Title: Policy and Complaint Procedure against Harassment, Discrimination and Retaliation

Approved By: Board of Supervisors, Resolution #2019-9

Purpose / Scope:

The purpose of this Policy is to establish a commitment to prohibit and prevent discrimination, harassment, and retaliation in employment, to define those terms, and to set forth a procedure for investigating and resolving internal complaints. The County of Yuba encourages all individuals to report as soon as possible any conduct that is believed to violate this policy.

Policy:

The County of Yuba has zero tolerance for any conduct that will violate this policy. Conduct need not arise to the level of a violation of the law in order to violate this policy. A single act can violate this Policy and provide grounds for discipline or other appropriate sanctions.

The County of Yuba will not tolerate harassment and/or discrimination against or by any County employee, supervisor or management employee, County official, contract employee, co-worker, applicant, volunteer, intern, visitor or any other non-employee in the workplace. Harassment, discrimination and/or retaliation on the basis of race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition (including, but not limited to, medical conditions related to pregnancy or childbirth), marital status, sex, gender, gender identity, gender expression, age over 40, or sexual orientation, or military and veteran status, or the perception that a person has any of those characteristics, or that the person is associated with a person who has or is perceived to have any of those characteristics, is not acceptable and will not be tolerated.

This Policy applies to all terms and conditions of employment, including, but not limited to, hiring, placement, promotion, disciplinary action, layoff, recall, transfer, leave of absence, compensation, and training.

Individuals covered within the scope of this policy who believe that they have been subjected to harassment, discrimination and/or retaliation should promptly report the harassment, discrimination and/or retaliation to the person designated to receive harassment and discrimination complaints, as described in the complaint procedure later in this policy.

The County of Yuba will respond to all harassment, discrimination and/or retaliation complaints brought to its attention in a timely and appropriate manner.

Complaints will be investigated and, if found to have merit, the County will promptly take action to prevent any recurrence and remedy the effects of the harassment and/or discrimination.

Persons who engage in harassment and/or discrimination will be subject to discipline up to and including termination of employment.

Any employee who makes a report or complaint which the employees know or should know is false, under this policy, shall be subject to disciplinary action, up to and including termination.
To prevent harassment and/or discrimination, it is critical that individuals not be deterred from reporting it. Any retaliation against a person for filing a complaint or participating in the investigation complaint resolution process is prohibited. The County of Yuba will not retaliate, nor will it tolerate retaliation. Individuals found to be retaliating in violation of this Policy will be subject to disciplinary action up to and including termination.

**Definitions:**

**Adverse Employment Action**
An adverse action is defined as any employer action that is likely to have a substantial and material adverse effect on an employee’s job performance or opportunity for advancement in his or her career; and would dissuade a reasonable employee from making or supporting a complaint.

**Confidentiality**
Every possible effort will be made to assure the confidentiality of complaints made under this policy. Complaints will be conveyed only to those who have a legitimate need to know about them, such as those investigating the complaint and any others involved in remedial or disciplinary action.

Complete confidentiality cannot be guaranteed, due to the need to fully investigate and the duty to take effective remedial action. Confidentiality will be maintained to the greatest extent possible.

Depending on the nature of the complaint and investigation, an individual who is interviewed during the course of an investigation may be prohibited from discussing the substance of the interview. Any individual who discusses the content of an investigatory interview when prohibited from doing so will be subject to disciplinary action up to and including termination.

The County of Yuba will not disclose a completed investigation report except as it deems necessary to support a disciplinary action, to take remedial action, to defend itself in adversarial proceedings, or to comply with the law or court order.

**Discrimination**
Discrimination is any adverse employment action taken against someone because of his or her protected characteristics. Examples of discrimination include, but are not limited to, the following:

- Any behavior or practice which treats a person differently because of that person’s actual or perceived protected characteristic or association with a person on the basis of that person’s actual or perceived protected characteristic.
- Systematic exclusion of a person because of that person’s actual or perceived protected characteristic.

**Harassment**
Harassment is any unwelcome conduct that is taken because of any protected classification, which is listed in this Policy, and that is sufficiently severe or pervasive to alter the conditions of employment and create an intimidating, hostile, offensive, or abusive working environment. Harassment can be written (in print or electronically), verbal, visual, physical or environmental. Examples of harassment include, but are not limited to, the following:
• Written communications such as sending inappropriate jokes or comments in print or in emails.
• Verbal communications, such as making inappropriate, graphic or degrading comments about individual’s actual or perceived protected characteristics or about an individual’s body, physical appearance, attire; or using epithets, derogatory comments or slurs.
• Physical acts such as unwanted touching, physical interference with normal work or movement, and assault. This also includes pinching, grabbing, patting, propositioning, massaging, leering, staring or making explicit or implied on-the-job threats or promises in return for submission to physical acts.
• Visual insults or displays, such as offensive or derogatory posters, documents, electronic media transmissions, cartoons or drawings or inappropriate gestures related to a protected classification.
• A work environment that is permeated with sexually suggestive statements, innuendo, insults, or abuse not relevant to the subject matter of the job. The determination of whether an environment is hostile depends on the totality of the circumstances, including such factors as the frequency of the conduct, the severity of the conduct, whether the conduct is humiliating or physically threatening and whether the conduct unreasonably interferes with an individual’s work.
• Making unwanted sexual advances or propositions, or offering employment benefits or giving preferential treatment in exchange for sexual favors. Making requests for sexual favors or other acts of a sexual nature, where submission is made a term or condition of employment, where submission to or rejection of the conduct is used as the basis for employment decisions, or where the conduct is intended to or actually does unreasonably interfere with an individual’s work performance or create an intimidating, hostile, offensive, or abusive working environment.

Sexual harassment is prohibited whether perpetrated by a County employee or non-employee. Where the County employee who engages in sexual harassment is a supervisor or manager, the conduct is especially egregious. Sexual harassment may be perpetrated by someone who is of the same sex as the victim. Harassing conduct need not be motivated by sexual desire.

The person who complains of the harassment may be the target to whom the harassing conduct was directed or a third party who witnessed the harassing conduct. Whether any act or conduct is harassment shall be viewed in the totality of all the circumstances. It is no defense to a claim of harassment that the alleged harasser did not intend to harass.

Protected Classification
This Policy prohibits harassment or discrimination because of an individual’s protected classification. “Protected Classification” includes race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition (including, but not limited to, medical conditions related to pregnancy or childbirth), marital status, sex, gender, gender identity, gender expression, age over 40, or sexual orientation, military and veteran status, or the perception that a person has any of those characteristics, or that the person is associated with a person who has or is perceived to have any of those characteristics.

Retaliation
Retaliation is any adverse employment action taken because someone has complained about harassment or discrimination, refused to follow what is believed to be a discriminatory order, supported those who complained about harassment, discrimination or retaliation, or participated in a complaint process regarding harassment or discrimination. Retaliation is also any adverse employment action taken because an employee requested reasonable accommodation including, but not limited to, medical leave.

While Yuba County encourages individuals who believe that they are being harassed, discriminated or retaliated against to firmly and promptly notify the offender that his/her behavior is unwelcome, Yuba County also recognizes that real or perceived status disparities between an alleged offender and a target may make such an encounter impossible. Regardless of whether or not any informal, direct communication between the individual and the offender takes place, the following steps, as may be appropriate, shall be followed by all employees, applicants or contractors in reporting a harassment/discrimination/retaliation complaint:

   • Immediate supervisor
   • Any supervisor or manager within or outside of the department
   • Department Head
   • Director of Human Resources

1. Authorize and supervise the investigation of the complaint and/or investigate the complaint. The investigation will include interviews with: (a) the complainant; (b) the accused offender (the right to have a representative present will be given to those covered employees as disciplinary action could result from the investigation); and, (c) any other persons the Director of Human Resources has reason to believe that may have relevant knowledge concerning the complaint. This may include targets of similar conduct.

2. Review the factual information gathered through the investigation to determine whether the alleged conduct constitutes harassment, discrimination and/or retaliation giving consideration to all factual information, the totality of the circumstances, including the nature of the verbal, physical, visual or sexual conduct, and the context in which the alleged incidents occurred.

3. Report the results of the investigation and the determination as to whether harassment, discrimination and/or retaliation occurred to appropriate persons, including the complainant, the alleged offender, the supervisor, and the department head. If discipline is imposed, the discipline will not be communicated to the complainant.

4. If the harassment, discrimination and/or retaliation occurred, recommend to the appointing authority prompt and effective remedial action against the offender. The action will be commensurate with the severity of the offense, taking into account the County's policy toward unlawful harassing, discriminatory or retaliatory behavior.
