List any additional sub-contractors on a separate sheet

Application is made for permission to perform excavation, grading and earthwork construction by performing the work described below:

1. Description of Work:

2. Estimated Cut _____ Cubic Yards Estimated Fill _____ Cubic Yards

3. Attach two (2) sets of plans and specifications in sufficient clarity to indicate the nature and extent of the work. Plans shall give the location of the work, the name of the owner and the name of the person who prepared the plan. The plan shall include the general vicinity of the proposed site, limiting dimensions and depth of cut and fill, and location of any buildings or structures when work is to be performed, and the location of any buildings or structures within 15 feet of the proposed grading (please see attachment "Requirements for Non-Engineered Grading Plans". Grading in excess of 5,000 cubic yards shall be performed in accordance with the approved grading plan prepared by a civil engineer (please see attachment "Requirements for Engineered Grading Plans").

4. If grading over an acre, you must submit a Notice of Intent with the California Regional Water Quality Control Board. Your grading permit can not be issued until we receive two copies of your accepted SWPPP with WDID #.

Upon Signature,

Applicant agrees to abide by the conditions of this permit and its provisions. Applicant also acknowledges that the permit will expire within 18 months if construction has not been completed and no extension has been requested.
