Approved: _____________________________

To: YLFA Board of Directors

From: Paul Brunner, TRLIA Executive Director

RE: TRLIA Request for Final Disbursement of Project Funds from 2008 YLFA Financing

➢ TRLIA Request to YFLA:
  - YLFA authorize transfer of the balance of the YLFA Project Funds (Fund 813) to TRLIA and approve the attached draw request (Draw No. 23) for processing.

➢ Summary:
  - TRLIA’s current local funding projections to achieve 200-yr Compliance (including Goldfields) show that the remainder of the YLFA project funding is needed.
  - With YLFA 813 project funds, TRLIA’s levee improvement work is fully funded. Other TRLIA funding sources include State Funding from the Early Implementation Program (EIP), Floodsafe Environmental Stewardship Statewide Resource Office (FESSRO) and Urban Flood Risk Reduction (UFRR) programs as well as local funding from developers that advanced funded levee impact fee obligations through various advance funding agreements.
  - YLFA Project Fund Balance Projection as of June 30, 2016 (See attached Bank Statement)
    1. Fund 813: $6,701,375.44* (June 30, 2016)
       ▪ $5,023,468.55 Million remaining from original Project Proceeds balance of $46.6 million.
       ▪ $1,677,906.89 Million balance of net interest earned in the fund.
       * Reflective of $1,419,395.20 drawn of prior $2.0 Million authorization
  - TRLIA has incurred costs in the past that exceed the balance of the available funds in the YLFA Project Fund. The attached draw request would be processed with the YLFA Board’s approval to reimburse TRLIA for those previously incurred costs.

➢ Discussion:
  - YLFA is evaluating the refinance of the outstanding balance of its 2008 financing. In doing so, the balance of available Project Funds must be addressed. Two options are available to YLFA to handle these proceeds;
    1. YLFA can utilize the available proceeds to pay down existing debt thus lowering the amount of debt to be refinanced; or
    2. YLFA can expend the funds on eligible project costs.
• **TRLIA Funding Need:** In April 2016, TRLIA made a request to the YLFA Board for additional funding in order to meet both the cash flow needs of TRLIA’s ongoing work related to the implementation of the 200-yr Western Pacific Interceptor Canal project this summer. In addition, TRLIA outlined its need for funding associated with the 200-Year Goldfields Project. In response to this request, YLFA authorized two draws on Project Fund proceeds. The first authorization of $2.0 million in April 2016 and the second of $4.3 million in October 2016 pending a status report by TRLIA back to YLFA on its ongoing work. These near term needs were primarily driven by the cash flow for TRLIA’s current ongoing construction work and delayed reimbursements from DWR for TRLIA’s previously completed work (the ongoing Feather River and Upper Yuba River Projects). TRLIA’s long term cash flow projections demonstrated a need for the balance of the YLFA funding through the implementation of the 200-Year Goldfields project. However, the exact timing of the cash flow need is driven by the timing of retention releases of State funding from DWR which are driven primarily by a complex closeout process involving the transfer of real estate to the Central Valley Flood Protection Board. The exact timing of this process is unknown. TRLIA has secured a commitment for the State share of the 200-Year Goldfields project and is relying on YLFA funding as the local share match to the State’s commitment. Ultimately the balance of all available YLFA funding is needed by TRLIA to complete TRLIA Phase IV 200-Year levee improvement program. The timing of when the funding is needed is driven by cash flow demands.

• In order to transfer the 813 Fund Balance today, eligible costs previously incurred by TRLIA can be reimbursed by YLFA. The attached draw request documents those eligible costs that TRLIA can be reimbursed by YLFA.

**Recommendation:**

• Based upon the TRLIA financial need described above and the fact that YLFA is evaluating a refinance of its 2008 financing and is faced with the decision of how manage the remaining project fund balance, TRLIA recommends that YLFA modify its prior authorizations to TRLIA and authorize the transfer of the entirety of the project fund balance now and approve the attached draw request (Draw No. 23) in order to facilitate the refinancing.

RE: TRLIA Request for Final Disbursement of Project Funds from 2008 YLFA Financing

➤ **TRLIA Request to YFLA:**
  - YLFA authorize transfer of the balance of the YLFA Project Funds (Fund 813) to TRLIA and approve the attached draw request (Draw No. 23) for processing.

➤ **Summary:**
  - TRLIA’s current local funding projections to achieve 200-yr Compliance (including Goldfields) show that the remainder of the YLFA project funding is needed.
  - With YLFA 813 project funds, TRLIA’s levee improvement work is fully funded. Other TRLIA funding sources include State Funding from the Early Implementation Program (EIP), Floodsafe Environmental Stewardship Statewide Resource Office (FESSRO) and Urban Flood Risk Reduction (UFRR) programs as well as local funding from developers that advanced funded levee impact fee obligations through various advance funding agreements.
  - YLFA Project Fund Balance Projection as of June 30, 2016 (See attached Bank Statement)
    1. Fund 813: $6,701,375.44* (June 30, 2016)
      - $5,023,468.55 Million remaining from original Project Proceeds balance of $46.6 million.
      - $ 1,677,906.89 Million balance of net interest earned in the fund.
      > Reflective of $1,419,395.20 drawn of prior $2.0 Million authorization
  - TRLIA has incurred costs in the past that exceed the balance of the available funds in the YLFA Project Fund. The attached draw request would be processed with the YLFA Board’s approval to reimburse TRLIA for those previously incurred costs.

➤ **Discussion:**
  - YLFA is evaluating the refinancing of the outstanding balance of its 2008 financing. In doing so, the balance of available Project Funds must be addressed. Two options are available to YLFA to handle these proceeds;
    1. YLFA can utilize the available proceeds to pay down existing debt thus lowering the amount of debt to be refinanced; or
    2. YLFA can expend the funds on eligible project costs.
TRLIA Funding Need: In April 2016, TRLIA made a request to the YLFA Board for additional funding in order to meet both the cash flow needs of TRLIA’s ongoing work related to the implementation of the 200-yr Western Pacific Interceptor Canal project this summer. In addition, TRLIA outlined its need for funding associated with the 200-Year Goldfields Project. In response to this request, YLFA authorized two draws on Project Fund proceeds. The first authorization of $2.0 million in April 2016 and the second of $4.3 million in October 2016 pending a status report by TRLIA back to YLFA on its ongoing work. These near term needs were primarily driven by the cash flow for TRLIA’s current ongoing construction work and delayed reimbursements from DWR for TRLIA’s previously completed work (the ongoing Feather River and Upper Yuba River Projects). TRLIA’s long term cash flow projections demonstrated a need for the balance of the YLFA funding through the implementation of the 200-Year Goldfields project. However, the exact timing of the cash flow need is driven by the timing of retention releases of State funding from DWR which are driven primarily by a complex closeout process involving the transfer of real estate to the Central Valley Flood Protection Board. The exact timing of this process is unknown. TRLIA has secured a commitment for the State share of the 200-Year Goldfields project and is relying on YLFA funding as the local share match to the State’s commitment. Ultimately the balance of all available YLFA funding is needed by TRLIA to complete TRLIA Phase IV 200-Year levee improvement program. The timing of when the funding is needed is driven by cash flow demands.

In order to transfer the 813 Fund Balance today, eligible costs previously incurred by TRLIA can be reimbursed by YLFA. The attached draw request documents those eligible costs that TRLIA can be reimbursed by YLFA.

Recommendation:

- Based upon the TRLIA financial need described above and the fact that YLFA is evaluating a refinance of its 2008 financing and is faced with the decision of how manage the remaining project fund balance, TRLIA recommends that YLFA modify its prior authorizations to TRLIA and authorize the transfer of the entirety of the project fund balance now and approve the attached draw request (Draw No. 23) in order to facilitate the refinancing.

RE: TRLIA Request for Final Disbursement of Project Funds from 2008 YLFA Financing

➢ **TRLIA Request to YFLA:**
  - YLFA authorize transfer of the balance of the YLFA Project Funds (Fund 813) to TRLIA and approve the attached draw request (Draw No. 23) for processing.

➢ **Summary:**
  - TRLIA’s current local funding projections to achieve 200-yr Compliance (including Goldfields) show that the remainder of the YLFA project funding is needed.
  - With YLFA 813 project funds, TRLIA’s levee improvement work is fully funded. Other TRLIA funding sources include State Funding from the Early Implementation Program (EIP), Floodsafe Environmental Stewardship Statewide Resource Office (FESSRO) and Urban Flood Risk Reduction (UFRR) programs as well as local funding from developers that advanced funded levee impact fee obligations through various advance funding agreements.
  - YLFA Project Fund Balance Projection as of June 30, 2016 (See attached Bank Statement)
    1. Fund 813: $6,701,375.44* (June 30, 2016)
      - $5,023,468.55 Million remaining from original Project Proceeds balance of $46.6 million.
      - $1,677,906.89 Million balance of net interest earned in the fund.
      * reflective of $1,419,395.20 drawn of prior $2.0 Million authorization
  - TRLIA has incurred costs in the past that exceed the balance of the available funds in the YLFA Project Fund. The attached draw request would be processed with the YLFA Board’s approval to reimburse TRLIA for those previously incurred costs.

➢ **Discussion:**
  - YLFA is evaluating the refinance of the outstanding balance of its 2008 financing. In doing so, the balance of available Project Funds must be addressed. Two options are available to YLFA to handle these proceeds;
    1. YLFA can utilize the available proceeds to pay down existing debt thus lowering the amount of debt to be refinanced; or
    2. YLFA can expend the funds on eligible project costs.
• **TRLIA Funding Need:** In April 2016, TRLIA made a request to the YLFA Board for additional funding in order to meet both the cash flow needs of TRLIA’s ongoing work related to the implementation of the 200-yr Western Pacific Interceptor Canal project this summer. In addition, TRLIA outlined its need for funding associated with the 200-Year Goldfields Project. In response to this request, YLFA authorized two draws on Project Fund proceeds. The first authorization of $2.0 million in April 2016 and the second of $4.3 million in October 2016 pending a status report by TRLIA back to YLFA on its ongoing work. These near term needs were primarily driven by the cash flow for TRLIA’s current ongoing construction work and delayed reimbursements from DWR for TRLIA’s previously completed work (the ongoing Feather River and Upper Yuba River Projects). TRLIA’s long term cash flow projections demonstrated a need for the balance of the YLFA funding through the implementation of the 200-Year Goldfields project. However, the exact timing of the cash flow need is driven by the timing of retention releases of State funding from DWR which are driven primarily by a complex closeout process involving the transfer of real estate to the Central Valley Flood Protection Board. The exact timing of this process is unknown. TRLIA has secured a commitment for the State share of the 200-Year Goldfields project and is relying on YLFA funding as the local share match to the State’s commitment. Ultimately the balance of all available YLFA funding is needed by TRLIA to complete TRLIA Phase IV 200-Year levee improvement program. The timing of when the funding is needed is driven by cash flow demands.

• In order to transfer the 813 Fund Balance today, eligible costs previously incurred by TRLIA can be reimbursed by YLFA. The attached draw request documents those eligible costs that TRLIA can be reimbursed by YLFA.

**Recommendation:**

• Based upon the TRLIA financial need described above and the fact that YLFA is evaluating a refinance of its 2008 financing and is faced with the decision of how manage the remaining project fund balance, TRLIA recommends that YLFA modify its prior authorizations to TRLIA and authorize the transfer of the entirety of the project fund balance now and approve the attached draw request (Draw No. 23) in order to facilitate the refinancing.

TO: Board of Supervisors

FROM: Donna Stottlemyer, Clerk of the Board of Supervisors

SUBJECT: Board of Supervisors Rules and Procedures

Recommendation

Adopt resolution repealing and reinstating Rules of Procedures providing for the government of the Board of Supervisors for the Preservation of Order and Transaction of Business.

Background and Discussion

The rules and procedures of the Board were originally adopted by resolution in 1984 and have had minor additions and amendment since that time with the last change being October 28, 2008. Major changes to the Rules are the addition of Section 8, “Rules of Order” and Section 2.3 “Emergency Meetings” which Chairman Abe requested County Counsel’s office to draft and have been reviewed by the Chair and Vice-Chair. Other changes include renumbering of sections due to additions and the deletion of former section 10 which was a list of the boards and commissions to which board members are appointed and contained obsolete boards and not newer active boards; therefore, language was added to Section 11 indicating the Clerk will maintain a current list of Board appointed boards and commissions and appointments thereto.

Other changes made include a three minute speaking time to be consistent with ordinances and hearings in Section 6 and clarification on Robert’s Rules of Order not invalidating an otherwise valid Board action in Section 13.

Committee Action

None. Brought directly to the Board for consideration.

Fiscal Impact

From: Kevin Mallen, CDSA Director

Subject: Magnolia Ranch Development Agreement Termination

RECOMMENDATION:
Recommend that the Board of Supervisors adopt the attached resolution which authorizes the Chair to sign a Quitclaim Deed releasing the former Magnolia Ranch parcels from the former Development Agreement.

BACKGROUND:
On March 22, 2016 the Board adopted Ordinance No. 1553, which repealed Ordinance No. 1551 and terminated the Development Agreement between the County of Yuba and the developers of the Magnolia Ranch Specific Plan.

DISCUSSION:
While Ordinance No. 1553 formerly repealed the Development Agreement, the former developers want to ensure that the Development Agreement is removed from their property’s records. In order to accomplish the repeal a document needs to be recorded stating as such, however the Ordinance itself cannot be what is recorded. An attorney representing the property owners proposed the attached Quitclaim Deed, which has been reviewed by both the Recorder’s Office and County Counsel to determine if it would be an acceptable form of document.

COMMITTEE ACTION:
This is a follow up to accomplish the intent of Ordinance No. 1553

FISCAL IMPACT:
None.

TO:  YUBA COUNTY BOARD OF SUPERVISORS

FROM: MICHAEL LEE, PUBLIC WORKS DIRECTOR

SUBJ: ROAD RIGHT OF WAY ACQUISITION FOR GOLDFIELDS PARKWAY,
APN 019-270-040

RECOMMENDATION:

Adopt the attached resolution authorizing the Public Works Director to complete the purchase of 2.2 acres (APN 019-270-040) for Goldfields Parkway project, including the execution of any necessary documents subject to County Counsel review.

BACKGROUND:

The alignment for Goldfields Parkway was previously adopted by your Board. Public Works became aware of this property actively for sale and it is located along the alignment of the future Goldfields Parkway.

DISCUSSION:

This is a critical parcel on the portion of the Parkway between Hammonton Smartsville Road and N. Beale Road. Upon completion of this acquisition, we will have possession of over ½ of the needed parcels for this portion of the Parkway. With Board authorization, an offer of $165,000 was made and accepted by the seller.

COMMITTEE ACTION:

The Land Use & Public Works Committee was bypassed as this project is included in the approved budget.

FISCAL IMPACT:

Approximately $170,000 from Trust 192 to cover the cost of acquisition, including title/escrow fees, and other miscellaneous costs. An appraisal was performed by an independent appraiser and the purchase price was substantiated.

FROM:  MICHAEL G. LEE, DIRECTOR OF PUBLIC WORKS

SUBJ:  APPROVE AGREEMENT WITH RECOLOGY FOR THE MAINTENANCE OF OSTROM ROAD FROM THE ENTRANCE OF RECOLOGY’S FACILITY AT 5900 OSTROM ROAD EASTWARD TO ITS TERMINUS

RECOMMENDATION:

Approve the attached agreement with Recology for the maintenance of Ostrom Road from the entrance of Recology's facility at 5900 Ostrom Road eastward to its terminus.

BACKGROUND:

Ostrom Road is a county maintained road from Rancho Road to approximately 1/2 mile east of Recology's entrance at 5900 Ostrom Road. The road becomes gravel east of the entrance to Recology's facility at 5900 Ostrom Road. Due to limited revenues in the Road Fund, and the low traffic volume on this segment of road, we are unable to routinely grade the road or justify spending our limited resources on this segment of road.

DISCUSSION:

With an understanding of our limited resources and acting as a good neighbor, Recology has offered to maintain the approximate 1/2 mile gravel segment of Ostrom Road on behalf of the County. They have heavy equipment working at the landfill anyways, so it will be handy for them to routinely grade the road.

The attached agreement authorizes Recology to perform the maintenance and provides them the necessary indemnity language.

COMMITTEE ACTION:

The Land Use & Public Works Committee was bypassed.

FISCAL IMPACT:

There will be a net savings to the Road Fund. Savings will be somewhat limited since only limited maintenance currently takes place.
INDEMNITY AGREEMENT

THIS AGREEMENT is made as of the ___th day of August, 2016.

BETWEEN:

COUNTY OF YUBA, a political subdivision of the State of California,
(the "Indemnitor")

AND:

RECOLOGY OSTROM ROAD, a California corporation.
(the "Indemnitee")

WHEREAS:

A. The Indemnitee has offered to perform maintenance work at no charge to County on Ostrom Road (gravel section) from the entrance of Recology’s facility located at 5900 Ostrom Road, Wheatland, eastward towards its terminus ("Ostrom Road"), in accordance with the Yuba County Standard Plans and Specifications. The scope of the work will be as agreed between Indemnitor and Indemnitee, but in general consists of grading road and adding gravel as appropriate; and

B. In consideration of Indemnitee’s offer to perform and performance of maintenance work on Ostrom Road and other good and valuable consideration received, the Indemnitor has agreed to indemnify the Indemnitee for all liability, losses, damages, costs, charges, expenses, fines and penalties which have been or may be sustained by the Indemnitee as a result of its maintenance of the Ostrom Road.

IN WITNESS THEREFORE subject to the conditions hereunder, and for good and valuable consideration (the receipt and sufficiency of which is hereby acknowledged by the parties), the parties agree as follows:

A. To the maximum extent permitted by law, Indemnitor agrees to indemnify and save harmless Indemnitee, its affiliates and contractors, and its and their respective directors, officers, employees and agents (collectively, the "Indemnitee Parties"), from any claim, action, liability, loss, damage, cost, charge, expense, fine, penalty or suit (collectively, "Claims"), of any kind or
nature, arising from or in connection with the Indemnitee Parties’ performance of any maintenance work on Ostrom Road, specifically including but not limited to any partial or passive negligence on the part of any Indemnitee Party.

B. Where any Claim is asserted, Indemnitee shall provide Indemnitor with reasonably timely notice of same in writing.

C. Thereafter, Indemnitor shall at its own expense defend, protect and save harmless the Indemnitee Parties against said Claim or any loss or liability resulting therefrom.

D. All notices and demands of any kind which the Indemnitee may require or desire to serve in connection with this Agreement must be served in writing either (i) by personal service, or (ii) by registered or certified mail, return receipt requested, deposited in the United States Mail, with postage thereon fully prepaid, or (iii) by nationally recognized overnight courier, and addressed to the party so to be served as follows:

With a copy to:

E. Neither party may assign any right or obligation pursuant to this Agreement without the prior written consent of the other. Any attempted or purported assignment of any right or obligation pursuant to this Agreement in violation of the preceding sentence shall be void and of no legal effect.

F. This Agreement shall be unlimited as to amount or duration, and it shall be binding upon and inure to the benefit of the parties and their agents and representatives. This Agreement shall apply to any maintenance work performed by Indemnitee on Ostrom Road at any time, or from time to time, after the date hereof.
G. Nothing in this Agreement shall obligate Indemnitee to perform any maintenance work. Indemnitee may perform any maintenance work itself or use contractors to do so, and this Agreement shall apply equally regardless of how the work is performed.

H. This Agreement sets forth the entire agreement and understanding of the parties with respect to the subject matter hereof. This Agreement may not be amended, or any provision hereof waived, except by a writing signed by the party(ies) to be bound. If any provision of this Agreement is held unenforceable, the remainder of this Agreement shall remain enforceable to the maximum extent permitted by law. Board Memo

To:    Board of Supervisors
Fr:    Scott Bryan, Emergency Operations Manager
Re:    Proclaim the existence of a local emergency in the County of Yuba
Date:  September 20, 2016

Recommendation:
The Board of Supervisors adopts a resolution proclaiming the continuation of a local emergency due to the ongoing drought conditions.

Background:
On January 17, 2014 Governor Edmund G. Brown Jr. declared a Statewide Drought Emergency due to the impacts on the State of California as a result of four continuous years of drought. On February 18, 2014 the Director of Emergency Services proclaimed a local emergency due to the effects the drought has had within the County of Yuba. Your Board ratified said proclamation on February 25, 2014 and extended on August 23, 2016.

Discussion:
With an on-going water shortage affecting the County of Yuba, the final duration of the emergency has not yet been determined. The current seasonal rainfall totals have been below normal when compared to average rainfall totals. The National Weather Service continues to designate the County of Yuba as being in a severe drought and the existence of tree mortality is ever increasing. Therefore it is recommended that your Board extend the current proclamation of a local emergency until the end of the incident period per (Govt. Code Section 8630 (c)). This proclamation of emergency will be reviewed and renewed no less than once every thirty days. Per Govt. Code Section 8630(d), this proclamation of emergency shall be terminated as soon as reasonably possible.

Committee Action:
No committee action was taken due to time constraints.

Fiscal Impact:
There is an unknown impact to the general fund as of this date.
BEFORE THE BOARD OF SUPERVISORS
OF THE COUNTY OF YUBA

RESOLUTION:

THE BOARD OF SUPERVISORS
ADOPT A RESOLUTION
PROCLAIMING THE EXISTENCE OF
AN ONGOING LOCAL DROUGHT

RESOLUTION NO. ____________________

WHEREAS, the Yuba County Director of Emergency Services did hereby proclaim a
local emergency in the County of Yuba on February 18, 2014 per Ordinance Code section 4.20;
and

WHEREAS, conditions of peril to public health and safety remain in the County of Yuba
due to the statewide drought; and

WHEREAS, the County of Yuba Board of Supervisors does hereby find that the
aforesaid conditions of peril do warrant and necessitate a proclamation of the existence of a local
emergency due to a statewide drought; and
NOW, THEREFORE, IT IS HEREBY PROCLAIMED, that a local emergency continues to exist in the County of Yuba and the Board of Supervisors Proclamations through this resolution of the continuance of a Local Emergency in the County of Yuba.

*OTS-38a* (Rev. 01/16)
I. PROBLEM STATEMENT

Yuba County is located in rural northern California, approximately 40 miles north of Sacramento. The major employers in Yuba County include government agencies, retail, health care, manufacturing, and education. Yuba County’s population is diverse extending to its linguistics resulting in 3 threshold languages including English at 73 percent, Spanish at 20.01 percent, and Hmong at 5.19 percent. Several community coalitions believe that multi-generational socioeconomic factors have contributed to gaps in resident’s knowledge on health topics. United States Census Bureau data states that only 13.7 percent of Yuba County residents have attained a Bachelor’s Degree or higher level of education, compared with the California state average rate of 30.7 percent. According to the Bureau of Labor Statistics, the unemployment rate for Yuba County in August 2015 was 8.3 percent, compared with the state rate of 6.1 percent during the same month. Yuba County’s poverty rate is higher than those of surrounding counties, whereas 25.7 percent of Yuba County residents have an income below 125 percent of the Federal Poverty Level poverty rates for neighboring counties include the following: Sutter County (18.4 percent), Nevada County (11.7 percent), and Placer County (8.5 percent). As a result of socioeconomic factors such as poverty, poor educational attainment, and high unemployment, Yuba County residents are faced with more barriers than California residents as a whole.

Motor vehicle crash-related injuries are the leading cause of unintentional injury deaths among children and young adults. Motor vehicle crash fatality rates are especially high in rural areas because of lower prioritization of road maintenance, higher rates of impaired driving, lower rates of seat belt and child safety seat law compliance, and lower immediate access to emergency medical response and care (National Prevention Council, National Prevention Strategy, Washington, DC; U.S. Department of Health and Human Services, Office of the Surgeon General, 2011). Amongst these rural area characteristics, the Yuba County poverty rate poses another barrier to passenger safety for families by creating economic conditions where used and expired car seats are commonplace. During local 2015 car seat checkup events, approximately half of the seats checked by Child Passenger Safety Technicians or Instructors needed to be replaced. Over the past three years Yuba County has experienced a trend of increases in traffic collision-related injuries as reported in the SWITRS OTS Federal Fiscal Year Report. In 2013, there were 253 injured while this figure spiked significantly to 358 in 2014, and increased again in 2015 to 363 based on 2014 and 2015 provisional data. According to the Centers for Disease Control and Prevention (CDC), the age adjusted motor vehicle traffic-related death rate for Yuba County, CA is 18.7 per 100,000 compared with the Healthy People 2020 target of 12.4.

On April 9, 2012, Yuba County had a fatal pickup versus pedestrian collision that was not counted in our motor vehicle crash data because it happened in a driveway on private property. A three year-old was backed over by his older brother pulling out of the driveway. This demonstrates the need for continued “Spot the Tot” education. While back-up cameras are becoming more standardized in newer vehicles, many of our Yuba County clients still have vehicles that are five to fifteen years old or older. Both teens and parents need reminders to look around their vehicles before getting in and turning them on.

The California Child Restraint Law will be changing January 1, 2017 to require children two years of age or younger to remain riding in a rear-facing child restraint unless the child weighs 40 or more pounds or is 40
or more inches tall. The child must be secured in a manner that complies with the height and weight limits specified by the manufacturer of the car seat. A new study in the Journal of Pediatric Health Care shows that safety laws have failed to stay current with pertinent research regarding best practice for child restraints. The American Academy of Pediatrics made their initial recommendation for infants to remain rear facing until the age of two in 2011. Parents look to laws to provide guidance about restraint use. In many cases these laws are letting them down. The American Automobile Association conducted a survey that showed 86 percent of parents thought they were knowledgeable of their state's child restrain laws, but only 39 percent could identify the age at which their state allows a child to rise in a seat belt. In Yuba County, 30.2 percent of children under 18 are living in poverty (census.gov). Children are at higher risk of having unmet needs, including safety needs like proper child restraints, if they are living in poverty. Currently the law only requires that children ride in rear facing car seats until their first birthday. The need to educate parents of children under two, new parents, healthcare providers, and law enforcement to see the value in following, recommending, and enforcing this law will be a high priority as January 1, 2017 approaches.

The Traffic Injury Research Foundation reports safety campaigns targeting child restraints are most effective when they utilize more than one strategy and that positive, incentive-based campaigns, such as those that involve the distribution of free child restraints and education for both children and parents are more effective than punitive campaigns. While Yuba County has obstacles to overcome to keep occupants safe in vehicles, STAY aims to educate the community, educate agencies that interact with parents and caregivers, educate parents and caregivers, distribute child restraints and, at appropriate locations, incorporate children's education. This multi-pronged approach hopes to increase traffic and occupant safety across Yuba County.

Media Requirements

- Submit all grant-related activity press releases, media advisories, and general public materials to the OTS Public Information Officer (PIO) at pio@ots.ca.gov, with a copy to your OTS Coordinator.

  ✓ If an OTS template-based press release is used, the OTS PIO and Coordinator should be copied when the release is distributed to the press. If an OTS template is not used, or is substantially changed, a draft press release shall be sent to the OTS PIO for approval. Optimum lead time would be 10-20 days prior to the release date to ensure adequate turn-around time.

- Use the following standard language in all press, media, and printed materials: Funding for this program was provided by a grant from the California Office of Traffic Safety, through the National Highway Traffic Safety Administration.

- Email the OTS PIO at pio@ots.ca.gov and copy your OTS Coordinator at least 30 days in advance, a short description of any significant grant-related traffic safety event or program so OTS has sufficient notice to arrange for attendance and/or participation in the event.

SUBJECT: Resolution Authorizing the Revision of the 14Forward Emergency Temporary Shelter Agreement and Related Documents

RECOMMENDATION: It is recommended that the Board of Supervisors approve the attached Resolution of the Board authorizing the Emergency Temporary Shelter Agreement template for 14Forward be revised and further authorizing the Director of the Health and Human Services Department (HHSD) to make future revisions to the Emergency Temporary Shelter Agreement template and related attachments, and to develop and amend other 14Forward temporary resident related agreements and documents upon review and approval of county counsel.

BACKGROUND: Yuba County owns real property located at 938 14th Street, Marysville, which is currently being used to provide temporary emergency shelter to Yuba County residents subject to displacement from the homeless encampments in the area known as “the Horseshoe.”

DISCUSSION: The current Emergency Temporary Shelter Agreement template is specific to those residents displaced from the area known as “the Horseshoe” in Yuba County. The revised template, among other revisions, removes the reference to “the Horseshoe.” It may be necessary to make future minor revisions to the template, related attachment, and other 14Forward temporary resident related documents. It will be more efficient to authorize the HHSD Director to make future revisions to or develop new 14Forward documents related to the temporary residents, upon review and approval of county counsel.

COMMITTEE: The Human Services Committee was by-passed as this request will not impact County General Funds.

FISCAL IMPACT: Approval of this authorization will not impact County General Funds.

EMERGENCY TEMPORARY SHELTER AGREEMENT

This Agreement is entered into between ___________________________ (the User) and the County of Yuba (the County). By this Agreement the County agrees to provide emergency shelter to the User for a limited period of time without charge to the User. It is the County’s intention by this agreement to attempt to offset some of the negative consequences of the displacement of persons from homeless encampments in Yuba County.

1. The County agrees to provide emergency shelter for eligible County residents. To be eligible to take advantage of this free emergency shelter opportunity the User must have been identified by County officials as in need of emergency shelter; the County’s decision with respect to eligibility for emergency shelter is final and not subject to review.

2. The County emergency shelter camp is located on County property located near the intersection of 14th St. and J St. within the City of Marysville, California. The maximum number of Users of the emergency shelter area is forty (40) people. The County will provide a suitable simple wood frame structure for shelter within the emergency shelter camp.

3. The emergency shelter camp is for temporary shelter only. Stay at the emergency shelter camp is limited to twenty one (21) days. A User of the shelter may apply for an extension at the temporary shelter at the end of a 21 day period and the County may grant such applications up to a maximum total stay at the camp of eighty four (84) days. It is understood that this grant of temporary emergency shelter creates absolutely no right or interest enforceable under California’s landlord tenant laws. The County may terminate a User’s ability to enter or remain on the premises of the emergency shelter at any time and for any reason, in the County’s sole discretion. The User agrees to cooperate with the County’s Department of Health and Human Services in efforts to secure more permanent housing.

4. The County shall provide sanitary facilities consisting of chemical toilets and hand wash stations. The County will be responsible for the cleaning and maintenance of all facilities. The County shall determine the location and placement of the sanitary facilities.

5. The use of the emergency shelter facility is subject to the terms and conditions set forth below. User understands and agrees that violation of any of these terms and conditions may result in immediate expulsion from the emergency shelter facility.

   a) The County will provide a simple wooden structure for shelter, along with items listed in Exhibit A (attached). Occupancy of each structure is limited to a maximum of two Users,
each of whom must have qualified for admission to the emergency shelter facility and
signed this Agreement. A User must stay in the shelter unit assigned by the County. A
User may apply to change shelter units, but the decision to grant such a request lies in the
sole discretion of the County. Overnight guests are not permitted.
b) Additions to the structure provided by the County, including lean-tos, tents, any form of
structure, awnings, or any other type of accessory living area are not permitted.
c) No persons under the age of 18 are permitted in the emergency shelter facility, unless part
of a volunteer group providing services at the facility.
d) Possession or consumption of alcoholic beverages or illegal drugs, including medical
marijuana, is not permitted in the emergency shelter facility or on any other County
property.
e) Smoking is permitted only in outdoor areas designated by the County as smoking areas.
Smoking is not permitted inside the structure provided by the County.
f) Open fires are not permitted in the emergency shelter facility.
g) Pet dogs or cats are permitted within the emergency shelter facility, but are limited to one
per User. Pets, while in the facility, must remain kenneled or restrained on a leash six
feet in length or shorter. Pets are not permitted inside the structure provided by the
County. If a particular pet is determined by the County, in its sole discretion, to be
dangerous or a nuisance, the pet and/or its owner may be subject to expulsion from the
facility. The County may, in its sole discretion, permit other types of small pets within
the facility. Large pets (e.g. horses) are not permitted in the facility. The owner or
caretaker of a pet or assistance animal in the emergency shelter facility is responsible for
the care of the animal and for cleaning up after the animal.
h) Firearms are not permitted in the emergency shelter facility. Other dangerous weapons,
including knives with a blade length of 4 inches or longer, are not permitted in the
emergency shelter facility.
i) The emergency shelter facility involves people living in relatively close quarters; the
User agrees to maintain a “quiet time” from 10:00 p.m. to 6:00 a.m. for the benefit of all
users. Visitors are NOT allowed on the premises of the emergency shelter.
j) The emergency shelter facility is adjacent to a residential area in the City of Marysville. Users of the facility shall not trespass on private property, shall not “panhandle” or otherwise solicit area residents, and shall not engage in any kind of criminal conduct.

k) Trash and refuse receptacles will be provided by the County; User agrees to use such containers, not allow an accumulation of trash or refuse, and to keep the facility clean and orderly.

l) The County will provide a “power drop” for the charging of cell phones and other personal electronic devices. Extension cords from the power drop are not permitted and will be seized.

m) Motor vehicles, including motorcycles, motor scooters, or motorized bicycles are not permitted in the emergency shelter facility. Parking for properly registered, street legal motor vehicles will be provided by the County at a location near the facility. Trailers of any kind, including camp trailers, are not permitted in the emergency shelter facility. The County will not provide parking for any kind of trailer or recreational vehicle.

n) Each structure will have a smoke detector and fire extinguishers will be available in the facility. The County shall have the right, upon reasonable notice, to access each structure to ensure that said items are in working order, as well as to ensure compliance with these rules and regulations.

o) User agrees to keep the structure to which he or she is assigned clean and orderly. Exterior storage of personal belongings in the facility is not permitted. The County will provide secure storage of personal property, but that storage is not something to which User will have daily or frequent access.

p) If User is away from the facility for longer than 48 hours without prior authorization, personal belongings will be removed from the assigned unit and put into the storage container; unit will be reassigned.

I understand that I am a guest of the County of Yuba and that any violation of the foregoing rules and expectations may lead to immediate expulsion from the Yuba County emergency shelter.

D.8 STANDARD OF PERFORMANCE. CONTRACTOR shall perform all services required pursuant to this Agreement in the manner and according to the standards observed by a competent practitioner of the profession in which CONTRACTOR is engaged. All products of whatsoever nature which CONTRACTOR delivers to COUNTY pursuant to this Agreement shall be prepared in a first class and workmanlike manner and shall conform to the standards or quality normally observed by a person practicing in CONTRACTOR's profession.

D.9 POSSESSORY INTEREST. The parties to this Agreement recognize that certain rights to property may create a "possessory interest," as those words are used in the California Revenue and Taxation Code, §107. For all purposes of compliance by COUNTY with Section 107.6 of the California Revenue and Taxation Code, this recital shall be deemed full compliance by the COUNTY. All questions of initial determination of possessory interest and valuation of such interest, if any, shall be the responsibility of the County Assessor and the contracting parties hereto. A taxable possessory interest may be created by this contract; and if created, the party in whom such an interest is vested will be subject to the payment of property taxes levied on such an interest.

D.10 TAXES. CONTRACTOR hereby grants to the COUNTY the authority to deduct from any payments to CONTRACTOR any COUNTY imposed taxes, fines, penalties and related charges which are delinquent at the time such payments under this Agreement are due to CONTRACTOR.

D.11 TERMINATION. Upon termination of this Agreement as otherwise provided herein, CONTRACTOR shall immediately cease rendering service upon the termination date and the following shall apply:

D.11.1 CONTRACTOR shall deliver copies of all writings prepared by it pursuant to this Agreement. The term "writings" shall be construed to mean and include: handwriting, typewriting, printing, photostating, photographing, and every other means of recording upon any tangible thing and form of communication or representation, including letters, words, pictures, sounds, or symbols, or combinations thereof.

D.11.2 COUNTY shall have full ownership and control of all such writings or other communications delivered by CONTRACTOR pursuant to this Agreement.

D.11.3 COUNTY shall pay CONTRACTOR the reasonable value of services rendered by CONTRACTOR to the date of termination pursuant to this Agreement not to exceed the amount documented by CONTRACTOR and approved by COUNTY as work accomplished to date; provided, however, COUNTY shall not in any manner be liable for lost profits which might have been made by CONTRACTOR had CONTRACTOR completed the services required by this Agreement. In this regard, CONTRACTOR shall furnish to COUNTY such financial information as in the judgment of the COUNTY is necessary to
determine the reasonable value of the services rendered by CONTRACTOR. In the event of a dispute as to the reasonable value of the services rendered by CONTRACTOR, the decision of the COUNTY shall be final. The foregoing is cumulative and does not affect any right or remedy which COUNTY may have in law or equity.

CONTRACTOR may terminate its services under this Agreement upon thirty (30) days written notice to the COUNTY, without liability for damages, if CONTRACTOR is not compensated according to the provisions of the Agreement or upon any other material breach of the Agreement by COUNTY.

D.12 NON-DISCRIMINATION. Throughout the duration of this Agreement, CONTRACTOR shall not unlawfully discriminate against any employee of the CONTRACTOR or of the COUNTY or applicant for employment or for services or any member of the public because of race, religion, color, national origin, ancestry, physical or mental disability, medical condition, marital status, age, sex or sexual orientation. CONTRACTOR shall ensure that in the provision of services under this Agreement, its employees and applicants for employment and any member of the public are free from such discrimination. CONTRACTOR shall comply with the provisions of the Fair Employment and Housing Act (Government Code Section 12900 et seq.). The applicable regulations of the Fair Employment Housing Commission implementing Government Code Section 12900, set forth in Chapter 5, Division 4 of Title 2 of the California Code of Regulations are incorporated into this Agreement by reference and made a part hereof as if set forth in full. CONTRACTOR shall also abide by the Federal Civil Rights Act of 1964 and all amendments thereto, and all administrative rules and regulations issued pursuant to said Act. CONTRACTOR shall give written notice of its obligations under this clause to any labor agreement. CONTRACTOR shall include the non-discrimination and compliance provision of this paragraph in all subcontracts to perform work under this Agreement.

D.13 REHABILITATION ACT OF 1973/AMERICANS WITH DISABILITIES ACT OF 1990. In addition to application of the non-discrimination provision of this Agreement, above, CONTRACTOR agrees to comply with all provisions of section 504 et seq. of the Rehabilitation Act of 1973, and with all provisions of the Americans with Disabilities Act of 1990, and all amendments thereto, and all administrative rules and regulations issued pursuant to said Acts, pertaining to the prohibition of discrimination against qualified handicapped and disabled persons, in all programs or activities, as to employees or recipients of services.

D.14 OWNERSHIP OF INFORMATION. All professional and technical information developed under this Agreement and all work sheets, reports, and related data shall become the property of COUNTY, and CONTRACTOR agrees to deliver reproducible copies of such documents to COUNTY on completion of the services hereunder. The COUNTY agrees to indemnify and hold CONTRACTOR harmless from any claim arising out of reuse of the information for other than this Agreement.
D.15 WAIVER. A waiver by any party of any breach of any term, covenant or condition herein contained or a waiver of any right or remedy of such party available hereunder at law or in equity shall not be deemed to be a waiver of any subsequent breach of the same or any other term, covenant or condition herein contained or of any continued or subsequent right to the same right or remedy. No party shall be deemed to have made any such waiver unless it is in writing and signed by the party so waiving.

D.16 COMPLETENESS OF INSTRUMENT. D.21 SUCCESSORS AND ASSIGNS. All representations, covenants and warranties specifically set forth in this Agreement, by or on behalf of, or for the benefit of any or all of the parties hereto, shall be binding upon and inure to the benefit of such party, its successors and assigns.

D.22 MODIFICATION. No modification or waiver of any provision of this Agreement or its attachments shall be effective unless such waiver or modification shall be in writing, signed by all parties, and then shall be effective only for the period and on the condition, and for the specific instance for which given.
D.23 COUNTERPARTS. This Agreement may be executed simultaneously and in several counterparts, each of which shall be deemed an original, but which together shall constitute one and the same instrument.

E.1 INSURANCE. CONTRACTOR shall procure and maintain for the duration of the contract insurance against claims for injuries to persons or damages to property which may arise from or in connection with the performance of the work hereunder by the CONTRACTOR, its agents, representatives, or employees.

E.2 MINIMUM SCOPE AND LIMIT OF INSURANCE. Coverage shall be at least as broad as:

E.2.1 Commercial General Liability (CGL): Insurance Services Office Form CG 00 01 covering CGL on an "occurrence" basis for bodily injury and property damage, including products-completed operations, personal injury and advertising injury, with limits no less than $1,000,000 per occurrence. If a general aggregate limit applies, either the general aggregate limit shall apply separately to this project/location or the general aggregate limit shall be twice the required occurrence limit.

E.2.2 Automobile Liability: Insurance Services Office Form Number CA 0001 covering, Code 1 (any auto), or if CONTRACTOR has no owned autos, Code 8 (hired) and 9 (non-owned), with limit no less than $1,000,000 per accident for bodily injury and property damage.

E.2.3 Workers' Compensation insurance as required by the State of California, with Statutory Limits, and Employer's Liability Insurance with limit of no less than $1,000,000 per accident for bodily injury or disease.

E.2.4 Professional Liability (Errors and Omissions) Insurance as appropriate to CONTRACTOR's profession, with limits no less than $1,000,000 per occurrence or claim, $2,000,000 aggregate.

If the CONTRACTOR maintains higher limits than the minimums shown above, COUNTY requires and shall be entitled to coverage for the higher limits maintained by CONTRACTOR.

E.3 Other Insurance Provisions. The insurance policies are to contain, or be endorsed to contain, the following provisions:

E.4 Additional Insured Status. COUNTY, its officers, officials, employees, and volunteers are to be covered as additional insureds on the auto policy with respect to liability arising out of automobiles owned, leased, hired or borrowed by or on behalf of CONTRACTOR; and on the CGL policy with respect to liability arising out of work or operations performed by or on behalf of CONTRACTOR including materials, parts, or
equipment furnished in connection with such work or operations. General liability coverage can be provided in the form of an endorsement to the CONTRACTOR's insurance (at least as broad as ISO Form CG 20 10, 11 85 or both CG 20 10 and CG 23 37 forms if later revisions used).

E.5 Primary Coverage. For any claims related to this contract, CONTRACTOR's insurance coverage shall be primary insurance as respects COUNTY, its officers, officials, employees, and volunteers. Any insurance or self-insurance maintained by COUNTY, its officers, officials, employees, or volunteers shall be excess of CONTRACTOR's insurance and shall not contribute with it.

E.6 Notice of Cancellation. Each insurance policy required above shall state that coverage shall not be canceled, except with notice to the COUNTY.

E.7 Waiver of Subrogation. CONTRACTOR hereby grants to COUNTY a waiver of any right to subrogation which any insurer of said CONTRACTOR may acquire against COUNTY by virtue of the payment of any loss under such insurance. CONTRACTOR agrees to obtain any endorsement that may be necessary to effect this waiver of subrogation, but this provision applies regardless of whether or not COUNTY has received a waiver of subrogation endorsement from the insurer.

E.8 Deductibles and Self-Insured Retentions. Any deductibles or self-insured retentions must be declared to and approved by COUNTY. COUNTY may require CONTRACTOR to provide proof of ability to pay losses and related investigations, claim administration, and defense expenses within the retention.

E.9 Acceptability of Insurers. Insurance is to be placed with insurers with a current A.M. Best's rating of no less than A:VII, unless otherwise acceptable to the COUNTY.

E.10 Claims Made Policies. If any of the required policies provide coverage on a claims-made basis:

E.10.1 The Retroactive Date must be shown and must be before the date of the contract or the beginning of contract work.

E.10.2 Insurance must be maintained and evidence of insurance must be provided for at least five (5) years after completion of the contract of work.

E.10.3 If coverage is canceled or non-renewed, and not replaced with another claims-made policy form with a Retroactive Date prior to the contract effective date, CONTRACTOR must purchase "extended reporting" coverage for a minimum of five (5) years after completion of contract work.

E.11 Verification of Coverage. CONTRACTOR shall furnish COUNTY with original certificates and amendatory endorsements or copies of the applicable policy language.
effecting coverage required by this clause. All certificates and endorsements are to be received and approved by COUNTY before work commences. However, failure to obtain the required documents prior to the work beginning shall not waive CONTRACTOR's obligation to provide them. COUNTY reserves the right to require complete, certified copies of all required insurance policies, including endorsements required by these specifications, at any time.

E.12 Subcontractors. CONTRACTOR shall require and verify that all subcontractors maintain insurance meeting all the requirements stated herein.

Re: Resolution to approve the purchases for County wide camera project

Recommendation:
The Board of Supervisors approve the purchase of additional services for camera installation and replacement projects within the County; and authorize the Purchasing Agent to execute the agreements upon review by County Counsel.

Background:
The County needs to begin replacing and supplementing the surveillance camera system at major County facilities. A vendor was brought in as a sole source provider due to their previously competed agreements, pricing, and familiarity with our systems.

Due to the complexity of this project, and the unique needs of each facility, RFI was selected based on prior camera projects in April of 2016 and also based on their certification with the county's existing video surveillance management system (OnSSI). RFI has successfully completed projects for both Health and Human Services and for the Treasurer's Office. They have been very responsive to changes in scope, problem resolution, and tuning for those projects.

Discussion:
Due to age, style and design a number of our current cameras are failing and need to be updated.

In Juvenile Hall, it has been recommended they upgrade their very old system. Working with this vendor we've designed a system for the Hall that can be redeployed to the new facility when it is completed.

At the Gov Center, we are missing out on law enforcement action due to poor picture quality.

We have worked with the vendor to minimize costs as part of the contracts to date and will continue to work with them to minimize costs in future. Cost management includes a services contract (WSCA/NASPO contract number 3047) and limited material cost mark-up. As the individual contracts are finalized, we ask the Board authorize the Purchasing Agent to execute them in the interest of time.

Yuba County Information Technology 749-7980
Committee Action:
Due to the routine nature of this request, we have brought this item directly to your Board for consideration.

Fiscal Impact:
There is no additional budget requested, but an allowance of services from the single vendor (RFI) to exceed the current $50,000 annual limit set by purchasing policy. Costs for the camera upgrades are budgeted for and reside in each appropriate department's or building's budget. We are requesting the Board authorize these expenditures totaling no more than $150,000 across all projects.
BEFORE THE BOARD OF SUPERVISORS
OF THE COUNTY OF YUBA

APPROVE THE PURCHASE OF ADDITIONAL SERVICES FOR CAMERA INSTALLATION AND REPLACEMENT PROJECTS WITHIN THE COUNTY; AND AUTHORIZE THE PURCHASING AGENT TO EXECUTE THE AGREEMENTS.

WHEREAS, the county uses camera systems for security surveillance at all major County facilities; and

WHEREAS, there are additional camera projects required for the County, including new installations for Juvenile Hall and replacements for the Government Center; and

WHEREAS, RFI Enterprises has successfully implemented significant camera replacements and new installations for Health and Human Services and the Treasurer’s Office; and

NOW, THEREFORE, BE IT RESOLVED, The Yuba County Board of Supervisors hereby authorizes the Purchasing Agent to approve additional contracts for RFI Enterprises up to $150,000 within the 2016/2017 Budget Year, subject to county counsel approval.

Recommendation

The Board receives a presentation from the Golden Empire Council of the Boy Scouts of America on their plans and progress for the property formerly known as the County 4H Camp.

Background / Discussion

The County donated the old 4H Camp property to the Golden Empire Council of the Boy Scouts of America late last year. The Scouts have invested a lot of money and work in the property and they are anxious to share their plans with the Board.

Re:        Staff direction on building security

Recommendation

Provide staff direction how to proceed with procuring services for unarmed building security for County facilities.

Background

The County of Yuba has a need for unarmed uniformed security at several facilities. We have two full time officers during a daytime shift at the Courthouse and one in the Shoening Court Annex. We have guards 24/7 at our Packard Health and Human Services / Child Support facility, one guard assigned during Board of Supervisor meetings, and we have many ad hoc requests for after-hours work at the Government Center and at other sites per user request.

Discussion

The County of Yuba has been served by Elite Security contractually for twelve years and in reality many more years than that. The first contract that we are aware of began in 2004. We conducted an RFP in 2010 and issued a new 5 year contract. In 2015 we developed a new contract for one year only that also included the option to renew for two one-year extensions at County discretion.

Rates over the years have ranged from $15.97 in 2004 to $16.77 in 2007 to $13.44 in 2010 to $14.75 currently.

When the one year contract was passed in 2015, several Board Members mentioned a preference to go out to bid.

The Board has several options to consider;

Yuba County Administrative Services 749-7880
- Renew the current agreement for a one-year extension
- Direct staff to issue a request for proposals to evaluate options in the marketplace
- Direct staff to explore other options rather than using private security services

**Committee Action**

As this action is to seek direction only, we brought the request directly to your Board for a recommendation.

**Fiscal Impact**

Re: Relocation of Veteran's Memorial stone tablets

Recommendation

The Board hereby authorizes the removal of the marble tablets bearing the names of Yuba County's World War One fallen veterans in order for them to be relocated to the Veteran's Memorial Center in Marysville.

Background

The 14 white marble tablets bearing the names of Yuba County's World War One veterans have been attached to the wall in the lower level Courthouse courtyard garden for many years. They were placed there by several Yuba County Veterans' organizations and appear to remain their property.

Discussion

The Marysville Veteran's Memorial Center; home of the American Legion Post #42 and VFW Hall Post #987 has requested these plaques be relocated from the Courthouse garden to the Center where they may be displayed and cared for.

Yuba County Buildings & Grounds will coordinate resources for their removal and the transportation to their new home.

Committee Action

Due to the unique nature of the request, the item has been brought directly to the Board for review.

Fiscal Impact

We do not anticipate any fiscal impact as a result of this action.

RE: Yuba-Sutter Regional Leadership Committee about homelessness
DATE: September 13, 2016

RECOMMENDATION

It is recommended that the Board of Supervisors participate in a Regional Homelessness Leadership Committee and designate a board member and alternate to serve.

BACKGROUND

Yuba County staff and consultant Scott Thurmond developed a draft regional homeless plan and asked administrators and elected officials in the region to review. In July, your Board appointed Supervisor Fletcher to serve on the committee to review and discuss the proposed Action Plan for Homelessness. The six jurisdictions and at least one elected from each jurisdiction met on August 16th to discuss next steps to have the draft plan discussed before each council and board.

The outcome of that meeting was the recommendation to create a Regional Leadership Committee comprised of one member and one alternate from the Yuba and Sutter County Boards of Supervisors and the City Councils of Live Oak, Marysville, Wheatland and Yuba City. The objective of the Regional Leadership Committee will be to establish a way forward in the Yuba-Sutter Region to address homeless camping and homelessness impacting the quality of life in our communities. The development and implementation of a coordinated response from the counties and cities in the Yuba-Sutter region is an intended outcome of this work.

Attached is a draft Action Plan for Homelessness that will form a starting point for the work of the Regional Leadership Committee.

FISCAL IMPACT

None
ACTION PLAN FOR HOMELESSNESS
YUBA AND SUTTER COUNTIES

This plan is being developed to establish a way forward for the Yuba-Sutter region to address homeless camping, which impacts quality of life in our communities. Its purpose is to address the needs of both chronic and situational homeless persons through the development and implementation of a coordinated response from the counties and cities in the Yuba-Sutter region. This joint effort will reduce the number of people living in public spaces through this coordinated effort of local jurisdictions and non-profit organizations.

SUMMARY

Unique to the Yuba-Sutter region is the ease of migration between jurisdictions and attractiveness of the river bottom locations for camping. The two counties (Sutter and Yuba) and four incorporated cities (Yuba City, Live Oak, Marysville and Wheatland) have a combined population of 168,690. The 2015 point in time count of homeless individuals in Sutter and Yuba counties identified 869 individuals experiencing homelessness, slightly down from the 997 counted in 2006 (Appeal Democrat 5-3-06). About a third of the identified homeless population (31%) reported chronic substance abuse, severe mental illness, military veteran status, or fleeing a domestic violence situation contributing to homelessness.

Government alone cannot solve the issue of homelessness. It is critical that local government agencies partner with non-profit service providers, business operators/owners, residents, and people who are homeless in this planning process. All are considered stakeholders.

The overall purpose and mission of this plan is to provide a strategy for implementation of a coordinated, sustainable regional approach to assist homeless individuals and families achieve stable and healthy lives. A concurrent purpose of this plan is to create a more positive interaction between the homeless and the general community at or near public locations; ensuring the enjoyment of public spaces for all local citizens within the region.

Note: This is a living document created to serve as a guide and subject to change and amendment as this partnership grows.

FROM:    MICHAEL G. LEE, DIRECTOR OF PUBLIC WORKS

SUBJ:   TRAFFIC ORDINANCE AMENDMENT TO ESTABLISH SPEED LIMIT ON COUNTRY CLUB ROAD FROM FEATHER RIVER BLVD WESTERLY TO END OF COUNTRY CLUB ROAD

RECOMMENDATION:

Approve the attached Ordinance Amendment establishing speed limit of 30 mph on Country Club Road from Feather River Blvd westerly to end of Country Club Road.

BACKGROUND:

Residents have complained about motorists speeding on this section of Country Club Road. Currently, this road segment is not posted for a speed limit and the prima facie speed limit for roads not posted is a maximum of 55 mph.

A speed survey was conducted in July 2016 for this road and an engineering and traffic survey (ETS) was subsequently completed.

The Three Rivers Levee Improvement Authority (TRLIA) has plans to open up lands on the western side of the levee at the end of Country Club Road to the general public.

The section of Country Club Road east of Feather River Blvd has a speed limit of 35 mph per current ordinance.

DISCUSSION:

Residents have complained about the speed of motorists on this section of Country Club Road. Residents are also concerned about the potential increase in traffic and motorists’ speeds when TRLIA opens up land to the general public at the westerly end of Country Club Road in the near future.

Homes on this section of the road have a density less than the required density to meet the definition of a residence district as established in the California Vehicle Code. Therefore, a prima facie speed limit of 25 mph for a residence district is not applicable. To establish a lower speed limit than 55 mph an engineering and traffic survey (ETS) has to be performed.
The results of the speed study (the raw traffic data) for this section of Country Club Road resulted in an 85<sup>th</sup> percentile speed of 31.6 mph. Rounding to the nearest 5 mph increment the initial speed limit would be 30 mph. The results of the ETS indicated that no conditions exist to reduce the 85<sup>th</sup> percentile lower than the 30 mph.

Therefore, a speed limit of 30 mph for this section of Country Club Road is more than reasonable. The speed limits will not be in effect until signs are installed.

Three Rivers Levee Improvement Authority has requested that your Board consider this as an urgency ordinance (see attached letter).

**COMMITTEE ACTION:**

The Land Use & Public Works Committee reviewed this item and recommends approval.

**FISCAL IMPACT:**

Cost to install all of the signs is approximately $700 which will be paid from the Road Fund.

RE: Proposed Speed Limit Ordinance for Country Club Avenue – Urgency Request

Request the proposed Speed Limit Ordinance for Country Club Avenue be adopted by the Yuba County Board of Supervisors as Urgent.

Urgency is needed for this speed limit ordinance on Country Club Avenue because there are several public safety concerns as outlined below:

1) Country Club Avenue has been designated by the TRLIA Board as the interim entrance into the Feather Setback Area. Currently there is no posted speed limit sign on Country Club Avenue. This is a safety concern since visitors to the Feather Setback Area could travel at unsafe speeds that could impact the residents along Country Club. Posting the speed limit signage will allow the Sheriff and Highway Patrol to have a valid speed limit to enforce along Country Club. This is important for the residents that live along Country Club. Placing the speed limit sign on Country Club is the trigger for Country Club to be open.

2) There is a strong desire by people to gain access to the Feather Setback area; specifically the Feather River. To prevent vandalism of the levee system (gates etc.) TRLIA has allowed public access to the setback area, but has recently needed close the public entrance at Star Bend due to dust issues. A solution to the dust problem has not been found. Currently there is no public entrance to setback area and people are again vandalizing and damaging the levee system and adjacent orchards to gain access to the Feather Setback and River, which are directly impacting public safety. The TRLIA Board has approved the levee ramp entrance at Country Club Ave to be the interim entrance to offset these issues.

Thank you for your consideration of this request. If there are questions, please contact me 530-749-5679, or email at pbrunner@co.yuba.ca.us.

THE BOARD OF SUPERVISORS OF THE COUNTY OF YUBA, STATE OF CALIFORNIA DOES ORDAIN AS FOLLOWS:

Section 1. This ordinance shall take effect Thirty (30) days after its passage, and before the expiration of fifteen (15) days after its passage a summary shall be published with the names of the members voting for and against the same, once in a local newspaper of general circulation in the County of Yuba, State of California.

Section 2. Upon the basis of the engineering and traffic survey, the Yuba County Board of Supervisors hereby determines and declares that a speed limit of 55 miles per hour is more than reasonable or safe for any person to drive a vehicle on or along the sections of roads described and set out herein and the Board hereby determines and declares that the prima facie speed limits set forth herein are more appropriate to facilitate the orderly movement of traffic and are reasonable and safe. Section 9.15.041 of Chapter 9.15 of Title IX is therefore amended as follows:

9.15.041 Country Club Road

(a) No person shall drive a vehicle on or along Country Club Road from Feather River Road easterly to the end of Country Club Road in excess of a speed limit of 35 mile per hour.

SUBJECT: Create Ordinance Chapter 7.20, Emergency Homeless Shelters and Facilities

RECOMMENDATION:
1. Adopt as urgent, by four-fifths vote, the Findings and Declarations as listed in Section one (1) of the attached ordinance
2. Adopt Urgency Ordinance creating Chapter 7.20, Emergency Homeless Shelters and Facilities (four-fifths vote required).

BACKGROUND: Yuba County has been working on both short-term and long-term solutions regarding our local homeless population. Numerous inspections at the three primary homeless encampments, identified at previous Board meetings, revealed the existence of numerous and severe health and safety violations that demanded immediate attention by the County. The County embarked on a multifaceted plan to clean up areas where homeless were living and establish a temporary shelter for the homeless to supplement a shortage of existing beds that serve unsheltered homeless persons. On June 14, 2016, your Board received information regarding homeless activities including concerns, barriers and known hazards. Your Board approved funding for the creation of a local emergency homeless shelter, now known as 14 Forward.

DISCUSSION: On July 26, 2016, your Board adopted a Resolution (2016-69) that cites numerous health and safety issues associated with homeless encampments including identifying a shortage for housing for low-income households. As part of that Resolution, your board declared an Emergency Shelter Crisis pursuant to California Government Code, sections 8698-8698.2.
Pursuant to those Government Code sections, when the County declares a shelter crisis, the County shall become immune from liability for ordinary negligence that may occur in providing emergency housing. The Statute further suspends all regulatory statutes and regulations that prescribe standards of housing, health and safety, as strict compliance with existing regulations would prevent, hinder or delay the County's ability to alleviate the immediate health and safety hazards that are occurring due to the lack of affordable housing for low-income individuals as well as persons who are unable to obtain shelter.

The Statute allows the County to enact minimal public health and safety standards that replace current health and safety standards. The attached ordinance sets the standards for both emergency homeless facilities and structures used for shelters within the facilities. The standards contained in the ordinance will be operative only during a declared housing emergency and the standards only apply to facilities that are owned, operated, leased or maintained by the County of Yuba.

14 Forward is currently operating and has been since July 15, 2016. The County has taken measures to ensure that the 14 Forward facility is safe and healthy for both its participants as well as the community. It is imperative that this Ordinance move forward as urgent in order to preserve public health and safety and especially the health and safety of homeless individuals that are unable to find shelter. Also as an urgent matter, this ordinance coupled with the County’s Resolution declaring a shelter emergency, aligns the County’s declared shelter emergency with the Government Code by immediately establishing minimal standards for health and safety.

ENVIRONMENTAL DETERMINATION: Pursuant to the State Guidelines to implement the California Environmental Quality Act (CEQA), the ordinance has been reviewed for its potential to impact the environment. It is recommended that the Board of Supervisors determine that the proposal will not have an adverse impact upon the environment and it is, therefore, EXEMPT from further environmental review pursuant to CEQA Section 15061(b)(3).

COMMITTEE ACTION: Land Use & Public Works Committee was bypassed due to the urgency of this item.

FISCAL IMPACT: The proposed ordinance will not have a significant impact on the General Fund as the development of the 14 Forward facilities was constructed using monies from the Relocation Trust Fund (#256) and the facilities are consistent with the standards proposed in the ordinance. Ongoing costs of operation and maintenance will come from several other identified fund accounts as well as private donations.

THE BOARD OF SUPERVISORS OF THE COUNTY OF YUBA, STATE OF CALIFORNIA
DOES ORDAIN AS FOLLOWS:

SECTION 1.

The Board of Supervisors of the County of Yuba, by four-fifths vote, hereby finds and declares the following:

A. Resolution No 2016-69 was adopted by the Yuba County Board of Supervisors on July 26, 2016. The declarations made on that day continue to exist within the County as well as surrounding jurisdictions. The findings contained therein are hereby incorporated herein by reference.

B. On July 13, 2016, the Honorable California State Senator, Kevin De Leon, President Pro Tempore, sent correspondence to the Yuba County Board of Supervisors acknowledging that California has one-third of the nation’s homeless. Senator De Leon cites that 58% of the State’s 28,000 chronically homeless are unsheltered and are absorbing the greatest amount of taxpayers’ resources. Senator De Leon also reported on the “No Place Like Home” initiative along with other funding initiatives to combat homelessness.

C. The most recent point-in-time statistical count of the Yuba and Sutter Counties homeless population is 716. Further, the number of self-declared homeless individuals reporting to the Yuba County Department of Health and Human Services Department far exceeds that count. The Yuba-Sutter regional resource of homeless shelter beds is 208 and those resources are unable to support the demand for homeless individuals who are unsheltered.

D. Because of the lack of available low-income dwellings for rent, the homeless population is also unable to obtain low-cost housing. The number of people occupying homeless encampments and the concentration of homeless encampments continue to increase and are creating an immediate and serious health and safety threat to both the occupants of the encampments as well as the citizens of Yuba County.

E. The Public Health Division has previously identified a number of public health concerns regarding the above mentioned encampments which continue to pose a potential threat to the health and well-being of the citizens encamped in these sites and to the citizens of Yuba County as referenced in Resolution No 2016-69, previously incorporated by reference.

F. The Yuba County Board of Supervisors finds that immediate action, in the form of an urgency ordinance, is necessary to combat the lack of available homeless shelter resources accessible to our local homeless population.

G. The Yuba County Board of Supervisors finds that immediate action, in the form of an urgency ordinance, is necessary to preserve the public health and safety of citizens of the County of Yuba.

H. State and local regulatory statutes, regulations, and ordinances that prescribe standards for housing, health, and safety, hinder and/or delay the County’s ability to implement strategies geared towards reducing homelessness and its need to preserve the public peace, health and safety.
I. Pursuant to California Government Code, Section 8698.1, Yuba County shall be immune from liability for ordinary negligence for conditions, acts or omissions directly related to the provision of emergency shelters.

J. Pursuant to the California Environmental Quality Act ("CEQA") and State CEQA Guidelines, the adoption of this ordinance is exempt from CEQA review pursuant to Title 14. California Code of Regulations section 15061(b)(3), and Notice of Exemption will be filed upon adoption of this ordinance.

K. Adoption of this Ordinance under urgency is necessary for the immediate preservation of the public peace, health, and safety, as set forth in Government Code section 25123(d), in order to assist homeless individuals in accessing temporary emergency shelter and to mitigate the health and safety hazards identified with homeless encampments.

SECTION 2.

Chapter 7.20 Title VII of the Yuba County Ordinance Code is hereby created:

ARTICLE 1
SCOPE AND APPLICATION

7.20.100 TITLE Pursuant to authority granted in California Government Code, Sections 8698-8698.2, these regulations, as part of Title VII of the Yuba County Ordinance Code, shall be known as the Emergency Homeless Shelter and Facilities Code of the County of Yuba.

7.20.110 PURPOSE The purpose of this Chapter is to promote safe and uniform construction and operation of Emergency Homeless Shelter Facilities that are owned, operated, leased or maintained by the County of Yuba. The further purpose of this Chapter is to mitigate the negative effects of the shelter crisis occurring within the County of Yuba while preserving the public health and safety of all of its citizens.
7.20.120 FINDINGS

A. Resolution No 2016-69 was adopted by the Yuba County Board of Supervisors on July 26, 2016. The declarations made on that day continue to exist within the County as well as surrounding jurisdictions. The findings contained therein are hereby incorporated herein by reference.

B. On July 13, 2016, the Honorable California State Senator, Kevin De Leon, President Pro Tempore, sent correspondence to the Yuba County Board of Supervisors acknowledging that California has one-third of the nation’s homeless. Senator De Leon cites that 58% of the State’s 28,000 chronically homeless are unsheltered and are absorbing the greatest amount of taxpayers’ resources. Senator De Leon also reported on the “No Place Like Home” initiative along with other funding initiatives to combat homelessness.

C. The most recent point-in-time statistical count of the Yuba and Sutter Counties homeless population is 716. Further, the number of self-declared homeless individuals reporting to the Yuba County Department of Health and Human Services Department far exceeds that count. The Yuba-Sutter regional resource of homeless shelter beds is 208 and those resources are unable to support the demand for homeless individuals who are unsheltered.

D. Because of the lack of available low-income dwellings for rent, the homeless population is also unable to obtain low-cost housing. The number of people occupying homeless encampments and the concentration of homeless encampments continue to increase and are creating an immediate and serious health and safety threat to both the occupants of the encampments as well as the citizens of Yuba County.

E. The Yuba County Board of Supervisors finds that immediate action, in the form of an urgency ordinance, is necessary to combat the lack of available homeless shelter resources accessible to our local homeless population.

F. State and local regulatory statutes, regulations, and ordinances that prescribe standards for housing, health, and safety, hinder and/or delay the County’s ability to implement strategies geared towards reducing homelessness and its need to preserve the public peace, health and safety.

G. Pursuant to California Government Code section 8698.1, Yuba County shall be immune from liability for ordinary negligence for conditions, acts or omissions directly related to the provision of emergency shelters

H. Pursuant to the California Environmental Quality Act (“CEQA”) and State CEQA Guidelines, the adoption of this ordinance is exempt from CEQA review pursuant to Title 14. California Code of Regulations section 15061(b)(3), and Notice of Exemption will be filed upon adoption of this ordinance.

I. Adoption of this Ordinance under urgency is necessary for the immediate preservation of the public peace, health, and safety, as set forth in Government Code section 25123(d), in order to assist homeless individuals in accessing temporary emergency shelter and to mitigate the health and safety hazards identified with homeless encampments.
7.20.130 SCOPE Any Yuba County facility that is designated for use as an Emergency Homeless Shelter, and that is owned, operated, leased or maintained, or any combination thereof by the County of Yuba shall be subject to this code.

3. Day. Means one calendar day.

Any state or local regulatory statute, regulation, or ordinance prescribing
standards of housing, health, or safety shall be suspended to the extent that strict compliance would prevent, hinder and/or delay the purpose of this Chapter.

Electric FERC License Coordinator

Reference: Authorization to Use the Traditional Licensing Process  

Dear Mr. Stewart:  

In a letter filed on June 30, 2016, Pacific Gas and Electric Company (PG&E) requested to use the Traditional Licensing Process (TLP) in preparing a relicense application for the existing 60-kilovolt Camp Far West Transmission Line Project, located in Placer and Yuba Counties, California. On the same date, PG&E also filed a notice of intent and pre-application document (PAD) for the project.  

On August 3, 2016, PG&E filed documentation with the Commission showing that they published a notice of the request to use the TLP in the June 9, 2016 edition of the Lincoln News Messenger and the June 10, 2016 edition of the Appeal Democrat. PG&E’s notice contained the information required in section 5.3(d)(2) of the Commission’s regulations, including a statement requesting that comments on the request to use the TLP be filed with the Commission within 30 days following the date PG&E filed its request. No comments have been received in response to the notice or the PAD.  

Therefore, based on the information that PG&E provided, which indicates that the complexity of the resource issues is believed to be small, the level of anticipated controversy is expected to be minimal, and there is a reasonable amount of available information regarding resources associated with the project, I am granting PG&E’s request.  

Section 16.8 of the Commission’s regulations describes the pre-filing steps that need to be completed when preparing an application for a hydropower license under the TLP, including consultation and conducting necessary studies [18 C.F.R. §16.8(a)- (e)]. Specific steps that will need to be carried out during pre-filing consultation include an initial joint agency/public meeting and site visit [§16.8(b)(3)]; an opportunity for participants to request studies [§16.8(b)(5)]; preparation and participant review of a draft application [§16.8(c)(4)]; and a meeting to resolve any disputes on the draft application [§16.8(c)(6)]. Please note that the initial joint agency/public meeting, is required to be held no sooner than 30 days, nor later than 60 days, from the date of this letter [§16.8(b)(3)(ii)].

To: Yuba County Finance and Administration Committee

From: Kevin Mallen, CDSA Director
       Brynda Stranix, YSEDC President/COO & Executive Director, Yuba County Community Services Commission

Subject: Transition of the Yuba County Community Services Commission as a commission of the county to Yuba County Community Action Agency as a 501 (c)3 non-profit organization.

RECOMMENDATION:

That the Finance and Administration Committee recommend to the Board of Supervisors to adopt the attached resolution terminating the Yuba County Community Services Commission as a commission of the county and allow the Executive Director to form the Yuba County Community Action Agency as a 501 (c)3 non-profit corporation as the Community Action Agency for Yuba County.

BACKGROUND:
Government Code §12750 provides the authority for the Yuba County Board of Supervisors to designate a Community Action Agency in Yuba County and on April 25, 1988, the Yuba County Board of Supervisors adopted Resolution 1988-42 designating Yuba County as the Community Action Agency in Yuba County. The Yuba County Community Services Commission has been acting as the governing body since that time and county staff have been providing administration to the commission. It became increasingly difficult to manage the administration of the commission and the program due to staff reductions.

In January 2016, Yuba-Sutter Economic Development Corporation took over the administration and Brynda Stranix became the Executive Director. At the July 26, 2016 meeting of the commission, it was voted unanimously to terminate as a commission of the county and form as a non-profit.

DISCUSSION:
Over the years, with the reduction of county staff, programs such as the Community Services Commission have become more difficult to manage in-house. In addition, reporting for these types of programs becomes challenging when staff changes and clarifications are needed.

With the formation of a 501 (c)3 non-profit, the activities can be more closely monitored as it becomes its own separate entity and will be solely responsible for reporting to the State. It is anticipated to lessen the burden on staff as well as eliminate audit findings due to fiscal vs. calendar year reporting, as has been the problem under the County management.
In addition, as a non-profit, the agency becomes more attractive to other public and private sector funding agencies and can compete for additional revenues, thereby creating a more profound impact on poverty in Yuba County.

There would be no change in the structure of the current operating board as it is required to remain a tripartite board consisting of five representatives from the supervisiorial districts or their appointed designees, five representative from the low income sector and five from the private sector.

YSEDC has access to a 501(c)3 organization in good standing that will be ceasing operation at December 31, 2016 that can be easily repurposed for use by Yuba County Community Action Agency. The process to rename the organization will begin upon approval by the Board of Supervisors and it is anticipated to be complete and ready for a January 1, 2017 start date. Yuba-Sutter Economic Development Corporation will manage the conversion process and any associated costs as well as additional cost of insurance, tax return filing, etc. County Counsel has no objection to the change.

FISCAL IMPACT:
None to the general fund. All costs associated with the Community Action Agency are paid for from the annual allocation of Community Services Block Grant funds designated for Yuba County by the State of California.
