RE: Certificate of Compliance (CC) 2018-0002 for APN 064-070-022

REQUEST: This application is a request to determine if subject parcel can be certified as a legal parcel for the purpose of issuing a building permit.

BACKGROUND/DISCUSSION:
APN 064-070-022 is a designated Remainder Parcel created by Parcel Map No. 84-38 filed in Book 46 of Maps, pages 26 & 27 and as such, was not created in compliance with the Subdivision Map Act and County Development Code.

Subject parcel is located along the south side Marysville Road about 0.3 of a mile west of State Hwy 49. Parcel is undeveloped and currently associated with CUP 2018-0005 and B18-0186 for the installation and operation of a new telecommunications facility on a 900 square foot lease area.

The purpose of PM 84-38 was to create a single legal 2.4 acre parcel (APN 064-070-021), occupied by a house and a store with gas pumps, which was separated from the rest of the original 10 acre parcel by right of way acquisition for the new alignment of Marysville Rod in the 1980’s, leaving the undeveloped portion lying south of Marysville Road as a designated Remainder Parcel. Certain “Conditions of Approval” for PM 84-38, in accordance with the Subdivision Map Act (SMA) and Yuba County Subdivision Ordinance Code, were imposed for Parcel 1 but not for the designated Remainder Parcel. As the Remainder Parcel was not divided for “sale, lease or financing”, it was exempt at the time from those Conditions of Approval. Therefore, prior to sale, lease or development, to ensure SMA compliance, Government Code Section 66499.35 (b) allows for, and County policy requires, the issuance of a Conditional Certificate of Compliance prior to a permit or other grant of approval for development.

ENVIRONMENTAL REVIEW: The project is categorically exempt from environmental review pursuant to California Environmental Quality Act Guidelines Section 15305 Minor Alterations in Land Use Limitations.

GENERAL PLAN/ZONING: The General Plan designates the property as Natural Resources and the current zoning designation is Rural Residential District (RR-5). This application conforms to the General Plan and zoning.
COMMENTS: Approvals have been received from Planning Department and Environmental Health Department.

RECOMMENDATION: Approve Conditional Certificate of Compliance 2018-0002 for 064-070-022 pursuant to SMA §66499.34 and §66499.35(b), subject to the attached conditions, making the findings that the project is categorically exempt from environmental review and that the project conforms to Government Code sections 66410 et seq. of the Subdivision Map Act, the Yuba County General Plan, zoning and building ordinances, and the Development Code.

CONDITIONS OF APPROVAL

APPLICANT: Andrew Lesa, Epic Wireless Group, LLC
APN: 064-070-022
Case Number: CCC 2018-0002

Public Works Conditions:
1) Owner/Applicant shall cause the property to be surveyed to locate and monument the exterior property corners and file a Record of Survey map of such survey in compliance with the Land Surveyor’s Act.
2) Owner/Applicant shall cause a new legal description to be prepared reflecting the current boundaries of the property to be used for the Certificate of Compliance.
3) The centerline of all streams and ditches shall be tied ± 1 foot from the lot corners where they cross the property lines and shall be shown on the Record of Survey map.

Environmental Health Department Conditions:
4) Owner/Applicant shall submit a file map to Environmental Health showing contour, slope, all bodies of water (seasonal and year-round), water wells, and all existing structures. Furthermore, a 100’ septic exclusion area (as measured from the seasonal high water line) shall be delineated around all rivers, streams, and ponds. A 200’ exclusion area is to be delineated around all lakes and reservoirs.
5) The design and location of wells and sewage disposal systems shall be in conformance with standards established by Yuba County Environmental Health. Each lot must be self-reliant for domestic water and sewage disposal unless public utilities are available.
6) All abandoned, wrecked, dismantled, or inoperative vehicles, machines, and equipment shall be removed by Owner/Applicant from the subject site.
7) All existing trash and debris shall be removed from the subject site.
8) All abandoned or inactive wells on the subject site shall be destroyed or maintained in accordance with the "Water Well Standards: State of California, Bulletin 74-81".
9) All abandoned septic tanks on the subject site shall be destroyed in accordance with the requirements of Yuba County Environmental Health Department.
10) The following shall apply to all land divisions where domestic water is to be supplied by individual wells:

   All wells shall have a minimum yield of 2 gallons per minute if tested with the airlift method and 3 gallons per minute if a production test is run. If a well is drilled that does not meet these standards it can be destroyed or placed inactive until used and a replacement well drilled. Before approval of test wells, a well log, a drillers report on production and lab tests must be submitted for each test well.

The following statement shall also apply to this division:

"There is no assurance that underground water sources exist within the limits of the hereon shown parcel(s) which will be adequate in sufficient quantity or quality to meet future needs. Developer(s) of the parcel(s) herein created will be responsible for demonstrating that adequate on-site water is available for the proposed use of the parcel(s)."

Surface water (i.e. Springs, Creeks, Irrigation ditch’s, etc.) is not an approved domestic potable water source."
