit to the Waiver Participant’s home to assess a medical situation during an emergency (e.g., natural disaster). Waiver Service funds may not be used to purchase this service until existing county Title XX Social Services and Title XIX Medi-Cal resources have been fully utilized and an unmet need remains.

8. **Care Management**: Assists Waiver Participants in gaining access to needed Waiver and other State Plan services, as well as needed medical, social, and other services, regardless of the funding source. Care managers are responsible for ongoing monitoring of the provision of services included in the Waiver Participant’s plan of care. Additionally, care managers initiate and oversee the process of assessment and reassessment of Waiver Participant level of care and the monthly review of plans of care.

a) **Site-Provided Care Management** (50): The MSSP care management system vests responsibility for assessing, care planning, authorizing, locating, coordinating and monitoring a
package of long-term care services for community-based Waiver Participants with a local MSSP site contractor and specifically with the site care management team. The care management teams at each of the local sites are trained professionals working under the job titles of nurse care manager and social work care manager; these professionals may be assisted by care manager aides. The teams are responsible for care management services including the assessment, care plan development, service authorization/delivery, monitoring, and follow-up components of the program. Although the primary care manager will be either a senior services counselor or health practitioner, both professionals will be fully utilized in carrying out the various case management functions. Care records must document all Waiver Participant contact activity each month.

b) **Purchased Care Management** (4.3): For the vast majority of MSSP Waiver Participants, care management services are provided solely by site care management staff. However, Waiver Participants have the right to request care management by qualified outside subcontractors. In some cases of temporary need, the site may retain an outside subcontractor to provide the services of a care manager. If either of these two situations arises, the site must ensure that there is no overlap between Site-Provided Care Management (50) and Purchased Care Management (4.3). Any duplication of these services will be subject to recovery and will be collected through formal channels administered by DHCS Payment Systems Division, Recovery Section. Additional case-specific resources may be purchased from social, legal/paralegal specialists in the community in order to augment the resources and skills of site-based case managers. Examples include the purchase of more skilled diagnostic and consultant services by social and legal/paralegal professionals. Fees necessary to procure birth certificates or other legal documents required for establishment of public benefits or assistance are also covered.

9. **Deinstitutional Care Management (DCM)** (4.6): This service is used ONLY with individuals who are institutionalized. It allows care management and waiver services to begin up to one hundred eighty (180) days prior to an individual's discharge from an institution. It may be used in two situations, as follows:

a. Where MSSP has gone into a facility (nursing facility or acute hospital) to begin working with a resident to facilitate their discharge into the community
ARTICLE I. DEFINITIONS AND RESOLUTIONS OF LANGUAGE CONFLICTS (Continued)

b. Where an established MSSP Waiver Participant is institutionalized and MSSP services are necessary for the person to be discharged back into the community

In either situation, all services (monthly Administration and Care Management, plus any purchased services) provided during this period are combined into one unit of DCM and billed upon discharge. For those individuals who do not successfully transition to the waiver, all services provided are combined into one unit of DCM and billed at the end of the month; the decision is made to cease MSSP activity.

10. Respite (5.1, 5.2): The State’s Medicaid Plan does not provide for respite care. By definition, the purpose of respite care is to relieve the Waiver Participant's informal caregiver and thereby prevent breakdown in the informal support system. Respite service will include the supervision and care of a Waiver Participant, while the family or other individuals who normally provide primary care take short-term relief or respite which allows them to continue as caregivers. Respite may also be needed in order to cover emergencies and extended absences of the caregiver.

As dictated by the Waiver Participant’s circumstances, services will be provided In-Home (5.1) or Out-of-Home (5.2) through appropriate available resources such as board and care facilities, skilled nursing facilities, etc. Federal Financial Participation will not be claimed for the cost of room and board except when provided as part of respite care in a facility approved by the State that is not a private residence. Individuals providing services in the Waiver Participant’s residence shall be trained and experienced in homemaker services, personal care, or home health services, depending on the requirements in the Waiver Participant’s plan of care.

11. Transportation (6.3 [escort, hour] and 6.4 [one-way trip]): These services provide access to the community (e.g., non-emergency medical transportation to health and social service providers) and special events for Waiver Participants who do not have means for transportation or whose mobility is limited, or who have functional disabilities requiring specialized vehicles and/or escort. These services are in contrast to the transportation service authorized by the State Medicaid Plan which is limited to medical services, or Waiver Participants who have documentation from their physician that they are medically unable to use public or ordinary transportation. Whenever possible, family, neighbors, friends, or community agencies which can provide this service without charge will be utilized.
ARTICLE I. DEFINITIONS AND RESOLUTIONS OF LANGUAGE CONFLICTS (Continued)

Transportation services are usually provided under public paratransit or public social service programs (e.g., Title III of the Older Americans Act) and shall be obtained through these sources without the use of MSSP resources, except in situations where such services are unavailable or inadequate. Service providers may be paratransit subsystems or public mass transit; specialized transport for the older adults and adults with disabilities; private taxicabs where no form of public mass transit or paratransit is available or accessible; or private taxicabs when they are subsidized by public programs or local government to service the elderly and handicapped (e.g., in California, some counties provide reduced fare vouchers for trips made via private taxicabs for the elderly and handicapped).

Escort services will be provided when necessary to assure the safe transport of the Waiver Participant. Escort services may be authorized for those Waiver Participants who cannot manage to travel alone, and require assistance beyond what is normally offered by the transportation provider. This service will be provided by trained paraprofessionals or professionals, depending on the Waiver Participant’s condition and care plan requirements.

12. Nutritional Services (7.1, 7.2, and 7.3): These services may be provided daily, but are not to constitute a full nutritional regimen (three (3) meals a day). [42 CFR 440.180 (b)]

a. Congregate Meals (7.1): Meals served in congregate meal settings for Waiver Participants who are able to leave their homes or require the social stimulation of a group environment in order to maintain a balanced diet. Congregate meals can be a preventive measure for the frail older person who has few (if any) informal supports, as well as a rehabilitative activity for people who have been physically ill or have suffered emotional stress due to losses associated with aging. This service should be available to MSSP Waiver Participants through Title III of the Older Americans Act. MSSP funds shall only be used to supplement congregate meals when funding is unavailable or inadequate through Title III or other public or private sources.

b. Home Delivered Meals (7.2): Meals for Waiver Participants who are homebound, unable to prepare their own meals and have no caregiver at home to prepare meals for them. As with Congregate Meals, the primary provider of this service is Title III of the Older
ARTICLE I. DEFINITIONS AND RESOLUTIONS OF LANGUAGE CONFLICTS (Continued)

Americans Act. MSSP funds shall only be used to supplement home-delivered meals when they are unavailable or inadequate through Title III or other public or private sources.

c. Food (7.3): Provision of food staples is limited to purchase of food to facilitate and support a Waiver Participant’s return home following institutionalization, and to food purchases which are medically required.

If oral nutrition supplements (ONS) are to be purchased using waiver service funds, the following actions must occur and be documented in the Participant record:

(i) A nutritional screen is conducted by the primary care manager in consultation with the nurse care manager. The Progress Notes must reflect the collaboration between the SWCM and NCM.

(ii) The use of home-prepared drinks/supplements (instant breakfast, pureed food) has been explored and found not to meet the Participant’s needs. All other options for payment of an ONS have been exhausted (Waiver Participant, family, etc.).

If all three criteria have been satisfied, an ONS may be purchased initially for a period of three (3) months. If an ONS needs to be continued beyond the three-month timeframe, a physician order must be obtained.

Since an ONS is no longer a covered Medi-Cal benefit for most Waiver Participants, sites are not required to submit a TAR or obtain a denial. The physician order must be renewed on an annual basis or as needed.

13. Protective Services (8.3, 8.4, and 8.5): These services include protection for Waiver Participants who are isolated and homebound due to health conditions; who suffer from depression and other psychological problems; individuals who have been harmed, or threatened with harm (physical or mental) by other persons or by their own actions; or those whose cognitive functioning is impaired to the extent they require assistance and support in making and carrying out decisions regarding personal finances.
ARTICLE I. DEFINITIONS AND RESOLUTIONS OF LANGUAGE CONFLICTS (Continued)

14. Social Support (8.3): Includes periodic telephone contact, visiting, or other social and reassurance services to verify that the individual is not in medical, psychological, or social crisis, or to offset isolation; expenses for activities and supplies required for Waiver Participant participation in rehabilitation programs; therapeutic classes and exercise classes are also provided. Such services shall be provided based on need, as designated in the Waiver Participant’s plan of care. The MSSP has found that isolation and lack of social interaction can seriously impact some Waiver Participants’ capacity to remain independent. Lack of motivation or incentive or the lack of any meaningful relationships can contribute to diminishing functional capacity and premature institutionalization.

These services are often provided by volunteers or through Title III of the Older Americans Act; however, these services may not be available in a particular community and do, infrequently, require purchase. The waiver will be used to purchase friendly visiting only if the service is unavailable in the community or is inadequate as provided under other public or private programs.

a. Therapeutic Counseling (8.4): Includes individual or group counseling to assist with social, psychological, or medical problems which have been identified in the assessment process and included in the Waiver Participant’s care plan.

The MSSP has found that therapeutic counseling is essential for preventing some Waiver Participants from being placed in a nursing facility (NF).

This service may be utilized in situations where Waiver Participants or their caretakers may face crises, severe anxiety, emotional exhaustion, personal loss/grief, confusion, and related problems. Counseling by licensed or certified counselors in conjunction with other services (e.g., respite, IHSS, meals) may reverse some states of confusion and greatly enhance the ability of a family to care for the Waiver Participant in the community, or allow the Waiver Participant to cope with increasing impairment or loss.

b. Money Management (8.5): This service assists the Waiver Participant with activities related to managing money and the effective handling of personal finances. Services may be either periodic or as full-time substitute payee. Services may be provided by organizations or individuals specializing in financial management or performing substitute payee functions.
ARTICLE I. DEFINITIONS AND RESOLUTIONS OF LANGUAGE CONFLICTS (Continued)

15. **Communications Services** (9.1 and 9.2): Waiver Participants who receive these services are those with special communication problems such as vision, hearing, or speech impairments and persons with physical impairments likely to result in a medical emergency. Services shall be provided by organizations such as: speech and hearing clinics; organizations serving blind individuals; hospitals; senior citizens centers; and providers specializing in communications equipment for disabled or at-risk persons. Services shall be available on a routine or emergency basis as designated in the Waiver Participant’s plan of care.

   a. **Communication/Translation/Interpretation** (9.1): The provision of translation and interpretive services for purposes of instruction, linkage with social or medical services, and conduct of business is essential to maintaining independence and carrying out the ADL and Instrumental Activities of Daily Living (IADL) functions.

   For non-English speaking Waiver Participants, this service is the link to the entire in-home and community-based service delivery system. MSSP resources shall be used to support this service only where family and community resources are unable to meet the need, and as described in the care plan.

   b. **Communication/Device** (9.2): The rental/purchase of 24-hour emergency assistive services, or installation of a telephone to assist in communication (excluding monthly telephone charges) for Waiver Participants who are at risk of institutionalization due to physical conditions likely to result in a medical emergency. Purchase of emergency response systems is limited to those Waiver Participants who live alone, or who are alone for significant parts of the day, and have no regular caregiver for extended periods of time, and who would otherwise require extensive routine supervision. The following are allowable:

   (i) 24-hour answering/paging
   (ii) Beepers
   (iii) Medic-alert type bracelets/pendants
   (iv) Intercoms
   (v) Life-lines
   (vi) Wander-alerts
   (vii) Monitoring services
   (viii) Light fixture adaptations (blinking lights, etc.)
ARTICLE I. DEFINITIONS AND RESOLUTIONS OF LANGUAGE CONFLICTS (Continued)

(ix) Telephone adaptive devices not available from the telephone company
(x) Other electronic devices/services designed for emergency assistance

Telephone installation or reactivation of service will only be authorized to enable the use of telephone-based electronic response systems where the Waiver Participant has no telephone, or for the isolated Waiver Participant who has no telephone and who resides where the telephone is the only means of communicating health needs. This service will only be authorized when the Waiver Participant has a medical/health condition that makes him/her vulnerable to medical emergency (e.g., congestive heart failure or emphysema).

ARTICLE V. SUBCONTRACTS

A. The Contractor is responsible for carrying out the terms of this Agreement, including the satisfaction, settlement, and resolution of all administrative, programmatic, and fiscal aspects of the program, including issues that arise out of any subcontracts and shall not delegate or contract these responsibilities to any other entity. This includes, but is not limited to, disputes, claims, protests of award, or other matters of a contractual nature. The Contractor’s decision is final and the Subcontractor has no right of appeal to CDA.

H. The Contractor shall ensure that all potential providers of Waiver Services complete a CDA-approved Vendor Application. The Subcontractors selection process shall be based upon equitable criteria, provide for adequate publicity, screen out potential subcontractors who are not qualified to provide the needed services, and provide for awards to the lowest responsible and responsive bidder(s). K. The Contractor shall require all subcontractors to comply with the HIPAA Business Associate requirements as it appropriately relates to services rendered.

L. If a private nonprofit corporation, the Subcontractor shall be in good standing with the Secretary of State of California and shall maintain that status throughout the term of the Agreement.

N. The Contractor shall make timely payments to its subcontractors under this Agreement.
ARTICLE VI. RECORDS

A. The Contractor shall maintain complete records, which shall include, but not be limited to, accounting records, contracts, agreements, a reconciliation of the “Final Accounting Reconciliation” report (CDA Closeout) to the audited financial statements, single audit report, and general ledgers, and a summary worksheet identifying the results of performing an audit resolution of its subcontractors in accordance with Article X of this Exhibit. This includes the following: Letters of Agreement, insurance documentation, Memorandums and/or Letters of Understanding Waiver Participant records, and electronic files of its activities and expenditures hereunder in a form satisfactory to CDA. All records pertaining to this Agreement must be made available for inspection and audit by the State or its duly authorized agents, at any time during normal business hours.

B. All such records, including confidential records, must be maintained and made available by the Contractor: (1) until an audit has occurred and an audit resolution has been issued or unless otherwise authorized in writing by CDA or DHCS’ Audit Branch; (2) for such longer period, if any, as is required by applicable statute, by any other clause of this Agreement or by Sections B and C of this Article; or (3) for such longer period as CDA deems necessary.

C. If this Agreement is completely or partially terminated, the records relating to the work terminated shall be preserved and made available for the same periods as specified in Section A above. The Contractor shall ensure that any resource directories and all Waiver Participant records remain the property of CDA upon termination of this Agreement and are returned to CDA or transferred to another contractor as instructed by CDA.

D. In the event of any litigation, claim, negotiation, audit exception, or other action involving the records, all records relative to such action shall be maintained and made available until every action has been cleared to the satisfaction of CDA and DHCS and so stated in writing to the Contractor.

E. Adequate source documentation of each transaction shall be maintained relative to the allowability of expenditures reimbursed by DHCS under this Agreement. If the allowability of expenditures cannot be determined because records or documentation of the Contractor are nonexistent or inadequate according to guidelines set forth in 2 CFR § 200.302, the expenditures will be questioned in the audit and may be disallowed by the State during the audit resolution process. The Contractor shall keep records relating to performance of this Agreement, in accordance with Article X, Section J.

F. Waiver Participant records are to be kept as long as the case is open and active. Following termination, Waiver Participant records will be maintained for a period of six (6) years following the year of case closure, or for a longer period if
ARTICLE VI. RECORDS (Continued)

... deemed necessary by CDA. A longer period of retention may be established by individual sites.

G. All records containing confidential information shall be handled in a confidential manner in accordance with the requirements for information integrity and security, and in accordance with guidelines set forth in this Article, and Article XVIII. After the authorized period has expired, confidential records shall be shredded and disposed of in a manner that will maintain confidentiality.

ARTICLE VII. PROPERTY

A. Unless otherwise provided for in this Article, property refers to all assets, used in operation of this Agreement.

1. Property includes land, buildings, improvements, machinery, vehicles, furniture, tools, and intangibles, etc.

2. Property does not include consumable office supplies such as paper, pencils, toner cartridges, file folders, etc.

B. Property meeting all of the following criteria is subject to the reporting requirements:

1. Has a normal useful life of at least one (1) year

2. Has a unit acquisition cost of at least $500; a desktop or laptop setup, including all peripherals is considered a unit, if purchased as a unit

3. Is used to conduct business under this Agreement

C. Additions, improvements, and betterments to assets meeting all of the conditions in Section B above must also be reported. Additions typically involve physical extensions of existing units. Improvements and betterments typically do not increase the physical size of the asset. Instead, improvements and betterments enhance the condition of an asset (e.g., extend life, increase service capacity, and lower operating costs). Examples of assets that might be improved and bettered include roads, bridges, curbs and gutters, tunnels, parking lots, streets and sidewalks, drainage, and lighting systems.

D. Intangibles are property which lack physical substance but give valuable rights to the owner. Examples of intangible property include patents, copyrights, leases, and computer software. By contrast, hardware consists of tangible equipment (e.g., computer, printer, terminal, etc.). Costs include all amounts incurred to acquire and to ready the intangible asset for its intended use. Typical
intangible property costs include the purchase price, legal fees, and other costs incurred to obtain title to the asset.

E. The Contractor shall keep track of property purchased with funds from this Agreement, and submit to CDA, annually with the Closeout, in electronic form, a cumulative inventory of all property furnished or purchased by either the Contractor or the Subcontractor with funds awarded under the terms of this Agreement or any predecessor agreement for the same purpose. The Contractor shall use the electronic version of the Report of Property Furnished/Purchased with Agreement Funds (CDA 32), to report property to CDA, unless otherwise directed by CDA.

The Contractor shall record the following information when property is acquired:

1. Date acquired
2. Item description (include model number)
3. CDA tag number or other tag identifying it as CDA property
4. Serial number (if applicable)
5. Purchase cost or other basis of valuation
6. Fund source

F. Disposal of Property

1. Prior to disposal of any property purchased by the Contractor or the Subcontractor with funds from this Agreement or any predecessor Agreement, the Contractor must obtain approval from CDA for all items with a unit cost of $500 or more. Disposition, which includes sale, trade-in, discarding, or transfer to another agency may not occur until approval is received from CDA. The Contractor shall email to CDA the electronic version of the Request to Dispose of Property (CDA 248). CDA will then instruct the Contractor on disposition of the property. Once approval for disposal has been received from CDA, the item(s) shall be removed from the Contractor’s inventory report.

2. The Contractor must remove all confidential, sensitive, or personal information from CDA property prior to disposal, including removal or destruction of data on computing devices with digital memory and storage capacity. This includes, but is not limited to, magnetic tapes, flash drives,
ARTICLE VII. PROPERTY (Continued)

personal computers, personal digital assistants, cell or smart phones, multi-function printers, and laptops.

G. The Contractor shall immediately investigate and within five (5) days fully document the loss, destruction, or theft of such property.

H. The State reserves title to all State-purchased or financed property not fully consumed in the performance of this Agreement, unless otherwise required by federal law or regulations, or as otherwise agreed by the parties.

I. The Contractor shall exercise due care in the use, maintenance, protection, and preservation of such property during the period of the project, and shall assume responsibility for replacement or repair of such property during the period of the project or until the Contractor has complied with all written instructions from CDA regarding the final disposition of the property.

J. In the event of the Contractor’s dissolution or upon termination of this Agreement, the Contractor shall provide a final property inventory to the State. The State reserves the right to require the Contractor to transfer such property to another entity, or to the State.

d. Nothing express or implied in the terms and conditions of this Article is intended to confer, nor shall anything herein confer, upon any person other than DHCS/CDA or Business Associate and their respective successors or assignees, any rights, remedies, obligations or liabilities whatsoever.

TO: The Board of Supervisors
FROM: Jill Abel, Human Resources Director
DATE: August 23, 2016

SUBJECT: Rescind Resolution #2016-67 and Adopt New Resolution Amending the Classification System – Basic Salary / Hourly Schedule in its entirety.

RECOMMENDATION: Rescind resolution #2016-67 and adopt the attached resolution amending the Classification System – Basic Salary / Hourly Schedule in its entirety, effective July 1, 2016.

DISCUSSION: The Classification System –Basic Salary/Hourly Schedule was adopted by the Board in its entirety on July 26, 2016 with an effective date of July 1, 2016. Since the adoption an administrative error was discovered regarding the classifications of Administrative Analyst I, Administrative Analyst II and Health Administrator which received a 3% equity adjustment in error. These classifications should not have received an Equity Adjustment. Currently the County does not have any incumbents in either Administrative Analyst classification. The sole incumbent of the Health Administrator classification has been notified of the error.

In addition, the classifications in the Juvenile Corrections Officer series listed only an hourly starting rate in order to comply with CalPERS recommendations for Payroll Reporting of the 207k exemption. Since the time of the adoption of the schedule, it became apparent that the Classification System – Basis Salary / Hourly Schedule should include two separate pays for the Juvenile Corrections Officer series to reflect the monthly and hourly starting rate.

All further changes include administrative clean-up such as removing classifications no longer in use.

The attached resolution modifies the Classification System – Basic Salary / Hourly Schedule in its entirety effective July 1, 2016.

COMMITTEE ACTION: None – Administrative only.

FISCAL IMPACT: None- Administrative only.

TO: Board of Supervisors

FROM: Jill Abel, Human Resources Director
       Terry Hansen, Clerk Recorder

DATE: August 16, 2016

SUBJECT: Amend the County’s Basic Salary Schedule & Department Allocation Schedule

RECOMMENDATION
Adopt the resolutions to amend the Classification System – Basic Salary/Hourly Schedule and the Department Allocation Schedule as it relates to the Clerk Recorder’s Office.

DISCUSSION
The Clerk Recorder’s Office is in flux due to a recent retirement announcement that will affect an integral function of the Office. For that reason, the organizational structure and operational needs had to be re-assessed and evaluated with consideration to the Office’s strategic succession plan.

It has been a long term goal of the Office to provide a career path for its employees to naturally progress through the varying levels of assignments and responsibilities with ease. The concept of creating a career path started in 2007, when the Deputy Clerk Recorder positions were converted to flexibly staffed positions: Recorder Clerk I/II and Elections Clerk I/II. Additionally, two management positions were established to oversee the two divisions.

To further the Office’s succession plan and its objective to establish an effective career path, it is recommended that the Board establish the new classifications of Senior Recorder Clerk and Senior Elections Clerk. This change will add depth of coverage for this small Office by providing lead direction and technical assistance to assigned divisional staff, training staff in new and reviewed work procedures, project management and performing full range of divisional Clerk duties.

COMMITTEE
The Finance and Administration Committee approved the item for Consent on August 9, 2016.

FISCAL IMPACT
The fiscal impact for the 2016/2017 fiscal year is estimated to be $11,000. The actual fiscal impact is unknown since the salaries will be dependent on the selected internal candidates.

RE: MOU WITH SUTTER-YUBA BEHAVIORAL HEALTH FOR A FORENSIC MENTAL HEALTH SPECIALIST

RECOMMENDATION:
Approve the Memorandum of Understanding with Sutter-Yuba Behavioral Health for the provision of a Forensic Mental Health Specialist to provide services to jail inmates.

BACKGROUND:
The National Commission on Correctional Health Care clearly stipulates that mental health care in the correctional setting ought to be comparable to what is provided within the community. The Yuba County Jail has developed a system of care to provide services that resemble what is provided in the community, which includes a Forensic Mental Health Specialist to provide mental health services in the Jail and can thereby mitigate the likelihood of future litigation through the provision of ongoing mental health treatment.

DISCUSSION:
This is the continuation of an agreement that has proven beneficial to both agencies, as the Forensic Mental Health Specialist not only provides mental health screenings and psychosocial assessments, but also develops treatment plans and provides therapy as clinically indicated with the intent of coordinating care beyond the walls of the jail and into the community upon release. This Memorandum of Understanding is for a term of three (3) years, commencing on July 1, 2016 and terminating on June 30, 2019.

FISCAL IMPACT:
No fiscal impact to the General Fund. The program is included in the Fiscal Year 2016-2017 proposed Jail Budget, and is funded as part of the County’s AB 109 Plan.

COMMITTEE:
Due to the routine nature of this request, this item was placed directly on the Board of Supervisor’s agenda.

Payment for additional services shall be made to BEHAVIORAL HEALTH by YCSO if, and only if, this MOU is amended by both parties in advance of performing additional services and the amendment is approved by both the Yuba and Sutter Boards of Supervisors.

g. This MOU is valid and enforceable only if sufficient funds are made available to YCSO and to BEHAVIORAL HEALTH from state and federal sources for the purpose of this program. In addition, this MOU is subject to any additional restrictions or conditions enacted by Congressional or Legislative process, which affect the provision or terms of this MOU in any manner.

6. MUTUAL INDEMNITY AGAINST THIRD PARTY CLAIMS

a. BEHAVIORAL HEALTH and YCSO shall each indemnify the other party, its governing board, officers, administrators, agents, employees, independent contractors, subcontractors, consultants, and other representatives from any third party lawsuit, claim, or other legal action that alleges liability, costs, losses, damages, or expenses (including reasonable attorneys' fees and costs), that arise out of or result from the negligent, wrongful or willful acts or omissions of the indemnifying party, its employees, agents, subcontractors, independent contractors, consultants, or other representatives.

b. BEHAVIORAL HEALTH and YCSO, as Indemnitees, shall:
   
   (1) promptly provide the Indemnitor with notice of any third party claim or potential claim against the Indemnitee;
   
   (2) make no admissions to any third party regarding any such claim, or settle such claim except as approved by the Indemnitor in writing.

Any failure by the Indemnitee to perform in accordance with this Subsection shall not affect Indemnitor's obligations under this Section.

7. INSURANCE

Each Party, at its sole cost and expense, shall carry insurance or self-insure its activities in connection with this MOU, and obtain, keep in force and maintain, insurance or equivalent programs of self-insurance, for general liability, workers compensation, property, professional liability, and business automobile liability adequate to cover its potential liabilities hereunder. Each party agrees to provide the other thirty (30) days'
advance written notice of any cancellation, termination, or lapse of any of the insurance or self-insurance coverages. Failure to maintain insurance as required in this MOU is a material breach of contract and is grounds for termination of the MOU.

8. GENERAL PROVISIONS

a. This MOU constitutes the entire agreement between the parties with respect to the subject matter and supersedes all prior and contemporaneous agreements and understandings of the parties. This MOU may be amended only by the written, mutual consent of both parties.

b. This MOU may be terminated by either party upon thirty (30) days written notice.

c. It is understood that the parties shall be subject to examination and audit of any records associated with the provision of services, claims to obtain funding and payment records for a period of Ten (10) years after final payment under this MOU. e. BEHAVIORAL HEALTH warrants that it is knowledgeable of the provisions of the Child Abuse and Neglect Reporting Act (Penal Code section 11164 et seq.) and the Elder Abuse and Dependent Adult Civil Protection Act (Welfare and Institutions Code section 15600 et seq.) requiring reporting of suspected abuse. Re: Grant Easement for PG&E

Recommendation

The Board approves the attached Resolution authorizing the grant of an easement to PG&E on a small parcel at the Airport to accommodate the County’s solar project, and also authorizes the Chair to execute the Grant of Easement document.

Discussion

The County is entering the construction stage of the project known as our “Phase 2 Solar Project.” As part of the development of the infrastructure to support the project, we need to dedicate a small portion of the property (+/- 2400 square feet) to PG&E as a utility easement.

Background

The County is building the new solar array adjacent to the Animal Care facility, on the site of the old Animal Care. Power will connect to the building but will also need to connect to the PG&E power 'grid.' At that point of connection, and the gap between the grid connection and our system needs to be handled as an easement to protect PG&E's connection.

Committee Action

Due to the routine nature of this action, we have brought the item directly to your Board for consideration.

Fiscal Impact

There is no additional fiscal impact to the County for this action. Any project development or connection costs are already in the project budget.

WHEREAS, PG&E has requested the County grant them a small easement at the point

RE: Yuba County Fish and Game Commission
DATE: August 23, 2016

RECOMMENDATION

It is recommended that the Board of Supervisors receive information on the Yuba County Fish and Game Commission and provide direction as appropriate.

BACKGROUND

The Yuba County Fish and Game Commission was formed as an “Advisory” Commission in 1992 by a resolution of the Yuba County Board of Supervisors (see attached). In addition, a set of by-laws was subsequently adopted and has been amended from time to time.

Duties associated with the Commission volunteers since its inception have included, but not limited to, advising the Board on wildlife, participating in and holding a junior pheasant hunt, participation at the Yuba-Sutter Fair, and provided volunteer hours to assist in matters of importance related to public lands.

Over the last several years, the Agricultural Department has provided administrative support for the commission. The Board of Supervisors has asked for a staff report to consider current and future operations of the Fish and Game Commission.

DISCUSSION

The current Assistant Ag Commissioner has been providing administrative support for the commission for approximately the last eight years. The Ag Commissioner also provides support on occasion. Over the last five years, approximately 500 hours of administrative support has been provided from the Ag Department. Since it is a general fund department, reimbursement is not
received or is there an additional appropriate for Commission support. In Fiscal Year 2014-2015 148 hours of support was provided.

Additional support is provided by the offices of the Clerk of the Board, County Counsel, County Administrator and Risk Management. The Commission receives its funding through Fish and Game statutory fines paid by violators and miscellaneous grants. Fine revenue has ranged from $3,700 to $7,400 annually over the last five years. The Commission budget is not charged for internal services, as it cannot afford to pay the costs for support from internal service departments (HR, Liability, Auditor-Controller, Treasurer).

Currently, there are fifteen (15) allocated commissioners assigned to the Commission. There are two (2) vacancies. The Commission has monthly meetings scheduled. The following list indicates whether they were held or not:

As this is a Board of Supervisors appointed commission, the Board has several options it may consider, but not limited to, the following:

- Suspend the Commission to a time certain or indefinitely.
- Rescind the Board resolution allowing for a Fish and Game Commission.
- Reduce the number of members of the commission.
- Consider providing the funds available from fines and fees to a non-profit organization that would support the intent of the commission when it was formed.
- Consider discussions with Sutter County to form a Bi-County Fish and Game Commission (similar to decade long partnerships such as the UC Extension Farm Advisor program)

JUNE 30, 1992

TO: YUBA COUNTY BOARD OF SUPERVISORS

FROM: JOHN E. WRIGHT, DIRECTOR OF PUBLIC WORKS
       COUNTY OF YUBA

SUBJ: CREATION OF FISH AND GAME COMMISSION

RECOMMENDATION:

Adopt the attached resolution creating a Fish and Game Advisory Commission.

BACKGROUND:

Pressure for the formation of a Fish and Game Commission has ebbed and flowed over the past few years. It began to build recently when public interest centered on the Star Bend Angling Access area along the Feather River in the southern part of Yuba County.

There was public sentiment to open the Star Bend Angling Access boat ramp that had become silted in. Several public meetings were held which indicated public support for a Fish and Game Commission in the County of Yuba.

Judge Wasilenko coordinated a joint meeting between representatives of the California Department of Fish and Game, Yuba County’s Sheriff Department, Yuba County’s District Attorney’s Office, Yuba County’s General Services Department, Yuba County’s Department of Public Works, and interested citizens. Again public opinion supported the formation of a Fish and Game Commission. All of the representatives present from the various agencies agreed to work together to try to eliminate poaching, dumping on public land, and to support the formation of a Yuba County Fish and Game Commission.

After several public meeting volunteers came forth to put together a set of proposed by-laws for the formation of a Fish and Game Commission in the County of Yuba. These have been completed and await your recommendations.
DISCUSSION:

The County of Yuba is blessed with a vast abundance of natural resources and open land. There are many and varied opportunities to hunt, fish, and observe nature at its best throughout the County.

Unfortunately there are problems that plague the County as well, such as dumping on public land, and poaching. A Fish and Game Commission can do much to eliminate these problems in Yuba County.

A Fish and Game Commission could also work towards increasing public access to and acquisition of wetlands, open space, and waterways. By increasing public awareness and recommending sound conservation practices it can help preserve the existing natural wealth of the County.

It is our best interests to preserve and maintain those assets we have now, while exploring other avenues for sources of revenue for operation and maintenance of future acquisitions. This a Fish and Game Commission can do well.

SUBJECT: Agreement with Provox Systems for Agenda Management System

Recommendation

Approve purchase and implementation of agenda management software and annual maintenance with Provox Systems.

Background and Discussion

The current agenda management system was upgraded three years ago and is unable to manage our robust agenda. There are frequent malfunctions causing time consuming corrections, loss of staff productivity, and frequently affects ease of public access. On March 7, 2016, a request for proposal was released to obtain a new agenda management system. The request solicited vendor responses to integrate processes currently not automated and streamline the existing process. Of eight vendors who responded, Provox Systems of McKinney, Texas was selected as the more responsive/responsible vendor with their Agenda.net system. Provox has been in business since 1991 and used in 950 locations worldwide.

Committee Action

Brought directly to the Board due to timelines.

Fiscal Impact

$32,500 first year and $7,600 for remaining two years of contract. $30,000 has been allocated in the proposed budget and adjustment to the final budget will be made for the remaining $2,500.

1. **Disclaimer of Warranties.** EXCEPT AS OTHERWISE EXPRESSLY SET FORTH IN THIS AGREEMENT, PROVOX MAKES NO WARRANTIES OF ANY KIND TO CUSTOMER, EXPRESS OR IMPLIED, AND HEREBY EXPRESSLY DISCLAIMS ALL SUCH WARRANTIES, ORAL AND WRITTEN, INCLUDING BUT NOT LIMITED TO ANY IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, OR NON-INFRINGEMENT. NO AGENT OF PROVOX IS AUTHORIZED TO ALTER OR EXPAND THE WARRANTY OBLIGATIONS OF PROVOX AS SET FORTH IN THIS AGREEMENT.

2. **Limitations of Liability.** NOTWITHSTANDING ANY OTHER PROVISION OF THIS AGREEMENT, IN NO EVENT SHALL PROVOX BE LIABLE FOR ANY LOST PROFITS, LOST DATA, OR ANY FORM OF SPECIAL, INCIDENTAL, INDIRECT, CONSEQUENTIAL, OR PUNITIVE DAMAGES OF ANY KIND, WHETHER OR NOT FORESEEABLE OR WHETHER PROVOX HAS BEEN INFORMED OF THE POSSIBILITY OF SUCH DAMAGES.

Customer agrees that the limitations and disclaimers of this Agreement will apply regardless of whether Customer has accepted the System, the Software, the Hardware, or any other product or service delivered by PROVOX. The parties agree that PROVOX has set its prices and entered into this Agreement in reliance upon such limitations and disclaimers, that the same reflect an allocation of risk between the parties (including the risk that a contract remedy may fail of its essential purpose and cause consequential loss), and that the same form an essential basis of the bargain between the parties.

3. **Terms and Termination.** This Agreement shall continue until terminated as provided below, or by mutual written agreement of the parties. Either party shall have the right to terminate this Agreement or any document or Addendum that forms a part hereof with sixty (60) days written notice to the other party. The insolvency, bankruptcy, assignment for the benefit of creditors, or dissolution, liquidation, or winding up of the business of Customer shall constitute a default hereunder for which no cure period shall be applicable, and such default shall afford PROVOX the remedies of a secured party under the Uniform Commercial Code (UCC) in addition to all other remedies. The General Terms and Conditions of this Composite Signature Agreement, and all
disclaimers of warranty and limitations of liability contained in this Agreement, shall survive any
termination.

4. **Entire Agreement.** This Agreement, including all documents and Addenda that form a part hereof,
constitutes the entire agreement between the parties with respect to the subject matter hereof,
and supersedes and replaces all prior or contemporaneous understandings, negotiations, or
agreements, written or oral, regarding such subject matter.

5. **Governing Law and Disputes.** This Agreement will be governed by and construed in accordance
with the laws of the State of California, without regard to or application of choice of law rules or
principles.

6. **Waiver and Modification.** Failure by either party to enforce any provision of this Agreement will
not be deemed a waiver of future enforcement of that or any other provision. Any waiver,
amendment or other modification of any provision of this Agreement will be effective only if in
writing and signed by authorized representatives of both parties.

7. **Severability.** If for any reason a court of competent jurisdiction finds any provision or portion of
this Agreement to be unenforceable, that provision of the Agreement will be enforced to the
maximum extent permissible so as to affect the intent of the parties, and the remainder of this
Agreement will continue in full force and effect.

8. **Assignment.** Customer shall not assign its rights or delegate its obligations hereunder without the
express written consent of PROVOX, such consent not to be unreasonably withheld. Any
attempted assignment in violation of this section shall be void. Subject to the foregoing, this
Agreement will benefit and bind the successors and permitted users of the parties.

9. **No Third Party Beneficiaries; No Agency.** Except as expressly provided herein to the contrary, no
province of this Agreement, express or implied, is intended to be or will be construed to confer
rights, remedies or other benefits to any third party under or by reason of this Agreement. This
Agreement will not be construed as creating an agency, partnership, joint venture, or any other
form of legal association (other than as expressly set forth herein) between the parties.

10. **Counterparts.** This Agreement may be executed in counterparts, each of which shall be deemed
an original and which together shall constitute one and the same agreement.

11. **Uncontrollable Events.** PROVOX shall not be liable to Customer for any failure or delay in
performance or shipment caused by events beyond PROVOXs reasonable control, including but
not limited to acts of God, strikes, acts or war, governmental action and riots, transportation, and
similar causes, and any such failure or delay will not constitute a material breach of this
Agreement. In the event of such an event, the time for performance or shipment will be extended for a period equal to the duration of such delay.

12. **Interest.** Does not apply.

13. **Attorney Fees.** Each party waives the right to attorney fees.

14. **Indemnification**
   The provider (PROVOX SYSTEMS) shall assume the defense of, indemnify, and save harmless any County of Yuba Agency receiving services under this contract from any claims or liabilities of any type or nature to any person, firm, or corporation arising in any manner from the provider’s performance of the work required under this contract and the provider shall pay any judgment obtained or growing out of said claims, liabilities, or any of them.

Customer agrees to reimburse PROVOX for all professional services travel and travel related costs.

III. **Payment.** Payment is due as outlined in Pricing and Configuration. Prices do not include, and Customer shall pay reimburse PROVOX for all transportation (shipping) and related handling charges.

V. **Shipment/Title/Risk of Loss.** All shipments are F.O.B. PROVOX’s offices unless otherwise specified in Pricing and Configuration. Title to, and risk of loss of each component of Hardware and Software shall pass to Customer upon delivery by PROVOX to the carrier or delivery services. Any component of the System held or stored for Customer shall be at the Customer risk and expense.

VI. **Delivery.** Any shipping and delivery dates quoted to Customer, whether in response to Customers request or otherwise, are approximate. If reasonable conditions arise which prevent compliance with delivery dates, PROVOX shall not be liable for any damages or penalty for delay in delivery or failure to give notice of delay and such delay shall not constitute grounds for cancellation or termination. Any delays encountered with respect to shipping and delivery beyond the reasonable control of PROVOX shall be governed by paragraph 11 of the Terms and Conditions of the Composite Signature Agreement.

VII. **Installation.** If system installation services are listed in Pricing and Configuration, then PROVOX agrees to install the System in accordance with the provisions of this paragraph. The provisions of paragraph VI above shall apply to installation dates.

Customer shall provide a suitable installation environment and facilities for the System as prescribed by PROVOX. PROVOX shall furnish labor required for unpacking and installing the components of the System. The System shall be installed in good working order by PROVOX. The installation date shall be the first business day following that on which either (a) the components of the System have been installed in good working order, or (b) the components of the System are delivered and the Customer fails to provide a suitable installation environment.

VIII. **Limited Warranty on Software and Disclaimer of Warranty on Hardware.** PROVOX agrees to warrant the Software on the terms and conditions set forth in the Maintenance Concept Agreement. Customer acknowledges that PROVOX is not the manufacturer of the Hardware, and that PROVOX THEREFORE MAKES NO WARRANTY, EXPRESS OR IMPLIED, WITH RESPECT TO THE HARDWARE AND HEREBY DISCLAIMS ALL SUCH WARRANTIES, INCLUDING BUT NOT LIMITED TO ANY IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. The Hardware may, however, be warranted by its manufacturer(s) and PROVOX agrees to, and does hereby, assign any such manufacturer warranties covering the Hardware to Customer. Provided that Customer has paid all current charges due for the Maintenance Concept services described in the Maintenance Concept Agreement, PROVOX will assist Customer in determining whether any problem encountered with the System is caused by the Hardware rather than the Software and, if so, Customer agrees to pursue any
manufacturer’s warranty remedies with respect to the Hardware component(s). In addition, PROVOX will, upon the request of Customer, assist Customer in locating a third party service organization that can service the Hardware on Customer’s behalf.

IX. **Maintenance Concept.** Upon expiration of the Warranty Period described in the Licensing Agreement with respect to the Software and payment of the annual fee specified in the Maintenance Concept Agreement, PROVOX shall provide the support services specified in the Maintenance Concept Agreement.

X. **Indemnity, to the extent allowed by law.** If any designs or specifications for the System are supplied by Customer, Customer agrees to indemnify, hold harmless, and at PROVOX’s option, defend PROVOX against any loss, damage or liability (including court costs and reasonable fees, costs and expenses of attorneys and expert witnesses) arising in connection with any claim of patent, trademark, copyright or other proprietary right infringement arising out of the manufacturing, configuration, sale, licensing or use of the System.

XI. **Proprietary Rights.** PROVOX warrants to Customer that it has the full legal right to grant to Customer the license granted under this Agreement, and that the Software and Documentation, as and when delivered to Customer by PROVOX and when properly used for the purpose and in the manner specifically authorized by this Agreement, do not infringe upon any United States’ patent, copyright, trade secret or other proprietary right of any Person. PROVOX shall defend and indemnify Customer against any third party claim to the extent attributable to a violation of the foregoing warranty. PROVOX shall have no obligation under this Section unless Customer promptly gives written notice to PROVOX after any applicable infringement claim is initiated against Customer and allows PROVOX to have sole control of the defense or settlement of the claim. The remedies in this Section are the sole remedies for a breach of the warranty contained in this Section.

If any applicable infringement claim is initiated, or in PROVOX’s sole opinion is likely to be initiated, then PROVOX shall have the option, at its expense, to:

- Modify or replace all or the infringing part of the Software or Documentation so that it is no longer infringing, provided that the Software functionality does not change in any material adverse respect; or
- Procure for Customer the right to continue using the infringing part of the Software or Documentation; or
- Remove all or the infringing part of the Software or Documentation.

TO: YUBA COUNTY BOARD OF SUPERVISORS

FROM: MICHAEL G. LEE, DIRECTOR OF PUBLIC WORKS

SUBJECT: Approval of Plans, Specifications & Estimate and Authorization of Advertisement for Bids for North Beale Road Complete Streets Phase 1 Project

RECOMMENDATION:

Approval of Plans, Specifications and Estimate (PS&E) and authorize the subject project for advertisement of bids, pending Caltrans approval, with a tentative bid opening date of October 18, 2016. The PS&E are available for review at Public Works.

BACKGROUND:

In 2010 the County received federal funding to design improvements to North Beale Road from Lindhurst Avenue to Griffith Avenue based on the North Beale Corridor Complete Streets and Revitalization Plan that was adopted by the Board of Supervisors on December 15, 2009.

In 2011 the North Beale Road Complete Streets Phase 1 Project was selected for funding through the Sacramento Area Council of Governments (SACOG). The construction funds were programmed by SACOG to be available in the 2016 federal fiscal year.

DISCUSSION:

The work in general will consist of constructing bicycle lanes, curb, gutter, sidewalks, driveway improvements, drainage facilities, street lights, transit enhancements, median landscaping, and other streetscape features. The work will create a safer more usable roadway for pedestrians, bicyclists and motorists.

The engineer’s estimate for construction and construction engineering is approximately $4,412,500. The project is anticipated to extend into next year and be completed by September 2017.

As part of this project, the existing medians that were funded and constructed under another grant, are proposed to receive a much needed improvement to their landscaping. In an effort to minimize ongoing landscape maintenance costs of the medians, the proposed design consists of 50% hardscape and 50% plants/ground cover. After construction is completed, it is estimated that the annual cost of maintenance of the medians, including irrigation will be approximately $10,000. This will be a new ongoing maintenance cost that funding will need to be identified for. The cost of annual maintenance is directly tied to the ratio of hardscape to live plants, the more hardscape the less ongoing maintenance, however the aesthetics of the median should also be taken into consideration as well as the capital cost of the hardscape. Board input on this issue would be greatly appreciated and the final ratio of hardscape to live plants as well as identifying funding for ongoing maintenance should be addressed early in the construction of the project.
COMMITTEE ACTION:

The Land Use & Public Works Committee was bypassed as this project is included in the Public Works Budget for FY 16/17.

FISCAL IMPACT:

Construction of the project will be funded from various sources as identified below.

- $1,765,000 from the State Transportation Improvement Plan (STIP).
- $286,000 from the Federal Transit Administration’s (FTA) New Freedom Program.
- $1,065,000 potential funding for drainage improvements from YCWA as one of the flood management projects for FY 16/17. YCWA staff is still in the process of making funding recommendations to the YCWA Board, so this funding is not yet secured. The amount of funding YCWA will consider for this project is contingent on revenues for the coming year, which are currently unknown. If YCWA funding becomes available for this project, it would be in the latter half of the fiscal year.
- $275,000 from the Linda Lighting District to improve street lighting.
- The remaining funds (estimated $1,021,500) and any contingencies will be paid from Trust 188, the Countywide Traffic Impact fees. If YCWA funding is not approved, those monies will also need to come from Trust 188.

The project consists of new median landscaping that will require funding for ongoing maintenance. The annual maintenance cost for this new median landscaping is currently estimated at $10,000.
TO: Yuba County Board of Supervisors
FROM: Robert Bendorf, County Administrator
Brynda Stranix, President/COO Yuba-Sutter Economic Development
RE: Approve Economic Development Agreement between the Greater Sacramento Area Economic Council and Yuba County
DATE: August 23, 2016

RECOMMENDATION

It is recommended that the Board of Supervisors:

1. Approve the attached Economic Development Agreement between the Greater Sacramento Area Economic Council and the County of Yuba.
2. Adopt a resolution authorizing the County Administrator to execute the Agreements.
3. Appoint the County Administrator or his designee to participate on Greater Sacramento’s Board of Directors.
4. Designate Brynda Stranix, President / Chief Operating Officer of the Economic Development Corporation to serve as Yuba County’s representative on the Economic Development Director’s Taskforce.

BACKGROUND

Economic development efforts are critical to the County in order to ensure a healthy, vibrant, diverse economy for businesses and residents. The County’s ability to market itself is also dependent on the assets of the six-county Sacramento region as a whole.

In 2014, a group of Chief Executive Officers from the Sacramento region created the Greater Sacramento Area Economic Council (Greater Sacramento) in order to retain, attract, grow, and create sustainable businesses throughout the region’s six counties: El Dorado, Placer, Sacramento, Sutter, Yolo, and Yuba. Greater Sacramento is a public-private partnership looking to raise $3 million from the private sector and $1 million from the public sector for regional economic development efforts.
DISCUSSION

Greater Sacramento has created an Economic Development Directors Taskforce (EDDT) which has been meeting. In addition, their Board of Directors meets frequently and is attended by Supervisor Griego.

Efforts to attract new business through GSAC have proven to be a valuable partnership for Yuba County. Business leads are consistently funneled through the Economic Development Corporation in concert with County staff. Our responses have led to several agencies working together to develop demographic and infrastructure data for site selectors, which we have been active in meeting with. As part of a strategy to expand and continue our economic development efforts and interact regionally, it is recommended that the Board of Supervisors approve the resolution and agreement as presented.

FISCAL IMPACT

The requested membership fee is $0.40 per resident per fiscal year. Based on the 2014 California Department of Finance Demographic Research Unit, Yuba County (unincorporated area) has a population of 57,921 residents; therefore, Greater Sacramento is requesting $23,168 for services provided during the fiscal year ending on June 30, 2017. This recommendation is included in the County’s Fiscal Year 2016-2017 Final Budget.
BEFORE THE BOARD OF SUPERVISORS
OF THE COUNTY OF YUBA

RESOLUTION AUTHORIZING THE COUNTY ADMINISTRATOR TO EXECUTE ECONOMIC DEVELOPMENT AGREEMENT AND PROTOCOL AGREEMENT WITH GREATER SACRAMENTO AREA ECONOMIC COUNCIL

RESOLUTION NO._____  

WHEREAS, on a periodic basis certain governmental agencies request that the Yuba County Administrator sign Agreements, Grant Submittals and/or Contracts for the provision of services to that governmental agency; and

WHEREAS, it is in the interest of efficient and effective county government for the Board of Supervisors to authorize the Yuba County Administrator to execute certain Contracts, Agreements and Grant Submittals on behalf of Yuba County.

NOW, THEREFORE, BE IT RESOLVED by the Board of Supervisors of the COUNTY OF YUBA, that the Yuba County Administrator or designee is hereby authorized and directed on behalf of the COUNTY OF YUBA to execute and amend an agreement and policy protocol agreement, ending June 30, 2017, with Greater Sacramento Area Economic Council (GSAC).

ECONOMIC DEVELOPMENT AGREEMENT BETWEEN
THE GREATER SACRAMENTO AREA ECONOMIC COUNCIL
AND THE COUNTY OF YUBA

This Economic Development Agreement ("Agreement") is entered into by and between the Board of Supervisors of the County of Yuba, a California municipality (the "Public Jurisdiction"), and the Greater Sacramento Area Economic Council ("Greater Sacramento"), a California non-profit corporation. (Each a "Party" and collectively referred to as "the Parties"). The Agreement shall be effective ("Effective Date") upon signature of both Parties.

NOW, THEREFORE, in consideration of the mutual promises contained herein, the Public Jurisdiction and Greater Sacramento agree as follows:

I. RESPONSIBILITIES OF GREATER SACRAMENTO

A. MISSION: Greater Sacramento is an economic development organization working through a public-private partnership of local businesses and governments to retain, attract, grow, and create sustainable businesses in the six-county Sacramento Region, including El Dorado, Placer, Sacramento, Sutter, Yolo, and Yuba Counties and the 23 cities therein.

B. GOALS: Greater Sacramento is guided by and strategically focused on the following specific long-range goals:

1. Develop and utilize in-depth data and analytics to guide strategic economic development efforts and improve the region's competitive position.

2. Strategically market the region to generate qualified company prospects in targeted economic clusters.

3. Leverage public and private partners and resources to locate qualified prospects.

C. RETENTION AND EXPANSION POLICY:

1. Greater Sacramento’s primary role is developing the Sacramento Region’s market intelligence strategy for high-wage, base industry clusters in coordination with representatives of local communities.

2. Both Parties understand that retention and expansion of existing businesses within communities is primarily a local issue, but Greater Sacramento will confidentially assist local leaders on these projects.

3. Greater Sacramento will support communities’ efforts to retain and expand existing businesses through coordinating regional support and providing research on key retention and expansion projects, as requested by the local community.

4. Greater Sacramento will advise communities when an existing company contacts Greater Sacramento regarding a retention or expansion issue, subject to any legal and/or contractual non-disclosure obligations.
D. **ACTION PLANS:** In accordance with the Mission, Goals, and Retention and Expansion Policy set forth above and subject to the availability of adequate funding, Greater Sacramento shall implement strategic action plans adopted by its Board of Directors and Economic Development Directors Taskforce (EDDT). The Public Jurisdiction shall be entitled to provide input on these action plans through its participation in these advisory groups as specified in Sections III.A. and III.B. of this Agreement. The Public Jurisdiction acknowledges and agrees that Greater Sacramento may, in its reasonable judgment in accordance with its own practices and procedures, substitute, change, reschedule, cancel, or defer certain activities as required by a result of changing market conditions, funding availability, or other circumstances beyond Greater Sacramento’s reasonable control.

E. **PERFORMANCE TARGETS:** Specific performance targets shall be established by Greater Sacramento’s Board of Directors and shall be used to evaluate and report progress on Greater Sacramento’s implementation of strategic action plans. Greater Sacramento will provide regular reports to the Public Jurisdiction detailing its progress in implementing such plans. As required by a result of changing market conditions, funding availability, or other circumstances beyond Greater Sacramento’s reasonable control, these performance targets may be revised with the approval of the Board of Directors or a majority of the designated members of Greater Sacramento’s EDDT.

F. **ECONOMIC DEVELOPMENT DIRECTORS TASKFORCE (EDDT):** Greater Sacramento will organize and lead the Economic Development Directors Taskforce (EDDT), which will develop and follow set protocol for issues such as: Business attraction, retention, and expansion; External marketing and communications; Permitting streamlining. The Director under this paragraph shall be the highest-ranking non-elected official with the governmental entity. This highest-ranking non-elected official shall be permitted to delegate his or her position as Director to the highest-ranking elected official with the governmental entity to serve as an alternate to the Director. Any such Director will be qualified to serve on the Board of Directors only if the Public Jurisdiction remains current on its annual contribution at an amount equal to or greater than its full formula allocation as determined from time to time by the Board of Directors and laid out in this contract in Section III.E.1., and as long as the Public Jurisdiction makes a long-term commitment to assist and carry out the mission and purpose of Greater Sacramento and fulfills the additional requirements set forth in this Agreement.

1. The Public Jurisdiction agrees to pay $23,168 for services to be provided by Greater Sacramento pursuant to the Agreement during the fiscal year ending on June 30, 2017, as set forth in this Agreement. This amount is based on $0.40 per capita applied to the Public Jurisdiction's population as reported in 2014 population estimates from the California Department of Finance Demographic Research Unit, which listed the Public Jurisdiction as having a population of 57,921. Any adjustment to this formula shall be reviewed and approved by the Board of Directors and presented in writing to the Public Jurisdiction for approval.

3. Greater Sacramento shall submit annual invoices to the Public Jurisdiction on or before July 1 each year. To allow the Public Jurisdiction to budget appropriately, Greater Sacramento shall submit to the Public Jurisdiction a letter indicating the rate structure and full contribution amount no later than May 1 each year. The Public Jurisdiction shall submit full payment within the first quarter of its fiscal year beginning July 1. The Public Jurisdiction is entitled to receive annual audit reports for Greater Sacramento and financial reports at Board of Directors meetings held at least four (4) times per year.

2. The parties acknowledge that Greater Sacramento is a cooperative organization effort between Greater Sacramento and local communities. Accordingly, the Public Jurisdiction and Greater Sacramento covenant and agree to work together in a productive and harmonious manner, to cooperate in furthering Greater Sacramento’s goals for the 2016-2017 fiscal year.
3. The Public Jurisdiction agrees to work with Greater Sacramento, as necessary or appropriate, to revise the performance measures, benchmarks, and/or goals for the FY 2017-2018 contract.

At the end of each session, the Grand Jury issues a comprehensive report that provides an overview of each investigation and subsequently offers Findings and Recommendations.

DISCUSSION

Of the evaluations and investigations conducted by the 2015-2016 Grand Jury, one is required to have a response from the Yuba County Board of Supervisors (refer to above). Attached to this memo are the Yuba County Board of Supervisors responses to findings and recommendations as required by law. Re:    RESPONSE TO 2015-16 GRAND JURY – “Yuba County Jail Report”

Dear Judge Scrogin,

Provided pursuant to Penal Code Section 933(c) are the comments from the Board of Supervisors related to the findings and recommendations contained in the 2015-16 Grand Jury Final Report – “Yuba County Jail Report.” Consistent with Section 933(c), responses do not address departments under control of elected officials or outside agencies, except where a specific response was solicited and then our response is consistent with provisions of Penal Code Section 933.05(c).

FINDINGS

F1.  The 2015-2016 Yuba County Grand Jury finds that the Yuba County Jail has shown considerable improvement in the mental health care being provided to the inmates. They now have two crisis counselors, one part-time, and one full-time; two part-time psychiatrists (one available through Telepsych); and a full-time forensic mental health therapist. The inmates have approximately 100 hours of non-emergency mental health care available to them per week. A Bureau of Justice 2006 report states that 64% of jail inmates throughout the nation have mental health problems. Assuming that this same statistical information applies to the Yuba County Jail; that would be an excess of 200 inmates. With 100 treatment hours available this allows for less than 30 minutes of non-emergency one-on-one mental health counselling/treatment per inmate per week. The Jail has reinstated group counsel sessions which allows more inmates an opportunity for treatment during the week. In November 2015, Yuba County was awarded to a $20 million grant through SB 863. This grant shall be used to build a new annex next to the existing building which will include additional rooms for counselling and classroom instruction.

Correctional Officers receive annual training in suicide and suicide prevention, and mental health issues in a jail facility. The Officers also received “Mental Health First Aid” which is an 8 hour training course.
During the UC Davis (UCD) presentation to the Grand Jury, UCD advised that two suicide-by-hanging attempts, both suicide attempts were interrupted by other inmates. Prior to each situation each inmate had told UCD that they had asked for mental therapy; they wanted to see a psychiatrist, yet no treatment was offered.

With the Realignment Act, some inmates are now being housed for longer periods of time, up to five years. Inmates with mental health issues could benefit from a complete evaluation and a recovery oriented treatment plan (Interpretive Guidelines). In 2015, the Zur Institute wrote that there is no textbook definition of the standard of care in the mental health field. Based on the statistics cited, the 100 hours per week allotted to treatment of mental health issues appears to be inadequate for the number of inmates potentially requiring care.

The Board of Supervisors agrees with this finding.

F2. The 2015-2016 Yuba County Grand Jury finds that the Yuba County Jail has increased the number and quality of its medical personnel by hiring a full-time Family Nurse Practitioner (FNP) who will assist the doctor in the care and treatment of inmates.

One of the current LVN’s has passed the RN course, has applied for an interim permit and is expected to receive the permit prior to the release of this Grand Jury Report. This interim RN may receive permanent RN status within a few months. The Sheriff has approached the Board of Supervisors and received funding for the Correctional Facility RN pay with the goal of maintaining a valuable employee while increasing the skill, education, and experience in the Medical Unit.

The doctor stated that he tries to see an inmate within 48 hours of the inmates’ request. The doctor and nurse combined see 60-80 patients a week and it can become difficult for an inmate to get an appointment with the doctor which could cause a delay in treatment.

The Grand Jury also interviewed an ex-inmate who states the inmate was miss-diagnosed by several Licensed Vocational Nurses (LVN) and the FNP as having a soft tissue damage. It wasn’t until they saw the doctor, 28 days after the initial injury, that the inmate was diagnosed with a radial head fracture. However, in further researching the medical recommendations for this type of injury, the Grand Jury found that the treatment received after the fracture was found was consistent with what the US National Law of Medicine recommended for this type of fracture (US National, 2015).

The Board of Supervisors agrees with this finding.

F3. The 2015-2016 Yuba County Grand Jury finds a number of studies have shown the benefit of providing inmates with an opportunity to earn their GED diploma, which makes this a vital issue to be considered by local, state and national legislators. An article by Matthew Clark in 2014 stated that a 2013 RAND report integrated more than 30 years of previous research on education and recidivism rates. The report states that “inmates who participated in correctional education programs had 43% lower odds of returning to prison than inmates who did not.” (Clark, 2014). It goes on to state that “the odds of an offender finding employment after release from prison was 13% higher for those who did participated in academic or vocational programs compared to those who did not.” (Clark, 2014)

Another study by John Nuttall (2003) broke down two groups, offenders under the age of 21 and over 21. “Offenders under the age of 21 who earned their GED diploma were 14% less likely to return to
prison within three years, while prisoners over 21 were 5% less likely to return to prison after earning a GED diploma. Education in prison systems is an effective way to lower recidivism.” (Nuttall, 2003)

Yuba County Jail does offer GED courses that cover the five Core Requirements as well as grammar and spelling. They work with inmates to give them an opportunity to obtain their GED certification, however they are unable to provide the GED certification test in-house and it is not always practical to transport an inmate outside the jail and watch over him/her for six hours. The Jail Administration advised the Grand Jury that they are hoping to provide the GED certification exam in-house in the future.

The Board of Supervisors agrees with this finding.

RECOMMENDATIONS

R1. **The 2015-2016 Yuba County Grand Jury recommends that the Sheriff apply to the Board of Supervisors to provide funding and hiring of a full-time psychiatrist that could allow the Jail to work on a mental health treatment and care plan with a focus on work and/or education.**

The 2015-2016 Yuba County Grand Jury further recommends that the Board of Supervisors approve funding for a full-time psychiatrist. This should be accomplished by the end of the 2016-2017 fiscal year.

The recommendation will not be implemented because it is not warranted or is not reasonable. Ongoing analysis by the Sheriff’s Department and subsequent determinations of needs does not warrant a full-time position as recommended by the Grand Jury. Of further note, the Board of Supervisors relies on department heads to request augmentations for staffing and related expenses through the budget process. In this case, there has been no request. The Board of Supervisors is aware, through discussions with the Sheriff and Y-S Behavioral Health staff, services are being provided to inmates at an appropriate level through their partnership and collaborative approach. Should conditions change, it is incumbent upon the departments to recognize the need, develop a plan and submit request(s) to the Board of Supervisors for consideration.

R2. **The 2015-2016 Yuba County Grand Jury recommends that the Sheriff apply to the Board of Supervisors to provide funding and hiring of a full-time medical doctor that could reduce the pressure on the medical staff and decrease the time it takes to see a doctor or the Family Nurse Practitioner.**

The 2015-2016 Yuba County Grand Jury further recommends that the Board of Supervisors approve funding for a full-time medical doctor. This should be accomplished by the end of the 2016-2017 fiscal year.

The recommendation will not be implemented because it is not warranted or is not reasonable. The Board of Supervisors recognizes the fluid situation over the last year with the retirement of a long-term doctor that was performing medical services at our institutions. Based on options available, the Sheriff has elected the hiring of a part-time doctor to meet the current need. As mentioned previously, the Board of Supervisors relies on department heads to request augmentations for staffing and related expenses through the budget process based on their operational needs.
R3. The 2015-2016 Yuba County Grand Jury recommends that the Sheriff continue to focus on setting up an in-house GED testing program with the goal of implementing such a program within the 2017-2018 fiscal year.

The recommendation has been implemented. Based on discussions between administration and the Sheriff’s management, and relayed to the Board of Supervisors the program is being developed for implementation in FY 2017-2018.

The Board of Supervisors thanks the 2015-2016 Grand Jury for their dedication of time and commends each member for their valuable community service.

Sincerely,

Roger Abe, Chairman

RE: Loan request from the City of Marysville
DATE: August 23, 2016

RECOMMENDATION

It is recommended that the Board of Supervisors consider approval of a loan to the City of Marysville for a public works project.

BACKGROUND

At the end of April 2016, staff from the City of Marysville approached the County Administrator’s Office to discuss upcoming public works projects for the City of Marysville and to request a loan to cover initial project costs.

On November 5, 2015 the City of Marysville received a contract agreement with the State of California’s Department of Housing and Community Development for $1,800,000 in grant funds for the construction of street improvements at 12th and J Street, code enforcement and planning studies. The project also includes ADA curb, gutter and sidewalk improvements, drainage, street paving and street lighting.

On December 22, 2015 the City cleared special conditions and was authorized to begin the design and construction of the street improvement project in the amount of $1,345,349. The project design and bidding has been completed and construction should be completed near the end of 2016.

Standard practice with most grants received by municipalities, project costs are paid as reimbursement through the grant. According to staff, they do not have the cash flow necessary to begin paying project costs.
The Board of Supervisors provided direction to the County Administrator to review the City of Marysville’s loan proposal and return to the Board with further information.

**DISCUSSION**

At the end of May 2016, the City’s general fund had a negative cash balance of ($624,000). Although the Measure C sales tax was passed on June 7, 2016, it does not go into effect until October 1, 2016 and the City will not see much revenue until later in the year. In order to complete the street improvement project, the City is requesting a short-term loan that would provide the cash needed to complete the project. Repayment of the loan will come from reimbursement from the State HCD grant to the City and paid to the County.

Through discussions between the County Administrator, Treasurer-Tax Collector, Auditor-Controller and City staff, a draft agreement was assembled for consideration by the City Council and Board of Supervisors. The agreement (attached) provides for the following:

- The County will loan the City the principal amount of $700,000 to be paid by ACH wire to the City no later than September 1, 2016.
- The City will pay the County, no later than February 28, 2017 the principal amount, 1% interest per annum on the total amount borrowed and 1% of the total loan amount ($7,000.00) in administrative fees.
- Security for the loan will be the Cities property tax apportionments (which annually exceeds the loan amount).

**FISCAL IMPACT**

There is no fiscal impact to the County per the agreement as written. The principal borrowing amount of $700,000 will be loaned from Trust Fund 188, Countywide Traffic Impact Fees.
LOAN AGREEMENT

This loan agreement is made, effective when executed by the parties hereto, between the City of Marysville a municipal corporation and city (herein after “City”) in the county of Yuba, State of California and the County (herein after “County”) of Yuba, a political subdivision of the State of California.

RECITALS

The City has received a contract agreement with the State of California Department of Housing and Community Development for an apportionment in grant funds for the construction of street improvements, code enforcement and planning studies.

The City’s cash flow is limited and the County is willing to provide the City with a loan for cash needed to complete the project and request reimbursement from the State of California to repay the loan. The City and County will meet every two months to review cash flow needs on the City’s street improvement project.

In consideration of the matter described above, and of the mutual benefits and obligations set forth in this agreement, the parties agree as follows:

SECTION ONE
AMOUNT OF LOAN; INTEREST

County will loan the City the principal amount of $700,000.00. The City will borrow such amount on the following terms:

The City will request the loan funds by a written request to the County Treasurer. The funds shall be advanced via ACH wire transfer to the City. The loan shall be advanced September 1, 2016 and the City shall repay the principal and accrued interest on or before February 28, 2017. The loan shall bear interest at the rate of 1% per annum. In addition the City will pay an administrative fee of 1% of the loan amount ($7,000.00).

SECTION TWO
PAYMENT

The City will issue a warrant for the total amount of principal, administrative fee and interest at 1% from September 1, 2016 through date of payment but not later than February 28, 2017. The City shall have the right to prepay all or any part of each loan without penalty at any time.

SECTION THREE
ACCELERATION OF INDEBTEDNESS

The principal and indebtedness owing on any indebtedness made and arising under this loan shall immediately become due and payable without notice, presentment, demand, protest, or notice of protest of any kind, all of which are waived by the City, in the event that the City without written consent, defaults in the performance or observance of any of the above agreements.
SECTION FOUR
NOTICES TO PARTIES

Any notice required or authorized to be given pursuant to this agreement shall be sufficiently given if mailed certified return receipt requested to:

The City: Walter Munchheimer, City Manager

RE: Yuba County Workforce Planning - 10 year update
DATE: August 23, 2016

RECOMMENDATION
Receive presentation regarding the County’s workforce planning efforts and provide direction as appropriate.

BACKGROUND
In 2006, Yuba County identified the urgent need to assess and address significant demographic shifts impacting demands for County services. County staff and leadership engaged in a comprehensive Workforce Planning effort facilitated by Municipal Resource Group (MRG).

The County used the 2006 report as a work plan to guide succession planning, changes in personnel practices and more creative staff development strategies during the past decade. An Organizational Excellence Committee was established which led many successful initiatives including the establishment of three levels of leadership training targeted toward every employee in the County.

DISCUSSION
The County has engaged MRG to complete another workforce analysis in order to provide a snapshot of the demographics of our current workforce and gauge the success of the initiatives that followed the 2006 report.

FISCAL IMPACT
There is no fiscal impact. This item is informational in nature.

DATE: August 23, 2016

SUBJECT: Consideration of YCPPOA and MSA Labor Agreement application of benefits and benefits specific to Unrepresented Safety Management employees

RECOMMENDATION:
It is recommended that the Board of Supervisors:

1. Approve the following benefits and application of such to Unrepresented Safety Management Classifications, and;
2. Approve amendment to the Classification System- Base Salary/Hourly Schedule to be effective August 1, 2016.

BACKGROUND:
The Labor Agreements between the County and the Yuba County Probation Peace Officers Association (YCPPOA) and the Law Enforcement Management/Supervisory Association (MSA) terminated June 30, 2016. Successor Agreements were successfully negotiated with an effective date of July 1, 2016. The County and YCPPOA and MSA have agreed to a new three-year Agreement beginning July 1, 2016, and ending June 30, 2019. The YCPPOA Agreement was approved by the Board of Supervisors on July 12, 2016. The MSA Agreement was approved by the Board of Supervisors on July 26, 2016.

Consistent with previous Agreements for Miscellaneous and Safety employees, benefits are typically applied to unrepresented employees consistent with their employees’ respective affiliation.

DISCUSSION:
The following is a summary of the YCPPOA and MSA Agreements affecting salary increases, equity adjustments and CalPERS retirement contributions only, and the recommended application to Unrepresented Safety Management Classifications, as stated:
Cost of Living Adjustment (COLA): The County has agreed to a 2% COLA and a 2% COLA in Fiscal Year 18/19 for both YCPPOA and MSA.

Unrepresented: The same benefit applies to Unrepresented Safety Management employees.

Equity Adjustments: The County compiled equity information on all classifications and agreed to equity adjustments in the YCPPOA and MSA contracts to address market lag. Some Probation Safety Management Classifications were identified as having a significant market lag when compared to other agencies surveyed (Butte, Yolo, Sutter and Nevada Counties). These classifications were identified for market adjustments beginning this fiscal year. Safety Management Classifications in the Sheriff’s Department will have market adjustments consistent with their employees’ respective affiliation.

Unrepresented: It is agreed that there will be equity adjustments for the following classifications.

1. Probation Safety Management employees (excluding Deputy Superintendent) shall receive a 6% equity adjustment on August 1, 2016, and a 2% market adjustment on July 1, 2017 and July 1, 2018.

2. Sheriff’s Captain classification shall receive a 3% equity adjustment on July 1, 2017 and July 1, 2018.

CalPERS Retirement Contributions: The goal of Pension Reform is to have employees and employers share in the costs of ongoing retirement contributions. YCPPOA and MSA Classic Safety employees have agreed to contribute an additional 1.5% toward the employer’s CalPERS pension cost in Fiscal Year 17/18 and an additional 1.5% in Fiscal Year 18/19.

Unrepresented: The same increased share of pension costs for Classic Safety members is applied to Unrepresented Classic Safety Management employees.

For the 2016/2017 fiscal year, the total pension cost charged by CalPERS (County and employee contribution) for Safety Classic members is 34.759% of PERSable payroll. Safety Classic employees pay 9% of the cost and the County pays the remaining 25.759%.

Effective July 1, 2017, Unrepresented Safety Classic members shall pay an additional 1.5% toward the employer’s CalPERS pension contribution, increasing the employee contribution to 10.5%.

Effective July 1, 2018, Unrepresented Safety Classic members shall pay an additional, 1.5% toward the employer’s CalPERS pension contribution, increasing the employee contribution to 12%.
Other Contract Provisions
The County and YCPPOA, and MSA, were successful in negotiating other items in each respective Agreement. The following is a list of other items affecting Unrepresented Safety Management employees in the Probation Department and/or Sheriff’s Department:

Job Protected Leave: The County will provide job protected leave as mandated by Federal and State law. All accrued or available leave will run concurrently with job protected leave unless an employee elects the following exception: **Workers Compensation/Job Protected Leave/SDI Exception**: An employee on workers’ compensation/job protected leave/SDI may make an irrevocable choice before sick leave is exhausted not to use vacation hours to supplement disability benefits.

Unrepresented: The same benefit applies to Unrepresented Safety Management employees.

Unrepresented: The same benefit applies to Unrepresented Safety Management employees.

Merit/Longevity: Delineated the difference between “Merit” and “Longevity”.

Unrepresented: The same benefit applies to Unrepresented Safety Management employees.

Conversion to Deferred Compensation: The **Rules Governing Coverage and Compensation, Benefits and Working Conditions of Employees of the County of Yuba Article 9, Section 9.11 Conversion to Deferred Compensation** provision no longer applies.

Unrepresented: The same would apply to Unrepresented Safety Management employees.

Bilingual Pay: The practices and procedures related to bilingual pay were formalized.

Unrepresented: The same benefit applies to Unrepresented Safety Management employees.

Vacation Maximum Accrual: Vacation leave shall accumulate to a maximum limit of 350 hours. For MSA employees, the maximum vacation accrual is 350 hours for employees hired after 7/1/86. For MSA employees hired before 7/1/86, the maximum vacation accrual is 2 years.

Unrepresented: The same benefit applies to Unrepresented Safety Management employees. Unrepresented Safety Management employees in the Sheriff’s Department hired after 7/1/86, shall have a maximum vacation accrual of 350 hours, and those hired before 7/1/86 shall have a maximum vacation accrual of 2 years.
Sick Leave Provisions: Procedural changes were made to the sick leave provisions to address State and/or Federal mandates and to provide uniformity across the County.

Unrepresented: The same benefit applies to Unrepresented Safety Management employees.

Probationary Periods: All probationary periods shall run from the 1st day of the month following the date of employment or position effective date. In the event the date of employment or position effective date is within the first three calendar days of the month, then the probationary period will run from the first of that month. Evaluations during the non-probationary period would then revert to the Service Computation Date (SCD) instead of the Position date.

Unrepresented: The same provision applies to Unrepresented Safety Management employees.

Military Leave: Refer to the Military Leave provision outlined in Article 16 of the Rules Governing Coverage and Compensation, Benefits and Working Conditions of Employees of the County of Yuba. The County provides Military Leave as mandated by State and Federal law.

Unrepresented: The same applies to Unrepresented Safety Management Employees.

Definitions were changed to address Federal and/or State law mandates as well as to improve internal practices and procedures.

Unrepresented: The same definitions apply to Unrepresented Safety Management employees.

Payment: Rules regarding processing of payroll shall be established by the Auditor/Controller.

Unrepresented: The same applies to Unrepresented Safety Management employees.

Educational Incentive: Established varying monthly educational incentive flat rates based on classification title.

Unrepresented: The same applies to Unrepresented Safety Management employees in the Sheriff’s Department as follows: Sheriff’s Captain AA-$185 or BA-$365; Undersheriff AA-$235 or BA-$470; and Sheriff/Coroner AA-$270 or BA-$535. As current incumbents vacate, the educational incentive thereafter will be AA-$165 or BA-$330.

“Y-rated” Salary: Y-rate provision no longer applies to layoff or ADA accommodations.

Unrepresented: The same provision applies to Unrepresented Safety Management employees.

FISCAL IMPACT:
The overall projected cost over three years is estimated to be approximately $67,000 General Fund and approximately $72,400 Non-General Fund.

All persons may speak at a Central Valley Water Board meeting, and are expected to orally summarize their written submittals. Oral presentations will be limited in time by the Board Chair, and a timer may be used. Where speakers can be grouped by affiliation or interest, such groups are expected to select a spokesperson and to not be repetitive. The Board will accommodate spokespersons by granting additional time if other group members will not also be speaking.

Written materials that are received after deadlines set by item-specific Notices and/or Hearing Procedures will not generally be admitted. Any person requesting to submit late materials must demonstrate good cause, and the Chair must find that the admission of the late materials would not prejudice the Central Valley Water Board or any designated party. The Chair may modify this rule to avoid severe hardship.

Interested Persons: All persons who wish to participate in the hearing but who are not Designated Parties are Interested Persons. Interested Persons may present non-evidentiary policy statements or comments, either orally or in writing, but will not be subject to cross-examination. Interested Parties may be asked to respond to clarifying questions from the Board, staff, or others.

Order of Proceeding: for adjudicative hearings, the proceeding will be generally be conducted in the following order, unless modified by the Board Chair or specified differently in an item-specific Notice or Hearing Procedure:

- Testimony by Board staff, followed by testimony by Designated Parties named in the Order or Permit, followed by testimony of other Designated Parties
- Cross-examination of Board staff, followed by cross-examination of Designated Parties named in the Order or Permit, followed by cross-examination of other Designated Parties

CALIFORNIA FISH AND GAME COMMISSION
NOTICE OF RECEIPT OF PETITION

NOTICE IS HEREBY GIVEN that, pursuant to the provisions of Section 2073.3 of the Fish and Game Code, on July 19, 2016, the California Fish and Game Commission (Commission) received a petition from Dave Imper, to list Lassics lupine (*Lupinus constancei*) as endangered under the California Endangered Species Act.

Lassics lupine is endemic to two of the Lassics peaks of the Six Rivers National Forest in Humboldt and Trinity counties in California: Mount Lassic (also called Signal Peak) and Red Lassic. This plant has adapted to the incredibly harsh environment found on these mountains. One of a suite of unique plants that can survive on serpentine soils (highly mineralized soils toxic to most plants, and derived from oceanic crust emplaced on continental crust), this lupine is found at elevations between 5,000 and 6,000 feet on gravel barrens with very sparse vegetation.

Pursuant to Section 2073 of the Fish and Game Code, on July 29, 2016, the Commission transmitted the petition to the California Department of Fish and Wildlife (Department) for review pursuant to Section 2073.5 of said code. It is anticipated that the Department's evaluation and recommendation relating to the petition will be received by the Commission at its December 7-8, 2016, meeting in San Diego.

Interested parties may contact Mr. Richard Macedo, Habitat Conservation Planning Branch Chief, California Department of Fish and Wildlife, 1700 Ninth Street, 2nd Floor, Sacramento, CA 95811, or telephone (916) 653-3861, for information on the petition or to submit information to the Department relating to the petitioned species.

DATE: August 23, 2016

SUBJECT: Authorize the Chair to Accept and Appropriate Office of Traffic Safety Grant Funds and Execute the Grant Agreement and other Documents as Required by the Grant

RECOMMENDATION: It is recommended that the Board of Supervisors authorize the Health and Human Services Department (HHSD) to enter into Agreement with the California Office of Traffic Safety (OTS) for the period of October 1, 2016 through September 30, 2017, and further authorize the Chair of the Board to execute documents as required by the grant and to accept and appropriate grant funds.

BACKGROUND: OTS has made grant funds available through their Occupant Protection grant program to provide child passenger safety related activities. The Health and Human Services Department, through its Public Health Division, applied for and was awarded grant funds for their "Safe Traveling Around Yuba" proposal.

DISCUSSION: OTS will provide funds in the amount of $75,000.00 for the period of October 1, 2016 through September 30, 2017. The acceptance of the funds and approval of the Grant Agreement will allow HHSD to provide child passenger safety educational classes, outreach at community events, car seat inspection events and safety seat distributions throughout the county.

FISCAL IMPACT: Approval of the Grant Agreement will not impact County General Funds.

TO: YUBA COUNTY LAND USE & PUBLIC WORKS COMMITTEE

FROM: MICHAEL G. LEE, DIRECTOR OF PUBLIC WORKS

SUBJ: TRAFFIC ORDINANCE AMENDMENT TO ESTABLISH SPEED LIMIT ON COUNTRY CLUB ROAD FROM FEATHER RIVER BLVD WESTERLY TO END OF COUNTRY CLUB ROAD

RECOMMENDATION:

Approve the attached Ordinance Amendment establishing speed limit of 30 mph on Country Club Road from Feather River Blvd westerly to end of Country Club Road.

BACKGROUND:

Residents have complained about motorists speeding on this section of Country Club Road. Currently, this road segment is not posted for a speed limit and the prima facie speed limit for roads not posted is a maximum of 55 mph.

A speed survey was conducted in July 2016 for this road and an engineering and traffic survey (ETS) was subsequently completed.

The Three Rivers Levee Improvement Authority (TRLIA) has plans to open up lands on the western side of the levee at the end of Country Club Road to the general public.

The section of Country Club Road east of Feather River Blvd has a speed limit of 35 mph per current ordinance.

DISCUSSION:

Residents have complained about the speed of motorists on this section of Country Club Road. Residents are also concerned about the potential increase in traffic and motorists’ speeds when TRLIA opens up land to the general public at the westerly end of Country Club Road in the near future.

Homes on this section of the road have a density less than the required density to meet the definition of a residence district as established in the California Vehicle Code. Therefore, a prima facie speed limit of 25 mph for a residence district is not applicable. To establish a lower speed limit than 55 mph an engineering and traffic survey (ETS) has to be performed.
The results of the speed study (the raw traffic data) for this section of Country Club Road resulted in an 85th percentile speed of 31.6 mph. Rounding to the nearest 5 mph increment the initial speed limit would be 30 mph. The results of the ETS indicated that no conditions exist to reduce the 85th percentile lower than the 30 mph.

Therefore, a speed limit of 30 mph for this section of Country Club Road is more than reasonable. The speed limits will not be in effect until signs are installed.

**FISCAL IMPACT:**

Cost to install all of the signs is approximately $700 which will be paid from the Road Fund.
THE BOARD OF SUPERVISORS OF THE COUNTY OF YUBA, STATE OF CALIFORNIA DOES ORDAIN AS FOLLOWS:

Section 1. This ordinance shall take effect Thirty (30) days after its passage, and before the expiration of fifteen (15) days after its passage a summary shall be published with the names of the members voting for and against the same, once in a local newspaper of general circulation in the County of Yuba, State of California.

Section 2. Upon the basis of the engineering and traffic survey, the Yuba County Board of Supervisors hereby determines and declares that a speed limit of 55 miles per hour is more than reasonable or safe for any person to drive a vehicle on or along the sections of roads described and set out herein and the Board hereby determines and declares that the prima facie speed limits set forth herein are more appropriate to facilitate the orderly movement of traffic and are reasonable and safe. Section 9.15.041 of Chapter 9.15 of Title IX is therefore amended as follows:

9.15.041 Country Club Road

(a) No person shall drive a vehicle on or along Country Club Road from Feather River Road easterly to the end of Country Club Road in excess of a speed limit of 35 mile per hour.
(b) No person shall drive a vehicle on or along Country Club Road from Feather River Road westerly to the end of Country Club Road in excess of a speed limit of 30 mile per hour.

Section 3. If any section, subsection, sentence, clause, or phrase of this ordinance is for any reason held to be unconstitutional and invalid, such decision shall not affect the validity of the remaining portion of this ordinance. The Board of Supervisors hereby declares that it would have passed this ordinance and every section, subsection, sentence, clause or phrase thereof, irrespective of the fact any one or more sections, subsections, sentences, clauses or phrases be declared unconstitutional.
Engineering and Traffic Survey
For
Country Club Road

**Speed Survey:**

Speed survey performed on 7/27/16.

Location was approximately 1500 ft. west of Feather River Blvd
114 vehicles over a 24-hr period resulted in an 85th percentile speed of 31.6 mph

Initial Rounding to 30 mph for this segment.

**Traffic Collision History:**

For this section of Country Club Road there have been no reported collisions within the last two years.

There is no justification for a reduction from the initial rounding of the 85th percentile speed.

**Conditions not Readily Apparent to Drivers:**

This section of Country Club Road is a straight roadway with relatively few roadway conditions that are not readily apparent to motorists. Driveways are easily noticeable to motorists. The only condition that may not be readily apparent to drivers is the presence of farming equipment near the roadway since the adjoining properties along this segment have active orchard operations. However, farming equipment in the roadway is infrequent and mostly during the harvest time of year. Therefore, there is no justification to reduce from the 85th percentile speed due to non-apparent conditions.

**Conclusion:**

Since no conditions exist to justify reducing the 85th percentile speed from the speed survey results, the speed limit on Country Club Road from Feather River Blvd to the westerly end of Country Club Road should be established at 30 mph.
